TAPS '19
BENJAMIN RYAN TILLMAN was born in the year 1847, a period so situated in historical records as to make young Tillman at just the right age to feel an exaggerated impression of the events leading up to and resulting in the War between the States.

Immediately following the close of the war there sprang up in South Carolina the so-called “carpet-bag” and negro rule government. In 1876 the government again fell into the hands of the political survivors of aristocracy, and thus it remained for fourteen years, or until 1890. In the meantime, after the redemption of the state in 1876, there developed among the people a restless idea that the masses—the middle classes or so-called “common people”—did not have a proper voice in the affairs of the government. Great dissatisfaction at the old-time political aristocracy, and much complaint of “Bourbons” and “ring rule” was strongly manifested in such feelings of unrestfulness. The people, then, were being prepared for the gathering storm, which was soon to burst into a mighty political revolution. They had not long to wait.

In 1885 Benjamin Ryan Tillman launched at Bennettsville, S. C., a strong attack upon what he termed “dry rot” in South Carolina resulting in the culmination of this restless spirit in a strong movement among farmers and in the final perfection of a farmers’ organization. Knowing the conditions of the masses of the people, Tillman, himself a farmer, taking as his model the gallant “Eagle of Edgefield” and profiting by the experiences of the days of ’76, announced himself a candidate for governor under the auspices and with the support of this farmer organization. It was a drastic campaign and bitter. The convention representing Mr. Tillman’s views provided for a joint debate to be held at each county seat between their candidate and any others put forward. Some of South Carolina’s most brilliant men joined issue with Mr. Tillman in the campaign. Bitter attacks were made against him; but his keen wit, his brilliant intellect, and his ready retort equipped him to return bitterness for bitterness, and he was elected governor by a handsome majority.

Two years later, in 1882, he was again put forth as a candidate for governor. He was opposed in the primaries by a former executive of the State, Ex-Governor John G. Sheppard, and a worthy opponent he was. Tillman had, however, so entrenched himself in the hearts of the masses that he was re-elected after a hot and exciting campaign.

As governor for a second term, Tillman increased his hold on the regard and affection of his people to such an extent that he was elected at the expiration of his term of office in 1894 to the United States Senate, defeating in a memorable campaign the gallant Matthew C. Butler. In this capacity as a public man he served until his death.

During his official career as governor, Tillman devoted a great deal of his time and attention to the firm and final establishment of Clemson Agricultural College. Much confusion has arisen as to just who it is that deserves credit for the establishment of such a needed institution, and some contend that it was not the work of Tillman because he did not come into power until December of 1890. As a matter of fact the legislature of 1888 accepted the bequest of Thomas G. Clemson, providing for the establishment of the college and in 1889, made provision for the construction of the buildings. It must not be overlooked, however, that the institution had its beginning in the famous agitation which Tillman set in motion in 1885; for it was this which forced the acceptance of the will of Thomas G. Clemson in 1888. In Clemson College, his dream became a realization, and he lived to see it one of the greatest agricultural colleges in America.

Another of the most enduring monuments to Senator Tillman’s devotion to the cause of education is his part in the establishment of an institution for the technical training of the girls of South Carolina. It is true that Winthrop College, as an institution, was founded in 1857, but not until 1891 did the state, directly as a result of his far seeing statesmanship towards the education of our girls, finally make provision for its firm establishment at Rock Hill, S. C. These two things alone stand out as crowning works of the great man that he was.

But this is not all. He established the state dispensary system, limiting the manufacture and sale of whiskey, and this paved the way for the complete abolition of the whiskey
traffic in South Carolina. He was prominent in bringing about the primary system for the naming of candidates for the Democratic Party. He brought about the holding of a constitutional convention which settled the negro suffrage question in South Carolina. He caused a better system of analysis and inspection of fertilizers, saving the farmers from immense loss through misrepresented goods of unscrupulous fertilizer manufacturers, and he introduced a movement for the betterment of the common schools, placing within the reach of every boy and girl in the state an education as adequate as that afforded by the average school.

Senator Tillman did not enter the Senate, as many do, a man unknown beyond the limits of his own state. His reputation preceded his coming. Being reckless as he was in the use of language, of which he had acquired ample command, he had become a picturesque figure in the public mind, and his entrance into the Senate greatly excited the public curiosity as to what he should do in such a great body. The excitement was vivid and strong, for it was understood that he intended to revolutionize the Senate, as he had revolutionized the State of South Carolina. This he did not do; but because he was a man naturally of strong good sense and open convictions, he came yet through no sacrifice of principle, not only to accept the Senate but to be one of its chief defenders, and a most ardent supporter of its habits and traditions.

Of his work in the Senate enough cannot be written. Let us merely mention some of the most prominent achievements growing from his relentless efforts. With untiring efforts he labored as a member and later as chairman of the Committee on Naval Affairs to make the American Navy sufficiently large to discharge its responsibilities. The rewards of his efforts came in terms of human life when our Navy, second only to that of Great Britain, with those of our Allies made it possible for America to place upon the fields of France more than two million American soldiers without the loss of a single American transport. He fought “special privileges;” he violently opposed the exorbitant prices charged for steel plates used in making battleships, and it was because of a fierce assault upon the steel trust that he won the lasting and honored title of “Pitchfork Ben.” Under this title he succeeded in establishing, after fifteen years of contention, an armour plate factory, a crowning monument to his efforts. Tillman took an active part in securing the enactment of the amendatory interstate commerce act of 1906, giving the Interstate Commerce Commission the power to make rates in interstate commerce. He demanded and got a greater and more elastic currency—he was active in the framing of a multitude of important measures, always fearless and firmly representing what he honestly believed to be to the interest of the people of the United States.

And why such great activity, such notable success? Born of poor parentage, Tillman had not the advantage of a full college education; he was rough and stormy in the eyes of the public. Then why these wonderful achievements? We shall see:

Beneath the stormy outlines of his features there surged a kindly nature, plenty of humor, seriousness of purpose, and sincerity of conviction. He was able and forceful, a wonderful man in energy and perseverance, never at a standstill, always moving to new and larger fields. He is discussed as being one of the most striking and picturesque characters in the public life of America. No one interested or attracted the attention of the public more than he. His mental faculties and his physical appearance were each peculiarly fascinating. He possessed a strong, robust and compact body; a firm, decisive step; a large, expansive, and magnificent brow; clear, dark, and fearless eyes; a firm and resolute mouth and chin, indicative of unflinching courage and resolution. He had a strong, clear, and penetrating voice, falling pleasantly on the ears, never monotonous because frequently tinged with sarcasm or resounding with indignation. Could he fail? However defiant, however rough, however bold, he spoke his simple honest convictions and in that he was fortified. He had no fear of consequences, depending upon his rugged, sterling honesty to strengthen his position on every question. He knew no middle ground but always fought the fight to a finish, and he was a most powerful advocate and a most dangerous opponent. Not in high shrill phases of oratory, not in sugar coated, glittering speech, but in persistent sledge blows he delivered his argument, always assuming that the end justified the means—and he usually won. And this is the secret of his power: he was honest, he was faithful, he was true. In his private life it is said that he was lovable, morally clean and honorable. He scorned duplicity and falsehood, hating a lie. As a husband he was devoted and tender; as a father, kind and good; as a man, firm and true.

Of him it may amply be said, “He was of the truly great.”
Robert Lee Atkinson was born at Lowryville, S. C., May 10, 1899. He was prepared for college in the Armenia School near his home, and in the fall of 1915 he entered Clemson that he might become better fitted for the great work he hoped to do. In October he was stricken with Influenza, which later developed into Pneumonia. On October fifth, after a brave fight of more than a week, during which time he faced Death with a smile always on his face, he quietly passed into another world. His death cannot but have recalled to those who saw him die, those lines of Bryant when he said,

"So live that when thy summons comes to join the innumerable caravan that moves to that mysterious realm where each shall take his chamber in the silent halls of death, thou go not like the quarry slave at night scourged to his dungeon; but sustained by an unaltering trust, approach thy grave like one who wraps the drapery of his couch about him and lies down to pleasant dreams."

Robert was an excellent student, a devout Christian, and a man. May "Chief's" life and death inspire us to higher things.
OUR CAMPUS

View From Bowman Field
The New Barracks

The John C. Calhoun Mansion
To Professor David Hill Henry

An alumnus of whom Clemson is justly proud, we the Class of '19, take this opportunity to express our sincere thanks for his great interest in college activities, and in particular for the valuable aid, both financial and otherwise, which he has given unselfishly in the preparation of this volume of "Taps."
Alma Mater

Where the Blue Ridge yawns its greatness,
Where the Tigers play;
Here the sons of dear old Clemson
Reign supreme alway.

CHORUS
Dear old Clemson we will triumph,
And with all our might
That the Tiger's roar may echo
O'er the mountain height.

We will dream of greater conquests
For our past is grand.
And her sons have fought and conquered
Every foreign land.

Where the mountains smile in grandeur
O'er the hill and dale,
Here the Tiger lair is nestling
Swept by storm and gale.

We are brothers strong in manhood,
For we work and strive.
And our Alma Mater reigneth
Ever in our lives.

President Riggs Goes to France

When the Overseas Educational Commission petitioned the Board of Trustees for President Riggs' services as a Director on the overseas board, it was not a question as to whether our President wanted to go or whether he wanted to stay, but a question of "where lies the greater opportunity for real service?" Dr. Riggs left Clemson College on February 8, 1919, with the firm conviction that his absence from the College would be justified by his services abroad. He sailed for France from New York harbor a few days later. President Riggs will return to Clemson about August 15, 1919.

Before giving up his Presidential duties for the remainder of this session, Dr. Riggs expressed deep regret at his being unable to award diplomas to the class of '19 but left the assurance that his heart was still with this College, and said that unless providentially hindered he would return to his work here with added experience and brighter hopes for a future Clemson.

The class of '19 extends to him its best wishes for the success of his work in France and a pleasant return to Clemson College. Professor S. B. Earle, Director of the Engineering Department is acting President in the absence of Dr. Riggs.

"No man has done his duty until he has done his best."

AGRICULTURAL CHEMISTRY
Private; Sergeant; Supply Sergeant, S. A. T. C.; Senior Private; Sergeant.
Treasurer, Vice-President, President Agricultural Society; Reporting Critic, President Columbian Literary Society; Advertising Manager, Editor-in-Chief The Tiger; Associate Editor, Business Manager The Agricultural Journal; Advertising Manager Taps '19; Y. M. C. A. Editor The Chronicle; Winner The Barrett Company Prize Essay '18; Promotion Committee; Bible Class Leader '18, '19; Chairman Bible Study Committee '18 '19; Y. M. C. A. Cabinet; Blue Ridge Conference '18; Picked Company '17; Member Chemistry Science Club; Member "Non-Com." Club; Member Newberry County Club; Y. M. C. A.

The realm of science is penetrated by an untiring worker who goes into the light of things and brings forth facts. Such is the character of our comrade, "Crip" Aull, who has done his share in making the class of '19 what it is now. "Crip" is interested in all forms of literary and scientific work. He is a dreamer who puts his dreams into effect and makes his environment a place of realization. In literary society and student publication work "Crip" is an insistent worker, but his specialty is Chemistry, and it is believed that he gains most of his inspiration while penetrating the secrets which nature yields with hard application.

WILLIAM LOWERY AUSTIN
Seneca, S. C.

"Speak well of everyone, if you speak of him at all—No one of us is very good."

AGRONOMY AND HORTICULTURE
Private; Corporal; Sergeant; First Sergeant; Second Lieutenant Infantry U. S. A.
Calhoun Literary Society; Corporal Picked Company '17; Charter President Christian Endeavor Society; Bible Class Leader; Oconee County Club; First Sergeant's Club; "Shave Tall" Club; Senior Dancing Club.

"Bill," while inspecting "moonshine stills" in the back-woods of Oconee County, was captured by the educational authorities, tried and sentenced to four years' imprisonment at Clemson. He escaped last June and wandered to Plattsburg, remaining there and receiving his commission on September 16th, in order to help Uncle Sam defeat the Hun. He was sent to Camp Grant and remained there undiscovered, until he became too handy with his "45." Upon returning home, he was apprehended and sent back to Clemson to complete his sentence.

He has worked under many disadvantages for his diploma with the class of '19. Even in his deepest study, a girl's smiling face beckons "Bill" to a romantic adventure. For his future, we wish him much success and the best of progress in every walk of life.

Page Thirty
JAMES BOYCE BANKHEAD
Chester, S. C.

"Give to the world the best you have. And the best will come back to you."

AGRICULTURAL CHEMISTRY
Corporal; First Sergeant; Captain; A. T. C.; Major; R. O. T. C.; Captain and Quarter-Master.
President Senior Class; Editor-in-Chief "Tars" 19; Editor-in-Chief "The Tiger"; Vice-President Block "C" Club; Secretary and Treasurer Junior Class; Secretary First Sergeant's Club; Vice-President Chemistry Science Club; Assistant Business Manager Agricultural Journal; President Chester County Club; Commencement Marshal 18; Varsity Baseball '18-'19; Athletic Council '18-'19; Junior and Senior Ring Committees; Class Football 16, 17, 18; Member Junior Class Champions '18; Class Baseball '17; Cheer Leader; Agricultural Society; Secretary and Superintendent Cadet Sunday School; Recommending Committee for Tars '19 Staff; Y. M. C. A.; Member Junior Honor Committee; Pres. and Sec. and Treas. Palmetto Literary Society.

Known as "Vars" at Clemson, this boy blew in in September of 1915 and has been going since in all phases of college life. Tho' small in size, "Vars" has taken a prominent part in athletics. He played left end on our class football team for three years. Baseball is his specialty, winning his name and block "C" in this branch. "Varsity" is earnest in literary work, and he doesn't fail to "shoot" the English Department. He edited "The Tiger" the first term, and "Tars" 19 claims "Vars" as its editor. He is also the able "Pilot" of our Senior Class.

With all these duties still he finds time to write to "Dear Girl".

WILSON MASSEY BARNES
Spartanburg, S. C.

"Oh! be my friend, and teach me to be thine."

CIVIL ENGINEERING
Private; Sergeant; Sergeant-Major; Plattsburg Camp; Captain; C. A. O. T. S.; First Lieutenant and Battalion Adjutant; Senior R. O. T. C.

Columbian Literary Society; Vice-President, Junior Dancing Club; Vice-President, Spartanburg City Club; Sophomore and Senior Dancing Clubs; Thalrin Club; The "Hobo" Club; Y. M. C. A.

That "Whitey" is a fair representative of the "City of Success" we may well say. He came to Clemson four years ago with his mind fully made up to become a civil engineer. The path has been steep and rocky, but judging from appearances he is rapidly developing into a successful "Hobo," notwithstanding the fact that his fondness for dancing has almost gotten the better of him several times.

Although being a man of few words, his ready smile and his willingness to help others have won for "Whitey" an enviable place in the class of '19. He is one whom we are all proud to call a friend.

He entered the Heavy Artillery Officers' Training School at Fort Monroe in the fall of '18 and was nearing a commission when the Kaiser called quits. Like many other members of the class of '19 he returned to complete his course. Always a hard worker, "Whitey"'s many friends may justly expect to see him an outstanding figure in his chosen profession within the next few years.
JOSEPH McCORD BATES

"Today old friend, remember still; that I am Joe and you are Bill."

AGRONOMY
Corporal; First Sergeant; Captain; Senior
R. O. T. C.; S. A. T. C.; C. O. T. S.
President, Vice-President, Secretary of Calhoun
Literary Society; Winner Declamator's Medal
Calhoun Society 1918; Vice-President Agricultural
Society; Chronicle Staff 19; Commencement Marshall 18; Block "C" Club 19;
Varsity Football 18; Scrub Football 17;
Class Football 16, 17, 18; Junior Class
Football Coach 19; Secretary 18, President
19 of Richland County Club; First Ser-
geant's Club 18; Sophomore, Junior, Senior
Dancing Clubs; Y. M. C. A.; Bible Study 16,
17, 18, 19; Picked Company 17.

"Joe Mc." this big frank man, hails from the wild swamps of the Wateree.
Much excitement was in the home when Joe was told by his parents to get ready
to go to Clemson College. When he was being groomed, it was such a difficult task
to rid his hair of cockle-burrs that he lost nearly all of it during the operation.
On arriving at Clemson, Joe came face to face with Civilization. His ready smile and
pleasant disposition have won numerous friends, especially among the opposite
sex. On the varsity eleven, he is the big man that played tackle. Joe has an ex-
cellent college record and a future of great success. With his masterful flow of or-
atory and his sincerity, he will soon convince the people of Richland County that
he is a good Legislator, as well as a good farmer.

JAMES LOVE BASKIN

Lowndesville, S. C.

"All's well that ends well."

HORTICULTURE
Private; Sergeant; Battery Sergeant; Candidate, 2nd Lieutenant; S. A. Senior Private,
Agricultural Society; Camp Gordon Club; Col-
umbian Literary Society; Ex-Shavetail; Ab-
beville County Club.

"J. Love" is everything his name implies. He wandered in from Lowndesville
in the fall of '13. After a year's work his roving nature lead him into the world to
try some of the more interesting experiments of life. We heard no more of him
until the fall of '15, when he decided that Clemson and the class of '18 was the place
for him. After two more years of hard work he heeded the call of Uncle Sam.
For fifteen months he served with the colors, receiving his commission at the C. O.
T. S. at Camp Gordon. To our joy he was one of the "Shavetails" that had the
determination which brings success, to enter Clemson on January 2. After living
in Georgia for several months he liked Georgia peaches so much that he decided on Horticulture for life work. Some day
we will hear of him in the Horticultural
world of fame, because there is nothing
but success behind this great man.

ROBERT HERMAN BERLY
Pomaria, S. C.

"The man worth while is the man that can smile when everything goes dead wrong."

AGRICULTURAL EDUCATION
Private; Private; Private; Senior Private.
Chaplain Senior Class; Vice-President Newberry County Club; Field Marshall Senior Private Club; Agricultural Society.

"Rob" or "Rah," as most of us call him, hails from the prosperous "city" of Pomaria, S. C. "To know him is to love him," and as "Rob" is known by everybody at Clemson and the surrounding country, he is a very popular fellow. He delights in wearing sweaters, especially red ones, although Colonel seems to object to the red one. Heretofore we never looked upon "Rob" as an especially studious fellow, but he surprised us by taking one of the hardest courses he could find in college. Any time he may be found laboring over a LECTURE REPORT. "Rob" decided to become a school teacher when he visited the Cedar Grove School in Anderson County. If he continues in his work like he has started, he is sure to even surpass his ideal. "Rob's" sweetest pastime is hunting chickens. As Field Marshall of the Senior Private Club, "Rob" has shown us what a commander he can be. Those under him, without an exception, have obeyed his instructions as to not going to Reveille. If he succeeds in teaching as he has in college, our future sons of Clemson will sing praise to Dr. Berly.

DANTZLER DAVID BODIE

"His armor is his honest thought, And simple truth his utmost skill."

AGRICULTURAL CHEMISTRY
Corporal; First Sergeant; Major; Captain and Regimental Adjutant; Plattsburg Training Camp; F. A. C. O. T. S. Camp Zachary Taylor; Senior R. O. T. C.
Secretary, Prosecuting Critic, Literary Critic, Columbia Literary Society; Columbia Annual Celebration '16, '17; Winner of Orator's Medal '17; Member of Promotion Committee; Chemistry Science Club; First Sergeant's Club; Senior Dancing Club; Secretary and Treasurer, President Saluda County Club; Battery Commander Camp Taylor Club; Y. M. C. A.

"Slim" hails from the little town of Batesburg. Since his arrival it seems that he was destined to be one of Colonel's favorites, having held down several of the highest military offices in the corps. During his first three years his "smoother line" brought him much success in the class room and in society work. At the beginning of his senior year he answered the call of the "Colors." He was a candidate at Camp Taylor and was fast beginning to speak in artillery terms when the Kaiser heard that he was in training and quit. Upon returning to college he cast his lot with the Chemists, and it did not take him long to show "Dickey" that he has the stuff that a chemist is made of. As for the ladies, they flock after him, and we don't blame them. With his ability the future can hold nothing but success for him, so here's to you "D. D."
ZACHARY BOWMAN BRADFORD
Greenwood, S. C.
"But till we are built like angels—with
hammer and chisel and pen,

Senior R. O. T. C.
"Zub" came to Clemson in the Autumn
of 1915, and for four years he has been
one of the leading men of his class. He
is earnest in his work and "shoots" in
the classroom as well as on the range. Z. B.
began his military career in the U. S.
Army at Plattsburg, N. Y. Later he was
transferred to Camp Perry, Ohio, and
there was commissioned as a Second Lieu-
tenant of Infantry and assigned to the
Presbyterian College of S. C., as an
instructor in the S. A. T. C. unit there.
When the war ended, "Zub" returned to
Clemson in time to graduate with his
class.
While he was a "Shave-Tail," he was a
prominent figure in many little "affairs"
and has left a broad "trail" down the road
of loving hearts. His loyalty and gener-
ous disposition have won him a host of
friends at Clemson. May she be honored
by more like him.

HAROLD WALKER BROWN
Winnsboro, S. C.

Football Team '14: Freshman Football Coach
'19; Scrub Football '15; Chairman Clemson
College Branch A. I. E. E.
Predestined to finish in '18 and a great
rival of the '19 class in his first three years
at Clemson, "Crunk" has joined our ranks
since his return from over one year's serv-
ience as a "Boot and Spur" officer in Uncle
Sam's service. From the very first Har-
old has been a football star. He starred
as an end on one of the best Freshman
Teams had at Clemson in years. He fol-
lowed up his start and made his "c" in his
Junior year. "Crunks" faithful toe has
been the deciding factor in victory to the
tiger eleven on more than one occasion.
He was one of the first men in college to
answer the country's call, and has seen
service from coast to coast. "Crunk" is a
good-hearted, jolly, all-round fellow, timid
among the ladies in general, altho' he does
specialize.
CHARLES DEAN CAMPBELL  
Wellford, S. C.

"Love is everything, it is the key to life and its influences are those that move the world."

CIVIL ENGINEERING
Private: Sergeant; Corporal: Senior R. O. T. C.; Plattsburg Training Camp: S. A. T. C. 
Vice-President and Secretary Hayne Literary Society; Spartanburg County Club; Plant and Animal Club; Senior Non-Com. Club; Student Bible Class: The "Hobo" Club; Y. M. C. A.

In the fall of 1915, there emerged from his den (a place more recently known as Wellford) in Spartanburg County, a certain type of animal known as "Camel," who came over to Clemson to become tamed and civilized. At first he was known by his associates as "Rat" Campbell, but later on he was known scientifically as "Charlie Horse." We are proud to say that he was the smartest and most studious fellow in his section. He is a fellow that is a friend to all whom he knows, and a friend of all who know him.

As a result of his course at Clemson we feel that "Charlie Horse" is ready to launch out upon the sea of life as a Civil Engineer. "Mae Bridges," dams, railroads, highways, or something of this type prove an object which will cause him much enjoyable studying, calculating, and anticipating in his civil engineering work. We predict for him a most happy and successful future.

THOMAS ALEX CAMPBELL  
Tirzah, S. C.

"When hearts are true, few words will do."

AGRONOMY
Corporal: First Sergeant; Captain: Senior Color Sergeant.
Reporting Critic, Prosecuting Critic, Vice-President Palmetto Literary Society; Manager Junior Baseball Team '18; Class Football '18; Member Football Reception Committee '18; First Sergeant's Club '18; Camp Gordon Club; Secretary and Treasurer; President York County Club; Secretary Senior Non-Com. Club; Vice-President Plant and Animal Club; Agricultural Society.

Alex is the sole representative of that historic little village over in York County called Tirzah, hence his nickname. But there is another great man who claims this place as his briest patch, and that noted person is our present railroad commissioner, James M. Cansler.

"Tirzah" has a winning way about him which has made him many friends among his fellow students, as well as in Rock Hill. Anyway, he can always tell you the latest news from that place. "Tirzah" joined hands with the "Straight A's" in order to fit himself to become a great farmer. If he only keeps up the persistence and stickability of his old fellow-townsmen, Cansler, he is bound to succeed. Here's to your success, for you are one of the class of '19 that has strived for a greater Clemson. As our ways part we turn to whisper, "God-speed."

MECHANICAL AND ELECTRICAL ENGINEERING  
Private; Senior Private.  
Junior Member A. I. E. E.; Member Engineering Society '18; Cosmopolitan Club; Senior Private Club.

In the fall of 1915 there came to us from "The Hills of Old Kentucky," a lad whom we have all admired and loved, and whom we have known as "Heck." It is in his nature to attack the hardest problems, so we can see why he decided to take the electrical course at Clemson. For three years "Heck" has been a "day cadet;" however, he is one of our most loyal Tigers and his spirit in class and college work is surpassed by none. Off times we have been entertained by Heck's recital of jokes and experiences, which shows him to be of a cheerful disposition. Heck firmly believes that his home state is noted for pretty girls, he has found one that has the rest beat "all hollow." We have found in Heck a hard worker, a boy of extraordinary individuality, pleasing personality, and steady habits. We predict for him success in all his undertakings.

"We don't know what electricity's 'bout; But you bet, BY HECK, we'll soon find out."

SAMUEL PATRICK CLEMONS  
Greeleyville, S. C.  
"In hearts, steel is more valuable than gold."

AGRONOMY  
Corporal; Sergeant; First Sergeant; Senior Sergeant.

Championship Class Football '18; Vice-President Williamsburg County Club '18; President Williamsburg County Club '18, '19; Camp Gordon Club; Senior Non-Com. Club; Y. M. C. A. '16, '17, '18; Promotion Committee '18; Reporting Critic, Literary Critic, Vice-President, Palmetto Literary Society; Marshall Society Annual Celebration '18; Winner Declaimer's Medal '17.

"Sammie" claims to hail from Greeleyville, although many of us doubt that such a place exists, but after much exploration we finally located the place. From the beginning he cast his lot with the "Aggies" and has persistently overcome the difficulties and problems of the mysterious science. Aside from his academic duties he has a hobby of admiring musicians, especially of the "fair sex." He confidentially tells us that the height of his ambition is to learn "A Perfect Day." "Sammie" is a strong believer in literary society work and has taken an active part since he came to Clemson. He is to be envied at the ease with which he is able to speak. His "Irish" brogue, constant wit, and ever-ready smile makes him a friend to all. Regardless of what he undertakes, success is sure to crown his efforts, and we can but predict assured happiness and success for this noble son of Greeleyville.
WILLIAM SCHLEI COOK
Timmons ville, S. C.

"It doesn't pay to worry; things will happen anyway."

BOTANY

Glee Club '17; Columbian Literary Society; Treasurer Timmonsville City Club; Treasurer Florence County Club; Agricultural Society; Senior Private's Club; 1st. "A. C. A.:

"Bill" came to us from the city of Timmonsville and in his four years stay here has made that city proud of him. And, if his work here is a "fair representative" of what he is yet to do, we are sure that he will also make Clemson as proud as his home town. "Bill" stuck to his work despite many set-backs until he was called to service of his country. Receiving his commission at Plattsburg, he was assigned for duty at Carnegie Tech. in Pittsburgh. It was here that he made a great record—with the fairer sex. And we are fortunate that one of them did not keep him in Pittsburgh. However, "Bill" escaped and returned to us as a Senior in January. A lad of admirable traits, fine character, and steady habits, his only weakness is girls. To "Tigers," he is all loyalty; to his work, all devotion; to friends, all friendliness; to others, all generosity; and we predict that to life he will be a success.

ALBERT CLEVELAND CORCORAN
Charleston, S. C.

"All great deeds are built of small efforts upon a foundation of labor."

TEXTILE ENGINEERING
Private; Private; Sergeant: 1st Lieutenant; Major.

Sergeant-at-Arms, Censor, Prosecuting Critic, Recording Secretary, Corresponding Secretary, President Carolina Literary Society; Junior Literary Editor, Literary Editor The Chronicle; Chief Literary Editor Taps '19 Staff; Junior Class Football Team; Bible Class; Ex-Shave-Tail Club; Secretary and Treasurer Charleston County Club; Picked Platoon Plattsburg Training Camp; Society Orator's Medal '17; 2nd. Lieutenant U. S. A.

"Allie" has fittingly been called the genius of the class, and his record in the many student activities in which he has engaged is an enviable one. As a poet and a story writer, he has won great praise from his comrades, but it seems that he treasures most of all the heart won to him by his wonderful pen. His very life is one of love, and is so because he himself has realized that the glory of life is to love and to give.

In literary society work Albert has merited and won the highest honors. Besides successfully competing in several oratorical and debating contests, he, as its president, skillfully piloted his society back to its rightful position after it had been disorganized during the days of the S. A. T. C.
MARION MORLEY CORNWELL.
Chester, S. C.

"Stone walls do not a prison make, nor iron bars a cage."

ARCHITECTURE

Secretary and Treasurer '18, Vice-President
Chester Club: Vice-President Gargoyle Club;
Palmetto Literary Society: Sergeant-at-Arms;
Assistant Art Editor C.S.: Art Editor
'19: Local Editor Tiger: Cross Country Team
Manager '19: Track Manager '19: Senior

Some many years before the war, a young fellow, who was to make Captains
and Lieutenants gray-haired, saw the light of day in Chester, S. C. This fellow was
Marion Cornwell, later designated as "Pint." He has a pleasant disposition and a kindly manner, which has
won for him many friends, both in school, and on the Hill—especially the latter.
"Pint" is also an architect of some note and won a mention in the Southern
Competition of 1915. But he is not stepping with this and has declared his intentions of taking first or none this year.
"Pint" was not able to impress on the military authorities his military ability
and so has remained in the select few, but we all know that "Pint" is well up on
military affairs, especially the treatment of prisoners. Also he has a commanding
voice, and if you ever hear someone yell "pour it in, old boy, pour it in her," you
may know that it is "Pint."

CHARLES CLIFTON COWARD
Cheraw, S. C.

"Worry never made men great; why should I worry?"

BOTANY
Private: Sergeant: Chaplain Hayne Literary
Society: Agricultural Society: Treasurer
Senior Non-com. Club: Y. M. C. A.

Clifton, or "Doc," as he is known to
everyone, hails from "Charming Cheraw,"
the "Tip Top Town." As this is a real
agricultural producing section, it is but
natural that "Doc" should choose the ag-
icultural course at Clemson. In spite of
"Doctor's" name, he has bravely attacked
the difficult studies and other hardships,
and is finishing with a marked degree of
success. "Doc" has that rare gift of being able to fit in just where circumstances
may put him. Hence he is very popular
among the students, and the same is true
regarding the faculty. Besides being a
very able man in the course of Botany,
"Doc" seems slightly inclined towards Hor-
ticulture, especially in so far as the
preservation of peaches are concerned.
Feeling sure of this self-confident, easy
going little man, we have great hopes for
him in the Botanical World, and expect to
see his name carved high upon the rock
of famous achievements.
GUY COX
Woodruff, S. C.

"What I say unto you, I say unto all; watch."

AGRONOMY
Sergeant: Major; 2nd Lieut. Inf. U. S. Army, Vice-President Calhoun Literary Society; Agricultural Society; Vice-President "Ex-Sarge" Tail Club; President Spartanburg County Club; Class Football ’18.

Our class has been fortunate in having this "Specimen." Guy, oftentimes called "Hard Guy," has been a faithful "Tiger" ever since his arrival at Clemson. He spent his "Rat year" on the memorial Hall number (12) Twelve, but he came through the test solid metal. Since his stay with us Guy has shot 'em all. When Woodruff is mentioned, Guy listens with interest, true 'tis home, but something more. Someone else will be there when he comes. Guy attended both camps at Plattsburg, after receiving his commission he was stationed at Camp Grant and was there when "The Racket Quit." Since his return to Clemson, Major Guy holds down the "Police Department." Guy is not as "Hard" as the "Rats" would have you think he is. He is to all of us a friend. We predict that in the near future he will be raising cows, ducks, pigs, "X'Everything" that comes under the head of Agronomy.

WALTER MARTIN DAVIS
Princeton S. C.

"I would be true; for there are those who trust me:
I would be friend to all—the for, the friendless."

AGRICULTURAL CHEMISTRY
Private: Company Clerk; Corporal; Sergeant; First Lieutenant: Member S. A. F. C.; Critic Calhoun Literary Society; "Winthrop Guards" ’17; Senior Dancing Club; President Bible Class; Assistant Leader Bible Class; Vice-President Sunday School Class; Member B. Y. P. U.; Senior "Non-Com." Club; Vice-President Laurens County Club; Chemistry Science Club; Agricultural Society.

In September 1915, the Princeton community entrusted to Clemson's keeping a lad of which both the community and the college may justly be proud. The congenital nature of "Sarge" combined with his disposition of being quick to lend a hand to borrow has won for him a warm place in the hearts of all his comrades. In his Junior year "Sarge" realized, after a long correspondence with a student of Limestone College, the potential possibilities of agriculture in the lime soils surrounding that place, and as a result decided to take Agricultural Chemistry as his major subject. Since that time, however, his interests have shifted to a more promising locality, and now he soon expects to be analyzing the rocks of Rock Hill, S. C. As a "lady's man," "Sarge" has no equal.

You probably would never think it, but "Dicky" had an idea one day, "I believe I will try the 'Tigers' lair, maybe that will take some of the greenness out of me," said "Dicky," as he sauntered along one of the sandy roads of his beloved Horry. "Dicky" finally mustered enough courage to board a train for Clemson. While waiting in Columbia, during a change of cars, he saw the City Hall. "What church is that?" our rustic wanted to know. No, you can't pull anything like that on him these days, he has shed his rusticism and has become one of the most enlightened products of the present regime. In fact, he has no hesitancy whatever in proposing to match you for the odd "jit" any old time. Joe's many friends sincerely wish him the many good things which are certainly his due.

JAMES CARLISLE DIAL
Laurens, S. C.

"In stature small,
But just the same man to all."

AGRONOMY
Private; Senior Private,
Thalian Club; Junior and Senior Dancing Clubs; Laurens County Club; Agricultural Society; Senior Privates Club.

Carlisle, and his nickname, "Jay Gould," came to us from Wofford in January of '16. His highest ambition in his Soph, and Junior years was to see how many "extras" he could walk in the allotted time. Then when he became a Senior he threw away these foolish ideas, and along with his chosen profession, Agronomy, took up the complicated subject of love. "Jay" is one of the Laurens Boys, and under their influence has made a man of the highest qualities. At the first sight of "Gould" you would think he had nothing on his mind but books and militarism, but when dances or any other social activities take place on the campus, he can always be counted on to take an active part. "J" surprised us all when he elected Agronomy as his major course, as it was thought that his former relations with Roseluds would decide him to specialize in Botany. Carlisle is always ready to take part in any sort of fun, but when the time comes for him to get down to work, nothing ever interferes. With his ability and jovial disposition we predict for him a great success in his chosen business.
IVY WILLIAM DUGGAN

C. A. Cabinet '18; Editor "C" Handbook '19;
Editor Military Book Type '19; Center Class
Football Teams '17, '18; First Sergeants' Club '18; Ex-Shave-tail Club '19; Second
Lieutenant Infantry U. S. A.

Four years ago this fair specimen of
the "Cracker State" drifted into Clemson
and since that time has been a prominent
figure among the student body. His rec-
ord in class, military, and athletics is one
to be envied. "Dug" answered the call to
the Colors, and won his commission at
Plattsburg, N. Y., and later was assigned
to Carnegie Tech, as a military instructor
in the S. A. T. C. Unit there. When the
war was over, he returned to his Alma
Mater in time to graduate with the class
of '10. He carries on an extensive corre-
spondence with members of the fair sex,
which seems very likely to lead to a happy
termination.

A generous disposition, a smile and
pleasant word of greeting for every one,
and a faculty for making friends, all have
made him one of the most popular men in
the Corps. A brilliant success awaits him
in the field of Agricultural Education.

FRANCIS MARION DWIGHT
Eastover, S. C.

"Let me fail in trying to do something
rather than to sit still and do nothing."

Sergeant; Captain; Lieutenant Inf. U. S. Army,

Class Leader '17, '18, '19; Senior Division
R. O. T. C.: Member Ex-Shave-tail Club.

When "Frankie" strayed out of the
depths of Wateree river swamp and into
the high altitude of Clemson College, we
thought that he had made a mistake.
Four years of hard and earnest work on
the part of our worthy friend have shown
the error of our thought, for he has proven
himself the man. He is noted for his loy-
ality to many friends, his unselfishness,
and his ability to handle men. Another
outstanding characteristic of this promis-
ying young man is his influence over the
"fair sex." "Frankie" exerts a mysterious
charm over the ladies as may be conspicu-
osly seen by the way all fall for him.
We are sure that some day the Dairy in-
dustry will be proud to have such a man
in its profession. "Frankie" was manufac-
turing "Boche Chasers" at Camp Grant,
Ill., when old Kaiser Bill was forced to
yell "Kamerad!" He hates not to have
gone over, but in his endeavors to "play
the game" "Frankie" was glad to have
taken part in the Rockford Peace Parade.
HENRY MOROSO ELLIOTT  
Winnsboro, S. C.  

"Life is a pleasant institution,  
Take it as it comes—always aiming at  
the best."

'16 and '17; Scrub Baseball '17; Scrub Foot- 
ball '17; Varsity Football '18; Capt. Class  
Football '17; Capt. Class "Champions" '18;  
Freshman Football Coach.

Four years ago an undersized "Rat"  
came to Clemson as one of our quota.  
To work like "Mouse" has on the gridiron  
shows the spirit this lad puts forth in all  
he undertakes. His first appearance on  
the field earned him his nick-name. To  
mention "Winthrop" he will listen attend- 
antly. "Mouse" has and makes friends  
by the hundreds. He is a genial, good- 
mannered fellow and has taken great interest  
in everything pertaining to the class of  
'19. Whenever there is an "Escapade" on,  
"Mouse" will be there. He is one of our  
number who served as an officer at Camp  
Grant.

MARION HAYNE FOLK, JR.  
Pomaria, S. C.  

"Straightforward and fair
Declares he with all men;
He is, with his noble heart,
Slow to borrow, but quick to lend."

AGRONOMY,  
Private: Corporal: Private: Private; S. A. T.  
C. Senior Private: Sergeant.  
Member of the Calhoun Literary Society '15-'16;  
Member of Agricultural Society; Newberry  
County Club; Bible Study Class; Prof.  
Bryan's Sunday School Class; Senior Non-
Com. Club.

If man is made of dust, then "Folk" is  
made of Gold Dust (?). He is known to  
be a friend in need; his is a friendship in  
deed. Hayne is a hard worker, industrious,  
and ever ready for the test. He was  
never known to fail on anything he went  
at, always on his toes for any quiz or exam  
which the Professor might see fit to give.  
This spirit of ever-readiness has won for  
him the respect of his Professors and the  
admiration of his classmates. He can be  
both serious and jolly, and it is not uncom-
mon thing to find him pulling some of the  
deepest stuff yet known to Clemson men.  
As a lad's man he has no equal; "They  
go wild, simply wild over him." We be-
come uneasy about his love affairs at Rock  
Hill (Winthrop) only to find that his  
heart is lost in another town—usually  
Laurens. Unless Folk "falls" for the girl  
early in life, we predict that he will be a  
wealthy man at twenty-seven.
ROBERT GAMEWELL GAINES
Central, S. C.

"Put not thy trust in women and their loving ways for verily shall they be thy downfall."

TEXTILE ENGINEERING
Corporal; Sergeant; Regimental Supply Sergeant; Lieut.; Captain; Lieutenant.
Member Thalian Club; Rock Hill Company '17; Secretary and President Wade-Hampton Literary Society; Secretary and Treasurer Pickens County Club; President Junior Dancing Club; Member Senior Dancing Club; Major Camp Gordon Club; Senior R. O. T. C.; Plattsburg Training Camp.

It was in 1898 that this follower of Terpsichore discovered the beauties of the universe. In 1915 he migrated in a "Rambling Ford" from the town of Central and discovered a "velvet lawn" upon which to dance and an audience for his tender words of love.

Ah! but we cannot fail to mention the fact that this illustrious son of Central (Africa) was exposed to a course in Textile Industry, and we predict that he shall some day be the proud possessor of numerous mills. And as the shuttle of life moved backward and forward throughout his years at Clemson, we believe that this same shuttle shall compel him to have a tender spot in his heart for "the Farmer."

"To be a friend is to have a friend"—and so it is with "G." Hence we can see only success for him.

JOHN MCCORD GALLEGLY
Ellenton, S. C.

"Life is what you make it."

CHEMISTRY
Senior Private; 2nd Lieut. Inf. U. S. A. Chemistry Science Club; Senior Dancing Club; Aiken County Club.

Four years ago this young "sorrel-topped" citizen sorrowfully took leave of an Aiken town and journeyed to the dreadful wilds of Clemson College. For three years he beat out of church and Reveille—then there came a call to arms, and he entered the Officers' Training Camp at Plattsburg, N. Y., and won his commission there. He has been on active duty at V. M. I., Washington and Lee, and Camp Lee Va. When the war ended, he gave up the chance of an army career and came back to graduate with his class. Although fond of Botany, "Red" early decided to become a chemist. Four years of work has demonstrated that his choice was wisely made.

A generous disposition, a sense of loyalty to his friends, and a strong determination to succeed have won for "Red" a host of friends at Clemson. We predict a brilliant future for him in the industrial development of the South.
JULIUS PENDERGRASS GAMBLE, JR.
Greeleyville, S. C.

"Do not say all that you know, but always know what you say."

CIVIL ENGINEERING
Sergeant: 1st. Sergeant; Captain: Major: 2nd.
Vice-President, Secretary-Treasurer Williamsberg County Club; First Sergeants Club;
Bible Class '16 and '17; Share-Tall Club;
The "Hobo" Club; Senior R. O. T. C.; Y. M. C. A.

About four years ago a young man was very unsettled as to where he was to get an education. Julius, better known as "Polly," set out from the old historic town of Greeleyville to cast his lot with the class of '19. "Polly" has been with us for four years and it is hard to say where he will venture when he leaves Clemson. It was in his Junior year that he became familiar in the military world. He was hooked to return as one of Colonel "Mac's" picked men, but he went to Plattsburgh and was there commissioned. From there to Camp Grant and elsewhere he roamed. "Polly's" body is here working with "Hobo" for that "dip," but his mind and soul are in Janesville. He is a Civil, but we predict that he will be surveying a "True" heart in Wisconsin in the near future, and we wish him much success.

LOUIS CLYDE GARRISON
Sandy Springs, S. C.

"Deeds, not hours, are the measures of life."

CIVIL ENGINEERING
Corporal: Sergeant; 1st Sergeant; 1st Lieutenant; Plattsburgh Training Camp '18; Camp Gordon C. O. T. S.; Senior R. O. T. C.
President, Treasurer, and Secretary Hayne Literary Society; Chairman Social Service Committee; Member Y. M. C. A. Cabinet; Bible Class '16 and '17; Bible Study Leader '18 and '19; Anderson County Club; Senior Non-Com. Club; Picked Company '17; Camp Gordon Club; Promotion Committee '18; The "Hobo" Club; Superintendent, and Secretary-Treasurer Chapel Sunday School; Y. M. C. A.
"Brush" decided on completing his High School course, to come to Clemson College. As a result of this wise decision he entered the Freshman Class in September 1915 and chose Civil Engineering as his course of study. He has made rapid progress in his work during his four years in College.
"Brush" has taken an active part in Y. M. C. A. and religious work in general throughout his college career. He is noted for his humorous and witty sayings, his friendly disposition, and his cheerful smile—all of which have made for him a host of true friends. The ladies are very fond of him, and we would judge from the fact that he has chosen for his Thesis "The surveying and the planning of a proposed automobile highway between Clemson and Anderson College" that he is not entirely indifferent to them.
William Thompson Glenn, Jr.
Jenkinsville, S. C.

"Give every man thy ear, but few thy voice."

Electrical and Mechanical Engineering
Private; Private; Sergeant; Sergeant.
Member Electrical Society '18; Student Member A. I. E. E.; Class Baseball '17; Fairfield County Club; Senior Non-Com. Club; Bible Class; Y. M. C. A.; Naval Company.

"Sam" hails from the town of Jenkinsville, where they turn out in holiday dress and rags when he returns home to spend his vacation. How he acquired the name of Sam it is hard to say: for we can see no resemblance, except in size. He has obtained it, nevertheless, and will always live in the memories of his classmates as "Sam." He has also made himself known in class baseball. Sam will put some of Cripps' valuable advice into practice and journey to Westinghouse, where he will soon work himself up to the position of Mr. Lamy's office boy. If there is anything to learn at the great industrial plant, Sam will learn it by his stick-to-itsiveness, and we expect him to make good by his earnest Christian endeavor. Some day this famous engineer will return to his native town for the purpose of claiming the heart of one of South Carolina's belles. Here is hoping that the "S" in Sam will go hand in hand with the "S's" in success for "W. T."

William Watkins Gordon
Clemson College, S. C.

"Come what may,
Time and the hour runs thru the roughest day."

Dairying
Private; Private; Private: D—— D. Cade;
Oconee County Club; Treasurer Senior Private Club; Agricultural Society; Hayne Literary Society; Vice-President Senior Class.

"Doc," "Bill" or "Billie" grew up from early childhood an ardent supporter of all pertaining to Clemson College, having lived on the campus during this time. Hence, it is but natural that he should cling to his convictions concerning Clemson when time for his further schooling became apparent.

"Doc" is sometimes known to quote famous authors and statesmen. Not infrequently is he heard to say "Give me Liberty or give me death."

"Doc" is an agricultural student and he is inclined specifically towards Dairying. He seems to be fond of testing milk, especially in the vicinity of "Society Hill."

Now, peace is here, "Doc" takes great pride in being a Senior Private. His many admirable qualities have won for him a host of friends—the "fairer sex" being by no means an exception. "To those who know him best he is dearest." Now, noble double son of Clemson, we trustingly predict for you success crowded with happiness.
JOHN LITTLE GRAY
Woodruff, S. C.

"We find in life exactly what we put in it."

ELECTRICAL AND MECHANICAL ENGINEERING
Private: Private; Sergeant; 1st Lieutenant; Captain; Lieutenant-Colonel; 1st Lieutenant.
Columbia Literary Society; Y. M. C. A.; Bible Class; Promotion Committee; Pick Company 17; Chief Barracks Electrician; Assistant Commandant of Cadet Corps; U. S. Service; Vice-President Spartanburg County Club; Electrical Engineering Society; Senior K. O. T. C.; A. I. E. E.

Inventions by great men have lured other men to seek higher things. "John" ventured into the world of electricity and hasn't seemed to regret it, for we find him now filled with theorems and static laws. Electricity has been his plaything, and we wouldn't advise anyone to start him talking on the unharnessed force. We would advise you in that case to go to sleep. He won't mind for he has slept once in a while himself while listening to "Crip" expounding his theories on Westinghouse.

He receives numberless letters from Fountain Inn. However, Gray is very silent on that subject.

"John" says that the first work he will do after leaving Clemson will be wiring a house. He is an apt Bible student, and knows the Bible from A to Z. A man has to be a close student of the Bible when he tampers around circuits all the time.

HENRY EARLE GRAVES
Abbeville, S. C.

"I was never less alone than when by myself."

AGRICULTURAL CHEMISTRY
Private: Private; Private; Senior Private. Business Manager Taps; Athletic Editor Tiger; Temporary Senior Cooperative Committee; Chemistry Science Club; Agricultural Society; Senior Private Club; President Abbeville County Club.

"Early Bird" flew into Clemson from Abbeville, September 14, 1915, and began to build. But this time it wasn't a nest. His building consisted in the construction of a solid foundation upon which to rest his future. Being naturally inclined to Chemistry, he has chosen that as his profession, his hobby being the preparation, properties, and uses of alcohol. He has made a special study of its uses. This being the first chemical upon which he demonstrated the principle of his vacuum. With his present scientific knowledge, which "Dickie" has imparted to him we feel sure that success will crown his efforts. "Early" has a smile and a word for every one and this genial disposition has won for him the love of all his comrades. The fairer sex also fall for him, and we feel sure that our "Early Bird" will soon find its mate and together they will fly away to catch the worm.
JOHN BROWN HALL
Anderson, S. C.

"Impossible!—it is not American."

AGRICULTURAL CHEMISTRY
Private: Sergeant; 1st Lieutenant; Sergeant.

Carolina Literary Society; President Electric City Club; Member Anderson County Club; Senior Non-Com Club; Chemistry Science Club; Agricultural Society; S. A. T. C.

This tall, brown-eyed youth claims the beautiful Electric City as his home. "J. B." came to us in the fall of '15 with a strong determination to make good. This he has done, for he leaves behind four long years of earnest, faithful work, and a record worthy to be proud of. His quiet, congenial manner has won for him a host of friends among both students and faculty. The better you know "J. B." the more you like him. Chemistry is his "hobby," and he can be found spending much of his time with "Dickie" and "Lip" searching vainly for unknown elements or trying to make diamonds from test tubes. He is seldom heard to mention the fair sex, but 'tis rumored that there is a certain little lady in whom he is deeply interested—anyway he can be seen visiting the post-office quite frequently. As to his future, we know that it will be bright, for a man of his ability and energy is bound to succeed.

LYMAN A. HAMRICK
Gaffney, S. C.

"A man is a man when he has the advantage of another fellow and won't take it."

TEXTILE ENGINEERING
Private; Corporal; Sergeant; Lieutenant; Captain; Candidate C. O. T. S. Camp Gordon.

Member of the Freshman Varsity Football Squad; Chaplain, Secretary-Treasurer, Vee-President Cherokee County Club; Member Sophomore Football Squad; Member Sophomore, Junior, and Senior Dancing Clubs; Member Thalian Club; Member of the Junior Champion Football Squad; Varsity Football '16-'17, '17-'18; Member R. O. T. C., S. A. T. C. and C. O. T. S.; Major in Camp Gordon Club.

"Pot" blew in from the thriving city of Gaffney in the fall of 1915 and has been blowing ever since. "Hot Air" is what he runs on, and he is always on the go. Since entering college, "Ham" has taken great interest in athletics, especially football. It was in his Junior year that he earned the name "Joe" for the wonderful work in the class games. He was making good on this year's team when he decided to enter an officers' training camp and win a commission. The signing of an armistice is the only reason that some of the generals haven't been reduced, because "Joe" was thinking strongly of rolling one of them for his job. We predict that in the near future he will be at the head of the largest manufacturing concern in the South.

Lowndesville, S. C.
"Great floods have flown from simple sources."

HORTICULTURE
Private: Private; Sergeant; Color Sergeant; Senior R. O. T. C.; Plattsburg Training Camp; S. A. T. C.; C. O. T. S. Camp Gordon; Color Sergeant.
Agricultural Society; Carolina Literary Society; President of Senior Non-Com. Club; Captain Camp Gordon Club; Abbeville County Club.
"Pete," or "Long-Boy," came to us from the hills of Abbeville County in the fall of '15. Following in the footsteps of his forefathers, it is little wonder that "Pete" is inclined Agriculturally, and it is still less wonder that this intelligent young man chose Clemson as his foster-mother. "Pete" has that rare gift of making friends wherever he goes. He not only wins friends among the student body but he also wins where men most like to be noticed, and we believe he will succeed in winning his greatest prize before very long. "Pete" has waded through the "ups and downs" of Clemson in his straight-forward, convincing way, making pleasures out of troubles. He has chosen Horticulture as his particular line of work, for he is naturally inclined towards Horticultural work. We are confident that "Pete" will wade out into the world in his same straight-forward manner and that his upward path in the Horticultural world will be decorated with glorious success.

WILLARD LANNING HART  
Washington, D. C.
"Friendship above all ties does bind the heart;

Private: Corporal; 1st Sergeant; 1st Lieutenant; Senior R. O. T. C., Plattsburg, United States Marine Corps.
Varsity Football '16-'17; Coach Freshman Class Football '17; Coach Junior Class Football '18; Coach Sophomore Class Football '19; Block "C" Club '17, '18, '19; First Sergeant's Club; Sophomore, Junior, Senior, and Thalian Dancing Clubs; Commencement Marshal '18; Cosmopolitan Club '17, '18, '19; Agricultural Society; Glee Club '18-'19; Y. M. C. A.; "Plant and Animal" Club.
Joining the clan of '19 one year late was no detriment to the progress of "Buck," or "Bub," in his arduous work of a student and athlete. "Buck" hails from Washington and came to us in the fall of '16. After finishing Junior, he felt the call of the service and joined the Marines but drifted back after his discharge to finish up with the bunch.
"Buck" has an ever ready smile, and his good nature is in proportion to his size. The matrimonial tendencies of "Buck" seem to be Southern in nature at the present time, and we hope that cupid will apply his arts with such telling effect that "Buck" will find his heart interved in the gauzy folds of love with the Southern beauty, and that he will thus be forced to linger in the Old Palmetto State.
LEROY COPELAND HERRING
Marion, S. C.

"See me safely up; as for coming down, I can shift for myself."

HORTICULTURE

Sergeant (Junior grade); Sergeant (Senior grade); R. O. T. C.; and 2nd Lieut. Inf. Y. S. A. R. C.

"Rusty," but not what the name implies, heard the call of education in the "Swamps of Marion" and responded to the call in the fall of 1915. He has always been a curiosity to the cadets, and makes friends easily; especially "over the river." He is rather bashful in the light, always waiting for the sun to go down before he would fill his dates. Marion is duly proud of her worthy son, for no such transformation ever happened to any of them, as that which he underwent since entering college. His stern determination to win has placed him among the third of his class.

Last summer, after returning from Plattsburg, he entered Camp Gordon to become an officer for Uncle Sam. He won his Lieutenantcy on Nov. 30.

We predict that he will return to the "Swamps of Marion," change the name of one of the fairer sex, reclaim the deserted swamps, and become one of its big factors politically, socially and spiritually.

RICHARD CECIL HICKS
Hartsville, S. C.

"A good name is rather to be chosen than great riches."

CIVIL ENGINEERING

Corporal; Sergeant; 1st Sergeant; Captain; Senior R. O. T. C.; C. A. O. T. S.; Lieutenant, President Hartsville City Club; Vice-President Darlington County Club; Sergeant-at-Arms, Junior Literary Critic Columbian Literary Society; Track '19; Sophomore Football Team; Junior Class Champion Football Team; 1st Sergeants' Club; Picked Company Rock Hill; Local Editor "Tiger" '19; Joke Editor "Chronicle" '19; Bible Class Leader '17; Y. M. C. A.

From the fair town of Hartsville came this courteous lad in the fall of 1915 to Clemson College; whereupon, he became a shining link in the chain of the class of '19. Since then Cecil has been an energetic student, and has proven himself to be worthy of the affection which binds him to the students and faculty. He has a kind disposition, a pleasing way, and a winning smile; all of which bring many letters to his room each week. And, regardless of the fact that his birthstone is the diamond, he is firmly determined to have a "Ruby." Cecil has been active in all lines of college work and sport—in fact, he is an all-round good man. His military career has been a splendid one.

Having chosen civil engineering as his profession, Cecil is a leading member of the "Hobo" gang. Since he is such a hard worker, and a dandy good fellow, we know that he will succeed in the great field of engineering.
GRESHAM OSMOND HILL
Timmonsville, S. C.
"The secret of success is constancy of purpose."

AGRONOMY
Private; Corporal; Private; Senior Private.
When we arrived here in the fall of '15, we found in our midst a jolly chap hailing from the city of Timmonsville. During our four years of association with "G. O.," we have found that he has a heart many times larger than his physical size. In spite of his mechanical makeup, he is always ready for a joke. We know that he has a large heart because, besides the many friends he has gained at Clemson, he is ever ready to say to the feminine charmers, "Room for more," and he means it, too: not fickle, however. He is an "Aggie" by adoption of study and he has been one of the boys all the way thru. We hope to see him settled down on a nice little farm, with a nice little wife, in a nice little place. Knowing that "G. O." is very fond of nice things to eat, we here propose a "toast" to his health, wealth and happiness.

HENRY G. G. HOFFMEYER
Darlington, S. C.
"There is no love like the old love.
And the old love is always the same."

AGRONOMY
Private; Private; Private; Senior R. O. T. C.; Plattsburg; 1st Sergeant; 1st Sergeant S. A. T. C.; C. O. T. S. Camp Gordon; Senior Sergeant.
Member of Hayne Literary Society '19; Literary Critic of Hayne Literary Society Third Term; Member Agricultural Society; Darlington County Club; Senior Non-Com Club; Camp Gordon Club; Class Football '18.
From the peaceful plains of Darlington county comes this sensible, serene, and earnest figure who for short we have always called "Hoff." "H. G. G." has been a quiet and earnest worker ever since he joined our ranks. He has not courted popularity so much probably as others, but still he has filled a place in the class and corps at large which is deserving of meritorious praise. His actions prove that he is living the Golden Rule. "Hoff" has not made military tactics one of his vocations, but, likely, he is the only man in the class who can say that he has never walked an "extra." Cupid is one of "Hoff's" best friends; and judging from the letters which come to "Hoff," the little fellow must have him bound very closely. If he should escape these clutches, we predict that 'ere long he will have as many denunciation following his name as he now has preceeding it.
"The harder I'm thrown, the higher I'll bounce."

AGRICULTURAL EDUCATION
Private; Senior Private; Sergeant.
Member R. O. T. C.; S. A. T. C.; Literary Critic
Hayne Literary Society; Cherokee County Club; Bible Class Leader; Agricultural Society; Senior Non-Com. Club; Member B. Y. P. U.

"June Buggs" was one of the Pioneers in upper Spartanburg County. He was very adventurous in his younger days; and as a result he ventured over into Cherokee County and took his abode there.

"Hollipatch" realized the importance of an education, so he came to Clemson in the fall of 1914. But he was forced to stay at home a year on account of "Cherokee Uprisings." He then joined the class of '19 in full strength. He has stuck to it, no matter how hard the task seemed; this is demonstrated by his "specializing" in trigonometry, and his diligent work in titration analysis. June has won a place of honor and respect in the heart of everyone that knows him, especially the members of the "Fairer Sex." He has chosen for his life's work one of the most important subjects of to-day—that of Agricultural Education. Oh well, it's no use to say he will be successful, for he has already been successful in winning a woman's heart.

EDWARD GLOVER HUBSTER
Walterboro, S. C.
"A Nice girl can do wonders with me."

TEXTILE
Private; Private; Private; Sergeant.
Vice-President Colleton County Club; Literary Critic, Treasurer Wade Hampton Literary Society; Sophomore, Junior, Senior Dancing Club; Christian Endeavor Society; Rev. Mr. Ellis's Bible Class; Plattburg Training Camp; Private S. A. T. C.; Senior R. O. T. C.; Y. M. C. A.

"Dutch" came to us in the fall of '14 with the determination to make good, and on the long trail that he has followed he has made many close friends among the corps, on the campus, and in nearby towns. "Dutch" is a favorite anywhere he goes, which may be attributed to his genial disposition and affable personality. Why "Dutch" took the textile course is a mystery, unless it is the line of least resistance to a "Dip," but by the least exertion "Dutch" has shown himself a good scholar and a fair representative of his briar patch. His favorite pastime is sleeping thru recital and breakfast, which helped him to recuperate from his long hikes to Pendleton. It can be said with all sincerity that "Dutch" has made a success of everything he tried at Clemson and besides being a good "Pal" he has proven himself a true and loyal Tiger. This promising son of Walterboro is booked for great achievements in his chosen work, and his many friends predict a future for him that will make his Alma Mater proud of him.
JOHN EARLE JONES
Union, S. C.

"Life's a see-saw; be decent to the fellow who's down, for he may be up tomorrow."

TEXTILE ENGINEERING
Corporal: Sergeant; Color-Sergeant; Lieutenant; Captain; 2nd Lieutenant, Infantry, U. S. A.
Assistant Manager Football '18; Manager Class Football '19; Secretary and Treasurer Class Dancing Club '17; Thalian Dancing Club; Junior and Senior Dancing Clubs; Secretary and Treasurer Union County Club; Y. M. C. A.; Ex-Shavetail Club; Sandhedin Club; Member "Tiger" Staff '19.

Coming from the famous town of Union, John Earle, oftentimes called "Long," joined our ranks just four seasons past. During his "Rathhood Days," "Long" was kept constantly on the alert. Passing from these days into his "Reign of Wisdom," he has entertained the "New Boys" on numerous occasions. John is a jolly, good-natured, genial fellow. He has his hobbies like all of us, dancing being his. John answered Uncle Sam's call and left for the training camp at Plattsburg. From here he was sent to Camp Perry, Ohio, and it was there he received his commission. Since the war was over, he decided to return to Clemson and get his "Dip." As a profession John has chosen to be a "Lint-Head," and many and frequent have been the occasions when "Swine" has shown him under. John, too, done Union proud.

SAMUEL COLUMBUS JONES
Easley, S. C.

"I will utter what I believe today if it should contradict all I said yesterday."

AGRICULTURAL TEACHING
Corporal: Sergeant: Captain: 2nd Lieutenant of Infantry, U. S. A.
Secretary, Literary Critic, President Columbia Literary Society; Editor-in-Chief Chronicle; Ex-Shavetail Club; Y. M. C. A. Cabinet; President Pickens County Club.

On Sept. 14, 1915, this earnest looking little Pickens County mountaineer walked into the halls of Clemson and expressed his desire for a broader knowledge of the world and its sciences. Since then, Sam, or "Swifty," as he soon came to be known, has been a serious minded, faithful, honest, and highly esteemed member of the class of '19. Conscientiousness, fairness, and determination along with hard work, have earned "Swifty" a place in both the hearts of the faculty and students that will not be soon forgotten. Altho deeply disappointed in his career as a corporal at Clemson, "Speedy" showed what was in him while at Plattsburg and was commissioned and served as a "Shavetail." He left Uncle Sam's army to renew his studies at Clemson. We see in the future for him a career of success as a spreader of the knowledge he has acquired during his four years here.
LANDRUM ROE KAY
Easley, S. C.

"Love conquers all things, even men."

AGRONOMY AND HORTICULTURE
Corporal; Sergeant; 2nd Lieutenant; Corporal; Sergeant U. S. Army.
Secretary; President Columbian Literary Society; Secretary and Treasurer Block "C" Club; Vice-President Pickens County Club; Class Football '16, '17; Varsity Football '18; Senior R. O. T. C.; Plattsburg.

This "husky" model of manhood, known as "Noisy" left the peaceful hills of Pickens County and became a distinctive member of the class of '19. Just why we call him "Noisy" no one can tell, for he is just as quiet as a mountain daisy. Roe came to college with the firm determination to study hard and master the science of agriculture, and this he has done exceedingly well. He is a typical example of the mind, soul, and body development theory. His athletic abilities have been of great value to the college in the football world; and, consequently, he is a wearer of the block "C." "Noisy" is an ardent admirer of the fair sex, but always keeps his distance when they are in sight. Having taken a very active part in all branches of college activities, Kay has won a beloved place in the hearts of both faculty and students. He is bound to succeed.

WILLIAM JULIAN KENNERLY
Greenwood, S. C.

"He is great who is what he is from Nature, and who never reminds us of others."

AGRICULTURE AND CHEMISTRY
Corporal; Sergeant; Battalion Sergeant-Major; Captain and Quartermaster; 2nd Lieutenant Inf. U. S. Army; Senior Private.
Recording Secretary, Censor, Treasurer, President; Culbom; Literary Society; Business Manager The Chronicle; Satire Editor Tans '19; Orator's Medal '18 Culbom Literary Society; Agricultural Society; Chemistry Science Club; Glee Club; Ex-Shave-tail Club; Senior Private's Club; New Student's Committee; Y. M. C. A.; Greenwood County Club.

"Skeet" or Julian, which ever you like best, is about the liveliest piece of humanity at Clemson. "Skeet" hails from Greenwood, S. C., and we all think him a fair representative of his home town. Altho "Skeet" never was a book-worm, he always manages to make his professors take notice. "Skeet"s favorite pastimes are playing on his mandolin and balancing articles on his chin. He is a leader in Literary Society work and is also taking "Dicky." The latter fact, in itself, proves that he must get very serious at times. "Skeet" was one of the sensible ones who went back to Plattsburg and won his commission. He came back to us after Christmas, none the worse for wear. If "Skeet" succeeds in after life like he has at College, Clemson will be very proud of him in days to come.
HORACE MILTON KINSEY
Smokks, S. C.

"Don't stop when you have won your first victory—
It's not a goal; it's a start."

Corporal; Sergeant; Major; 2nd Lieutenant
Inf. U. S. A.
Member, Colleton County Club '16, '17, '19.
Sec. '18; Palmetto Literary Society '16, '17, '18, '19; Agricultural Society '18, '19; Secretary Professor Bryan's Sunday School Class '18; Class Football '18; Senior Dancing Club; Ex-Shavetail Club.

Four years ago was a great day in the history of Smokks, for the principal citizen left to enlist under the banner of the Tigers. For three years he fought by our sides in the battles waged in the Administration and the Textile buildings. Then there came the war with its call for men and we found old "Sheba" entering the Officers' Training Camp at Plattsburg. He won his shoulder bars and was assigned to Camp Grant. Space forbids us to describe his Army Career here. On account of his efficient work, Kinsey was retained in the service so long that we feared he had to remain permanently, but class spirit and loyalty to his Alma Mater was too strong and he came back to graduate with the class of '19.

Horace is a genial fellow and is always ready to have a little fun, but there are times when a determined look on his face reminds you that he means business.

MARCUS HAFNER KIRKPATRICK
Sharon, S. C.

"Give every man thy ear; but few thy tongue."

DAIRYING AND ANIMAL HUSBANDRY
Private; Senior Private.
Secretary, Treasurer, President Palmetto Literary Society; Agricultural Society; Senior Privates' Club; York County Club; Y. M. C. A.; Bible Study Leader.

Sharon produced; but this time it wasn't a rose. "Kirk" came to us from Sharon, S. C., which is near that high and hard section of the state known as Rock Hill. Perhaps this is why he came to Clemson smiling, for he did, and has been smiling ever since. That happy, congenial disposition of his has won the friendship of all who know him; and those staunch, true qualities of character have won their confidence and esteem. From the beginning he has "shot" the professors consistently; and therefore, deservedly, stands high with them. "Kirk" also has a gentle side to his nature, and the ladies fall for him without fail. We predict for him a better half soon. Specializing in dairying, we feel that Prof. "Fitz" has imparted to him such knowledge of that subject that wherever he goes it can be truthfully said of the country that it is flowing with milk and honey. We hope for him much success and believe it is assured.
THOMAS JEFFERSON KITTLES  
Garnett, S. C.

“My designs and labors and aspirations are for my friends.”

AGRONOMY
Corporal: Corporal; Sergeant: Major: 2nd Lieutenant U. S. Army.
Charter Member Carolina Literary Society; President Carolina Literary Society; Agricultural Society; Ex-Share-tail Club; Last of the “Preps.”

“Tom,” as he has found recognition, came, years ago, to the home of his ALMA MATER, in ye good ole days when “Prep” was the style. Early in his life he had set his heart in the direction of SENIOR-SHIP and after plodding the weary way for many moons, the star of his ambitions has at last been attained. His commanding appearance has indeed upset his age, but, however, to his girl, if he has one, he looketh more than his age. Yet even so, in the eyes of Colonel he has found favor, being elected as Associate Professor of latest fiction, Guard Duty, for the young barracks nn. Let it be understood that there is no greater friend to those of the fairer sex, his massive brain is ever in contortion as to just what kind of a time he is going to have at the next week end. Within the presence of women he is the modern Carolina Cavalier, and what more could be said of any true Clemson man except that success may crown all efforts.

BEN TILLMAN LEPPARD  
Atlanta, Ga.

“He who can manage one woman can govern a nation.”

AGRICULTURAL EDUCATION
Private: Sergeant; 2nd Lieutenant; 1st Lieutenant; Captain—2nd Lieutenant Inf. T. S. A. Promotion Committee: Bible Class Leader: Share-tail’s Club; Cosmopolitan Club; Sophomore, Junior, and Senior Dancing Clubs; Secretary and Treasurer Laurens County Club: Agricultural Society; President Plant and Animal Club; Senior Critic and Censor Callahn Literary Society; Senior R. O. T. C. ’18.

Does Greenville, S. C., have a Zoo? Yes, because in the fall of 1915 it sent a live “Leopard” to Clemson College. By a rapid process of evolution “Booker T.” developed into a natural man, who has proved himself a workman who needeth not to be ashamed, making a record such as anyone might covet. Responding to patriotic convictions, “Booker” entered the Training Camp at Plattsburg last summer and was commissioned. He was detailed for duty with the S. A. T. C. at Cornell University, where he served till discharged. He then returned to Clemson and although as earnest as ever, he has a dreamy look in his eyes which isn’t common to “Booker.” He also lingers about the telephone “Booth” quite a bit and has actually been heard to call it “Helen.” We should not be surprised if he helps to bring the North and the South together in a very practical way.
FRANK HENRY LESLIE
Abbeville, S. C.

"Smile and the world greets you with a smile."

AGRONOMY AND HORTICULTURE
Corporal; Sergeant; Captain; Senior R. O. T. C.; 2nd Lieutenant Inf. U. S. Army.
Y. M. C. A.; Vice-President Abbeville County Club; Critic Calhoun Literary Society; Agricultural Society; Class Football '16; Sophomore, Junior, and Senior Dancing Clubs; Ex-Sarge-tall Club; Chapel Sunday School.

The days of miracles have not yet passed. Who would have dreamed that the quiet "Frankie" Leslie of four years ago could blossom into the glowing character we know now? Bashful? Why he can face without blushing the most beautiful of ladies. Timid? I should say not! "They" say he is the "limit." "Frankie" is quiet, unassuming, yet winning. It's "just his way." In the fall of '14 "Frankie" attached himself to the great class of '19, Fate seemed to work against his decision, as it did against that of many others; for Leslie was led by a strong, clear call to the Colors. He won his commission at Plattsburg and had hopes of going over when Fate again intervened and gave him back to Clemson, still a member of the class of '19. And it is ever thus; we see but we do not understand, yet we are glad. Truly the days of miracles have not passed.

ADDISON FARRIS MARTIN, JR.
Laurens, S. C.

"Worry and I have not met."

MECHANICAL AND ELECTRICAL ENGINEERING
Corporal; Sergeant.
Senior Critic and Treasurer Calhoun Literary Society; Thalian Club; Junior and Senior Dancing Clubs; Class Football, '18; President Laurens County Club; Student Member A. I. E. E.; Electrical Engineering Society; President Laurens City Club; "Plant and Animal" Club; C. O. T. S., Camp Gordon; Lieut. Col. Camp Gordon Club.

"Major" Martin, better known as "Atto." is a member of the notorious Laurens gang. We no longer hold that against him however, as he has tried to live it down since he has been with us. He cast his lot with the followers of "Crip," as he saw in electricity one way of making his light shine. "Major" stayed out of Clemson one year, joining the class of '19 as a Junior, and has been a most loyal member, helping us win the class football championship and taking a leading part in all college activities. Judging from the number of letters he writes, one would think he was taking a correspondence course instead of electricity. Hearing the call of his Uncle Sam, Farris entered a Training Camp, but he is back again after his "dip." His many friends wish him the success that is sure to come to a man of his ability, his ambition, and his character.
ROY MARVIN
White Hall, S. C.

"I have often regretted my speech, never my silence."

ARCHITECTURE
Corporal: Sergeant; Lieutenant: Junior R. O. T. C.; Plattsburg Camp; Naval Unit.
Wade Hampton Literary Society; Senior Class Historian; President Colleton County Club; Y. M. C. A. Cabinet; Gargoyle.

Marvin hails from White Hall as you observe. Where that place is we do not know, but a special detective has been employed to watch "Runt" next spring when he starts home. In this way it is hoped to locate the place exactly. However that may be, he first disturbed the slumbers of his father's old "possum" dog one early morn of May 26, 1899. At the age of seven it dawned on him what a precocious youth he was, and what a misfortune it would be for this old world if he failed to develop his intellect. After he had gathered all the knowledge that dared hang around his neck of woods, he hired himself to Clemson in the fall of '15 in search of larger game. Here as a student of Architecture he has made good, and we predict that there are great things stored up for him in the future.

WALTER HILL MAYS
Edgefield, S. C.

"A friend may well be reckoned the masterpiece of nature."

AGRONOMY
Corporal: Sergeant; Lieutenant: Senior Sergeant; Senior R. O. T. C.; C O. T. S., Camp Gordon.
Recording Secretary Hayne Literary Society; President Hayne Literary Society; Secretary Agricultural Society; President Edgefield County Club; Senior Non-Com. Club; Camp Gordon Club; Sophomore, Junior, and Senior Dancing Clubs; Thalian Club; Class Football '16; Junior Class Champion Football '18; Assistant Manager Baseball '18; Y. M. C. A.

Walter left Edgefield in 1915 and drifted up to Clemson, merely because he had nothing else to do; but after seeing some of the work that was in progress here, he decided to stay. Since then "Tale" has been one of the leading men in the class of '19, always playing an important part in college activities. His greatest weakness has been his fondness for dancing and the ladies. He entered the Officers' Training School at Camp Gordon and had the Kaiser not quit just when he did "Hard-tale" would have soon been a "shavetail." His congenial manner and good-naturedness have won him a place in the hearts of all. He cast his lot with the "straight ages." and we see for him a successful life of happiness and contentment.
WILLIAM LUCIUS McCORD  
Spartanburg, S. C. 
"Trust your luck—you can't do better!" 
MECHANICAL AND ELECTRICAL ENGINEERING  
Private; 1st Sergeant; Sergeant. 
Student's Bible Class; Y. M. C. A.; Junior Member of A. I. E. E. '19; Electrical Engineering Society '18; Censor, Vice-President; President Wade Hampton Literary Society; Glee Club '19; Treasurer '18, President '19; Spartanburg City Club; Spartanburg County Club; Class Football '15; Senior Non-Com. Club; S. A. T. C. Naval Unit. 
Spartanburg gave to us in the fall of 1916 a Sophomore "rat" named "Bill." His short career at Wofford enabled him to enter the Sophomore Class and fall right in line with the boys. Having as his ultimate view a job with the Westinghouse Co., he decided to take "Crip's" course. The only thing that "Bill" didn't like about this course was the sitting up late producing page after page of lengthy explanations and sundry descriptions. When the war began, this patriotic boy joined the navy. He stayed in the service here at the college preparing himself for an Ensign's School. "Bill" showed no musical ability until his Senior year, when he added his melodious voice to the Glee Club. We prophesy that if "Mac" does not sing his way into the heart of his "lady love," he will ride in on an electric current, but let us hope it is direct and not alternating.

MOULTRIE TRESCOTT McCOWN  
Florence, S. C. 
"Consider the postage stamp—its power to get there consists in its ability to stick." 
TEXTILE ENGINEERING  
* Private; Private; 1st Lieutenant; 2nd Lieutenant Inf. C. S. A. 
President Calhoun Literary Society; Shave-tail Club; Florence County Club; Class Football '15, '16. 
Moultrie came to us from the "Gate City" of Florence. As a course of least resistance to a diploma, he decided to become a "lint-dodger," and he has spent much of his time worrying Professor Doggett with his jokes and tricks. What part of his time that was not spent in the Textile Building has been used in writing letters that have kept him broke buying stamps. Not only being a good student in his chosen profession, "Mook" has taken a great interest in other college activities. He was a member of the championship Junior football team, and has always taken an active part in Society work. "Mook" has spent many sleepless nights in the past, and it was only recently that we discovered the secret of a fair one getting married and taking a trip to the far West. At the end of his Junior year "Mook" went to Plattsburg and then to Camp Perry, where he received his commission, but when the Kaiser stopped his fuss, he returned to Clemson to cry away his "dip." Give "Mook" a chance and we are sure that a great future awaits him.

ENGINEERING

Bugler; Bugler; Chief Bugler; Sergeant; Private Coast Artillery.

believes that one has his hands full if he
takes care of his own affairs. Thus "J.
Electrical Society '15; President and Secretary
Charleston County Club; Class Basketball '17; Senior Non-Con Club.

"Little Mac," better known as "Mac,"
came here to learn all the "Principles in-
volved" in the pursuance of electrical engi-
neering, but we say he has done far more.
Not only has he made a record that bids
fair to place him high as an engineer, but
he has won for himself the highest esteem
of his fellows. In spirit "Mac" has been
a true Tiger of the highest loyalty.
He has proven a true friend, of a most pleas-
ing personality and generous heart. To
speak of the ladies, it is correct to say that
"Mac" is feministically inclined. And you
may be sure he is just as popular with
them as they are with him. As a bugler,
"Mac" has many times rudely awakened
us from our peaceful slumbers with the
melodious (?) tones of Reveille. But we
forgive him that when we think of his fine
traits of character. His excellent scholas-
tic record is due to the fact that he is a
hard-worker, and this very quality, we are
sure, will place "Mac" in a position that
will do honor to his alma mater, his home,
and himself.

ciety; Secretary and Treasurer Fairfield
County Club; Secretary and Treasurer Chapel
Sunday School; Superintendent Chapel Sunday
School.

"Me" hails from the same "briar patch"
as our well known Professor "Jojo," which
is Fairfield County. He came to Clemson
in the fall of 1915, and has always been a
quiet, reserved, and hard working member
of our class. He is the kind of man that
J. has made many friends among his
school mates—and it might as well be
added that he has also made many friends
among the "fair ones." Anyway he keeps
the path hot between barracks and the
Post Office looking for letters from Chest-
er, Winthrop, Seneca and other places.
As to his course, "Me" decided to cast his
lot in with the straight "Ags," and we can
but prophesy that he will soon settle down
with a pretty little wife and a big planta-
tion.
MATTHEW LEE McHUGH
Clemson College, S. C.

“If your heart is all right your head is not far out of plumb.”

BOTANY
Private; Private; Private; Senior Private; Day Cadet.
Prosecuting Critic and Vice-President of The Hayne Literary Society; Agricultural Society; Pickens County Club; C. O. T. S., Camp Gordon; Senior R. O. T. C., Plattsburg; S. A. T. C.; Senior Private’s Club; Captain in Camp Gordon Club.

“Buck” came to Clemson in the fall of ’15. Growing up in the atmosphere around Clemson, it is but natural that this young man should seek to broaden his knowledge at dear old Clemson. He came with a purpose—a determination to finish. We know how well he has succeeded. “Buck” is a Senior Private, being a day cadet, and is very popular; this statement does not exclude the fairer sex. He faces the difficulty, combats with it, crushes it into nothingness, and then continues his path forward. For this young man of earnest determination and enduring energy, we have no fears for the future. “Buck” is an Agricultural student, specializing in Botany. We feel assured of the fact that “Buck” will walk on in his determined way in the Botanical world. He is destined to add to the beauty of his chosen field.

JAMES CLAYTON METTS
Greenwood, S. C.

“Few things are impossible to diligence and skill.”

CHEMISTRY

Vice-President Greenwood County Club; Junior Literary Critic Second Term ’18, and Secretary Third Term ’18 Columbian Literary Society; President Columbian Literary Society First Term ’19; Secretary Chemistry Science Club ’18; President Chemistry Science Club ’19; Promotion Committee; Y. M. C. A.; Student Honor Committee ’18; Junior R. O. T. C.; Advertising Manager Tars ’19.

“Queen” says that Phoenix, S. C., was his postoffice, but since the country store burned he has had to adopt Greenwood; and well may she be proud of him. “Phoenix” entered Clemson with the class of ’19, and for four years has been a shining light. Altho he came to us without a recommendation, the fact that he snores when asleep, and that he loves the ladies, has made up for all deficiencies.

“John” entered the Officers’ Training School at Plattsburg, N. Y., where he won his “Shave-tail” and was assigned to Camp Grant, Ill., where he tried to become a first lieutenant by letting gas attack his shoulder bars. His dry wit and good humor have won him a host of friends at Clemson; we all predict a great future for him as a disciple of “Dicky.”
HARRY DUNCAN MONTGOMERY
Marion, S. C.
"It takes brains to make a fool."
ARCHITECTURAL ENGINEERING
Corporal; Sergeant; Captain; Sergeant.
Business Manager The Tiger; Art Editor Taps '19; Corresponding Secretary, Censor, Vice-President Calhoun Literary Society; Vice-President Swamp Fox Club; Member Gar- goyle Club '17-18; Senior R. O. T. C.; S. A. T. C.; Y. M. C. A.

Harry comes from the Swamp Fox region, or as JoJo calls it "The Catfish Country." When he first arrived here, he started wrong by taking electrical, but he soon saw the error of his ways and changed to architecture. He expects to pull down first place in the Southern Competition this year. He is the best (?) of the architects and expects to take up landscape gardening after leaving here.

Harry is also a good business manager, for it was his work that pulled the "Tiger" through this year. He is fond of pool and usually makes his partner "Pun" pay for his fun. He is a good sport and is always smiling. It is said that Harry watches the postoffice very close and is already planning to build a "bamboo bungalow for two" or more. "Atta boy, Harry.

EARLE MONROE MORECOCK
Buckroe Beach, Va.
"Around his head the rolling clouds are spread.
Eternal sunshine settles on his head."
MECHANICAL AND ELECTRICAL ENGINEERING

Cross Country Team '18; Captain Cross Country Team '19; Class Basketball '17, '18; Varsity Basketball Team '19; Member of A. I. E. E.; Palmetto Literary Society; Senior Privates' Club; Cosmopolitan Club; Naval Company.

This long, lean, lanky, limping, lump-o-brick-dust journeyed from the dancing pavilion of Buckroe Beach to study the serious proposition of volts, amperes, and watts. "Red" has been a shining light in class basketball and has fattened himself on the training table for two years. As a speedy speaker "Red" cannot be rivaled, for his flow of language is quicker than the brightest mind can think. With his cunning grin "Brickyard Blondie" can deceive people at will. "Come and trip it as ye go, on the light fantastic toe." is a favorite pastime of his, and often in lieu of a better partner this Virginian will resort to the broom. "Red" stands well in his studies, but it is hard to foretell his future; but some time during his life "Red" will sail the briny deep and hold the fishes spellbound with his melodious voice. Where a smile goes "Red" will succeed.
WALTER RICHARD NELSON  
Baldwyn, Miss.  
"The ocean's deeps are mute; the shallows roar.  
Thought, sentiment, feeling are as the ocean;  
Words are but the bruit along the shore."

ARCHITECTURE  
Instructor of Drawing, Clemson College, Sessions '17-'18, '18-'19.  
Nelson was born in Baldwyn, Miss., several years before he could either read or write. His parents, observing this discrepancy wished him on the local public school faculty. These unfortunate mortals labored diligently with the young hopeful for many moons, and finally, with a sigh of relief, passed him up to high school. Here they were less patient, and after enduring him for two years, packed him up and shipped him to a prep. school, Mississippi Heights Academy. After two years here, he entered Mississippi College in the Fall of 1910 where he graduated in the Spring of 1914 with the degree of Bachelor of Science. The next two years were spent as professor of math, in the Amarillo Military Academy of Amarillo, Texas. In the Fall of 1917 he came to Clemson to continue his architectural course, and also as an instructor in the Drawing Department.  
Judging him by his work here, as instructor and student, we predict for him a glowing future.

JOHN LASCELLES NOWELL  
Charleston, S. C.  
"All's well that ends well."  
Corporal; Sergeant; Senior Sergeant.  
Engineering Society.

"Johnnie" is one of those select representatives of the "City by the Sea." When in 1915, he took a last long look at the pleasant days spent in Charleston High School and turned his face Clemson-ward, there was reason for the Battery to turn out in full force to wish him farewell. He entered with firm convictions that he could discover some unthought of natural law in the electrical world. For four long years he has strived patiently onward, overcoming all obstacles in the known laws and theories of electricity. He says he has not found a missing link in the chain of electrical laws yet, but expects to do so some day and thereby revolutionize the electrical industry. For awhile he turned an attentive ear to the alluring voice of military honors, but he soon found the mistake and meekly put aside military aspirations. His reserved nature, pure heart, and unusual sincerity have served to create for him an exceptionally large number of friends at Clemson; for to know him is to love him. And as our paths come to a dell, where we must turn our steps in different directions, we wish and predict for you, Johnnie, a life full of sunshine and success.
GEORGE DAVID PALMER, JR.
Helena, Arkansas

"And the cares that infect the day
Shall fold their tents like the Arabs,
And as silently steal away."

AGRICULTURAL CHEMISTRY
Private: Corporal; Sergeant; Plattsburg Training Camp: 2nd Lieutenant; S. A. T. C.; Senior R. O. T. C.
Senior Literary Critic Columbian Literary Society; Member Cosmopolitan Club; Senior Non-Com, Club; Chemistry Science Club.

George came to us from the "Arkansas State School of Agriculture" with the determination to master Chemistry. He entered the Sophomore class and from the first his work in the laboratory was received with interest and alarm by his instructors. By hard work and study he has persistently "shot Dickey." George, however, found that there were other fields of research than Chemistry in South Carolina; his experiments being centered mainly around the little town of Orangeburg. By his studiousness and ability he has won the respect of his Professors and fellow students. His friends at Clemson are many. He is determined to make for himself a name in the Chemical world, and with his ability to finish whatever he begins and the ease with which he accomplishes hard tasks, we expect to some day see his name in "The History of Chemistry."

JOHN WILMOT PARLER
Batesburg, S. C.

"I should worry, care killed a cat."

AGRICULTURAL CHEMISTRY
Sergeant; 1st Sergeant; Captain; Sergeant; S. A. T. C.; Plattsburg Training Camp; Senior R. O. T. C.
Censor, Reporting Critic Palmetto Literary Society; Society Annual Celebration '16, '17; President Lexington County Club; President Wesleyan Bible Class; Class Football '16, '17; Senior Dancing Club; Senior X. C. O. Club.

This delicate lad hails from the town of Batesburg. There is a question as to which town may rightfully claim this honor, as he began his career in the little city of Orangeburg. "Jimmie" is of a rather peculiar type, but to know him is to like him. He isn't frivolous by any means, but takes things just as they come. By his winning ways and good disposition he has won many friends. Altho he knew that "Dickey" was difficult, he realized that Chemistry is the science upon which the entire universe depends, so he therefore cast his lot with the Chemists. He is not only a good student but a good conversationalist and orator as well. With his heavy line and smooth tongue he has won the reputation of a heart smasher. Many men envy his physique, and all admire him because he is a man in the truest sense of the word. His good traits cannot be given in so small a space, but he has enough to insure a great success in life, so here's to you "Bill."
ERNEST LELAND PARROTT
Darlington, S. C.

"Of all sad words of tongue or pen
The saddest are these: 'It might have been."

DAIRYING
Private; Corporal; Sergeant; Senior Sergeant; President Darlington County Club; Palmetto Literary Society; Agricultural Society; Senior R. O. T. C.; Plattsburg Training Camp; 20th Engineers; Y. M. C. A. '18; Member Plant and Animal Club; Member of Senior Non-Com. Club.

"Polly," realizing the value of a trained mind, entered Clemson in September, 1915. He came to us as green as Darlington makes them, but with the tenacity and determination to win success. We can truthfully say that "Polly" has won success not only in the class room but has achieved an enviable place in the hearts of the corps and people of the campus and nearby towns. It has been hard to determine whether "Polly" was a sure "enuff" cadet of Clemson or a citizen of Calhoun, but if "Polly" succeeds in life as well as he has at Calhoun, he will surpass the great future which we have mapped out for him. After his Junior year, "Polly" entered the 20th Engineers, U. S. A., and after serving with this branch for several months rejoined his class in January, 1916, with the same determination to succeed. Owing to his great ambition, "Polly's" many friends predict a great future for him in his chosen profession of Dairying.

ENOCHE FRED PEPPER
Easley, S. C.

"Kindness in women, not their beauteous looks, shall win my love."

AGRONOMY AND HORTICULTURE
Private; Senior Private; Vice-President of Columbia Literary Society; Agricultural Society; Secretary and Treasurer of Plant and Animal Club; Senior Private Club; Anderson County Club.

"Pep," an Anderson County product, wandered into college in September, 1915, and joined the Freshman class as a charter member of good faith and high standing. Fred first began taking a mechanical course, but soon realized his mistake and changed to the course of his own heart—Agriculture. Fred is surely destined to become a great agronimist, and will likely specialize in growing Pepper. Though handicapped from gaining any military honors, nothing has prevented him from "shooting" the faculty members every time they get between him and his "sheepskin." He has put "Pep" into the class since he first came, and this kind of "Pep" is the best there is. Fred has been studious in his work, straightforward in his methods, and faithful in his duties. He is a cheerful friend to us all and is well deserving of the high esteem with which he is held by the class and faculty. Something is beckoning him back to the home town and fields from which he came, and wherever he goes we know that he is on the royal road to success.
ROBERT SPRATT PLEXICO
Rock Hill, S. C.

"I did not fall in love—I rose in love."

AGRICULTURAL CHEMISTRY
Corporal: Sergeant; Sergeant Major: 1st Lieutenant; 2nd Lieutenant: R. O. T. C., Plattsburg.

Recording Secretary and Vice-President Y. M. C. A.: Secretary, Prosecuting Critic, Reporting Critic, Vice-President Palmetto Literary Society; Vice-President York County Club; Chemistry Science Club; Bible Class Leader; Assistant Business Manager Taps '19; Business Manager "C" Handbook: Picked Company '17.

In the fall of 1915 "Plexi" left Winthrop and came to Clemson, whereupon he became a leading member of the class of '19. Having identified himself with all that is good in college life and activities, he may justly be called a leader of his fellow students. He has a pleasing look and winning way, both of which have made every man in the class his friend—and it is safe to say that he has an equal number in Winthrop. His military career has been brilliant, reaching its climax probably while he was a "rookie" at Camp Wadsworth. Spratt cast his lot with "Dickey's" clan of chemists and has developed into an expert bottle washer. His first work will be that of a qualitative analist—analizing the heart of a girl to find whether it contains "yea" or "nay." We believe a little star is guiding him, and that it will lend down the lane to the end of a great career.

ROBERT MALCOLM PRIDMORE
Gaffney, S. C.

"I dare do all that becomes a man, who dares do more is none.

CIVIL ENGINEERING
Private: Sergeant; Senior Private; C. O. T. S., Camp Gordon.

Member Calhoun Literary Society; Class Foot-ball and Basketball '16: Junior and Senior Dancing Clubs: Non-Coms. Club; Cherokee Country Club.

"Prid" claims Gaffney as his "briar patch." Indeed he seems to be proud of the fact. He came to Clemson in Sept. 1915, with the firm determination to be a civil engineer. However, this science has turned out to be only a side line with him, most of his time being devoted to the study of English, Economics, and Love.

In the fall of his senior year, "Rube" decided that he was allowing some good officer material to go to waste. Consequently, he went to Camp Gordon. The Kaiser was informed of this fact and came to the conclusion that he would have no chance when "Rube" took up his "watch on the Rhine." He therefore "threw up the sponge" and deprived "Prid" of the opportunity to demonstrate his military genius. But "every cloud has a silver lining" and that which was the army's loss is Clemson's gain. We prophesy for this "Gaffneyite" a brilliant success in his chosen line of work.
ERNEST EDWIN REEVES
Longtown, S. C.
"Give every man thy ear, but few thy voice."

AGRICULTURAL CHEMISTRY
Private; Corporal, S. A. T. C.; Senior Private; Sergeant;
Member R. O. T. C.; Literary Critic and Chaplain; Hayne Literary Society; Agricultural Society; Fairfield County Club; Chemistry Science Club; Senior Non-Com. Club.

The old adage, "still water runs deep" is again verified in the personality of our friend and comrade "E" Reeves. He is of a rather silent disposition, still putting into practice the teachings of his childhood days. "To be seen rather than to be heard." He possesses a character of the highest type and a mind of great depth. This is shown by the fact that he has made a high class record in one of the most difficult subjects which Clemson has to offer, namely, Chemistry. When "E" has completed his course in Medicine and Surgery which he expects to take after leaving Clemson, we feel sure that an attack of the "Flu" and a broken head will not be necessary causes for alarm to those who are fortunate enough to secure his expert services. But whatever our friend may choose for his life's work, we feel sure that he will receive from the world what the world owes to him, a crown of success.

COLUMBIA, S. C.
WILLIAM MERRITT QUATTLEBAUM
"Partake of love as a temperate man partakes of wine. Never become intoxicated."

MECHANICAL AND ELECTRICAL ENGINEERING
Private; Corporal; Sergeant; Color Sergeant; Lieutenant; Sergeant;
Treasurer Student Branch A. I. E. E. '19; Electrical Engineering Society '18; Art Staff "Tigerdom" '18; Pickled Company '17; Richland County Club; Secretary and Treasurer Capital City Club '19; Senior Non-Com. Club; Y. M. C. A. Cabinet '19.

"Bill" counts himself among the boys from Columbia. He came to "Tigerdom" in 1913 and cast his lot among those to be exposed to "Crip" and "Slim" in Electricity. He has not developed his talent along the line of Physics nor aspired to the office of Drum Major as did his fellow-kinsmen before him. However, he holds the office of Lieut.-Commander on Col. Shanklin's Staff, which many a boy would like to have. "Bill" joined the Naval Unit here last fall and saw active service on the Seneca River—but mostly on Riggs Field. He made a salty sailor, but the scrap ended and left him a plain "gob" instead of an Admiral. A music lover and somewhat inclined to song, "Bill" has often lulled us to sleep with the eloquent strains of "Last Night I Dreamed Of You, Sweetheart." We prophesy a great success for "Bill"—success in work, love and life.
JULIAN HART ROBERTSON
Greenville, S. C.
"Don't worry about the future
The present is all that bust,
The future will soon be present
And the present will soon be past."

TEXTILE ENGINEERING
Sergeant: Captain; 2nd Lieutenant, U. S. A.
Senior Cooperative Committee; Vice-President
Junior Class; Junior Cooperative Committee;
Assistant Squirrel Editor Type '19; President
Greenville County Club; Secretary Columbian
Literary Society; Vice-President Senior Dance-
ing Club; Secretary and Treasurer Junior Dance-
ing Club; Member Thalian Dancing Club;
State Champion Tennis Doubles '16-'17,
'17-'18; Captain and Manager Basketball;
Scrub Baseball; Junior Ring Committee;
Block "A" Club: Ex-Shave-tail Club.

There are two theories as to how Julian
obtained the nickname of "A. W.," one of
which was by association and the other on
looks. Since joining us in the fall of '15,
"A. W." has made a name for himself as
well as for Clemson in athletics. He was
one of the men to help win the State
Doubles in Tennis on two occasions. At
basketball he is also good, being Captain
of the team, playing a guard. Julian also
plays baseball. Besides being athletic,
"A. W." is a jolly, congenial fellow count-
ing his friends by the hundreds. Winning
his commission at Camp Perry, Julian was
assigned with the S. A. T. C. at New-
berry. Judging by the letter he gets
daily from this place, his lieutenantcy was
not in vain. Luck to you, Julian.

NORMAN FREDERICK RODE
Hampton, Virginia
"Myself am hell."
MECHANICAL AND ELECTRICAL
ENGINEERING
Private; Sergeant; Private.
Class: Baseball '18-'19; Varsity Basketball
'19; Member of A. I. E. E.: Palmetto Literary
Society; Senior Privates' Club; Cosmopolitan
Club; Winner of P. L. S.'s Declaimers' Medal;
Naval Company.

"Dusty" Rode: Ye-ah! This is the little,
peaceful, bull eating and bull shooting
animal from the wilds of Old Virginny.
"Dusty" decided to become civilized, so he
took a shave and began his career as an
engineer in the fall of '16. "Dusty," though
small of stature has made fine records in
both athletics and class work, and is
known throughout the college as being
capable of shooting the professors. "Dus-
ty" has three great characteristics, his
capacity for food in the mess-hall, his
good opinion of himself, and his ability to
make money. It is suggested that he sell
himself for what he thinks he is worth so
that Clemson can get that magnificent
dance hall and gymnasmum he is going to
give when he gets rich. But Rodie's
strong point is the fair sex. They go wild,
simply wild, over him. But how can they
help it, for even if beauty is only skin
depth none of them has skinned him as yet.
Some day we are certain that "Dusty" will
accomplish his one ambition, a little wife,
and a little cottage with a little "dusty
road" inside.
WILLIAM BRYAN ROGERS

Early one Indian Summer morn, “Bill” crawled from under his father’s tobacco barn, put a pipe in his mouth, donned his hunting shirt and with flint lock in hand set his face West-ward Ho. Some time later he chanced to roam across the velvety carpet of the Clemson campus and right there his venturesome spirit languished. Beginning early, dodging the non-com club, he finally fell for Plattsburg and by virtue of Clemson Training (not personal) won a commission in U. S. Army. Aside from being a soldier of fortune he aspires for a great place in literary affairs: great books, small books, lean books and all are consumed in torrents, and the amalgamated product is oft-times softened into letters of fancy to some southern damsel. “Grey Mule” has dreams of being a leading southern agriculturist. He says that a better-half is necessary for this. We wish him success in all his endeavors.

"H. C." harnessed himself up with the
class of '19, Sept. 26, 1916. Being a Sopho-
more "Rat" it naturally took a little while
for him to learn to pull with us (wise)
Sophomores. He, however, has done
much to help pull the Class of '19 through.
By earnest and hard work he soon gained
the confidence and respect of both professors
and classmates. Now he is among the
leaders of our class. Sanders played an
active part in the Religious welfare of the
College—he being a leader in Y. M. C. A.
work. He is the only man here from his
native State, Louisiana, but Louisiana is
well represented. Lincoln Parish is ex-
tremely fortunate in having a lad so well
equipped to come back to her at this par-
ticular time. With his present scientific
knowledge of Agriculture we feel sure that
the agriculture of Louisiana will soon be
revolutionized. "H. C." also takes well
with the fairer sex, and we feel sure that
his "better-half" has already been won.

WINFIELD SCOTT SAWYER
Monetta, S. C.

"Leave it to me, the half has never yet
been told."

AGRONOMY
Private; Private: 1st Sergeant; Sergeant.
Member Agricultural Society; Vice-President
Aiken County Club; Non-Com. Club; Colum-
bian Literary Society.

"Hawkshaw," as he is most widely
known, although living under a pen name,
revolved from the Farmstead Burroughs
of Aiken County. Again he has been
called the Aiken Tragedy, but then the
Authenticity of this latter phrase has been
in use only by his innermost associates.
Doubtless, after having collected these two
arguments together, and having weighed
the consequences thoroughly, we may well
conclude that his mental ability in regard
to detective work is paramount. Inter-
mittently, along bordering the four golden
years of work at Clemson, we find the
dainty lining of letters he has received
from his girl, and furthermore many hus-
cious hours have been spent with pen in
hand and paper well sprinkled with some
juicy phraseology peculiar to his idiosyn-
crasies. So great a serene nature is his
that no perturbation, of however an exotic
nature can destroy those provincial fea-
tures. With all of these assets and with a
mind that is very active, we predict a
great success.
HOLLIS LITTLE BERRY SHIELDS
Chesnee, S. C.

"Duty: The highest thought that can enter into my life."

AGRONOMY
Sergeant; R. O. T. C.; 2nd Lieutenant; 1st Lieutenant; 2nd Lieutenant Inf., U. S. A. R. C.
Carolina Literary Society; Agricultural Society; Spartanburg County Club; Class Football Team;
Shave-tail Club.

"Load" entered Clemson in the fall of '12. He remained here for two sessions, then dropped out until the fall of '17. Being a typical "Clod Hopper," the environment rapidly changed him to an enviable fellow student. He is a jolly classmate and makes friends easily. As to studying, that is easy when he so desires, but that is seldom and far between. The result is that he fools his teachers in a peculiar way that makes one admire him. His college activities are obscure, due to his handicap in class work, except playing on the champion Junior Class team.

He left us to become an officer and lead our men "Over There." At Camp Lee, Va., he won his Lieutenantcy, and was hoping to sail in January. The Kaiser quit, which disappointed him.

We see him smile on certain occasions and wonder what he is planning. Knowing his nature and ability, we wish him a quick success in life and the best of luck.

WILLIAM JULIAN SHORT
Buena Vista, Ga.

"Breath is the soul of wit, therefore I would be short."

CHEMISTRY
Private; Sergeant; 2nd Lieutenant; Senior Private.
President Chemistry Science Club; Cosmopolitan Club '16-'19; Senior Non-Com. Club.

Four years ago rumors of Clemson penetrated the wilds of Southwestern Georgia and induced this fair representative to cast his lot with the Class of '19. "Daddy" left Buena Vista with the idea of becoming an electrical engineer, but after a conference with "Red" Gallegly, he decided to abandon this shocking subject, and to take up the beautiful science of Chemistry. In this he has been so successful that we hear that he has discovered a brand of "Brown's Mule" which may be chewed in the classroom without fear of detection.

Always quick with a reply, it is no wonder that "Daddy" has gained a reputation for his dry wit. The results of his work in Organic Chemistry show that he is no idler. His droll ways, and genial good humor have won him a number of friends in the Cadet Corps. No wonder then we predict a brilliant future for the "Mountaineer" in the Chemical industry of this country.
GARY HIGGINS SINGLETON
Westminster, S. C.

"Promptness is a virtue; therefore be prompt."

AGRICULTURAL EDUCATION
Private: 1st Sergeant: 2nd Lieutenant.
Secretary-Treasurer, President Oconee County Club: Secretary-Treasurer, Superintendent Chapel Sunday School; Bible Class Leader: Treasurer Columbian Literary Society; Agricultural Society.

In the fall of '13 Oconee County made a contribution of a sturdy, quiet boy to Clemson without realizing the importance of the said contribution. Oconee was not wholly to blame for this underestimation of "Justice" because he had not made himself known at this time; however, time is verifying our immediate conclusion that a shining star was in our midst. "Justice" is a conscientious worker in many student activities including cadet militarism. In the latter case he followed his usual method of proceeding quietly, and no one knew that a military genius was embodied in this quiet, good-natured lad until his senior year, when he blossomed forth as a Second Lieutenant. "Justice" can not be accused of fickleness, though he has numerous lady friends. We predict that he will soon pluck a sweet "Dixie Lily" and thus end his bachelor days. His multitude of friends wish him great success in the future.

JOSEPH MILES SINGLETON
Westminster, S. C.

"It is better to have had and lost, than never to have had at all."

AGRONOMY
Oconee County Club; Agricultural Society; Camp Gordon Club; Hayne Literary Society.

About the middle of September, 1915, a very remote incident took place in the wilds of Oconee County. An unusual type of animal broke his chain and escaped, only to be recaptured just before he reached Oconee's boundary line. With the exception of short intervals, he has been held in captivity for four years, and now is somewhat tame. At first "Jim" was not very sympathetic with militarism, but he changed his mind in his Junior year and snatched a sergeant from the hands of his captain. In the fall of his senior year he decided to leave "Colonel's Army," so he proceeded to Camp Gordon, where he attended the C. O. T. S. until the year ended. He came back to Clemson, however, to join the class of '19. He is going to the Hawaiian Islands as an Agronomist for the United States Department of Agriculture, and we predict for him great success.
EARLE RAMPEY SMITH
Iva, S. C.

"Eat, drink, sleep, and be merry.
For tomorrow you may die."

MECHANICAL AND ELECTRICAL ENGINEERING
Sergeant: Senior Private.
A. I. E. E.: Class Football '17, '18; Senior - Privates' Club; Electrical Engineering Society; Y. M. C. A.; U. S. Naval Reserves;
Bull Shooters Union.

"Stiff," or rather "Stiff Neck," calls the
town of Iva his "brier patch." "Stiff" came to Clemson with the view of getting an aggie "Dip;" but by some accident he fell into the hands of those who solve the mysteries of volts, watts, and amperes. So for four years he has labored steadily with one purpose in view—that of leaving C. A. C. in June, 1919. Some say "Stiff" would rather eat than talk, but we who are in the class room with him deny the charge. He talks all the time and usually about nothing. In September "Stiff Neck" became a son of the mighty deep and labored here with the rest of the gals. Many boys claim to know the fair sex, but "Stiff" is a master artist along this line. He carries a line that they fall for—judging from the many letters he gets. In the future we expect lots of "Stiff" for he is a man from start to finish. May he continue to be happy, gay, and successful.

"By his laughter ye shall know him."

BERTRAM STEENDER
Charleston, S. C.

"Worry never made anyone great; so—why should I worry?"

DAIRYING
Bugler: Bugler; R. O. T. C.; C. O. T. S; Sergeant [Senior Grade].
Charleston County Club '16, '17, '18, '19; Sophomore, Junior, Senior Dancing Clubs; Freshman Football Team '15; Scrub Football '16, '17; Carolina Literary Society; Agricultural Society; Senior Non-Com. Club; Camp Gordon Club.

"Jock" hails from "The City by the Sea," and for four years has fought the battles of college life. Altho small in stature, he is by no means a baby. To know him is to admire his views of life. He can make friends easily and is known for his popularity with the fairer sex. Last fall, after returning to college, he decided to become an officer in Uncle Sam's Army and fight the Hun. He entered Camp Gordon, but the Kaiser quit before he finished his course; so he returned to college and is finishing by specializing in Dairying. He has taken an active part in his class activities.

His future, we hope, will be filled with success and happiness. His ambitious nature will some day make him a big factor in the business world. He aims at the highest ideals—and we feel sure he will succeed in obtaining them. He takes his praise and censure alike; and, for that reason, we say the best of luck to him when he is in life for himself.
FRANCIS LeROY SUBER
Whitmore, S. C.
"Flirt and the girl's flirt with you."

ELECTRICAL ENGINEERING
Private; Corporal; Private; Sergeant.
Vice-President Newberry County Club; President Newberry County Club; Junior-Senior Electrical Society; Class Football '17; Senior Non-Com. Club; Y. M. C. A.; Member Clemson College Branch A. I. E. E.

"Sube," or "Hippo" as he is sometimes called, is one of Whitmore's young electricians. He came to this place a very bashful boy, but after four years of hard knocks he has blossomed into a regular ladies' man. "Sube" is stuck on militarism, as is shown by his military career, and we predict he would have become a colonel, if he stayed in college several more years. We remember him chiefly as a "doctor" of electricity. He spent all of his spare hours in talking about or in writing to his Winthrop girl. We believe that some day "Sube" will be a second Edison. Every thing about him indicates this. He is a practical man in every sense of the word. His ability to "shoot" his instructors is not questioned by those who have gone to class with him. We predict for him a place among the leading mechanics and electricians of the future—unless he surprises us by becoming a professor (?) of English.

GILLESPIE GODFREY THROWER
Cheraw, S. C.
"If women interfere with your work—quit work."

AGRONOMY
Corporal; 1st Sergeant; Captain; Senior R. O. T. C.; Plattsburg.

M. C. A.; Blue Ridge Delegation; Agricultural Society; President Hayne Literary Society; 1st Sergeants' Club.

"Major," "Bad-Hand," or "Gop" came to us in the fall of 1915 with the intention of making good. This he has done in every respect, in athletics, military lines, and has made friends where others have failed. After his arrival he was not long in fooling the professors into believing that he had good sense, and since that time he has established for himself an enviable record. While "Major" left civilization to become a student at Clemson, he has not applied himself so diligently to his studies that he has forgotten all about the fair sex; for almost any day you can see him coming from the P. O. and always with a smile on his face. Of course these letters are only from some little "Ladd" with whom he is acquainted. If "Major" keeps up the pace he has set at Clemson, his future holds great stores for him.
PAUL LINDSY TOLLISON
Belton, S. C.

"He's tall and he's lanky and he's poor and he's thin.
But he's a good old boy for the fix he's in."

MECHANICAL AND ELECTRICAL ENGINEERING
Private; Corporal; Sergeant; 1st Lieutenant and Band Leader.
Instructor of Band '19; Leader of Orchestra '19; Manager of Orchestra '18; President of Anderson County Club '19; Secretary Junior A. I. E. E.; Executive Com. Elec. Eng. Society '19; Member of Band '16, '17, '18, '19; Glee Club '18, '19; Palmetto Literary Society '19; Anderson County Club '16, '17, '18, '19; Y. M. C. A. '16, '17; Bible Class '16, '17, '19.

Percy Lewellyn, "Percy," "Burd," and "Pete" are the names to which a certain "Long boy" answer. He came to us to prove his ability to reach and stick to any standard set. And he has proven it, too, as a student, as a musician, as a friend, and as a man. As a musician of rare skill, he is unexcelled. His class records show that there is nothing left for him to learn here. He can charm the ladies as few are able to do. We have often been entertained by his music. The Band, Orchestra, and the Glee Club have all been made the better by having "Percy." Give him a hand—he'll grasp it; a duty—he'll perform it; a problem—he'll solve it; music—he'll be content; a girl—and he'll be happy.

LOY TALMAGE TRUETT
Timmonsville, S. C.

"In stature small;
But every spirit man will buy."

AGRONOMY
Private; Sergeant; 1st Sergeant; Senior Private;
Reporting Critic Palmetto Literary Society; Agricultural Society; Secretary Florence County Club '18; Secretary and Treasurer Florence County Club '19; Camp Gordon Club; Senior Privates' Club; Vice-President Timmonsville City Club; Sophomore, Junior, and Senior Dancing Clubs; President Bible Class; Y. M. C. A.

"Loy" is one of Timmonsville's promising sons, of which she should be proud. Upon hearing of Clemson's fame he decided that it was the place for him; therefore he joined the ranks of the "Aggies." Tho not exerting himself too much, he has managed to rank well with his class. He is noted for his carefree and generous disposition. "Loy" is one of the men selected for the Officers' Training School at Camp Gordon, Ga., and no doubt would have been commissioned, but the signing of the Armistice made his services to the government no longer necessary so he returned to Clemson. His chief amusements are ladies and dancing, both of which he is very fond. "Loy's" highest ambition is to get married and settle down on a farm of his own. We predict great achievements from him, and wish him much success thru life.
WILLIAM EBB TRULUCK
Mothbridge, S. C.

"The glory of life is to love, not to be loved; therefore I am glorious."

DAIRYING
Private; Senior Private; Sergeant S. A. T. C.; Sergeant.
Reporting Critic, Censor Palmetto Literary Society; Agricultural Society; Scrub Football '15, '16; Class Football '15, '16; Y. M. C. A.; Bible Class; President Sumter County Club; Senior Dancing Club; Senior Non-Com. Club.

Truluck entered the ranks with the class of '18, but he became ill and left college in the spring of '17. He underwent a severe operation and after recovery was able to return in 1918 to complete his work with the glorious class of '19. Truluck has proven a worthy addition to our class. He has a wonderful spirit for sticking to a thing, and of course he always wins. His friendly ways have won for him friends who know that in a man of his character they will find all the essentials of true manliness. He has chosen dairying as his occupation, and should we close our eyes to the next decade, we see him as a companion to a worthy mate and as owner of a beautiful farm dotted on every hill with cattle of the purest breed.

RIVERS LAWTON VARN
Beaufort, S. C.

"To thine own self be true, and thou canst not then be false to any man."

AGRONOMY AND HORTICULTURE
Sergeant; Battalion Sergeant Major; Lieutenant; Captain; Senior R. O. T. C.; Plattsburg Training Camp.
Recording Secretary, Junior Critic, Vice-President, President Calhoun Literary Society; President Beaufort County Club; Class Basketball '17, '18; Class Football '18; Manager Glee Club; Glee Club '17, '18, '19; Sophomore, Junior, and Senior Dancing Clubs; Member Agricultural Society; Member Y. M. C. A.; Bible Class Leader; Assistant Business Manager Tars '19; Alumni Editor The Tiger; Circulation Manager The Chronicle; Secretary and Treasurer Senior Class.

Rivers came to Clemson with a two-fold purpose in view. First, to learn the principles of becoming the champion lettuce grower of South Carolina, and second, to be near Pendleton. In both of these he has succeeded admirably, for he has acquired a good knowledge of agriculture, and the expression on his face shows that his frequent visits to Pendleton have not been in vain. He is a prominent member of our Glee Club. He played a star end on the Junior football team that won the class championship. He has shown his business sway by being Assistant Business Manager of Tars, and Circulation Manager of The Chronicle. We wish success to this frank son of the coast, and feel that he will follow his motto, "Excelsior."
FREDERICK MORGAN WALLACE
Union, S. C.

"I have taken my fun where I found it;
I have ranged and romanced in my time."

CHEMISTRY
Corporal: Sergeant; 1st Sergeant; Major; 2nd Lieutenant; 1st, 2nd
Senior Cooperative Committee; Assistant Manager Football '18; Secretary and Treasurer
Chemical Science Club; Camp Gordon Club; Ex-Shave-tail Club; Chaplain Freshman Class
'16; President Sophomore Dancing Club '17; Senior, Junior, and Thalian Dancing Clubs;
Commencement Marshal '18.

Four years ago "Ted," oftentimes called
"Shorty," came to this place to take his part as a member of the "Tiger Clan." Since his stay here he has constituted one
half of the "Gold Dust Twins" from the
city of Union. "Ted" is an admirer of the
caller sex, and dancing is his pastime. Aside from his qualities as a student he is
a congenial, lively, good-natured indi-
vidual.

"Ted" was assistant manager of foot-
ball '18, then elected manager for '19, but
he entered the C. O. T. S. at Camp Gordon
and did not return for the football season.
"Shorty" has taken an interest in military
affairs as exhibited in his ability as a
Major in Col. Mac's army. As a profes-
sion he has chosen Chemistry. We predict
that he will discover several unknown ele-
ments.

"He done Union PROUD."

WILLIAM HENRY WALLACE
Union, S. C.

"Life's a see-saw; be decent to the fel-
tow who's down, for he may be up to-
morrow."

Dancing Club; Manager Baseball Team '19;
Assistant Athletic Editor "Tar.: Secretary
and Treasurer Thalian Dancing Club '18;
Coach Sophomore Class Football Team; Class
Football '16, '17 and '18; Scrub Football '17;
Varsity Football '18.

The above individual, commonly known as "Bill," is the other part of Union's
noble contribution. He has taken great in-
terest in athletics at Clemson. For three
years "Bill" has been on the Gridiron doing
his bit for the "Tigers." He was a big
figure in making the Junior Class Football
Champions in '18. We all looked for "Bill"
to be a mainstay this past season, but he
had the misfortune to get his ankle busted
up in the first game. "Bill" is manager of the "Tiger" Baseball team this year.
Under his supervision we were led thru the
"wise foo.'s" stage. He enjoys life in bar-
racks, on the athletic field, Dancing N'
Everything. Early last fall he went to
Camp Zachary Taylor to become a Field
Artillery Officer. He was there when the
Kaiser quit. We finish by saying that
"He too done Union proud."
CHARLES SMITH WATKINS
Belton, S. C.

"Give me no powers, Great Heaven,
But such as turn to energy of human
fellowship;
No powers beyond the growing heritage
That makes complete manhood."

President Hamite Literary Society '19; Vice-
President Anderson Country Club; Secretary
Chapel Sunday School '18; Member Y. M.
C. A.; Agricultural Society; Senior Non-Con.
Club; S. A. T. C.; Plattsburg Training Camp.

Four years ago this handsome, good-natured lad left his home to take up his
abode at Clemson. During these years,
"Charlie" has not only spent his time
enlarging his mental capacity, but through
his kind, congenial disposition, has won
for himself numbers of friends. On account
of his extreme popularity with the fair
sex, he is forced to spend much of his time
writing letters, but in spite of this fact he
has always managed to "shoot" his profes-
sors and has left a fine record. "Charlie"
entered college with the intention of tak-
ing horticulture, but seeing the many ad-
vantages and opportunities in agricultural
racing, decided to specialize in "Cran-
dall." It is also rumored that he is plan-
ing to take a course in domestic science
under a young lady in the near future.
With such ability we can see for "Wat"
years of success and prosperity.

JOHN STANLEY WATKINS
Columbia, S. C.

"I'm though vanquished, he could argue
still,
While from his lips words of wondrous sound
Amazed the wondering castles gathered round."

Were the great Demosthenes alive to-
day, he would find this light-haired, brown-
eyed lad from the "Capital City" a fit col-
league. During his Junior year he made
old Clemson proud by winning the State
Oratorical Medal. In Athletics he was
the fast forward on the Varsity quintet.

His originality and good fellowship have
won for him a host of friends at Clemson.
ROY TERRELL WILKINS  
Gaffney, S. C.

"Love not sleep, lest thou come to poverty."

ELECTRICAL AND MECHANICAL ENGINEERING

Private; Sergeant.
Member Electrical Society '17; Student Member A. I. E. E.; Secretary Cherokee County Club '18; President '19; Y. M. C. A.

"Wilkes" represents the prosperous little city of Gaffney. He came to Clemson with the class of '15, but after associating with that crowd for two years he came to the conclusion that he was in the wrong class. Consequently, he dropped out and tried the University of Tennessee for a little while, but still he wasn't satisfied until he got back to Clemson with the class—class of double nineteen. Roy is one of "Crip's" "pole climbers" and we foresee that ere long he will have revolutionized the Westinghouse plant. His congenial good nature has drawn a host of friends to Roy, both at Clemson and elsewhere—including Anderson. At least he is very fond of visiting that city. He worked in Newark last summer and seems to be so well pleased with that place that he is considering making his future home there. But regardless of where he goes, we feel sure that Roy will make a great success. Here's wishing the best to him and his.

JOHN JACOB WOLFE  
North, S. C.

"Just a smile in the morning—
Another smile at night,
Keep a smile with you
And the world will soon be bright."

AGRONOMY

Corporal; Sergeant; 1st Lieutenant; Lieutenant of Infantry, U. S. Army.

Literary Society Editor The Tiger; Associate Editor Agricultural Journal; Y. M. C. A.; Secretary and Treasurer Orangeburg County Club; Junior Critic Calhoun Literary Society; President Agricultural Society; Plant and Animal Club; Ex-Shave-tail Club.

In the fall of 1914 "J-Square" was lifted by a gentle breeze that came from the mysterious "North." In 1915 "J. J." thought it a great idea to reside at his home in the distant "North" for a year and then graduate with a more distinguished class. He was ready to answer Uncle Sam's call and after being commissioned from Plattsburg he went through the famous battle of "State College," Pennsylvania. "J-Square" makes believe that he is not yet a victim of Cupid's dart, but we think quite differently. He often meditates upon the future and can clearly see his picturesque country home overlooking the river—and it would not be complete, he says, were it not for "a lot of cows, and ducks, and geese and Everything."
Senior Class History

Almost four years ago, on the fourteenth of September, 1915, two hundred and eighty-six "new boys" arrived at Clemson. We were a little embarrassed and somewhat homesick at first, but this was soon "worn" away by the everpresent Sophomores. It was not long before we were hard at work, either studying and going to classes, or waiting on upperclassmen. Having learned various jobs such as gun-cleaning, room-sweeping, bed-making, etc., our "dips" were "signed" by our friends in the upper classes: and we embarked on our first summer vacation. We were happy once more to be treated with more respect than is generally given a "rat."

September 1916 found us back again, but not the two hundred and eighty-six which comprised our class of the year before. Some of our members had fallen by the wayside, others had grown tired of college life, and still others had joined the service and were on the border. However, these losses were somewhat evened up by the entrance of a large number of "Soph Rats." This year saw a great change in the college life at Clemson. The War had come, and it was with a thrill that we saw the Seniors offer their lives and services at the Altar of Liberty. But, these were not the only ones. Many of our members went forth to fight under the folds of "Old Glory." The end of the session found our minds greatly sobered by the War. We entered on our summer vacation happy but thoughtful.

Although many of our number had answered the call of Freedom, the majority of us were back with the hope of finishing our Junior year. We who returned did not forget the seriousness of the times, but got to work with an earnestness which could not be swerved from its purpose, that of preparing ourselves for the call of our country. We soon settled in to the life of quiet, studious, college men. The war cloud hung closer and closer over us. Although we regretted having to part with so many of our friends, we are justly proud of our members who answered their country’s call. And now we return to our last year at Clemson.
At the beginning of the session 1918-1919, we found ourselves facing very peculiar conditions and many difficulties. The S. A. T. C. destroyed every vestige of the different classes. We were not Seniors, we were soldiers. We entered on our tasks with such enthusiasm and energy that nothing but success could result. Then, as we were just getting used to the new conditions the “Flu” came, and paralyzed everything. It was during this epidemic that one of our members left us. All of us who knew him find it hard to realize that we shall never see him again. His memory will always be cherished by us. It is with a sad feeling of regret and resignation that we say, “He has gone to his reward.” Our hearts were saddened but we pushed forward, never letting up and never failing to grasp all opportunities. Our country continued to call and our members still answered. Then out of the darkened sky came the Angel of Peace. We knew that our class would soon be whole again. And now as I write, within these walls, which have become so sacred to us, are the ones who have fought the good fight and won. Our struggle has been hard, but we have fought bravely and honorably to the end. And now we turn to Life’s struggle, and as to what armor we have been equipped, we have the future to judge.

In closing we would turn to our comrades and wish them a happy and successful conclusion of their college course. To the Faculty we extend our most hearty thanks for the efforts which they have put forth in our behalf. We would not forget our Alma Mater. You have fitted one more class of men to fight their battles, may they reflect nothing but honor on the name which they have learned to love and respect; and may the name of Clemson be, as long as life lasts, enshrined in their hearts. And when we go to our Resting Place may it be said of that thru your influence we have made the world a better place in which to live.

R. Marvin—Historian.

Hail the Class of '20. Once the largest class of “Rats” that ever roamed the campus of Clemson College, but now a class of serious Juniors, greatly diminished in numbers. This class occupies a unique position in that it is the last class of the old curriculum, not only as regards class work, but also as regards the college customs and ideals handed down by the previous classes.

It was on the twenty-sixth day of September, nineteen hundred and sixteen that this large body of green “Rats” gathered in the halls of the Main Building of Clemson. The college immediately felt the effects of the arrival of this class; for these men revolutionized all phases of college activities, especially athletics. There are a big number of big fellows in the class, and the common question asked was: “‘Rat’ are you going out for football?” Whatever the old boys asked the Freshmen to do they did willingly.

Sure, this is the same class; but all “Ratism” has been left behind. All during the previous summer, these “wise fellows” had been planning how they were going to receive the “Rats,” and it is needless to say that they were received most royally. During this session of 1917-'18, Clemson made herself known and felt in the football world, and this fact is largely contributed to the playing of the big men of the class. A large number of our men went to the Plattsburg Training Camp, some remaining for the second camp and received their commissions in the Army.

With the opening of the session of 1918-'19, only a few of our class returned. A number of the men had commissions, and others were in training in Officer's Camps. Those in the S. A. T. C. were eager to go to training camps. Since the signing of the armistice, the class is almost its former self again, doing efficient work along all lines of college activities. It is only a short while until this class will be seniors preparing to leave their “Alma Mater” for the hustling, bustling, busy world.

Sophomore Class History

Shall we of the class of '21 ever forget our “Rat” year. Shall we ever forget how nice the Sophomores were to us in assisting us to our rooms; in making acquaintances, which they earnestly insisted that we remember, selling articles including bath tickets, reveille tickets, and radiators,—all at a very low price? Shall we ever forget those days?

The class of '21, which was one of the largest to matriculate in several years, came back this year with only one hundred and thirty. This great loss was caused by the war and other very unfavorable conditions. One of the disappointments that we met with as soon as we matriculated was the fact that the S. A. T. C. would take away our "Sophomore Privileges." But we had a few days in which to live the life of a Sophomore, and the “Rats” will testify to the fact that we didn’t lose our chance.

About fifty of the Sophomores were unable to enter the S. A. T. C. on account of their being under eighteen years of age. The Sophomores in both the S. A. T. C. and the Cadet Corps captured their share of the non-coms. A great number of our men were sent to Officers’ Training Camps, but when the armistice was signed many of these men returned to resume their studies; while quite a few stayed and secured their commissions. We cannot think of Clemson’s success in athletics without considering the part that the class of ’21 has done in helping attain this success. The class of ’21 can be depended on to do her part in everything.

Freshman Class History

The class of 1922 has the peculiar distinction of being "Rats" when Clemson College was not a college. A Student's Army Training Corps was established at Clemson in the fall of 1918, and under this system the college was in the hands of the Government.

We arrived at Clemson in the middle of September, stayed twenty days, and were then allowed to go to our respective homes on account of the Influenza Epidemic. After a few weeks at home, we were rudely interrupted by summons to return. We returned and found that the same state of affairs existed as when we had left for home. However, we staggered along under "K.P.," "Shave-tails," and the like. A few of our husky members tried out for football, and we contributed some good material in this branch of athletics.

Some few weeks before Christmas the S. A. T. C. was demobilized, and the ex-soldiers wended their way home, leaving the Cadets envious and home-sick. There were comparatively few "old boys" among the Cadets. Not having frequent reminders, we consequently forgot our status as "Rats." Later in the year this caused us very much discomfort.

After a most happy Christmas vacation, we returned to take up our duties. Still thinking that we were on an ante-bellum status, we walked around like other ordinary mortals. However, we were soon awakened from this mirage by our betters—the upper classmen. We now entered upon real college life, forgetting the S. A. T. C. days. When the call for class football came the Freshmen responded with eighty men for the first practice. This number dwindled only slightly for the class games. Needless to say the team gave a good account of itself.

The session of 1918-'19 has been interrupted by varied circumstances, but we believe that when our diplomas from the "Rat" class are signed, we fully deserve to graduate. We hope and believe that we are there with the old and proper Tiger Spirit of "Up-and-at-'em, and "Never say die."

O. Y. A. Class History

On November third, nineteen hundred and eighteen, we arrived at Clemson. From the warm reception we received upon our arrival, we concluded that "Rats" must be very popular at this burg. We had the pleasure of meeting several Sophomores the first night in a way that each letter of their name left a lasting impression both on our minds and bodies.

Although we have had many trials and tribulations, we have formed a special interest in each of our studies; and we believe that by the end of the session we will know how to run a straight row and milk a cow with all ease and be able to see many things differently from what we did before.

Plattsburg Reserve Officers Training Camp

The R. O. T. C. was entered into by a majority of the Clemson students without a definite knowledge of exactly what would come of it. Not until the first of May, 1918, was it learned that there would be a one month's training camp as called for in the contract and the place of the camp was at Plattsburg Barracks, New York. This fact afforded much delight for the members of the R. O. T. C., since this trip and training was the best that could be wished for.

Since the camp was to last during the month of June, the college closed by the last of May. The few Seniors that were in the R. O. T. C., about all the Juniors, and many Sophomores went to represent Clemson, making a total of one hundred and sixty-five men. This representation reported to Plattsburg Barracks by the night of June 3rd. The trip was a great one passing through the cities of Washington, Philadelphia, New York, on up the Hudson River through Albany to Plattsburg on the shores of Lake Champlain.

Immediately upon reporting for duty and upon being assigned to quarters, it was readily seen that the training was to be of great benefit. A great majority of the Clemson men were assigned to the Fifth Battalion, which was made up almost entirely of Clemson. Citadel, Carolina, North Carolina, Harvard, Massachusetts Agricultural, Brown, Amherst, and many other college students.

Captain H. F. McNeeley, Commandant of Clemson College, was Commander of "S" Company of this battalion and many of the Clemson boys were assigned to his company. Major Stogsdale of the Citadel was Battalion Commander.

The training consisted of close order drill entirely for two weeks, and the last period was taken up with field problems, extended order, range practice, etc. The sham battles afforded great interest and rivalry among the companies. The target range was one of the best to be found anywhere, and this part of the training was greatly enjoyed. Each battalion shot on the range for three days.

The camp held the distinction of being the first that ever held a regimental review in as short a time as three days after reporting for duty. Towards the close of the camp another review was had that was very creditable to the ability of the candidates. An extensive course was given in bayonet instruction by experts. The real delights (?) of K. P. were realized by all, and Sunday K. P. was the mournful fate of many of our number.

Sundays were usually spent on the bunks since Saturday was the time chosen for the typhoid inoculation and small-pox vaccination. At the close of the camp all were given an opportunity to stay for a second camp that was to last for two months. These men were to act as instructors at this second camp. Out of the thirty Clemson men that stayed for this camp all but one of these men received their commissions at the end of the camp.
The Student's Army Training Corps At Clemson

The S. A. T. C. unit at Clemson College was organized on October 1, 1918, with Captain Henry F. McFeeley in command. Patriotic exercises were held and Governor Manning made an inspiring patriotic address to the assembled companies of students. Captain McFeeley read President Wilson's message, and with uncovered heads and upraised hands the students swore allegiance to the Flag.

Just after the exercises, the Local Draft Board of Oconee County inducted about one hundred and twenty-five students into the service. These students were organized as "A" Company with Lieutenant Zobel in command assisted by Lieutenants Dows and Coney. After retreat on the afternoon of the first, the Lieutenants formed the company and each made a short talk asking the company's cooperation in the serious military training that would begin immediately.

On the third of October, "B" Company was organized with Lieutenant Eyler in command assisted by Lieutenants Akin and Durberow. A naval company was organized during the month of October, and Ensign Wannamaker arrived and took charge on the first of November.

The military machinery was put into working order, and the strenuous military life began in earnest. Four students were sent to the C. O. T. S. at Camp Hancock on the twelfth of October. The excitement was running high among the students, and the war fever advanced a considerable number of degrees. On October the sixteenth fifty-one students were sent to the C. O. T. S. at Camp Gordon. All of the students were rearing to go to a training camp, and it was with a sigh of regret that they told their comrades good-bye. An order was received in November for a number of candidates for the C. O. T. S. at Camp Zachary Taylor. Fourteen students were selected and sent to this camp on the fifteenth of November.

The armistice was signed on the eleventh of November, but there was no slackening of the military training. Two and one-half hours were devoted to military exercises every morning, and it was only a short time before the companies presented a military aspect of high degree. Bayonet work was the most fatiguing of all the drilling. It is well for the Boche that the Clemson students did not get the chance to punch him with the bayonet. One of the features of the military life which the students detested more than any other was "Kitchen Police." The students countenance would always fall when the "Top Sergeant" would announce his name for duty on "K.P."

In academic work the students were divided into sections, and a section-marcher was appointed for each section, and woe unto the marcher who did not conduct his section in a military manner to and from the classes. Court-Martials became a frequent occurrence, and many students received one dollar less than they expected on their pay roll, because they failed to march at attention. Even the professors became military. They made the students stand at attention while reciting, and they laid more stress on the placard of instructions which the government sent them.

It seemed that the time would never come when the pay roll would be signed; but at last, just before Thanksgiving Day, the Student Soldiers received their first money from the government.

Rumors were being circulated that the S. A. T. C. would be disbanded at an early date, and the students were anxious to get uniforms before being discharged. It was during the first week in December that the uniforms were issued, and such fits and misfits in wearing apparel had never been seen before. By swapping and altering, finally the soldiers made the uniforms conform to their physiques.

With shoes shined and the second-handed uniforms pressed, the students were determined to go somewhere. The commanding officer orders that the S. A. T. C. would be demobilized immediately: so on the thirteenth of December Discharging from the service began, and after receiving their discharges the students went to their homes. They had rendered their services to their country. The Naval Company was not demobilized until the twenty-first of December.

Clemson’s Service in the World War

No human speech can add anything to the silent gratitude, the speechless reverence, already given by a great and grateful nation to its dead defenders and their living kin. No act of Congress can make a proper restitution for their sacrifices. Human nature does in human ways its best and still feels deeply in debt. Patriotism! there is magic in that word; it is bliss to repeat it. Throughout the ages humanity has burnt the incense of admiration and reverence at the shrine of patriotism. The most beautiful pages in history are those that record its deeds. Fireside tales, outpourings of the people borrow from it their warmest glow. Poets are sweetest when they echo its whisperings; orators most potent when they attune their speech to its inspirations.

Clemson, whose name is widely known, has made herself immortal by the heroic sacrifices of her sons. The memories of her sacred dead, who fell on the field of battle, linger over the beloved band of their Alma Mater, and their heroic deeds will be a source of inspiration to the rising generation of Clemson who will go forth into the world of commerce, science, and engineering to make their worth indelibly cut on the annals of time. Many a lonesome grave of Clemson dead lies on the plains of France but with faces turned in the direction of Germany. They gave their all that America might live, and that a land of freedom would remain unarmished by the hands of the Hun. Going forth into a strange land without the least semblance of the customs of their own land, but a land that held love and admiration for the gallant boys—some of whom were just beginning to have the down on their cheeks.

It was these men that left homes and families, most of them giving up their college careers to the great cause. Every day we saw a trunk carried by our windows which meant that another son was leaving to give his all to the cause of democracy. The relatives of the Clemson dead will feel that their Alma Mater reveres their memory, and that their spirit will be a hovering inspiration to their living comrades. Clemson, being a military college, the instinct of obedience was instilled into the character of its men. Clemson holds a splendid record among the military colleges of this country. And yet the military regime is kept up without any weakening of the loyalty of the Corps. Being in a military atmosphere, the men leaving this college for the army made a splendid showing. At the first Officers’ Training Camp at Fort Oglethorpe, ninety per cent of the Clemson men won commissions. At all the other camps the record of Clemson has been high. At the Plattsburg Training Camp ninety-eight per cent of the Clemson men won their commissions.

The Clemson men who gave up their lives in this great war are as follows:

C. S. Garrett, ’17—Killed, October, 1918.
H. C. Horton, ex. ’17—Killed, September, 1918.
G. L. McCord, ’11—Killed, October, 1918.
J. M. McIntosh, ’14—Killed, September, 1918.
A. A. Madden, ’18—Died.
D. E. Monroe, ’17—Killed.
R. R. Pearce, ex. ’17—Died.
S. M. Richards, ’15—Died.
J. B. Ryan, ’08—Died.
O. T. Sanders, ’11—Died.
E. P. Salter, Jr., ’13—Killed.
P. S. Stewart, ex. ’21—Killed.
H. L. Suggs, ’16—Killed.
J. A. Simpson, ’15—Lost on TICONDEROGA.
Here in our midst at the present time, we have living examples of men who have been overseas. They are Capt. L. B. Cannon, Sergeant-Major R. R. Shed, and L. F. Calvert. Shed was in the fiercest fighting of the war, being in the battle of Argonne Forest and Chateau Thierry, the battle that stopped the German advance on Paris. Here he was wounded three times and would have been willing to be wounded many more times for the cause in which he suffered. Capt. Cannon served in the Infantry, and Calvert was in the artillery. These men are very modest about their deeds.

It is the athletic spirit fostered at Clemson that makes the Clemson men a hard and fair fighter. The spirit of Athletics teaches every man to take care of himself, and of being a forceful individual in the world. It is this spirit that gives the Clemson man the unfearing attitude and the determination to see a thing through to the end. The cry of the Tiger was heard on the bloody battle fields of France, just as it has been heard on the gridiron of the South—and we that have been spared our lives in this war feel a tender longing for those warriors that have laid down their lives that America might live.

Clemson has shown her appreciation of her valient sons by the dedication of a service flag. In April of 1918, in the presence of the students and many Alumni the flag was dedicated. There amid the plaudits of the gathering and the stirring music of "The Star Spangled Banner," the flag was unfurled, a fitting tribute to the Clemson men who had responded to the call of duty. Professor Bryan presided as Acting President of the Alumni spoke eloquently of the past traditions of Clemson and outlined the duties that were confronting the nation and Clemson. Cadet S. H. Finley, President of the Senior Class, responded in behalf of the Student Body. He said that most of the class that he represented were right then in the Army or Navy and that by June the remainder of the class of '18 would be with them.

The Clemson Corps has just reason to be proud of its Faculty. Several members of our Faculty resigned to give their services to their country. One of this number, now Major Bramlett, has seen service overseas and is at present stationed at Fort Moultrie.

The ladies of Clemson have greatly aided in the prosecution of the war. Every day one could see these ladies down at the Local Red Cross Chapter working with unceasing energy and with no word of complaint for the long hours they were putting in for the cause of Democracy.

Many of the Class of '19 have returned to college after having had service with the Army or Navy. All of us did our share in the world struggle whether we went overseas or not. We leave the horrors of war behind us and look forward to a golden era. A fitting ceremony was held in March at which Ex-Governor Ansel made the address. There in front of Professor Morrison's a tree was planted as a memorial to the life and death of these noble characters. These flags have an American Flag floating from them. These trees will grow, and as the years go by, the students of Clemson College will see an everlasting memorial to the men who gave their lives to the great cause. Let us look into the future and dream of greater conquests in peace, feeling at the same time that if our country needs us again in a national crisis, we will respond with our usual alacrity and aim to keep up the great traditions that are worthy of our Alma Mater.

The Past Athletic Year

THE past athletic year for Tigerville has been a success from all points of view. The football team of the past season was a great one, although several circumstances were against the team. The season was played under S. A. T. C. government, and hence the time was not available for practice that would have been the case under the old college rules. The Influenza epidemic came right in the midst of the season and the services of Coach Donahue were lost for a period of three weeks. Training camps took many of the Tiger stars, but with all these odds against the Eleven the Tigers came through the season as undefeated State Champions and with only one college game lost and that one was lost to the Golden Tornado of Georgia Tech. The Football season closed with the wonderful victory over Davidson on Turkey Day.

In baseball the season also resulted in the winning of the State Championship by the nine that represented Clemson. There was only one game lost in the state and that was the last one played with the Gamecocks of Carolina. There seemed to be a poor chance of turning out a winning baseball team owing to the fact that there were only two letter men back when the call for candidates was sounded, but under the careful supervision of Coach "Jiggs," a team was developed that was a credit to any college.

Owing to the existing conditions there was no track team put out during the past year, but it is the intention of everyone to put out a winning team this season and schedule meets with all the large colleges of the South.

The basketball team of the past season was a success, but owing to the quarantine that was put on this school by the State Board of Health, the season had to be shortened considerably. With much good material to pick from, Coach picked a team that had the goods.

In looking back the grand success of Clemson can be attributed in large part to the efforts of Coach E. A. Donahue and Prof. D. H. Henry. Too much praise can not be sounded for these two men. In looking ahead, great things appear in store for the athletic teams of the coming year. Many men that have been in the army have signified their intention of returning to college for the next collegiate year, and with this abundance of material, the Clemson Tiger will again take its place at the top in Southern Athletics.

The 1918 Football Season

With only a few of the old Varsity Eleven back for early practice last fall "Jiggs" was determined to put out a winning team. Of those to return were Captain "Stumpy" Banks, Armstrong, Frew, Paget, Thackston, Allison, Lightsey, Wallace, Bates, Roper, Thornton, Schenck, and Poe. Answering their Country's call were Kay, Hart, Gilmer, Potts, Colbert, Owens, Elliott, and Dunlap, of last year's squad. These men were in the service and were unable to return. We look forward to seeing the majority of these men back next fall.

With only Lightsey and Thackston as a nucleus, Coach "Jiggs" had to make a new line. In the backfield Banks, Armstrong, Frew, Allison, Wallace and O'Dell started the season. After playing two games for us our "Little" Captain left for an officers Training School. It was a great loss to the "Tiger" eleven—and everybody missed him in his absence. With only a few mainstays "Jiggs" set to work upon his new task. In the backfield Frew, Armstrong, Allison, Reams, O'Dell, Hamrick, Roper, Crawford, Thomas and Langston. While Lightsey, Thackston, Hammett, Schenck, Thornton, Gettys, McCown, Sweetenburg, Paget, Bates, Randle, Poe, and Lowman in the line. These men were the nucleus of the 1918 Foot-Ball team. "Champions of the Carolinas."

(C. A. C. 65; Camp Sevier 0.)

The season opened with Camp Sevier, on the Campus. The game started by Sevier kicking-off to Clemson. In less than four minutes after the kick-off, Captain "Stump" Banks crossed the line for the first touchdown for the 1918 season. The "Tigers" having started making touchdowns could not be stopped. The next period Clemson kicked-off to Sevier but the ball was taken away on downs. "Boo" Armstrong crossed the line and "Red" Frew kicked goal. A short rest followed, then "Boo" carried the pig skin over for the third touchdown. The "Tigers" started the second half with a rush "Red" receiving the kick ran fifty yards before being downed. On the next play "Stump" Banks carried the oval over for the fourth touchdown. The next touchdown came as result of a pass to Thackston. After a series of forward passes Banks carried the ball over the line again. Wallace and Hamrick in. Within a short time both of these backs carried the ball over for two more touchdowns. To mention the stars would be to mention the
whole team. The “Tigers” made a continual rush and our backs gained as much and as often as they pleased. When the final whistle blew the “Tigers” had snowed their opponents under, 65 to 0 in the “Tigers” favor.

(C. A. C. 0; Ga. Tech. 28.)

The next game was played in Atlanta with Ga. Tech. Our intentions were high and we had great hopes of winning this game. The “Tigers” fought hard but lost this game to the heavy Tech. team. The score does not show exactly how near the two teams were evenly matched. In the first quarter neither team scored. The ball being in possession of both sides an equal length of time. The second quarter the “Tigers” suffered a fifteen yard penalty, putting the ball on Clemson’s twenty yard line. By a series of line bucks and runs, Allen carried the ball over for a touchdown. Soon followed by another. The third period Tech kicked to Clemson, after a few plays Frew punted. The Tech. backs centering around “Joy” Guyon made several pretty end runs and carried the ball over for their third touchdown. The fourth came as a result of an intercepted forward pass. Guyon intercepting the ball on Clemson thirty five yard line and running for a touchdown. For the “Tigers” Banks and Frew made good gains on end runs, while Armstrong and Allison hit the line for good gains.

(C. A. C. 39; U. of S. C. 0).

Then the “Tigers” were next seen in action at Columbia against the “Gamecocks.” The “Tigers” were rough, and as usual, the “Gamecocks” failed to stop them in their onslaught. The Carolina supporters were present in full force in hopes of seeing the “Gamecock” down his old rival the “Tiger.” The first touchdown came in a few minutes after the game began. A long forward pass, Frew to Thornton, put the ball on Carolina’s thirty yard line. With line plunges by Armstrong and Allison, the latter carried the pigskin over for the first touchdown. The second came as a result of line bucks and end runs by Armstrong, Allison and Reams. “Boo” carried the ball over for the second touchdown. In the third quarter Reams made a sensational run of seventy yards, and
the first added the necessary one yard. Three more touchdowns were added to the "Tigers" column. Allison intercepted a forward pass and ran seventy yards for a touchdown. The last score came as result of an intercepted forward pass, by Crawford, who ran thirty-eight yards for a touchdown. The "Gamecocks" never made a strong bid to score, the whole "Tiger" team were scrapping and enjoyed the "Gamecock" feast. In the line Gettys Hammett, and Lightsey exhibited some superb playing, while Thornton and Schenck held down the flanks.

(C A. C. 13; Hancock 66).

"A Machine Gun Crew" from Camp Hancock composed of All-Southern, All-Eastern and All-American players came up and trimmed us by a big score. We were out of our class. For the "Tigers" Schenck, O'Dell and Lightsey did the best playing. The little Quarter back, Silverman, ran the Hancock team in All-American style.

(C. A. C. 7; Citadel 0).

The "Tigers" met the Citadel "Bulldogs" in Columbia on the University field. The game was slow and lacked "Pep." The "Tigers" were in a class superior to the "Citadel" boys' but for some reason they could not get together. Hammett, at tackle put up the best game for the "Tigers". This big boy was there always, breaking through the line and spilling Citadel's interference. He also helped the "Tigers" frequently by recovering fumbles. Schenck at end played a steady game. In the back-field, all the backs exhibited good playing at times. "Red" Frew was there in returning punts, he also throw some pretty passes besides punting well. Allison made several long runs, one time netting forty yards. The "Citadel" attempted many forward passes, which were either broken up or intercepted. The lone touch-down was made by O'Dell on a line buck.

(C. A. C. 67; Furman 7).

In this game the "Tigers" cinched the "State Championship." Within a few minutes after the kick-off the "Tigers" rushed the ball over for the first touchdown. Our backfield were
able to plunge the line, circle the
ends and throw forward passes al-
most at will. Armstrong was back in
the game, after being out with inju-
ries, and put up one of the best games
seen here this season. He hit the
line and skirted the end in great
style. His tackling was hard and
deadly. Frew at Quarter ran the
team in great style, shot passes, and
was an important factor in the “Ti-
ger victory. The outstanding play
in the game was a seventy yard run
by “Switzer” Allison, through the
whole Furman team for a touch-
down. Aside from this he made
several other long runs and consis-
tent gains by line plunges. Light-
sey at Tackle played the best ball
in the line. He intercepted a for-
ward pass and carried it forty yards
for the “Tigers”. Schenck and
Swetenburg exhibited fine playing
at ends, nabbing forward passes that netted from ten to forty yards. They
were down under every punt. Furman did not seem to realize what was go-
ing on until the fourth period. The game was a scrappy contest but our back
field simply ran wild. The whole “Tiger” team played “Stellar” foot-ball
and it is hard to pick any individual stars.

(C. A. C. 7; Davidson 0).

The last game of the season was played on Riggs field with Davidson on a
wet and muddy field. This is the first game with Davidson here since the de-
dication of Riggs field. An important feature of the day was the great de-
defensive ability exhibited by the “Tigers” when it seemed that the Davidson
team was sure to make a touchdown. The ball was carried
within a few yards of our goal but the North-Carolini-
ans failed to furnish the necessary punch. For the “Ti-
gers” the playing of Armstrong was the outstanding
feature of the game. He hit the line hard for consist-
ent gains and it was “Boo” who carried the ball across
for the only score of the game. On the defense his
tackling was hard and many times he threw the Dav-
ison backs for losses while endeavoring to skirt our
ends. Frew at Quarter played his usual great game.
It was due to “Reds” clear and hard tackling that
stopped the Davidson backs from scouring. Allison
and Reams contributed several pretty end runs which
netted good gains. In the line Hammett and Lightsey
continually broke through the line breaking up for-
ward passes and spilling Davidson’s interference. Get-
tys at Guard played a fine game for the “Tigers”. Davi-
son seemed to have depended largely on forward passes, which netted them very little gains. The touchdown came in the first period of the game. As a result of a fumble Sweetenburg recovered for Clemson on Davidson's thirty yard line, from here the “Tiger” backs plunged on, Armstrong carrying the ball over and “Red” kicked the goal. In spite of the wet ground the game was intensely interesting. This victory over the “Davidsonians” gave the “Tigers” the undisputed title of “Champions of Both Carolinas.”

Here’s to every one who has gone out to do his bit for the “Tiger” eleven, and for the ones who will, and can and will come back. Go out next fall and put “Old Clemson” in the place where she belongs. With men like Banks, Frew, Armstrong, Allison, Potts, Lightsey, Gilmer, Hart, Gettys, Kay, Thackston, Thornton, Schenck, Paget, Poe, Randle, McCown, O’Dell, Lowman, Roper, Bunch, McKenzie, Moore, Langston, Thomas, Sweetenburg, and the material that has been developed during class football we have great hopes of seeing Clemson “Champions of the South.”

Coach “Jiggs” Donahue came to us when we were on a downward slide in athletics especially Foot-Ball. After his first year we came out successful as “Champions” of the state. “Jiggs” took a team that looked as if doomed to fall, due to interruptions caused by men going into the service and one thing and another and brought them through the season as “Champions of both Carolinas”. We are all justly proud of this team and our coach and next fall the whole corps, the squad and the Alumni get busy and do your part and leave the rest to “Jiggs.”
CLASS football proved a great source of interest in the athletic world at Clemson. The class teams were above the average and all the teams were closely matched which caused the games to be hard fought. Each team met the other in two games. The first game of the series was between the Juniors and Freshmen. In this game the upper classmen won over the “new boys” by the close score of 7 to 0. Fumbles were costly to the Freshmen. The outstanding stars of the game were McKenzie, who recovered a fumble for the Juniors and raced for the lone touchdown; Roper and Odell played great ball in the backfield for the Juniors. Simmons for the “Rats” played a great game in the line with Dick and Laurey also playing superb ball.

The next game, between the “Rats” and “Sophies,” resulted in the score of 12 to 0 for the Sophs. Fumbles were frequent on both sides. The shining lights of this game were Poe and Thorton for the Sophs, and Simmons and Sweetenburg for the “Rats.”

The game between the Juniors and Sophomores resulted in a scoreless tie. Odell, Roper, Payne, and Gandy played the best ball for the Juniors with Thorton, Poe and Cotthran shining for the Sophs.

The Juniors then took the Freshmen into camp to the tune of 15 to 0. The “Rats” didn’t seem to be able to stop Odell, Payne, and McGee. while Dick, Oneil, Grice, and Sweetenburg were heard from for the Recruits.

The Freshmen evidently became tired of getting beat by a close score, so they beat the Sophomores in the next game 7 to 6. Oneil at the beginning of the game intercepted a forward pass and raced 15 yards for the touchdown. The Sophomores scored in the last few minutes of play but were unable to kick the goal.

The final game between the Juniors and Sophomores cinched the championship for the Juniors, as they won over the “Sophies” to the tune of 6 to 0. The series brought to light some good football material that will surely make some one hustle to land a varsity berth on the Tiger team of 1919.
The Thanksgiving Swimming Meet

0, the Tigers had not forgotten that for the past three years the Davidson Wildcats had either tied or come out victors over them. The weather for the first three days of the week was beautiful, and all preparations were made for the big battle that was sure to come on Thanksgiving Day. The first rousing from slumbers on Thursday morning told the Tigers that it had rained all night, and it looked as if it were going to keep it up all day. But about ten o'clock, the downpour slacked up to a drizzle, and then a rush was made to try to drain the pond that had formed on Riggs Field.

The night before, a wonderful mass meeting was held, and a rousing boost was given the members of the Tiger eleven before the battle. “Boo” Armstrong, “Red” Frew, “Switzer,” and the whole team made short talks at the meeting, but the next morning when “Boo” found that it was raining all he could say was “I’ll swear, fellows.”

The Davidson team went through and breakfasted at Seneca, and came back on Twelve. They had a husky bunch that had not been defeated the whole season. They were confident of victory, and this fact made the battle all the more hotter.

The two teams lined up, and Davidson kicked off over the Tiger goal line. After one run by a Tiger back, the wet ball got away from the swimming Tigers, and a Davidson swimmer got it. Down the field slid and skidded the Davidson backs, but when they seemed to be nearing the Tiger goal a Davidson man was ducked and fumbled. Clemson recovered and punted and Davidson fumbled. Sweetenburg of Clemson recovered on Davidson’s 30-yd. line. The Tiger backs with renewed strokes carried the ball down the field and Armstrong carried the ball over for the touchdown, and Frew kicked the goal.

After this score the swimming was about equalized, each team taking turn about getting ducked, some of them however went down for the third time and therefore many substitutions were made on both sides. The game ended with the lone counter on the Tigers side.

There was great rejoicing among the Tiger Clan over this victory. Just after the game many “Rats” were seen moving in and out with wood and trash and piling it up on Bowman Field. Just at dark a great bonfire was started, and the band led the joyous parade. Marching on to Calhoun the crowd gave Coach “Jiggs,” who was going off, a royal send-off, and after general celebrating and painting of the score in many conspicuous places, the great day closed, but never to be forgotten.

The Baseball Season

The opening of the season in early March saw an abundance of material out for the team. There were only two letter men back to answer the call for the first practice. These men were "Jessie" James and "Cutie" Jordan. However, there were several members of the squad of the previous year that gave promise of making good, and several men including McMeekin, Richbourg, Thrower, and others had played in many of the games of the previous year. Other members of the previous year's squad that were out to land a berth on the varsity nine were Sanders, Bankhead, Banks, Thackston, Thornton, Garrison, Robertson, and others.

Many new men upon their first appearance that showed up well were Harris, Atkinson, Simrill, Parler, Owens, Poe, Wingo, and Tomlinson. The elimination contest was begun and at the close of the survival of the fittest. "Stump" Banks was holding down the backstop position. The pitching staff was made up of "Major" Thrower, "Lefty" Atkinson, and "Bean" Garrison. "Jessie" James was at his old position at the initial sack. Simrill started the season at second, but later Sanders was shifted to this position. When "Rip" entered the army, Thackston was put at this position. "Cutie" Jordan was ready to start things at the short-stop position, and "Jughead" Harris was at the hot corner. The outfielders were Richbourg, McMeekin, and "Varsity" Bankhead.

The first game opened with the University of North Carolina, which was lost by the close score of 2 to 1. This defeat put the fight in the team, which caused them to defeat the Wofford Terriers in a pretty eleven inning game by the score of 4 to 3. The features of this game was the hitting of McMeekin and Bankhead. Now came two games with Oglethorpe University. The first game was lost by the score of 3 to 2. Banks and Jordan played great ball in this game for Clemson. The second game was won by the score of 5 to 2. Wake Forrest was next beaten 5 to 2. McMeekin, Richbourg, and James were the stars in this game.

Then came the trip over to Greenville to play the Furman team. Thrower was on the mound for the Tigers and pitched great ball. By easily outplaying the Hornets, Clemson won 8 to 3. Next came the two games on the campus with the University of Georgia. The first, due to the hitting of James, Harris and Banks, was won 6 to 5. The second game was lost 2 to 0, due in large part to the excellent
pitching of Westbrook. The Tigers then met the Erskine Seceders, and with the game tied in the ninth inning, James drove out the hit that scored two runs, winning the game 4 to 2. A two game series was lost to Guilford College. Zachary, the iron south-paw pitched both games. The first game resulted 2 to 1, and the second to the tune of 5 to 2. McMeekin and Harris starred in the first game with Banks, Jordan and James in the second.

Then came the trip to Atlanta where at Ponce de Leon Park, Oglethorpe University was defeated in two games. The playing of the Tigers in Atlanta was great. The whole team hit the ball like a house afire, and both Atkinson and Thrower pitched like veterans. In the two games the Tigers drove out a total of twenty-six hits and scored a total of fifteen runs. James was the outstanding star with the stick, getting a homer and a total of five hits in the two games. Thrower pitched great ball and was given high mention by the sport writers of Atlanta.

The final trip was made to Spartanburg and then to Columbia, playing Wofford once and Carolina twice. The game with Wofford resulted in a shut-out by the Tigers to the tune of 3 to 0. James, McMeekin and Bankhead connected safely two times each in this game.

The two games in Columbia were two of the hardest fought of the whole season. Carolina put up a fight in both games and both resulted in 3 to 2 scores, the Tigers getting away with the first one and the Gamecocks annexed the second in ten innings. In the first game Thrower relieved Atkinson in the seventh inning with no men out and two men on bases, but “Major” held the Birds scoreless in this inning. The feature of this game was a three bagger by Richbourg, and the hitting of Harris, James and Thackston. The second game went to the Gamecocks in ten innings. The Tigers had several fine chances to score and win the game but failed to do so. With the score tied in the tenth, Beall of Carolina got the hit that scored the winning run for Carolina.

With a majority of last year’s team back the Tigers will make a good showing this spring. The letter men back are Banks, Thrower, Atkinson, Bankhead, Thackston, Harris and Richbourg. With this bunch as a basis the nine is sure to have success.

The Basketball Season

The basketball season was shortened during the past season due to the quarantine that was placed on the college by the State Board of Health. The prospects for the team were good, and Coach succeeded in developing a good team and had circumstances permitted the playing of more games the Quintet would have in all probability made a good record for the season.

The old men out to answer the call for the first practice were Robertson, captain of the team, Schenck and Ford. There were several members of the previous year's squad that were ready to do their best to make a place on the varsity. Some of these men were Going, Thorton, Morecock, Rode, M. J. Black, J. M. Black, Poe and Boggs. Some of the new men that showed up well upon their first appearance on the floor were Dorn, Coles, Wiles, Carter, Clatworthy, Lightsey, Allison, Schirmer, Manning, Stork, Fitzgerald and others.

When the Tigers opened the season with the Wofford Five. Ford was playing Center, Schenck and Rode forwards, and Robertson and Going were holding down the guard positions. This game with the Terriers was a snappy one, the two teams being almost evenly matched. The first point was scored by Robertson on a foul and then the Terriers scored five points in rapid succession. The Tigers then opened up and shot several goals, Schenck making some pretty shots. The score at the end of the first quarter was 15 to 11 with the visitors holding down the big end of the score. At the beginning of the second half, the Tigers came back with a rush, and Ford, Robertson and Schenck shot the baskets from all angles. The whole Tiger team opened up and scored a total of 22 points during this half. The Terriers made a spurt at the last few minutes and Carroll shot several pretty ones, but they were unable to score but 13 points in this half; hence the game ended with a 34 to 31 score for the Tigers.

After defeating the five from Wofford, the Quintet went down to Georgia, playing the University of Georgia and the Atlanta Athletic Club. The game with Georgia was a hard fought one and reminded one more of a football than a basketball game. The Tigers lost this game to their heavier opponents by the score of 30 to 12. The outstanding star of this game was Schenck. This boy seemed to find the basket from almost any angle.

The Tigers journeyed from Athens to Atlanta where they met the great Five of the Atlanta Athletic Club. Our Team was clearly outclassed by this team, but they put up a scrappy battle. The final score was 60 to 17. Black was the shining light of the game for Clemson, while the celebrated Strupper was in action for our opponents.

The next and final game was with Piedmont College on our court. This game saw the appearance of "Cotton" Watkins in the line-up. In this game the Tigers ran wild, putting up a great exhibition of basketball, piling up a total of 53 points to our opponent's 34. Robertson and Watkins played the best ball for the home team.

With an abundance of material back, the team next season should be a good one.
Members: Schirmer, Covington, Schwettman, Morecock, Stender, Robinson, Geraty and Muckenfuss.

The Swimming Team

A novel branch of athletics was introduced at Clemson when a swimming team was organized. Of course there has always been good swimmers in the Corps, but not until this year was there ever an attempt made to organize into a team. The boys from Charleston are usually the best swimmers, and as we have a large representation from the "Bottry" we were able to put out a team of good swimmers. The only meet was held without a great deal of practice and it was with Georgia Tech. Tech. presented a fine team of crack swimmers that had a long period of practice, and they were much more scientific in the fine points of the meet, such as making of the turns of the pool. The meet was staged in the pool of the Y. M. C. A., and it created a large amount of interest and enthusiasm and was well attended by the Corps. In fact, owing to the lack of room many were turned away at the door. When it was known that there was to be a swimming team, there were a large number of men to go out for the team. The ones that showed up the best, and hence were the ones that made the team, were Schirmer, Covington, Schwettman, Morecock, Stender and Muckefuss. The meet with Tech. was made up of nine events with an extra stunt that did not go to make up any points. From the start that has been made, it is evident that this branch of athletics will soon be a very popular one at Clemson.

Literary Work at Clemson

CLEMSON is, strictly speaking, purely an agricultural and mechanical college, a college of which little is expected in literary endeavor. Yet we have six live, active, literary societies which have proven their ability to produce speakers of no mean merit. Of course we have our monthly literary magazine as well as a weekly paper. These publications are an active example of the ability of Clemson men to write upon various subjects.

A review of last year's literary activities places Clemson at the head of all South Carolina Colleges. The only Intercollegiate Oratorical Contest in the state was won by a Clemson man. J. S. Watkins, with "The Challenge of the Undone" for his subject, defeated, in this contest, by a unanimous decision, the representatives of every college in the State. And among these colleges, let us remind you, were those at which literary work is given a principal place in the curriculum of its students. In this same contest it was a man who received his first training at Clemson that won second place. This then certainly shows the superiority of Clemson men in Oratorical art.

Again, in her debates, Clemson leads the list. The Triangular Debate between The University of S. C., The Citadel, and Clemson was easily won by the Clemson teams. The affirmative team, composed of Messrs. M. W. Hiess and J. B. Faust defeated the Citadel team at Clemson, while the negative team, composed of Messrs. J. S. Watkins and J. W. Wofford, speaking in Columbia, won over the team of the University of S. C. The query: "Resolved that the United States should own and operate all railroads within its boundaries," was converted by the Clemson men in both cases into a one-sided debate. Clemson not only has upper classmen "who, tho' vanquished can argue still," but she has many Freshmen who readily respond to the true Tiger Spirit and learn to speak forth their thoughts and win debates. In a debate between Wofford and Clemson in which only Freshmen were eligible. Messrs. M. C. Smith and O. B. Mills defending the affirmative views of the government ownership of railroads, won the decision of the judges. This contest was held in Greenville away from the Tigers' hair but not from the Tigers' claws.

In the entire field of Intercollegiate Literary Activities during the last year, Clemson tops the list. When a college of a technical character, such as Clemson, wins every literary contest in which it enters, then certainly this fact reflects much credit upon the literary societies and the individuals who participated in the various contests as well as the English Faculty of the college. Now that Clemson has taken the lead in literary activities throughout the state, we feel sure that it will hereafter be looked upon as a technical college of a high literary standard: one in which the men are taught not only the facts concerning agriculture, chemistry, mechanics, and electricity, but taught how to express these facts to the outside world.
Once again Clemson came to herself in the Literary field by winning the State Oratorical Contest.

"Cotton" Watkins was the man who would not be defeated; so after failing once at Rock Hill in 1917 he came back with the true Tiger spirit and with "IT CAN'T BE DONE" for his subject he won by a unanimous decision.

AND now, gentle reader, we present to you in unobtrusive drama the green-eyed monster, Satire. Born on the iron(y) bed of sarcasm, raised in a home of trenchant wit, this ugly beast threw off in early life the chains of his inheritance and today he literally fights to free himself from the hands of the modern Adam. His power has been abused, his force has been so modified that now Satire often spells truth. Be that as it may, no harm is meant to anyone in the following pages. If, perchance, we clip an ear of yours, just clip the other to match, but

"If in any joke
Your name is spoke
With just some little rub,
Pray don’t get sore
And make a roar,
But rub some other ‘Dub.’"

Curtain Please!
English at C. A. C.

I've taken my course as I have found it,
And as my journey is near its end.
I'll show up some of my professors
With whom I could never contend.
One was our Bald-head Bryan,
Whose ivory dome is real bare.
And one was the famous "Colonial."
With his long and flowing hair.

Now I'm not a scholar of English,
But just taking my whole career,
I made better marks in my Freshman
Than I did in my Junior year.
Sometimes I knew all the English,
And again I just knew I "Shot:"
But 'twasn't this that determined my grade—
It was only that which I got.

I was a happy "rat" in my Freshman,
Just as happy as could be.
"King" Sease was then my professor,
The reason I think you can see.
He was a great and grand professor.
And he taught his class with vim;
He had no chart with which to talk—
But a little English I learned from him.
I was next sent down to "Bald-head—
The agony was all I could bear.
For his works were as free from meaning,
As his head is free from hair.
His appetite for repeating—enormous
And his version of English was slim:
He'd always repeat for those who came late.
And of course I learned little from him.

Then I went to the noted "Colonial,"
Who's as cranky as any old maid.
I thought he'd be better than "Bald-head."
But I soon found the mistake I'd made.
He would frown, and gesture, and flourish.
And his coat-tail would swing with vim:
He would give the version of Shakespeare.
But alas! I learned little from him.

'Twas there I met with misfortune.
And still I tremble and fear.
For the crank flunked me as usual
And, now, this is my Senior year.
I fretted and fumed and then wondered
How far I could slide and skim.
But happy was I to get a pass
And how little I learned from him.

I've taken my course as I've found it.
And very soon I'll get my degree.
And as long as the world shall last.
I'll never say "your'n" for "we."
My work I'll make up in "Lame duck" week;
And then I'll be happy and free:
Oh welcome end! thank God I'll be clear
Of all English at C. A. C.
Class Menagerie
Prof. Lipscomb: Mr. Short, of what is cotton seed meal composed?

“Daddy” Short: Well, me see, Professor. Oh yes, it is composed of three elements—cotton, seed, and meal.

“Dickie” Derham—"I ain’t never made no more’ one mistake in English and I seen that’un when I made it a. I taken’ it back."

"Rat," at football game: "Why did they cheer when "Noisy" Kay got hurt?"

Noisy’s Roommate: "So the girls couldn’t hear what he was saying.

Flirting With College Girls Against the Law.
(Headline in the "Greenville Piedmont.")

"Pint" Cornwell: "My! Pete! you’ve got a shape like a match."

Pete Harper: "Well a match has a head; that’s more than you’ve got.

“Bill” McCord’s father, seeing Percy Tollison asked: “Do you know my son, William, at Clemson?”

Percy: “Yes sir, we sleep in the same Mechanics class together.”

"Look, ‘Skeet,’ I weigh three pounds more than you do.”

"Aw you’re cheating, Rivers; you’ve got your hands in your pockets.

“Mouse” Elliott: “Professor, do you think it foolish for me to marry a girl who is my inferior intellectually?”

Dr. Calhoun: “Not foolish, impossible.”
Colonel McFeeley at the fire: "Mr. Parrott, take this flash-light and see if there is any fire there over in that corner."

A. W. Robertson: "I dreamed last night that I was in heaven."
"Mock" McCown: "Did you see me there?"
"A. W.": "Yes, that's why I knew I was dreaming."

Father to "Pot" Hamrick: "Son, what does 'T' mean in your report?"
"Pot": "You see Father, it's like this, that 'T' means Fine."

"Varsity" Bankhead: "I've worn my brain out to a frazzle and I can't think of a thing for the annual."
"Ted" Wallace: "Well, don't worry, 'Varse.' I had my picture made for it yesterday."

"Queen" Metts: "Were you over at the hotel after ten last night?"
"Slim" Bodie: "No! I was only after one."

"Crunk" Brown to Freshman: "Rat, did you take a shower?"
"No! Is one missing?"

Prof. Hare: "Mr. Thrower, characterize the white leghorn."
"Major" Thrower: "White leghorn is the dairy or egg type of poultry."

INFORMATION DEPARTMENT

Dear Editor:
I have a choice between a $10,000 position in Iowa and a $1,500 job in Winnsboro. Which will I take?

"Mouse."

Dear "Mouse."
We know the girl. You had better go to Winnsboro.

Dear Editor:
I have some beautiful hens that while walking around my poultry yard fell over limp. What is the trouble?

Poultry Expert.

Dear Poultry Expert:
From what you said in your letter we figure that your hens must be dead.

Editor.

Bill Austin was scrubbing the floor in the mess hall to get off some of his extras, and "Red" Morecoek passed and said: "Bill, what are you doing?"
"Bill": "I'm getting off extras."
"Red": "Oh, I thought perhaps you were working on your thesis."

"Crip" Aull, president of the Columbian Society: "If any of you gentlemen wish to make any remarks you may do so."
"Swifty" Jones rises.
"Sit down, Mr. Jones, didn't you hear me say Gentlemen?"
GREATEST INVENTION OF THE AGE.

"Deacon" Bolt has just introduced this marvel of mechanical ingenuity—the 'Extra walkers' joy.' One end of a powerful spring is attached to the belt of boy in whom 'Col.' and his staff have taken a painful interest—the other end is attached as shown. Thus, the user, trips along bare feet touching the ground.

No more corns—no more tired feet. This is a new age in which we live—we shouldn't mind a crick in the neck.
Birthright Sold For A Mess Of Pottage

(1) Oh hear me gentle public in my plea,  
For it will be of advantages as you will see,  
Our bill of fare as advertised is great,  
But I would hate to leave you to its fate.

(2) When legislative committees come to our domain,  
The grub they get is anything but plain,  
Fried chicken they think is an every-day affair,  
And ox-tail soup a military man's nightmare.

(3) I plot this scene in our great messhall bare,  
Where "Shoot the bull" is the gist of what you hear,  
Where "Army Beans" hold a hard unconquered reign,  
And macaroni groans as if in pain.

(4) Two men are served, the food it dwindles out.  
Well, "by the Gods, where is the Sauer Kraut."  
"Say Shorty, have a heart and let's have fair play.—  
Hang off your grouch its gone another way.

(5) Drill hour is over and stomachs empty and weak,  
The dreary mess-hall is the retreat they seek,  
"Oh pull that bell and let us haste to mess,  
For my stomach feels like an antique Schuetzenfest."

(6) Grace is said, and then to the stools we dive,  
For food is short and we cannot wait on pride,  
We sniff, and suddenly we sense a smell,  
That rotten bull you'll sound the corps' death-knell.

(7) The Senior Cooperative Committee airs its views,  
For the rotten bull is giving us the blues,  
Bankhead speaks up, we'll see dear Doc. Riggs today,  
And he will put an end to this horse-play.

(8) Then up spoke the committee as one man,  
We'll tell him what we think of this flim-flam,  
And we'll guarantee 'ere another sun has set,  
That better meals at Clemson the corps of cadets will get.

(9) Next morning President Riggs looks up and smiles.  
"Good morning Mr.-er-Banks-h—what can I do for you?  
And gentlemen of the Senior class who are so kind and true,  
I'll do anything for your corps of cadets except out-flank the flue."

(10) They tell Doc. Riggs their tale of woe,  
About the food—and all that they regret,  
That they promised the fare would be better,  
'Ere another sun had set.
"Well, gentlemen—I appreciate all your thoughtfulness.
By coming straight to me.
This trouble shall be remedied
By tonight as you will see.

"Another thing before you go—there's a banquet here tonight.
And I'll treat you to some swell food—that will clear things up all right,
Just come around at eight P. M., and we'll thrash this matter out.
And you won't see beans and water, nor syrup and Sauer-Kraut.

That night the mess-hall was decorated for a splendid gala affair.
And our committee was present, with their white collars cold and clear.
They were toasted and were gorged, and by the time the end was near.
They doubted whether they were Napoleon or a Newport millionaire.

Oh, men of Clemson isn't it sad.
That men sell their birthright so cheap.
That us poor devils—the corps of cadets—
Still starve and we cannot sleep?
Geologically speaking this were only a few years ago?

If some of the faculty returned your salute?

-Colonel decided reveille to be unconstitutional

What would you think...
S. A. T. C. Days or The Great Battle of Fort Hill, S. C.

All Clemson was divided into three parts: one of which the Kindergarten inhabited; another the Vocational Men; and still another, the home of the Tribe of the Tigers, who were enslaved by the cruel overlord, S. A. T. C.

In the good old days before the war, Gaius Bullus Riggs held sway over the land of the Clemsonii, but as from the outer world came the rumors and tales of war, he, The most potent Riggs, seeking to gain more power and to enrich his hoard of gold, began to probe into the matter of bringing the war to the land of the Clemson. The higher powers in Washington, seeking soldiers to lick the Hun overseas, harkened to the call of Gaius Bullus Riggs and made the land of the Tigers a veritable arsenal.

The embryonic fortress was called the S. A. T. C., which in the Green reads: Sobel's Army's Terrible Catastrophe. Sobel was the chief Monkey-monk of that high and all powerful potentiate, Henri Macfellae Caesar. As a sign of his office, the great Monkey-monk wore an eyebrow under his nose and covered his woeful countenance with pink-powder. His instruments of office were a delinquency sheet and a smile and pleasant word for everybody.

On the fatal day of October 1, 1918, there arrived at the fortress of the Clemsonii, a caravan of K. P. Duties and Fatigue Police. These were the instruments of war which were given to the poor underlings of the tyrants. Almost immediately after their arrival they were issued to the motley population. Altho some of these warring instruments were not appreciated by the slaves to whom they were issued, they were used daily by them.

In order that miscreants and commiters of crime might easily be detected, when they broke bonds which bound them close, a strange cloth was devised into garments called uniforms, and these uniforms were placed upon the backs of the Clemsonii. Some of these uniforms were O. D. and some were Navy Blue. If a Clemsonius washed in the river, Seneca, he was called a "Gob" and was given the blue uniform to wear, but if he cleansed his anatomy under the shower-bath, he wasn't called anything except at inspection, when—and his uniform was of a "wallow-hog brown" color.

During the reign of the S. A. T. C. many of the Clemsonii were transported to foreign climes. Many of these went to the country of the C. O. T. S. in hope of getting away from the hated K. P. and Police Forrors, but these were sadly disappointed when they found that these horrors were everywhere.

Finally came the days of peace. Caesar was removed from his high place, the beloved Governor and the Monkey-monk. Sobel, was sent back to his "fair Havyard," and Gaius Bullus Riggs was again placed triumphantly upon the throne.

The gold chest of the Clemsonii were fattened and the whole place was again filled with the familiar "hot air" and "Bull."

The Thrilling Episode of a Fruitless Hunt

One Day All Folk(s) at Clemson—
Yongue and old, Black and White, Wise and foolish,
Short and Long.—gathered together in a
Bunch and decided that they were Going on a Hunt out
West of Davis Mills. The
Best Hunter was Minus a gun but there was a Cannon in the
Bodie (although the Bolt was not Wright) so he took it. Soon we
Drew towards a Forrest through which ran a
River and across which was a Hill, and the
Fellers laughed at the Cannon Barror because he was out of
Wynn. He was a
Sharp Trotter, however, and
Gage(d) his distance to the Banks of the River’s run saying, “I
Betchanain I Cann Throw-er in those
Waters.” “I’ll be
Sam(s) Hill if you Cann,” said Rob
Berly, and he threw his hand-maid “Bull”
Derham Smoak away and landed Wright on top of the Cannon. There he
Rode. We were nearing the
Ford but the Mann did not have the Power to
Er-win his bet and he Boggs up in a
Poole of muddy Waters through which he could not
Wade. We fished him out but the
Herring had eaten a piece out of his
Hipp. Fortunately we caught the fish. It was of a
Green-Gray color with large Shields, Great
Scott!! We turned it over to the Cook and the
Baker who fixed it up.
Crisp and Brown. Rivers
Varn said that he would have the Tayl-
Or bust, and since we did not feel Moody to
Rush, and besides there were no
Graves at hand, he was given his choice. “Mouse”
Elliott said he would Getty’s pick or raise Cain, but he
Auten to have said anything for
Sanders beats him to it and so he loses all and
Gains nothing. We all became
Fuller(‘n) ticks but we
Sojourner(ed) there awhile and then Mosley(ed) on, each
Mann arguing that he had eaten
Moore than the other. Soon a Randle Catt was jumped and then a
Leppard. The writer raised his gun to shoot, but when he went to
Poe it in ‘er someone
“Skeef”(ed) Lemon juice in his eye and the shot went
Wile(s) leaving the animal a Freeman, but singeing
Noisy Kay’s Hair and wounding a
Stork on the
Banks of the River. We formed a
Garrison about the wounded creature and after
“Vars” Bankhead had shouted, “Rop-er: Turn-er over:
Tripp her, you Green back Wood(s) Mann!
O’d-lil with the whole
Stack(house) of you,” and several other commands and wishes like
Smarr(t) Solomon(s) only can make or even think of in thirteen
Summers or as many Snows—after that the
Stork was gone. Our luck ended when we found a
Berry of Mother Hubbard
Pepper on a Holley tree. the phenomena of it all being that a
Parrott was
Hier’s thirty-seven feet in the Bush cursing like the
King of all S-aborn(ed) because
Campbell(s) did not live in
England. Handsome George
Palmer talked back to him saying. “I Fink you are a
Coward to Harden your Kin—ard(t) because of such a trifling,
Mulkey affair. It’s none of your business anyway, so
Dorn your Rustin(g) hide go to the
Dickson and be
Short about it. We all wondered what the
Parrott would say to this
Sharp speech of Handsome George—even Roy
Suber stared in open mouth amazement, and Percy
Tollison looked much mortified because of the
Long flow of vile language which
George had used. We were soon set at ease for the bird
Salley(ed) forth into a Power(ful) attack upon
Aull of us from A(bernathy) to Z(eigler) and never let up
Till we passed out of hearing distance. The
Hunt might not have ended then but “Zub”
Bradford complained of a
Payne in his stomach and I looked at the
Dial of my watch to find that it indicated the exact time for
Aull Clemson men to be entering the mess
Hall, so we got one of our number who could
Hollowell to call in the rest, and together the
Hunter(s) returned (as together they had gone) to the
TIGER’S lair at C. A. C., each Mann declaring favorably as to
Howell he had enjoyed the
I say—
Would a been a

A Stewed Chicken if—

And when he got home

—not for a son-in-law

FATHER'S LAB

Ally's Sponsor in the Annual

THE WORLD

GOT KOMF

hadn't interrupted.
In The Good Old Days

There was a time
When Cadets wore gray
And slept until
Thirty seconds before reveille;
And then wore an overcoat
To formation and nothing more.
This was before
The Tiger advertised
This fact and
Started Colonel on our trail,

Then Seniors went to church
At Calhoun, and
Didn’t have to run,
And Dr. Riggs had them
To dinner, and the hardest
Work of Senior Ags
Was sending out
Laundry and we joined
The Pendleton Guards
And spent a blissful year at home.

Then Shorty gave us pie
Three times a week
And pork on Sunday,
And cream puffs occasionally
And Hobo kept a yardfull
Of Chickens and
They were tame.
And when a cheese
And a dope were worth a shave.

And “Caruso” sang
In the movies
And they didn’t
Cost but a nickel
And you could buy
A good cigar for a jit,
And postage stamps
Were two cents each,
Then you always
Had money.

And “Bugs” would
Knock down demerits
For his friends
And Assistant Commandants
Weren’t so numerous
And you could talk Buck
Out of a report.
This was when the
“Dew Drops” stood retreat
And the band could play
The National Anthem.

And there were
No police formations
And holidays were
Always observed.
Say, Boy! Them were the “Happy
Days.”
Special Every Day and Sunday Meal

*Is there any wonder that the Clemson Cadets all weigh within the neighborhood of two hundred pounds?

**BREAKFAST** (7:30 to 8:00)
Three minutes to think of the breakfast you would have if you were at home.
- Bull "a' la Rotten
- Standpipe Juice
- La Lampa Hominy
- Wasp Nest "a' la Stale
- Dish Water de Gravy
- Syrup de Sour
- Mock a' Coffee

Conclusion

Our task is done. We have received many knocks and cusses and will receive many more when the annual arrives, but we wish to say that we have done our best. Although the work on the annual did not begin until after Christmas, owing to the unsettled conditions brought about by the war, we have no alibis to offer.

There may be many faults in Taps '19, but criticism is easy to make; so be original by leaving off the criticism, or if you have any to make, please make it to the Staff and not behind their backs.

We extend our thanks to the advertisers, who have shown an interest in the success of our book. We are also deeply indebted to Professor D. H. Henry and Professor M. E. Bradley for their valuable services; to Mr. Harry E. Wallace for his excellent photographic work; and to The Hammersmith-Kortmeyer Company for their untiring efforts and cooperation with their excellent services as printers and engravers.

May this book serve its mission of bringing back to you fond memories of your Alma Mater. With this we bid one fond farewell.

THE STAFF

A Larger Field—Greater Opportunities
As you leave College and make your decision as to your future business, consider the field offered by the Life Insurance business. It is healthy, attractive and remunerative, and requires the investment of no money.

Our representatives satisfied and are making money, and no business offers a young man the possibilities and opportunities that the Life Insurance business does.

We need salesmen (men that are plum square and willing to work) in both North and South Carolina. Address:

LEFAX
FACTS-ON-LEAVES

JUST A FEW WORDS ABOUT LEFAX.

That successful engineering depends to a large extent on accurate, up-to-date information is axiomatic. The problem is how to get it quickly when you need it.

Bound books are likely to be somewhat out of date, even at the time they are published. The technical periodicals are good and necessary, but they are not convenient for reference. If you clip the articles which interest you, chances are you can’t find them when you need them. If you don’t clip, you probably forget where and when any particular article appeared.

LEFAX has solved this problem of thousands of business and technical men. Our editors search all the leading technical journals, society proceedings, government publications, etc., for data which will help a technical man in his work. The articles selected are carefully checked for accuracy and boiled down to essentials. They are then published in standard loose-leaf form, self-indexed and classified for filing in the filing boxes or cabinets. The sheets are also punched for insertion in the pocket binder, so that you can carry them conveniently when you go on a trip.

The old, standard data such as tableaux of logs, trig functions, properties of steam, wire capacities, water flow, etc., are also published in this form so that you can have both the new and the old data together in one place.

About 1700 data sheets (3400 pages) have already been published, covering the entire technical field. You can get as much or as little of this collection as you want. You can buy the complete set, or one or more of the classified sets containing sheets relating to a particular branch, or you can go over the list and select the sheets you want. New data sheets are published monthly.

LEFAX BLANK SHEETS

Another part of the Lefax system is the series of blank forms which enable you to keep at your finger tips the results of your own investigations, the data which you collect in your reading, and the information you gather from conversations with other men. There are over 75 different forms. You simply write on chart the facts you want to keep on a blank suited to the purpose, fill in the proper index words in the upper right-hand corner, and file alphabetically.

You can also keep your diary, expense account, addresses, appointments, and ordinary memoranda on these sheets.

LEFAX MAGAZINE.

We also publish a unique monthly magazine containing interesting and useful articles on science, business, management, advertising and selling, labor problems, government, education, and many other timely topics. The magazine contains the monthly list of new data sheets and keeps subscribers posted regarding other developments in the loose-leaf service.

TRIAL OFFER.

If you think that LEFAX might help you, you can try it out without taking any risk. Send us your order for whatever you want, with remittance to cover. We will fill it with the understanding that you can return the material within a reasonable time if you are not entirely satisfied and your money will be promptly refunded. You can’t lose, and on the other hand you are quite likely to find that you have connected with the very thing for which you have been looking for years.
