FOREWORD

THE INCORPOREAL PART—SPIRIT

As we turn the pages of time, we often wonder what causes a person to act as he does. Why does a majorette twirler anticipate her performance on the football field, Frank Howard incite the team to win a game, a student become a part of a crowd at a basketball game, or a girl entertain an audience at a rush party? These events happen because they are the outward expressions of an inward feeling that every student has for Clemson. Spirit is an incorporeal part of man, and it exists even though it cannot be touched. Anyone who is and ever has been a part of Clemson holds membership in the brotherhood which binds Clemson men and women together. He feels the closeness whether he is actually making the touchdown, playing the trombone, or riding the homecoming float. The bond is there and will always remain.
CLEMSON—THE UNIVERSITY

CLEMSON UNIVERSITY IS NOT JUST A SCHOOL. IT IS A STUDENT. IT IS THE SMILE OF A GIRL AS SHE GREET GUESTS AT A SOCIAL FUNCTION. A SCULPTOR MOLDING A PIECE OF CLAY. A GRADUATE STUDENT CHECKING HIS MAIL BOX. TWO BOYS WATCHING A FOOTBALL GAME. A BABY WAITING TO BE CUDDLED WHILE HIS FATHER STUDIES FOR A QUIZ. A STUDENT POURING CHEMICALS IN A LAB. A MOTORCYCLE PARKED AT THE ARCHITECTURE BUILDING. ALL OF THESE ARE THE EXPRESSIONS OF STUDENTS WHO ARE THE BACKBONE OF THE UNIVERSITY. WITHOUT THE LAUGHTER, THE SADNESS, THE EXCITEMENT, OR THE CONFUSION, CLEMSON WOULD BE A GROUP OF EMPTY BUILDINGS SERVING NO OTHER PURPOSE THAN TO FORM A SILHOUETTE AGAINST THE SUNSET.

THE EXPRESSIONS OF STUDENTS MAKE THE DIFFERENCE BETWEEN CLEMSON — A PLACE ON THE MAP AND CLEMSON — THE UNIVERSITY.
REMEMBRANCE

academics
The Board of Trustees Advises the School

The will of Thomas G. Clemson provided for the Board of Trustees to regulate matters of importance in the functioning of the university. Of the thirteen members composing the board, seven are life members and six are elected. The General Assembly of South Carolina elects three of the six board members every two years for four-year terms.

The current life members are Edgar A. Brown, President of the Board, Barnwell; James F. Byrnes, Columbia; P. N. Calhoun, Charlotte; Robert R. Coker, Hartsville; Frank J. Jervey, Clemson; James C. Self, Greenwood; and Winchester Smith, Williamston. Mr. Calhoun succeeds Mr. R. M. Cooper, former President of the Board, as a life member.

Members whose terms expire in 1968 are Paul Quattlebaum, Gordon McCabe, and Kenneth Cribb. The terms of A. M. Quattlebaum, L. D. Holmes and Oswald Lightsey expire in 1970. Mr. A. W. Rigsby from Clemson is the current secretary.
ROBERT COOK EDWARDS, President of Clemson University
Dr. Robert Cook Edwards has served Clemson University in capacities ranging from student leader to president. As an undergraduate and a graduate, with a degree in Textile Engineering, he holds membership in Phi Psi, the Arnold Air Society, Blue Key, Phi Kappa Phi, Tiger Brotherhood, and Scabbard and Blade.

Since becoming President of Clemson, he has received Honorary Doctor of Laws degrees from both Wofford and The Citadel.

Dr. Edwards served his country in the army, achieving a rank of major during his tour of duty; and now serves as Civilian Aide to the Secretary of the Army for South Carolina. He serves his state and community as a member of Lions International, the Clemson Rotary Club, the American Legion, the Shriners, and is a Master Mason, and a steward in the Methodist Church. His affiliation with United Student Aid Fund, Inc. and with the South Carolina Heart Association demonstrates his interest in all phases of active, constructive participation.

His interest is not limited in its scope but reaches also to sports, shown by his trip last fall to California with the football team. Dr. Edwards strives to better the ideals and activities of Clemson University.

Dr. Edwards discusses college with students.

President and Mrs. Edwards return home after a game.

"Now, I want you to block."
WALTER T. COX, Vice-President for Student Affairs

VICTOR HURST, Vice-President for Academic Affairs and Dean of the University

Vice-Presidents Coordinate Campus Activities

WRIGHT BRYAN, Vice-President for Development

MELFORD A. WILSON, Vice-President for Business and Finance and Comptroller.
Administrators Provide Necessary Aid for Many

A. WOOD RIGSBY, Assistant to the President and University Council

GEORGE E. COAKLEY, Dean of Men

JOE SHERMAN, Director of Public and Alumni Relations

HENRY W. RIMMER
Manager of Dormitories

ERNEST C. WATSON, Manager of Housing

MARY HOOD, Head Resident of Women's Dorm Number One

LUCILLE CORLEY, Head Resident of Women's Dorm Number Two

MANNING N. LOMAX
Resident Counselor
faculty
Clemson University is prepared to meet the challenge of modern education, in doing so fulfilling the increasing obligations to the young men and women of this generation. The faculty, dedicated to the instruction and guidance of pliable, young minds; is primarily concerned with the mental well-being of Clemson students.

This year the faculty, both full- and part-time, numbers 407 and, of these, 256 have attained the highest degree available in their areas of specialization. The widely diversified faculty is composed of members from 73 colleges and universities. If there is a yardstick for measuring the quality of instructors in concrete terms, it would be experience. The average of years teaching experience at Clemson is 9.8 years.

The many honors showered on our faculty each year are demonstrative of ability and desire to provide the stimulation and encouragement necessary for the advancement of our educational community and of the constant striving for increases in the knowledge available.

**GRILL MAN**

FOR Dunk 'N Dine. Good chance for advancement for sober, reliable person. App 658 Angier Ave., NE, or call 522-3500.

**GUTTER MAN**

EXP. local man and helper for regular work. Some inside shop work. 231-1673.

**GROCERY CLERK**

FULL-TIME job in our super market with excellent opportunity for advancement. Regular pay increase, good working conditions and company benefits. Experience helpful but not necessary. Call 758-6741, ext. 3 for appointment.

**GUARDS—SECURITY**

VACANCIES—Full or part time. Telephone 873-3322 day or night for appt.

**GRADUATE SCHOOL**

follow with methods. Po-
The primary purpose of the Graduate School at Clemson University is that of education beyond the level of the bachelor's degree through advanced courses, seminars, and research. The Dean of the Graduate School, Dr. F. J. Brownley, has the responsibility of coordinating these various programs.

At the present time there are over three hundred fifty graduate students at Clemson. The enrollment and curriculum has greatly increased within the past several years. Advanced degrees are now offered in Agricultural Economics, Agricultural Education, Agricultural Engineering, Agronomy, Animal Science, Bacteriology, Ceramic Engineering, Chemistry, Chemical Engineering, Civil Engineering, Dairy Science, Electrical Engineering, Entomology, Horticulture, Industrial Education, Industrial Management, Mathematics, Mechanical Engineering, Physics, Textile Chemistry, and Zoology.

Extensive facilities are provided for the Graduate Students to attain professional competence in their chosen areas especially through the promotion of developmental research. In order to keep pace with the rapidly changing order of society, emphasis is placed on the acquisition of general scientific knowledge as well as on the achievement of particularized professional skill.
GRADUATES

- ADAMS, GEORGE E.

It really hurts, doesn’t it?
School Alumni Association Supports Development

The powerful continuity that has kept Clemson University educationally excellent and Clemson alumni fiercely proud of their school has not waned throughout the years.

Of late, many Clemson alumni have made themselves an even greater part of the vision that was Mr. Clemson's. They have dedicated themselves to the service of Clemson University and have become a significant partner in its exciting, inspiring mission.

In supporting the academic mission of Clemson, they have watched the growth and progress of the alumni program with pride—just as they keep an interested eye on everything Clemson does. They have noted the solid role the annual Alumni Fund is playing in the development of Clemson's educational programs and how it is serving as a living endowment to benefit Clemson where it is needed.

In the last ten years the Alumni Fund has provided more than one million dollars for such programs as undergraduate scholarships, graduate fellowships, faculty research, teaching professorships, student loans, library additions, permanent endowment and the alumni service program.

During this same period $11,500 has been distributed in grants to Student Government and various student leadership and service organizations enabling these campus groups to initiate programs that benefit the entire student body.

Alumni discuss a football game at a recent reunion.
fall
I'm sorry you've been standing in the wrong line for the last hour. It's the next desk down.

Computers aren't so Nice to Some

Sighs of frustration and weariness pervaded the atmosphere as new semester began with the usual long lines of registration. This year, however, these feelings were statewide as a growing Clemson University added campuses at Greenville and Sumter to accompany its first extension at Anderson. Computer programming added to the already unbearable dilemma of registration, but efficient staffs helped make the process smoother as over 5,000 students were registered at the four campuses. The 1,600 freshmen were initiated into the way of college life and settled down to await the beginning of classes.

Students going through registration never realized how many people could fit into the Bursar's Office.
Bald Rats Don't Need Hair to Dance at Rat Hop

Beginning the Central Dance Association's 1966-67 social calendar was Rat Hop '66. A tradition at Clemson, Rat Hop provides the first opportunity for freshmen to demonstrate their amazing adaptation to college life to their hometown sweetheart. It is their first contact with Clemson life apart from books, study, and quizzes.

The Friday night dance featured Major Lance. The Major entertained with his hits "The Monkey Time" and "Um, Um, Um, Um," thrilling the hearts and exciting the frenzied thoughts of many an unsuspecting freshman.

Setting Saturday night's pace was the sound of three vibrant young ladies, The Marvelettes. They rocked the audience with such hits as "Don't Mess With Bill" and "Beachwood 4-5789".

Many a Clemson gentleman was left with fond memories of the 1966 version of Rat Hop. Freshmen had gotten their first big taste of college life. Although some had bitten the dust with over-exuberant efforts to snow the girls of their dreams with their social abilities and charm, to most it was a wonderful and memorable weekend.

Girls, girls, girls—it must be a dance weekend.
The Marvelettes ended a great Rat Hop weekend.

The house was packed for Rat Hop.
Skits and Corny Jokes
Tigerama Blasts Off
To a Big Success

Marty Jones is crowned Miss Clemson by Dr. Edwards.

Rat Man and Sparrow emerged as winning skit.

Intermission entertainment was provided by the Sentimental Jazzmen.
Fun and Fireworks, Miss Clemson Crowned

Fun, frolics, and fireworks returned to the Clemson campus Friday night of Homecoming in the annual all-student variety production of Tigerama. A crowd of over 10,000 was on hand in Memorial Stadium to witness the spectacular.

The tenth annual presentation of the Tigerama pageant, the kick-off event of Clemson’s gala Homecoming festivities, featured skits, variety acts, South Carolina’s largest fireworks display, a pep rally, and the crowning of freshman coed Marty Jones as Miss Clemson 1967.

The activities of Tigerama got under way early in the evening with pre-Tigerama, a giant pep rally with the Clemson cheerleaders and the Tiger band centered around a large bonfire. Then the festivities moved to the stadium where the program featured skits by six local fraternities, Women’s Dorm No. 2, and one local sorority. Kappa Sigma Nu won top honors in the skit competition with their version of Ratman’s rescue of the Clemson Tiger. A twenty-minute, $1,500 fireworks display that captivated the entire audience climaxed the event.
You Lied, Laugh it Off

At Homecoming, Tiger fans let off a little steam. The dance... well, you might call it the "cool jerk."

A Clemson man and his date slow down a little to a tune for all lovers.
The Central Dance Association again out-did themselves in the recreational department for the two dances of Homecoming Weekend. Friday night featured the Swing-ing Tams, ABC-Paramount recording stars screaming such hits as "What Kind of Fool", "Laugh It Off", and "Riding for a Fall", which was especially dedicated for the Duke Blue Devils. The Tams, a five-man recording group are well known in the Southeast and headline from Atlanta, Georgia.

Saturday night was even more rewarding. Smokey Robinson and his Miracles performed before a full house in perhaps the finest one-night stand ever offered at Clemson. Smokey is acknowledged as perhaps the most gifted songwriters of modern hits. His genius is illustrated today in songs sung by the Supremes, Temptations, Marvellettes, and Marvin Gaye, as well as Smokey's own group, the Miracles. In one word, he was a Miracle.

Smokey Robinson and the Miracles provided top-notch Saturday night entertainment.

Football, Dances, Girls, Parties, Mark Homecoming

Clemson students and their dates do the jerk to a popular hit song by the fabulous TAMS.

Extending of Bids
Tops Off '67 Rush

The old standard again, "What did you say your major was."

All rushees are required to sign in when they arrive at a rush function.

It's not all small talk at the smoker. The frat boys hit rushees with some pretty serious questions.
Rush Party Special-
Stag Girls for All

Clemson's Inter-Fraternity Council held its 1967 Rush during the first week of second semester. Beginning activities Wednesday was a meeting to inform all rushees of the rules and procedures of IFC Rush Week. Wednesday and Thursday there were open smokers. In order to pledge, a rushee had to visit at least four fraternities the first night and at least two the second. On Friday, invitational smokers were held. Saturday night featured invitational parties with bands and rush girls from Clemson and other colleges to allow rushees to demonstrate social prowess. Sunday drop-ins and cookouts were held. Quiet hours began Sunday night when bids were determined. Monday, the bids were received and accepted by 200 pledges.
Sam and Dave Provide Mid-Winters Soul

A slow dance adds a romantic mood to the dance.

Mid-Winters swiftly came to the Clemson students amid sunshine and fair weather, but this only acted to accent the fine dance weekend.

Friday night Clemson's own Caravelles played for the enjoyment of the student body. They held a captive audience by singing many of the popular songs. On Saturday, the activities started and ended with the superb performance of "Sam & Dave". The house was packed from the start, expecting as great an entertainment as they received. The crowd swayed to such well known songs as "You Don't Know Like I Know" and "Hold on I'm Coming".

The Central Dance Association certainly started the activities of the new year well, and the students backed them in their choice of bands. However great the weekend was, the majority knew that Mid-Winters was merely an indication of the fine social events that were yet to come.

The Caravelles start the Mid-Winters off right.
Not all of us can dance.

The Sam and Dave show was the highlight of Mid-Winters.
The sisters of Omicron play host to the rushees.

Entertainment for the rushees was provided by the sisters.

Drop-ins were an important part of rush week.

The Inter-Sorority Council and Clemson's three sororities presented sorority rush during the first week of second semester. On Wednesday, the rushees were informed of rules and requirements to be met, and they attended drop-ins for each sorority. During the next week, two invitational parties were held by each sorority. Theme parties were initiated this year with costumes and skits, as Sigma's-a-go-go and Alice in Wonderland.

After the parties, quiet hours began Wednesday night when bids were decided. Thursday, the Rushees signed their preference cards in Dean Delony's office, and Friday, bids were extended. The new pledges were then initiated into sorority life beginning with pledge pins and points to be earned as over forty coeds were accepted by the sororities as pledges.
SKE Unites Sororities in First Dixie Day

The first annual Dixie Day, sponsored by Sigma Kappa Epsilon fraternity, not only provided competitive spirit between the sororities but drew the sisters of each closer together.

Wednesday through Saturday, the sororities combed the campus for articles in a scavenger hunt. Friday evening the SKE's gave an informal dance at the armory. Saturday afternoon was spent at the Olympics with pyramids, five-legged races, egg throws, and tricycles. Composure was blown to the wind.

Saturday evening saw everyone in formal attire at the Magnolia Ball. During the intermission, Shelly White was crowned Magnolia Queen, and results of the Weekend's competition were made known.

Sigma Beta Chi sorority made a clean sweep of the trophies by winning the Olympics, beauty contest, and hat-snatching contest to receive the overall Dixie Week Trophy.

Putting on a military uniform in a sleeping bag is definitely tedious work.
The Spring Hop Weekend, was much of a disappointment this year when booked entertainment failed to appear. As usual, Friday night featured the annual Military Ball with attendance by the Advanced ROTC students. Music was furnished by Billy Butterfield and his Orchestra, but the good music was dulled somewhat by the uncomfortable military uniforms required. The highlight of the evening was the talented vocalist, Dottie Smith, backed up by Butterfield’s band.

Saturday night, sensational entertainment booked by the CDA failed to appear. The Four Tops, popular recording stars, broke their contract to fulfill another engagement in our sister state to the north. The show did go on, however, with entertainment by the back up band headed by Willie Mitchell.

The Military Ball provided fine entertainment for cadets and their dates.
Mr. Pitiful, Otis Redding, gives Satisfaction to the crowd.

Well, since they didn’t show, we might as well make the best of it.

“Honey, I can’t help it that the Four Tops didn’t show up.”

Four Tops No-Show Disappoints All at Spring Hop

GDA dances always attract a good size crowd.
One of Clemson's traditional evenings of fine entertainment, Junior Follies, was presented by the Junior Class on April 15. As the name implies, Junior Follies is a show annually produced and directed by the junior class. Dan Bowen, master of ceremonies, joked his way through an evening of exceptional talent. Featured groups, offering various tastes in music, performed for the entire student body. The outstanding talent included groups from Clemson, Georgia Tech, the University of Tennessee, and Winthrop, as well as a combined group of the Clemson and Winthrop Cloggers.

The purpose of the production is to raise money in order to pay expenses for part of the Junior-Senior Weekend which the junior class sponsors. Every year, mugs and other favors are given to departing seniors from the junior class.

Singing, Dancing, Clogging Presented at Follies

Dan Bowen emcees for Junior Follies.

Junior Follies presents beauty and talent.
Spring Sounds, Blue Grass and Jazz

Mu Beta Psi, national honorary music fraternity here at Clemson, presented its eighth annual Spring Sounds Concert featuring a variety of music and entertainment in Tillman Hall on March 24.

This year’s program was bigger and better than ever before. The entertainment included jazz groups, blue grass, folk music, rhythm and blues, rock and roll, and Chet Adkins style guitarist.

Bert Pearce and Gray Walsh, Tigerama emcees, gave another exceptional job with typical Clemson humor as Masters of ceremony. Perhaps the most popular act was the two Spring bunnies, Cynthia Carrow and Olis Brooks.

Spring Sounds presented student talent.

The Caravelles were one of the most popular groups at Spring Sounds.

Gray and Bert emcee show.
Fraternities Launch Big Greek Week

The frats have a week devoted solely to them—this is Greek Week. It starts on Wednesday with inter-fraternity competition in bridge, pool, ping-pong, and bowling. The competition is brought to a climax at Greek Olympics on Saturday afternoon. The Olympics feature such sporting activities as a tug-of-war, a pie eating contest, and many others.

Saturday night the IFC holds a dance where the Greek Goddess is chosen as well as the Greek of the Year.
The pool tournament is one of many Greek Week competitions.

The ping-pong tournament is another example of stiff fraternity competition.

The bowling competition was held at Oconee Lanes.

Left Right? or Right Left?
The new pool at the library was a favorite spot.

The Last Senior Day Is Full of Frolick

The years at Clemson seem to have been an endless stream of dateless dance weekends, pop quizzes and Saturdays, and exams no one could have passed. These were all part of the climb toward the goals that seemed so distant. When a senior finally reaches the spring of his last year, he needs to be allowed some special freedom to release the tensions that sometimes seemed to great to bear, so he can face a new beginning. But, the era of Senior Days is gone.

Bay of Pigs?
Senior Day proves to be too much for some.

"Bringing home the bacon" is harder than I thought.

Alright, you take three giant steps.
Year's Last Social Memories are Taps Jr.-Sr.

Martha and the Vandellas belt out a good one.

'66 Editor Al Roach receives small gift from publisher.

The last big fling—students dance the shag at TAPS Junior-Senior.
TAPS arrives on campus for distribution.

Dance, Parties
Banquets, Yearbooks

The students anxiously awaited the TAPS Junior-Senior, the Central Dance Association's annual conclusion to Clemson's social calendar. And for many seniors, this was the last social event as students. The festivities began with the Rivieras at Friday's formal dance. A refined, dignified atmosphere prevailed the field house. During the intermission, the TAPS staff presented the object of their year's efforts—the 1966 TAPS—to the faculty. TAPS beauties and candid photos were a refreshing break in the evening's gaieties.

Saturday, following the Junior-Senior banquet, the dance tempo was set by Martha and the Vandellas, as the field house was transformed by the heat of the music and the carefree dancing. At midnight, all was silent . . . everyone had departed to the fraternity parties and house parties which marked the close of the year's activities and still another memorable weekend.

Al Roach accepts a gift from the new editor Nancy Miller.
Clemson Grads Walk Down Aisle into Future

One of the world's most eminent scientists, Dr. Edward Teller, nuclear physicist and professor-at-large of the University of California, was the featured speaker at Clemson University's 70th annual Commencement on Saturday, May 14, 1966. Dr. Teller, whose brilliant research led to the development of the A-bomb, readily accepted Clemson's President R. C. Edward's invitation to participate in the traditional spring graduation ceremonies.

A combined Army and Air Force ROTC commissioning ceremony was held for 66 students scheduled to receive commissions as 2nd Lieutenants. Maj. Gen. John A. Beall of Fort McPherson, Georgia, was speaker.

Over 400 students graduated from the three colleges and three schools; among them were 50 in the Masters and 10 in the Doctoral programs.

In addition to these, there were five honorary degrees given. Doctor of Science degrees were presented to Dr. Teller and Dr. Henry H. Duke, professor at Iowa State University. Doctor of Law degrees were presented to news correspondent Frank McGee, Executive Vice-President of S. C. Tax Manufacturing Association, and T. Wilbur Thornhill, president of Charleston Oil Company.

A happy student climaxes his college career as he receives his degree.

A large crowd looks on as students prepare to receive their degrees.
Governor McNair, Mr. Self, and Mr. Cauthen talk things over after the ceremony.

Dr. Edward Teller addresses the graduating class.

Dr. Edwards bestows honorary degree on distinguished news reporter Frank McGee.
TAPS, the annual publication of Clemson University, is a tradition—a tradition that has presented five consecutive All-American yearbooks to Clemson University. But, tradition is more than winning awards. TAPS is a diary for every student at Clemson, recording the excitement and thrill of athletics, the pressure of academics, and the feelings of disappointment in the lives of Clemson students. All of these emotions are found within the pages of the TAPS. To the members of the staff, this tradition is the long hours of designing, tracing, pulling class cards, sorting pictures, and writing copy. It is scheduling pictures and fighting the clock the night before a deadline. But, most of all, it is the feeling of accomplishment in seeing the end result—TAPS 1967.

The 1967 TAPS represents a culmination of the thoughts, ideas, and hard work of fifteen students who comprise this year’s Senior Staff. We of the staff hope that you will gain as much enjoyment from TAPS 1967 as we have in presenting it to you, the students of Clemson University.

NANCY M. MILLER, Editor-in-Chief

TAPS JUNIOR STAFF. LEFT TO RIGHT: Chip Nusbickel, Marilyn Jones, Han Choon Lee, Becky Georgeo, Greg Miller.
Just as with every other organization, TAPS has its planners and its workers. To earn a position on the Senior Staff, one must first prove himself a reliable worker. This apprenticeship as a worker is served on the TAPS Junior Staff.

This year's Senior Staff sponsored two drop-ins for the difficult task of selecting an adequate Junior Staff. However, it soon became apparent that the 1967 Junior Staff was a capable group. They reported to school early to prepare for the massive job of registration. They stayed late into Christmas holidays to help editors meet their deadlines. They showed surprising spirit in the annual baseball game with the CDA for the challenge trophy. They became an integral part of the TAPS organization. In short, they got the necessary work done.

The Junior Staff is part of the enduring TAPS cycle. Many apply; few are chosen. This high degree of selectivity is directly responsible for the All-American TAPS.

The Junior Staff is an Integral Part of Taps

HARRY TINSLEY, News Editor
Tiger Celebrates Sixtieth Year of Publication

The Tiger, South Carolina's oldest college newspaper, celebrated its sixtieth year of publication. The Senior Staff, composed of ten editors, meets Sunday nights to plan the week's publication and to discuss its editorial stand. This year's was characterized by strong news and editorial policies adopted by veteran editors. Editorial comment ranged from the campus proper and the surrounding community to state politics.

Two of the readers' favorite items over coffee on Friday mornings were "From the Hillside," written by Associate Editor Charles Hill, and "Trailing The Tiger," a product of the four years experience of Executive Sports Editor Sam Carros. Bright, lively features, produced by Feature Editor Gus Johnson and his staff, and enterprising art work by Chief Photographer Langston Boyles and his boys brightened the pages of this year's Tiger.

Creative front page makeup and layout ideas for the whole paper were sparked by Managing Editor Bill Johnson, while a hard-working business staff headed by Buddy Holshouser provided the funds.

Coordination and ideas were provided by the Editor Ernie Stallworth, as the staffers worked at the fulltime job of producing a newspaper that was readable, interesting, and thought-provoking.

Junior Staffers Learn the Crafts of Journalism

The byline on a well-written story is the only indication of the staff-in-training on the Tiger, the Junior Staff. And the hard workers on the Business, Advertising, and Circulation staffs aren't able to receive that recognition. The writing members of the news, sports, features, and editorial departments may work hard for two weeks before their names appear in print. From weekly staff meetings to rewriting and individual critique sessions, the Junior Staffers are taught the craft of journalism. When their work appears on Friday morning, they feel a sense of accomplishment that only writers experience.

The Junior Staffers know that they are the ones who really make the paper come out every Friday. Efficiency, creativity, and plain hard work are the forte of these future businessmen and writers.
1967 Chronicle Receives Official Recognition

The Chronicle is Clemson's foremost variety magazine, its only variety magazine. Striving under the guise of a major service organization, the Chronicle entertains, encourages good journalism, and promotes creative interests through an adventurism format touching the fields of photography and the graphic arts. The magazine is neither all-literary nor all-humor, but contains student work displaying the better features of both. Besides a collection of selected short stories, poems, and essays, the magazine includes reviews and criticisms of plays, novels, and records that might be of more than cursory interest to students.

In 1967 the Chronicle received official recognition from the United States Government in the form of a second class mailing permit. Even with this somewhat dubious rating, the Chronicle in 1967 was elevated to the high pinnacle of a major service organization by the Student Senate.

A rewarding year, a year of accomplishment, and WE were there.

WILL B. BUSCH, Vice-President

JAY R. LUNCEFORD, Secretary-Treasurer

FRANK J. COX, Placing Chairman
The Central Dance Association of Clemson was formed with one purpose in mind: to provide the University with the best in entertainment throughout the school year.

The social calendar for the 1966-67 year was comprised of five major dance weekends: Rat Hop, Homecoming, Mid-Winters, Spring Hop, and Junior-Senior. The entertainment was characterized by such famous vocal groups as the Tams, Smokey Robinson and the Miracles, The Sam and Dave show, the Serendipity Singers, Major Lance, and the Marvellettes.

The CDA is comprised of eight Clemson gentlemen who successfully competed for a position on the Senior Staff. The responsibility is a tremendous one. Due to the size and importance of the task, the CDA must be run according to strict business principles. It is a close-knit brotherhood bent on providing Clemson with excellence in entertainment.
KEMPER E. HILL, III, Publicity Chairman

WILLIAM E. DARGAN, Floor Chairman

TERRY K. ALEXANDER, Decorations

STEVE S. McCROREY, Alternus
Why do we always wait until the night before?

So I’m working on my Ph.D., and I don’t know how to paint.

Kahuna puts finishing touches on the scrapbook.

CDA presents the JUNIOR STAFF.
Each year sixteen boys are chosen to compete for the eight CDA Senior Staff positions. From this Junior Staff are chosen eight boys who through competition have earned a position on the Senior Staff and are capable of continuing in the excellent tradition of CDA.

The Junior Staff is directly responsible for presenting the dances. It is a demanding job, requiring endless hours of work. Sacrifices must be made, hard work must be put forth, and CDA spirit must be realized before a Junior Staffer can even be considered for a Senior Staff position.

The Junior Staff is constantly striving to create new ideas to improve the dances at Clemson. Through the year these boys learn what it means to be a part of CDA and are ready to assume the tremendous responsibility that the position demands.

The Junior Staff is a Training Period for CDA

CDA JUNIOR STAFF. LEFT TO RIGHT; Bill Bearden, Charles Jennings, Jack Erter, Stan Kellett, Harrell Waldrep. SECOND ROW; Dennis Cartwright, Donnie Smith, Marvin Caughman, Bert Yarborough, Steve Hutchinson, Tommy Merrell.

TONY SCIALDONE, Chief Announcer

WSBF Ends Second Year of 24 Hour Broadcasting

With two years of 24 hours a day broadcast experience, WSBF now looks hopefully ahead to new developments in the future, including increasing power on FM and broadcasting through the summer months. With these goals in mind, the staff's main efforts this year have been to improve both the audio facilities and the "sound" of the station.

Coordinating these efforts is the responsibility of the WSBF Senior Staff . . . 12 students who constantly work together to assure continuing operation of this vital news and entertainment medium.

The Senior Staff are members of the three main divisions of operation of WSBF. . . . The Program, Engineering, and Business staffs. Each of these three staffs is headed by its respective director, whose responsibility it is to exercise the leadership and authority necessary for 24 hours a day programming. Each staff is subsequently divided into various departments to cover all phases of broadcast operations. Each Senior Staffer is delegated a definite responsibility as head of one of these operational areas.

Policy making is handled by the Board of Directors, as the station has a corporate structure. The board is composed of the Engineering, Business, and Program Directors, plus two appointed members of the Program and Engineering Staffs.
FELIX NEPVEUX, Transmitter Engineer

RICHARD BERKLAND, Music Manager

BOB KNOWLES, News Manager

JOHN DOZIER, Production Manager

JOHN FREDERICKSEN, Control Room Engineer
Junior Staffers See All Facets of Radio Work

Equally important to the station are the members of the WSBF Junior Staff. The Junior Staffers have served a semester’s “apprenticeship” before officially becoming members. During this training period the prospective Junior Staffer is exposed to all facets of radio work and is encouraged to fully investigate all the opportunities open to him. In addition, he has various station duties to perform weekly. The Junior Staffer then assumes his role in the operation of the station. Each member of the Junior Staff usually directs his energies toward one or two specific departments of his respective staff. Much of the actual maintenance, announcing, and writing is done by the Junior Staffers, who gain valuable experience and insight leading to heavier responsibilities in the future and possible appointment to the Senior Staff.

WSBF is South Carolina’s only 24-hour FM station and is equipped with some of the most modern equipment available. Its operation is entirely by Clemson students who perform all management, maintenance, programming, and actual broadcasting. In addition, a close bond of fellowship becomes apparent among WSBF staffers who enjoy working together for Clemson.
The program director explains the facts of radio life to a new staffer.
Now, if we put this piece on the first reel, and . . . !

The red wire connects to the green terminal—or was it the green wire to the red terminal?
The Student Government Voices Students' Desires

Second semester of each year the students of Clemson University elect the leaders of their Student Government. This representative organization is made up of three branches: executive, legislative, and judicial. The four student body officers fill the executive branch positions. Making up the legislative branch are ten senators for each of the four classes. The judicial branch is composed of all the different student courts.

The primary function of the Student Government is to give the students a voice in the coordination of their university. The Student Government is continually striving to make Clemson a finer place for both faculty and students. Yearly projects such as the selling of student health and accident insurance to raise funds for the Boy's Home of America give proof to show that the student Government is constantly concerned with the welfare of each student.

Serving as a direct liaison between the faculty and the students, the Student Government is ever striving to improve relations and understandings for the betterment of Clemson University.

WILLIAM S. WALKER, Vice-President

DENNIS A. BROSNAN, Treasurer
Justice Prevails in All High Court Decisions

The court system is the backbone of Clemson University's student government, and the most powerful branch of this system is the High Court. The High Court is made up of nine members of the Clemson student body, eight of which are elected at large from the senior class. The Vice-President of the Senior Class automatically holds the ninth position. Three attorneys for prosecution and three for the defense are appointed to assist the High Court members. Although the names of students tried are never disclosed, the High Court announces cases and decisions in the cafeteria to deter students from further violations. The Court deals with all violations of serious Student Regulations and makes its decision in a fair and unbiased manner according to the regulations set up by the Student Government.

SITTING: Mike Click, Terry Richardson, Randy Mahaffey, Bill Mays. STAN
DING: Charles Hill, David Narramore, John McInnis, Bill Dean.
Co-eds are Coordinated by Women's Association

Women's Student Association which was founded in the spring of 1966, was organized to better coordinate the rules and the activities among the co-eds in the two dormitories and the commuting co-eds.

Members of the WSA are composed of the president and vice-president of each dormitory, representative elected from each dormitory, and the president of the commuting Co-eds Club.

The Big Sister-Little Sister Program was successfully held at the beginning of the year. As part of the program the Big Sisters acted as hostesses at the President's Picnic. In the Fall an Open House was held at the girls' dorm for all freshmen to become better acquainted.

Women's resident court discusses dorm problems.
Residence Courts Act as Regulatory Agencies

The Judicial Branch seeks to prevent serious infraction of the established rules and policies of Clemson University. This branch of the Student Government reviews the violations of regulations and determines penalties when they are needed.

Comprising an important part of the Judicial Branch, the Men’s Residence Court and the Women’s Residence Court have a proved history of service to Clemson University from which their rules of procedure have been handed down from court to court. The Residence Courts are then, for the most part, as they were in their conception, regulatory agencies governing minor violations of student regulations dealing with dormitory activity.

In the Spring dormitory students elect three students to represent them as members on the courts. The President of the Student Body appoints two other students for each court which must be approved by the Student Senate.

Through the enforcement of the rules and regulations, the Residence Courts uphold the highest standards of conduct among the men and women of Clemson University.
The Student Senate is the direct representative of the Clemson students. It is through the Senate that students regulate and govern themselves.

The purpose of the members of the Senate is to carry out and enforce Senate actions. This work is done mainly through committees such as the Traffic and Grounds Committee, Committee of the Judiciary, Student Organizations Affairs Committee, and General Affairs Committee.

The Student Senate works closely with the faculty senate in student legislation. The Student Senate is also the liaison between students and faculty. The Senate is every student's chance to participate in and further improve their student government.

Elections Board

Central Spirit Committee

Ways and Means

The Executive Branch of the Student Government is composed of five major committees. These committees include the General Affairs Committee, the Financial Review Board, the Central Spirit Committee, the President's Cabinet, and the Ways and Means Committee. Their main purpose is to give support to the Executive Branch, whose job is to carry out all functions designated by the Student Government and also provided for in the Constitution of the Clemson University Student Body.

Considering all committees equally, the President's Cabinet is perhaps the most important. Members of this committee consist of the four student body officers, the Presidents of each of the four classes, and the chairman of the Ways and Means Committee. Essentially the committee's main objective is to advise the Student Body President, and it also must give a favorable vote to all Senate bills before they become law.

Another aide which the Student Body President may rely on is the Attorney General. He renders all necessary legal advice. He represents the Student Body in all courts. The Attorney General also keeps all official records for each branch of the student government.

The President's Cabinet Regulates All Committees
Clemson has Fifteen Elected to Who’s Who Among

JAMES LAWRENCE SUTHERLAND

JOHN DOUGLAS MATTHEW

WILLIAM SAMUEL WALKER, JR.

SUSAN RENFOE MOORE
Who's Who Among Students in American Universities and Colleges is a national honor and leadership organization for outstanding students who display exceptional character, leadership, scholarship, and service to the school. This year, fifteen Clemson University students were honored by their election to Who's Who. Their influence of character, leadership, and scholarship have greatly added to the betterment of Clemson University through participation in activities and organizations. Who's Who is one of the highest distinctions a Clemson student may attain. A nominating committee, composed of faculty, administration, and student representatives, considers the student's scholarship, his participation and leadership in academic and extra-curricular activities, his citizenship and service to the school, and his promise of future success.
Who 1966-67

CHARLES EDWARD HILL
Student helps distribute keys in dormitory office.

Hall Mamas wipe out dirty rooms.

MANNING N. LOMAX
Residence Counselor
Among the unheralded leaders of Clemson University are the hall supervisors who render an invaluable service to the university students. Their various duties include weekly inspection of the dormitories, posting bulletins from the Office of Student Affairs, and delivering Inter-Office mail. While the students are in the dorm, it is the responsibility of the supervisors to care for the welfare of each member of the hall. Hall supervisors also serve as an example of the traditional Clemson Gentleman to new students.

The supervisors also play a valuable role in the intramural competition, since they are responsible for the organization of their hall teams and for the generation of enthusiasm.

The supervisors have an important and sometimes rugged job to accomplish, but their job can also be a rewarding one. They are always ready and willing to help anyone with a problem, whether personal or academic.

Tiger Band Performs at Governor’s Inauguration

In their brilliant orange coats and black fur busbies, the Tiger Band, Clemson’s official marching band, has proudly represented the University at many functions this year. Other than playing at all home football games, the Tiger Band accompanied the Tigers to Atlanta for the Tech game, to Raleigh for the N. C. State game, and to College Park for the Maryland clash. The Tiger Band also performed at the governor’s inauguration and at all home basketball games and football pep rallies.

Under the direction of Bruce M. Cook and the field leadership of this year’s drum major, Marion Crooks, the Tiger Band presented exciting halftime entertainment featuring intricate maneuvers and excellent musical showmanship. Featured with the band were the Tiger Band Solo Twirlers—Sandy Tarquino and Dynva Edens.

Clemson Concert Band Toured the State in March

The Concert Band devotes its time to the study and performance of concert literature, interspersed liberally with selections from Broadway musicals, marches, and novelties. The concert tour this year was to northern and eastern areas of South Carolina on the fifteenth, sixteenth, and seventeenth of March. The tour concert was given on the twenty-first of March in the Clemson Field House. Concluding the year in April was the enjoyable presentation of the Pops Concert.

Formed at the beginning of second semester, the Concert Band is made up of both men and women volunteers. Excellent instrumentation and a well-balanced concert ensemble, which are arranged by the director, Mr. Bruce M. Cook, have given this organization a reputation as one of the finest concert bands in the area.

Glee Club Appears on TV for Christmas Program

Clemson University Glee Club 1966-67 was made worthwhile first by the doubling of its membership at the opening of the year. A social venture proved advantageous when both men and women had a cookout at Twin Lakes. Fall tours were new (first time this year). The Barbershop Quartet managed to steal the show with "After Dark" and almost learned a "soft-shoe" routine with "Bidin' My Time."

The television taping of a Christmas program in Greenville proved highly successful and humorous; everyone got to laugh at himself.

Singing for the tree lighting ceremony was a unique experience which brought the spirit of Christmas to the campus and to the concert which followed.

Randall Thompson's Testament of Freedom was presented by the Men's Glee Club (their first presentation of a major choral work for men's voices) on March 9. At the same concert, the Women's Glee Club emerged as a performance group.

Touring the eastern states in the Spring added excitement and attraction for a very worthwhile four days in April.

The 'Pops' Concert (first for the choral groups) showed contemporary popular music in some of its best forms.

A final outstanding event of the year was the Glee Club banquet which gave both men and women a tribute to a successful year.

The Clemson Players presented "Three Penny".

The King's messenger (Bat Dotson) arrives just in time to keep Mac the Knife (David Crawford) from being hanged in "Three Penny Opera."
Reaching and expanding continually since January of 1965, the Clemson Players have been recognized as a forceful group on campus. Now with their own place of gathering, the "Players' Pad," the group is becoming more solidly established. They have now built their own flats, acquired their own lighting, and some of their own props. Although an established group, the Clemson Players realize the significance of newer and better ideas. Arrangements have been made to begin a few classes of drama in the near future which will give the students credit for activity and interest in the theater. Arrangements have also been made for construction of a permanent structure for use in theater work.

Since their beginning, the Clemson Players have brought a variety of entertainment to the Clemson campus. The group's third season, beginning in the fall of 1966, brought productions of Eugene O'Neill's "Ah, Wilderness," E. William's "The Night Must Fall," and Berecht and Wilde's "Three Penny Opera."

"Opera" and "The Night Must Fall"

Mrs. Terrence, the housekeeper (Nita Frick), asks Mr. Laurie (Bob Eisenhower) if he saw his name in the paper.

The Clemson University Counterguerrilla Platoon was organized in September of 1962 to give Army ROTC cadets an opportunity for advanced military training. The unit strives to keep each member physically fit and to develop his self-confidence and leadership abilities.

The type of training the counterguerrillas undertake includes land navigation, battle drill, bayonet fighting, hand-to-hand combat, rappelling, and patrolling. This is supplemented by patrols in and around the Clemson area and field trips to Fort Benning, Georgia, and to the mountain Ranger Camp in Dahloneca, Georgia. The experience gained by this training will also be of great advantage to those who will attend summer camp.

To qualify for the platoon, a cadet must have at least a 2.00 GPR and demonstrate a high degree of physical fitness. However, the most important requirement to be a Clemson Counterguerrilla is desire—without it one does not succeed.

Counter Guerrillas Offer Advanced Army Training

Army Band Provides Guidance for Drill Maneuvers

The Army ROTC Band is a valuable asset to the Army ROTC Brigade at Clemson. Its guidance is necessary at drills, parades and other brigade functions.

The band is made up of select freshmen and sophomore cadets, most of whom have been in bands before or are presently in the Tiger Band; thus they are a well-trained musical group. Junior and Senior advanced cadets provide leadership and advise the band in order to set and maintain its high pace.

Each year the band visits other colleges and universities to represent Clemson in drill competitions with their Army ROTC Bands.

Through continued effort this vital organization represents Clemson University and the Brigade with dignity and honor.

Band members look sharp for inspection.

The Army ROTC Band.
AFROTC Band Adds Enthusiasm to Drill Sessions

The Clemson University Air Force ROTC Band is a vital part of the AFROTC Corp training. It is composed of freshmen and sophomores who have demonstrated an interest in the band. Since most of the members are also in the Tiger Band, the band members are a well-coordinated and practiced group, adept at doing their job well.

The purpose of the AFROTC Band is to provide music for the Cadet Wing during drill practice, special formations, and parades. The band's music and marching have added enthusiasm and increased the ability of the cadets at Thursday afternoon drill sessions.

The officers of the AFROTC Band are juniors and seniors who were former band members during their basic AFROTC course.

The Coaching Staff
Guides the Tigers

Behind the excitement of a victory or the disappointment of a defeat are the many long hours of planning and instruction of the coaching staff. These men are a group of dedicated individuals who enjoy working with and giving inspiration to each athlete.

The Clemson coaching staff is composed of individuals with the unusual qualities of a father, a friend, a sculptor, and a leader. These men have helped the Tigers earn a reputation of excellence in athletics throughout the country.

Clemson Brings Home
ACC Championship

To those who saw them play, the 1966 Tiger football team proved that a team's record is not always indicative of their strength. The Bengal squad finished with a 6-4-0 record against the strongest opposition a Tiger team has ever faced. Three of the four losses came against nationally ranked teams. A disappointing loss to N. C. State kept Clemson from a post season bowl game.

Experience is the key to winning football games. The 1966 season provided the young Tigers with the needed game experience. The 1967 Tigers should be ready for the top.

The offensive team yields the show to the defensive team in the UNC game.

FOURTH ROW: English, T., Bell, W., Fulmer, J., Ware, B., Bell, T., Hook, C., Craig, A., Jackson, J., Gore, B., Burton, D., Crouch, S., Locklear, M., Babk, B.
An offense led by record-breaking junior quarterback Jimmy Addison . . .

and tailback Buddy Gore . . .

...and Jacky Jackson accounted for some 2500 yards in total offense.

Addison Leads Tigers To Victory Over U. Va.

In a great comeback Clemson downed Virginia 40 to 35 in their season’s opener. Clemson scored early for a 6 to 0 lead, but Virginia followed with a touchdown to go ahead 7 to 6. The Tigers then scored twice to jump in front 18 to 7. The Cavaliers also scored twice as the half ended with Clemson trailing 21 to 18.

In the second half Virginia built a 35 to 18 lead. Then Wayne Bell and Jacky Jackson teamed up with Addison to score three quick touchdowns and win the game 40 to 35.
Clemson Loses to Ga. Tech by One

The Tigers scored first in the Clemson-Ga. Tech game in the initial period with Jimmy Addison connecting with fullback Bo Ruffner for an eight-yard touchdown play. The extra point try was wide. The first half ended with Clemson out front 6 to 0.

In the third quarter Tech recovered a Tiger fumble and marched 70 yards for a score. Clemson bounced back with Edgar McGee scoring on a five-yard pass from Addison. Tech came back with the winning tally to give them a 13 to 12 margin.

Clemson is still ahead at end of third quarter.

McGee takes touchdown pass to put Clemson back into lead.
Alabama’s Crimson Tide Rolls Over Tigers

Alabama’s Crimson Tide proved too powerful for the Tigers as they rolled to a 26 to 0 victory over Clemson.

In the first quarter Clemson moved to Alabama’s 28 and threatened to draw first blood. Don Barfield attempted a field goal, but it was wide and the Tide took over.

It was Addison directing most of the Clemson attack. He completed 10 of 18 passes for 109 yards. Rogers pulled in five passes to bring his season total to 14 for 224 yards gained.

Well, if you can’t beat them on the field, beat them on the head.

Wayne Bell fights his way downfield on a pass pattern.

Bama’s Crimson Tide engulfs Jackson at the line of scrimmage.
Barfield Downs Duke
Second Year in a Row

In this year's homecoming game Clemson came from behind to defeat the Duke Blue Devil's 9 to 6.

With Duke scoring first, Clemson trailed 6 to 0 for most of the first half. After missing a field goal from the 12-yard line, Don Barfield returned to split the uprights from 41 yards out, cutting the margin to three.

Late in the fourth quarter Phil Rogers broke into the open and hauled in an Addison pass for a 25-yard scoring play. The Tigers walked away with their second ACC victory.
Quarterback Troy Winslow dodges Clemson defensive back Phil Marion.

Southern Cal Trojans
Trounce Tigers 30-0

Before a crowd of 44,614 in Los Angeles Coliseum, Southern California downed Clemson 30 to 0. The Trojans scored in every period in moving to their sixth straight win against no defeats. USC threw up a massive defense in allowing Clemson its best field position of the day at the Southern Cal 35. In the game Addison connected on 11 of 20 passes, with Phil Rogers catching five.

One bright spot of the game seemed to come with the Tigers allowing no extra points after each of USC’s five touchdowns.

The anxiety of the game is reflected by the bench.
ABC's wide world of sports gathers Clemson into its realm.

Duke defender stops Jacky Jackson after Clemson's "Catch of-the-Year."

Tide's strong defense overwhelms Jacky Jackson.
Tigers Pull Ahead with Safety at Last Minute

Wake Forest saw a last second gamble backfire when Wilson Childers dropped Ken Erickson for a safety to give the Tigers a 23 to 21 victory.

The game was highlighted by Addison’s two touchdown passes, one to Wayne Bell and one to Edgar McGee. Following a scoreless third quarter and two fourth quarter Deacon touchdowns, the score was tied.

With less than a minute remaining, the Deacons stopped a desperate Tiger drive at the seven. On the next play, Childers nailed Erickson in the end zone to give Clemson the victory.
Clemson Smothers
U. N. C. 27-3

Clemson's Tigers, behind a 20 point 4th quarter surge, upended North Carolina 27 to 3 and notched their 4th straight conference win.

With the aid of an interception by Phil Marion, the Tigers overcame an early 3 to 0 Tar Heel lead when Jacky Jackson ended a 48-yard drive by plunging over from the one. The Tigers led 7 to 3 at the half.

The score remained the same until Gore scored in the 3rd quarter. The Tigers struck twice again on a seven-yard run by Jackson and an intercepted pass by tackle Richard Garick.

The UNC game saw the simultaneous unleashing of two talented tailbacks, Jacky Jackson . . .

Jimmy Addison hurdles a prone UNC line.

and Buddy Gore.
U. Maryland Folds Under Tiger Pressure

Clemson assured itself of at least a tie for the conference crown by defeating Maryland, 14 to 10, at College Park. The two teams scored 21 of the 24 game points in the first quarter, and the rest of the game was marred by rugged defensive play by both teams.

Following the scoring, the defense took over as Jimmy Catoe intercepted two Terp passes, and Kit Jackson and Wayne Page intercepted one each. The defensive line, anchored by Floyd Rogers and Wilson Childress, held the Terps to a meager 69 yards rushing.
Tigers Lose to State
In Second Half

North Carolina State, behind the talented toe of Harold Deters, handed Clemson their first conference loss of the season 23 to 14. The first half was evenly fought and ended with Clemson leading by one touchdown. State took the second half kickoff and moved to the Clemson 16. Deters came in to kick a 33-yard field goal. In the same quarter, Deters kicked his second field goal to cut the Tigers lead to one. In the final quarter, Deters pushed the Wolfpack ahead for good with his third field goal.
Professional Teamwork Demolishes Gamecocks

Before the largest crowd ever to see a gridiron battle in the state, Clemson trounced arch rival South Carolina 35 to 10. The win gave the Tigers the ACC Championship for 1966.

During the first half the Gamecocks managed to keep up with the Tigers. The half-time score read Clemson 10 and Carolina 7. The second half proved quite different though, for in the end the Tigers emerged victorious with an impressive 35 to 10 win. The victory gave Clemson fans assurance that the coming winter would be quite short.

Wayne Page downs Gamecock as Arthur Craig moves in to help.

It takes more than two chickens to stop a fighting Tiger.

Leaders on Grid Field
Receive Recognition

This year as in every year our football team was manned with many fine athletes. These athletes exhibited exceptional abilities and received awards and honors ranging from state to national recognition.

Besides the fine players, Frank Howard, the Tiger head coach, collected his 150th victory.

Clemson gained its first All-American football player since Lou Cordileone obtained the honor in 1959. There were five players making the All-ACC Team and eight on the All-State squad. Those receiving awards are a few of the fine players of which Clemson is proud.

All the heroes weren’t players. ACC Coach-of-the-Year Frank Howard displays the ball symbolizing his 150th victory as head coach at Tigertown.

Team's Batting Ranks in Top Three Nationally

Finishing 20-7-2 overall, the 1966 Tiger baseball squad coasted to its ninth consecutive winning season. In ACC competition the team ended 9-4, second only to North Carolina.

As a team Clemson batted a phenomenal .321, which ranked among the top three, if not number one, in the country. Team fielding placed within the top ten nationally.

Second baseman Rusty Adkins grabbed his second All-American honor. Ellis Dantzler led the team with a .380 batting average. Charles Watson headed the pitching department with six wins and one loss.
Jacky McCall's speed was a big factor for the Tigers last season.

Bill Parmer warms up for relief duty.
Tennis Team Finishes Second in ACC Finals

The Tiger tennis team steamed to another successful season finishing second in the ACC. Clemson, for the fifth consecutive year, was runnerup to UNC. The Tigers came within three points of capturing the ACC team championship. Zulfi Rahim became the ACC champion by defeating Gene Hamilton of UNC in the singles division. Sam Smithyman and David Wilkins won the conference doubles title.

Clemson swept the state meet at Clinton with loss of only one match. This makes the seventh consecutive state title held by the Tigers.

"Turk" backhands Wilkin's shot.

Clemson Cindermen Run Well in Regional Meet

Clemson track is quickly becoming one of the most popular sports at Clemson. The team has a young nucleus of players and has shown up well in the tough Atlantic Coast Conference.

The team trains in the fall as well as the regular spring season. Last fall the team culminated their fall practice at a regional meet at the University of Tennessee. The team ran very well and placed fifth to the spring season with a veteran squad led by Captain Lynwood O'Cain.

Almost, but not quite...
ACC Offers Golf Team Challenging Competition

This year the Golf Team struggled through a losing season, as the team faced rough competition in and out of the conference. Although the Clemson team put up a tough fight in every match, their opponents would not give in.

The team had five returning lettermen led by Pete Pierson. The whole team gained valuable experience this year, and, according to Coach Whitey Jordan, the coming season looks bright.

The golf team plays most of its matches at home but travels over the ACC for conference matches.

Block "C" Club Sports
Fine Clemson Athletes

The Block "C" Club is composed of Clemson athletes who have participated in sports with sufficient effort to obtain a block "C". The proud wearer serves as a fine example of Clemson's highly respected athletic teams.

This year, as in every year, the club raised money through selling of bumper stickers and managing the concession stands at basketball games. The profits were used to promote scholarship and sportsmanship at Clemson University.
Frank Liberatore, the eternal intimidator of Cubs.
Freshman Ball Teams
End Mediocre Season

In his first year as Head Freshman Football Coach, Bob Patton’s Cubs finished the season with a 2-3 record. The Cubs posted wins over South Carolina and Duke, while their losses came at the hands of Wake Forest, Georgia, and Georgia Tech.

After getting off to a slow start, the Freshman Basketball Team came on strong and ended with an even record for the season. The team, led by George Zatezalo and Mike Feer, looked impressive on the court.

Looking forward to the Clemson spring sports program the Cubs with able, young athletes show promise on the baseball, track, tennis, golf, and swimming teams.
Cross Section of Frosh Teams Shows Promise

Intramural activities aid physical fitness

Intramural sports are sponsored by the athletic department and are directed by Bill Wilhelm. This program includes the four sports of touch football, basketball, softball, and volleyball.

The winners in touch football were the Delta Kappa Alpha Deacons. In softball the Garden State team came out in first place. Fort Pitt won the basketball championship, while the Delta Kappa Alpha Deacons walked off as undisputed champions in volleyball for the sixth consecutive year.

"Bill Russell is left-handed, so I must be as good as he is."

So near, and yet so far.

Intramural sports give students an excellent chance to keep in shape.

George calls intramural games in the true manner of ACC officials.

Complete for a TD!

Ole Dead Eye takes aim and fires.
Cheerleaders Represent Clemson's Famous Spirit

Behind the proud traditions of Clemson is the group of dedicated Clemson Cheerleaders. These individuals instill into the minds of each new freshman these proud traditions of the University and kindle a new fire in the hearts of the upperclassmen. This spirit becomes a part of the education of each Clemson Man.

From the mighty “C-L-E-M” which rings from the walls of Death Valley to the chorus of “Dixie” which rocks the “Cow Palace,” the Clemson Spirit is lead by our hard working Cheerleaders.

Clemson Fencing Team Receives National Ranking

The Clemson University Fencing Club was organized in 1959 under the joint sponsorship of the YMCA and the Office of Student Affairs. In its seven years, the membership and scope of activities have steadily increased. In the most recent season, the club participated in all levels of intercollegiate and national fencing. The club is recognized by the AFLA and is ranked fifteenth in the nation by the NCAA. Under the supervision of Dr. Hal Cooledge, the club has experienced many exciting seasons and looks forward to a rewarding season this year.

Fencing coach, Dr. Harold Cooledge, instructs members on proper form.

There's more to fencing than just fighting with swords.
ACC Championship is Won by Clemson Rifle Team

The Rifle Team is one of the newer sports at Clemson. The club is sponsored and advised by M/Sgt. Lewis of the Military Science Department. The club competes in the southeastern area of the United States and has been highly successful.

This past year the Rifle Team boasted of being the ACC champions, 3rd Army champions, South Carolina State Champions, and the Western Carolinas Conference champions.

The team also competes in the National Rifle Association competition. The Clemson team has placed as high as 5th in the nation in these meets.

Rifleman takes aim on ACC Championship.

Soccer Team Enjoys Another Winning Season

The Clemson Soccer Club, now in its third year as an organization on the Clemson campus, has enjoyed another successful season. The club became a recognized intercollegiate athletic team in the Atlantic Coast Conference.

Each season the club has topped each previous year’s record. This season the club posted an impressive 9-1-1 record losing to Georgia Tech by only two points. Other teams that fell at the hands of Clemson were Presbyterian College, the University of Georgia, Furman, Duke, and Brevard.

Schmidt makes a defensive move for the Tigers.
Scuba Club Serves as Civil Defense Squad

The Clemson University Scuba Diving Club provides a training program in the use of scuba to the students of Clemson University. Each year the club makes several dives in places that vary from the mountains of northern Georgia to the Florida Keys.

The more experienced divers in the club make up a civil defense rescue squad which is on call 24-hours a day.

At the end of each semester this year the club held a banquet at which awards were given out for preceding training programs.
Renowned Instructor Leads Tang Soo Do

The Clemson University Tang Soo Do Club was founded in January 1966. It is an art which makes maximum use of the body, as an offensive and defensive weapon, rigorous training, and like all Korean styles, heavy emphasis is placed on foot technique and kicking.

The head instructor is Mr. Billy Hong who is a native of Seoul, Korea. Mr. Hong is a fourth degree black belt and is one of three masters of Tae Kwan Do in the U. S.

Several of the members of the club plan to enter the Jhoon Rhee National Karate Championships in Washington this summer.
Clemson FCA Combines Religion with Athletics

In its second year of existence here on the Clemson campus, the Fellowship of Christian Athletes has shown continued growth and success. Having only fifteen to twenty athletes in the fellowship last year, the present membership is over sixty. The Fellowship of Christian Athletes is a national organization composed of many fine athletes and coaches. The organization was founded by basketball coach Don McClinton in 1954. Its purpose is to confront athletes and coaches and through them the youth of our nation with the challenge and adventure of following Christ through the fellowship of the church. As athletes they recognize that they have an influence on young people, and they want that influence to count for Christ.
Clemson University’s Littlejohn Coliseum will be the largest indoor gathering place on campus when completed in June, 1968. The building will seat 10,640 for basketball games, 11,840 for speaking engagements and other forms of entertainment.

seniors
The Senior Class of 1967

The Senior Class of 1967 has reached the last rung in the ladder of higher education. Registration was merely a necessary evil, instead of a bewilderment. Expectation was reserved for those special things marked "For Seniors Only." Senior rings provided a welcome weight on your finger. Memories of those former years flew by as first semester exams and Christmas Holidays grew nearer. For those with graduate school in their future the GRE's offered worry and for the lucky ones fulfillment.

Yes, Seniors, this was the year the old Senior Day was buried and the new one christened; this was the year Jr.-Sr. was in your honor. Spring finals represented the last of your night long cramming. But more than this was the year you walked down the aisle at the amphitheatre in caps and gowns to receive your diplomas. From here you walk independent, but with emotions reminiscent of bygone days, into the Future, your own navigator, now directed by your years at Clemson University.
The responsibilities of the College of Agriculture and Biological Sciences include education, research and public services. Undergraduate and graduate degrees are offered in both subject matter areas. Most of the faculty members engage in full or part-time research. Experimentation is conducted with the goal of improving techniques and processes of agriculture with numerous accomplishments attributed to the vast program. The College of Agricultural and Biological Sciences participates in the University Lecture Series. This year they sponsored a lecture by Dr. F. C. Bawden, Director of the Rothamsted Experimental Station, Harpenden, England. The faculty and staff conducted numerous conferences, seminars, and short courses in subjects ranging from agriculture economics to zoology. During the past three summers the College has conducted a Secondary Science Training Program in Biology for outstanding high school students. It also provides special training for foreign students brought to this country through the United States Department of Agriculture and the Agency for International Development of the United States Department of State.

The College, in its broad program, considers the entire state of South Carolina as its campus. Clemson employees, through the Cooperative Extension Service, are located in each county of the State, and seven branch Experiment Stations help them to research problems common to the different soil and climatic conditions.

Students work on lab experiment in plant physiology lab conducted by Mr. Whitney.
Robin and Shelley find Zoology comparable to an Operating Room.

The School of Architecture expresses an expanding emphasis upon a progressive and individualistic attitude toward design in the field of architecture. In order to enhance this idea, the school presents a varied schedule of visiting lecturers and exhibitions. The visiting lecturers this year include Dr. Udo Kultermann, Abe Feder, Adnan Taspenar, Robert A. Petersen, Professor Amos Rappoport, Robert Sutton, Dr. George Boas, and Friedrich Oehmichen.

While architecture is a rather specialized course, the student must have a sound background in math and the social sciences. As the student develops his ideas, he puts them to use in the design labs where he applies his theories to design problems and projects.

In August, the School of Architecture exhibited the Kohoschka Prints. Later in the fall, the students will view the painting exhibits of Chesley Bonestell, Ireland Regnler, and Bob Moore. These exhibits help to enhance the overall education of the architecture student at Clemson.

During his final year at Clemson, the architecture student goes on to projects on a larger scale. These include town plans and complete structures. The sum total of all experience gained at Clemson is shown in the senior thesis. This treatise is presented by the graduating senior in his final semester of study.

Pete thinks out design problem before beginning work.

Lynn appears before an Architecture jury.
The College of Arts and Sciences provides a well-rounded curriculum for such fields as the humanities, physical sciences, and the social sciences, as well as applied mathematics, physics, pre-medicine, and chemistry.

The Bachelor of Arts program extends the scope of students preparing for careers in society, journalism, or law. Background is essential especially during the first two years of introductory study. The last two years involve specialized work in chosen fields of concentration. From the variety of majors and minors offered, juniors must select their area of concerted interest.

The language faculty present six foreign films each semester, including many that have won international prizes. Afternoon seminar series present such distinguished lecturers as Dr. O. B. Hardeson, of the University of North Carolina, and Dr. Robert West of the University of Georgia, a leading Renaissance scholar.

Dr. E. M. Lander, Professor of History at Clemson, is on sabatical leave as Fulbright lecturer at Jadavpur University, Calcutta, India.

Clemson is taking the first steps toward introducing experimental psychology by the employment of Dr. C. B. Caffrey as Assistant Professor of Psychology in the Department of Social Sciences.

Through these changes and improvements, the College of Arts and Sciences will continue to offer a widening horizon for educational development.

Education is the school which prepares today's students for tomorrow's world of teaching and instruction at Clemson. The students are not restricted to Elementary and Secondary Education, the field one generally connects with the teaching profession. They may enter other areas and delve into programs of Industrial Education, Agricultural Education, and Recreation and Park Administration. Again, one might suppose that they are confined to their specific fields, but they are expected to study the humanities, and various sciences and social sciences while working toward a degree in one of the education curricula.

The School of Education has expanded greatly since its organization. The Clemson University Chapter of the Student Education Association won the Outstanding Chapter Award in South Carolina for 1965-1966. The School sponsored a Future Teachers Association Day in which 425 high school students participated and in the spring also conducted a Choral Clinic directed by Dr. George Krueger, of Indiana University School of Music.

While in the School of Education, the student not only learns the theory behind projecting and relating his thoughts to others, but he is also allowed to apply his ideas and methods during his semester of practice teaching.

The School of Education is striving now as it will be in the future to convert students into teachers.

The College of Engineering enrolls the largest number of students. The eight curricula are Agricultural Engineering, Ceramic Engineering, Chemical Engineering, Civil Engineering, Electrical Engineering, Industrial Engineering, Mechanical Engineering, and Metallurgical Engineering. These majors do not train students for professions but rather teach them to develop ideas which aid in chosen careers.

Excellent professors are responsible for the development of the student’s mind. Dr. J. N. Thurston, head of the Electrical Engineering Department, was awarded the College of Engineering’s first Alumni Professorship. He has now been relieved of his administration duties, so that he can devote more of his time to training students. Many professors take leaves of absence so they can further their training which will aid them in instructing the students for their departure into the business world. This year Lewis T. Fitch, Assistant Professor of Electrical Engineering, continued work on his Ph.D. at Ohio State University. Also J. E. Brittain, Assistant Professor of Electrical Engineering, did further work toward a Ph.D. at Case Institute of Technology. While these professors are on leave visiting lecturers take their place.

This year Dr. James M. Pappenhaugen, Professor of Chemistry from Kenyon College, gave a series of lectures in Environmental Systems Engineering. Visiting lecturers help students adjust to their profession, a necessary and difficult part of education.

Providing an extensive education in the professional and textile fields is the goal of the School of Industrial Management and Textile Science.

The School of Textile Science allows the student to specialize in one of three programs: Textile Chemistry, Textile Management, and Textile Science. The curriculum involves not only courses connected with the major fields of study but also gives a basic background in the social sciences and humanities. When the student has completed his training, he is capable of managing a textile plant, administering a chemical plant, or conducting research in his particular scientific field.

The School of Industrial Management has a well-rounded program of technical and liberal courses designed to train the student for a management position from many points of view. As a result, the Industrial Management graduate is prepared to undertake a leadership position in many of the related business fields.

Recently, the School has undergone many changes. Professor Maurice Goldemberg has retired and several visiting lecturers and professors have joined the staff. The undergraduate enrollment has also increased greatly.

It is important for the graduate in Textile Science or Industrial Management to be well versed on many topics. Tomorrow's leaders must not be isolated within a restricted field. Clemson is striving to achieve this result.

juniors
The Junior Class of 1967

Clemson's Junior Class of 1967 is comprised of that group of students who have somehow managed to survive the trials and tribulations of the seeming distant freshman year, and the surprisingly and much too often over-confident sophomore year and have come into the full maturity and fellowship of class cuts, coffee breaks, and midnight bull sessions.

Juniors are immersed in their own problems, but find time to indulge in worthwhile projects, such as selling bookcovers, accomplishing the best Junior Follies yet, and honoring the graduating class with the Junior-Senior Banquet.

Yet as every year is met, it seems that each is endowed with its own peculiar realizations. For most Juniors there is, as one acquires more knowledge, infinitely more to learn, and the time is diminishing just as their store of memories increases. This is a creative and worthwhile year. Most are well into the curricula of their chosen majors, and the ultimate goal, graduation, is coming within feasible reach.

sophomores
The Sophomore Class of 1967

Our Sophomore Class, the infamous and varied class of '69, is composed of those mature upperclassmen who have finally come to the realization that social life is an enriching and necessary part of education. Not to be denied, classes are tougher, and many a night the lights shine on the quad in the wee hours of the morning.

But undeniably, the road to Queens and Winthrop is more exciting than the familiar one of the previous year to Dan's. No longer immersed in thoughts of at last being out of reach of parental supervision, sophomores have a more mature outlook on college life. Belonging is a primary asset, and club membership becomes important as Fraternity Rush rolls around and publications acquire junior staffers. There is the inevitable switching of majors as suitable careers are sought, and for most, won.

Through a sophomore's eyes, the long, hard way seems not so distant. Confidence is the keyword of sophomores bent toward success.

The library provides a quiet atmosphere for studying.
The police take time out to eat after writing tickets.

Books are essential objects for education.

Classrooms require cleaning.

Designing takes a steady hand.

All takes time out for a nap.
SOPHOMORES
Midnight finds the boys working on a project.

Shelley dreams of the day she will be a senior.

ABC televises the Duke game.
The Freshman Class of 1967

To the 1967 Freshman Class, Clemson University looms as a bewildering mixture of totally new experiences. The lines at matriculation were miles long, the myriad forms seemed to be Chinese puzzles, the upperclassmen were to be looked upon in awe and the freshman picnic was a refuge for those with shaven heads and orange rat hats; well accustomed to the beaten path to Dan’s.

The all night vigil of the drumbeaters guarding Tom Clemson at Rat Hop was an old tradition fulfilled by Rats who had somehow failed to comprehend the necessity of their labors.

The Rat System is an initiation into the brotherhood of Clemson men; men who will eventually prove themselves leaders, whether they be stockbrokers on Wall Street or mad scientists on the first moon flight. Whichever, they are a new generation of Clemson’s finest, a symbol of the past, and the hope of the future; and the future will shine in the light of their brilliance.

Fight, Tigers, fight!!!

"I thought pooling was a high court offense."

Becky Ballard explains the "Rat system" to freshman coeds.

"This rat hat should fit."
"I don't care if I was a bad rat, but this is ridiculous."

"A million and one, a million and two..."

"Rats" wait at Tillman Hall for matriculation material.

"But well-dressed rats always wear one."

"You might as well be happy with a bald head."
"A Clemson gentleman is what?"

Registration is worse than studying for a quiz.

Dr. Edwards entertains the freshmen at his annual picnic.

Clemson University
at Sumter

extensions
Clemson University Extension at Sumter is located in Sumter, S. C. The campus is located on the west side of town and is composed of four buildings. The buildings are all new and of the latest architectural design.

Enrollment at the Extension numbers 97. Of this 97, there are 68 men and 19 women. There are also five male and five female part-time students.

The faculty consists of seven members. Six of these members are full time and there is one part-time faculty member. Dr. S. M. Willis is the director of the Sumter Extension. Dr. Willis is a former member of the Industrial Management Department on the main campus.

At present the Sumter facility offers all courses required of a freshman for any major required on main campus. It is not forseen for the future that this requirement for courses will not be met. The Sumter Extension is Clemson University for the freshman and sophomore years of those students choosing to reside in Sumter for their first two years of college.

S. M. WILLIS, Director of Extension

This view is very familiar to the students of the Sumter Extension.
Students take a well-deserved rest between classes.

Clemson University at Greenville

Clemson University at Greenville is located within the Greenville County Technical Education Center on S. C. 291 By-Pass in Greenville, S. C. Since the Extension is located at the TEC, there is only one classroom building.

The breakdown of students attending the Extension is 143 men, 21 women, six male part-time students, and five female part-time students.

Thirteen members compose the faculty at the Greenville Extension. There are nine full-time faculty members and four part-time members. Some of the part-time faculty drive the forty miles from Clemson to Greenville to instruct their classes. Dr. C. B. Thompson, a former member of the Social Sciences Department on main campus, is the director of the Extension.

The Extension offers all freshman courses required for majors of the six colleges. Due to lack of space within the TEC building, the number of courses may be limited next year.

Within the next two years, these students will transfer to the main campus in Clemson, S. C.

Alpha Zetas Attend Ithica Conclave

Alpha Zetas is a national agricultural fraternity, whose members are selected from undergraduate and graduate students in agriculture and biological sciences possessing high qualities of scholarship, leadership, character, and personality.

The fraternity undertakes several social and service functions, highlighted by an annual banquet in the spring. Members attend the South East Conclave in the spring. At the conclave in Ithica in the fall of 1966, the scribe and chancellor were chosen from the Clemson Chapter. The fraternity has been voted Outstanding Chapter in the Southeast several times in recent years.
APO Holds "Ugly Man On Campus" Contest

Alpha Phi Omega national service fraternity is the largest service fraternity in the United States. Previous affiliation with some part of the Scouting Movement is usually required for membership. APO at Clemson, which has an active membership of about forty, works with the Boy Scouts. It teaches them swimming, lifesaving, and scouting skills. Each year APO sponsors an annual Scout Field Day. At the beginning of each school year, APO gives each student a desk blotter. Alpha Phi Omega distributes the Chronicle and provides graduating seniors with a copy of Careers magazine. For the past three years APO has raised money for the Student Emergency Fund through the "Ugly Man On Campus" contest.
Homecoming arch welcomes alumni back to Clemson.
Blue Key Coordinates Successful Tigerama

Blue Key is a national honorary and leadership organization which recognizes on over one hundred college campuses throughout the nation a select group of students for their service to campus, community, and nation. Blue Key annually undertakes several activities to benefit the campus community. Foremost among these projects is the planning, coordinating, and directing of Tigerama, Clemson's annual student variety production which is put on during homecoming. But most important is Blue Key's function of bringing together leaders from all phases of campus life into a weekly meeting. Student government leaders have spoken at several of these meetings. There was an alumni drop-in following the North Carolina-Clemson football game. Blue Key strives to inspire its members to grow in character and in intellectual achievement.
Danny points out that the ideal to which Blue Key is dedicated is service to Clemson University.

Randy Mahaffey, president of Blue Key, escorts one of the Miss Clemson University contestants.

David Redden listens to the plans for the alumni drop-in after the North Carolina-Clemson football game.
Daniel High Key Club
Started by Circle K

The Circle K Club is not a social fraternity; it is a service organization for college men on the campus and is similar to Kiwanis and the Key Club. It is a leadership and character building group which serves the campus and the community. This year the Circle K started the Key Club at Daniel High School in Clemson. The club participated in Religious Emphasis Week, and helped with the Jerry B. Addy memorial scholarship fund. As fund raising projects the club sold rat hair cuts to the incoming freshmen and washed cars.
Gamma Beta Phi Gives Collator to School

The Gamma Beta Phi Society is a service leadership organization for college students. The organization strives to promote scholarship, leadership, and good citizenship at Clemson. Membership in the chapter is limited to former Beta Club members and worthy individuals with high scholastic records.

The chapter as its first function presented the school with a collator for use in the Alumni Department. This year the chapter is helping to form new chapters of Gamma Beta Phi in colleges and universities across the state. The chapter also cooperates with the music department and Mu Beta Psi in the publicity of the Clemson Concert Series.

Cheers to the Gamma Beta Phis.

Chris directs formation plans of high school Beta Club.
Iota Mu Sigma Visits Federal Reserve Bank

Iota Mu Sigma is an honorary fraternity which pays tribute to Industrial Management majors who have proven their abilities in the fields of leadership and scholarship. Frequent field trips are taken throughout the surrounding areas. Among the areas visited are the Carling Brewery and the Federal Reserve Depository in Atlanta, Georgia, and the Wachovia National Bank in Charlotte, North Carolina. Membership is limited to those boys in the Industrial Management curriculum who have at least a 2.7 GPR.
Keramos Gives Books To Olin Hall Library

Membership in Keramos, the national honorary and professional ceramic engineering fraternity is an honor highly coveted by students in ceramics. It signifies outstanding achievements in scholarship, leadership, and an active interest in the advancement of ceramic technology.

Each year the Clemson chapter of Keramos makes a presentation of books to the Olin Hall Library. Keramos members visit various high schools in South Carolina and neighboring states to present to juniors and seniors the opportunities offered in ceramic engineering. Outstanding students are honored at the annual awards banquet at the end of each year.

Dennis discusses ceramic's problem with lab partners.
Mu Beta Psi Presents
Spring Sound Concert

Mu Beta Psi, Delta Chapter, has been active since 1937 stressing the importance of music as a part of university life. Presentation of the Annual Concert Series is a major project at which the members serve as ushers and marshals and sell tickets. Spring Sounds is a money raising project which presents prominent musical groups on campus. Formal and informal initiations are held for male faculty and students who are sincerely interested in music.

Plans for Spring Sounds musical production are worked out.
Dr. Macaulay Speaks To Sigma Tau Epsilon

Sigma Tau Epsilon is the honor society of the College of Arts and Sciences at Clemson University. A student must have a grade-point ratio of 3.0 before he will be considered for admission into the society. Membership is divided into three classes: student, alumni, honorary. Upon unanimous consent of the society, awards are presented to the senior in the College of Arts and Sciences, on Honors and Awards Day having the highest scholastic standing. Professor Macaulay from the Economics Department talked to the members on "Improvement of Undergraduate Teaching" and Dr. Mark Steadman from the English Department talked on "Humor".

Achievement Tests
Given by Phi Eta Sigma

Phi Eta Sigma is a national brotherhood for male students who attain a grade-point ratio of 3.5 or more during either semester of their freshman year at Clemson. It sponsors achievement tests in math and in English in which interested freshmen may compete. The individuals who score highest on each of these examinations are given special awards on Honors and Awards Day. It also awards a medal to a scholastically outstanding senior each spring. The club sent three delegates to the national convention in Auburn, Alabama in November.

Phi Kappa Phi Honors Outstanding Scholars

The Honor Society of Phi Kappa Phi has from its beginning endeavored to promote the ideas that by recognizing and honoring those who have excelled in scholarship other students may be inspired to work for high rank and that scholarship is not limited to any single field of endeavor.

Student members serve the University as officers in almost all the organizations on the Clemson campus. High academic attainment and service to their fellow students are qualities which will help them remain in positions of responsibility and leadership after they have left Clemson.

A delicious meal awaits Phi Kappa Phis.
Professor Macaulay prepares economics lesson.

Suzanne Culbertson prepares for her economics class.

Members enjoy initiation banquet.
Tau Beta Pi Offers Slide Rule Course

Tau Beta Pi is the national engineering honor fraternity. Annual activities include worthwhile service projects, such as the free slide rule course, the maintenance of study rooms in the Civil Engineering building, and the presentation of a special award to the outstanding sophomore engineering student. Tau Beta Pi officially initiated the presentation of a Woman’s Badge in 1936. Alpha chapter presented this award last year to Mary B. Trout.

Members listen for their names as David calls the roll.

David opens discussion on engineering problem.
Architects Honored
By Tau Sigma Delta

Tau Sigma Delta, a national honor society in architecture and the allied arts, was first represented at Clemson University in the spring of 1965. The society is engaged in several endeavors within the School of Architecture, such as the publicity of Architectural Foundation lectures and the entertainment of guest speakers. This year, for the first time, the society will consider also as candidates for membership outstanding students in the curriculum of Building Construction.
Christmas Drive Held
By Tiger Brotherhood

Tiger Brotherhood is one of the oldest and most select service organizations on the Clemson Campus. It sponsors the "Mother of the Year" award each spring. Tiger Brotherhood provides freshmen with guided tours and a drop-in to help them become more familiar with their campus. A Christmas drive for underprivileged children is sponsored by the Brotherhood. Tiger Brotherhood contributes much to the Clemson Tradition and Spirit.
He roars for Clemson—THE TIGER.

Claude, Steve, and Jim relax in the Tiger Brotherhood room.

One of the traditions of Tiger Brotherhood initiation is for the new pledges to wear costumes for a day.
Xi Sigma Pi Promotes Practice of Forestry

The objectives of Xi Sigma Pi are to secure and maintain a high standard of scholarship in forestry education, to work for the upbuilding of forestry, and to promote fraternal relations among earnest workers engaged in forestry activities.

It is the intention of the fraternity to honor the forestry student who excels scholastically and possesses a personality that would tend to make him successful in forestry work. Xi Sigma Pi aims at stimulating scholarship in forestry and at bringing together in good fellowship those students who have shown exceptional ability.

R. NIEDERHOF
President

Pledges remove blindfolds after formal initiation.

Club projects pertaining to forestry are planned.
Plant Trips are Part Of AATCC Activities

The main activities of the American Association of Textile Chemists and Colorists include speakers from industry, plant trips, and a steak supper each semester. It is thought that the various speakers and plant trips bring the students closer to the realities of the Textile industry. The members also come in contact with the leaders of the textile industry fostering relationships that may result in better jobs on graduation from Clemson.

This is a familiar sight in the Textile industry.
AEC Encourages Study In Agriculture Field

The Clemson Agricultural Education Club is an organization for Agricultural Education majors and young men who participated in high school FFA programs. Each year the members travel to high schools throughout the state to encourage seniors to enter into the field of agriculture. Members view films on some phase of agriculture and participate in the fall cookout and spring banquet held each year. The increasing number of boys enrolling in this club is evidence that it is successful.

ACS Promotes Annual Speaking Contest

The American Ceramic Society’s primary purpose is to acquaint the students of the Ceramic Department on a social and not on an academic basis. The society participates in conventions, plant tours to the Fiberglas Plant in Anderson, S. C., picnics, and an annual student speaking contest in which the winner represents the local chapter at the national convention. This convention will be held in Chattanooga, Tennessee this year. The society annually erects a Homecoming display and sponsors a Homecoming Queen contestant. A banquet is held where awards are presented to outstanding students in Ceramic Engineering.

Members take part in an experiment in the lab.

An extra pair of hands is always needed in ceramics lab.
AATT members take a break before a meeting.

AATT Hears Speakers On Textile Industry

The American Association for Textile Technology was organized at Clemson University in 1962. The purpose of AATT is to keep the textile students informed on the developments in the textile industry. This is accomplished by having speakers from industry at the monthly meetings, by going on field trips, and by having related films at the meetings. All undergraduate students majoring in textiles are eligible for membership in the student organization.

Textile students are informed on the developments in the textile industry.
Textile students soon learn that practice makes perfect.

Jack and Ronnie personally experience the effects of the textile equipment.

Lee, J. E.  Mancouilli, J. M.  Maynard, H. P.

Kenneth has an accident in Sirrine Hall.
ACHS Sells Equipment For the Laboratory

The student chapter of the American Chemical Society is open to all students majoring in chemistry or chemical engineering. Numbered among the yearly activities of the organization are picnics, field trips, and service projects. The American Chemical Society sponsors a tutorial program for students enrolled in freshman chemistry. All projects are financed through the yearly sale of laboratory aprons and safety goggles, thereby eliminating the need for collection of local dues while promoting the use of safety equipment.
ADSA Presents Dairy Achievement Award

The Clemson chapter of the American Dairy Science Association is the oldest departmental club on campus. The club sponsors two judging teams in alternate years. This year’s team participated in both the national and southeastern dairy cattle judging contests. A Clemson member is serving as second vice-president of the Southeastern Branch of the American Dairy Science association. The club presents a Dairy Club Achievement Award to the student showing the most improvement during his stay at Clemson.
Laser Beam Topic for Chemical Engineers

The student chapter of the American Institute of Chemical Engineers has been active on the Clemson campus since 1948. To be eligible for membership, the student must be at least a sophomore in Chemical Engineering. This year the chapter has heard guest speakers lecture on the "Laser," "Hybrid computers," and "Engineering in Nuclear Fields." The chapter's activities this year included the building of a homecoming display and the sponsoring of three special functions.

Members learn firsthand how certain chemical processes work.

Members ask questions about engineering in nuclear fields.
The chemical engineers show their spirit at homecoming.

Members of AIChE learn about the many job opportunities open to them upon graduation.
Chemical engineers work on a difficult problem.

Valuable information and experience are gained by working in the labs.

James finds the lecture entertaining.
Members learn how to advance the standards of Agricultural Engineering.

ASAE Visits Republic Steel Corporation

The American Society of Agricultural Engineers strives to promote the science art of engineering in agriculture. Members participated this year in field trips to Rome Play Company, Republic Steel Corp., Ralston-Purina Company, Jesse Jewel Produce Company, and the Southeastern Soil and Water Experiment Station. This year’s school activities included a homecoming display, the Christmas card project, and magazine gift subscriptions to the infirmary.

The engineers get firsthand experience in watching an experiment.

Thomas and other members get helpful instructions.
ASCE Chapter Hears National President

The Clemson University student chapter of ASCE was established to provide opportunities for the students in civil engineering to make professional acquaintances and associations.

Various field trips help to prepare a student for his work after graduation. This year, at a banquet at the Clemson House, the national president of the American Society of Civil Engineers spoke to a combined meeting of the student chapter and its parent chapter.
Speakers keep the members informed on practical aspects of engineering.

The CE building is an impressive sight at night.
At meetings members learn about new developments in the field of engineering.

Civil Engineers gain valuable experience in the field.
The Clemson Horticulture Club is a charter member of the Association of Collegiate Branches of the American Society for Horticultural Science. Club membership is not limited to horticulture majors but is open to all students. This year’s activities included a fall cookout, a Christmas party and the annual Spring Banquet. "Juice Sessions" were held periodically to make grape juice for sale in the Agriculture Sales Room.
AllIE Members Present Papers at Conference

The purpose of AllIE is to stimulate and to promote the interest and advancement of Industrial Engineering at Clemson University. Members may attend the regional AllIE Student Conference in the spring. Last year the conference was held in Atlanta. At these conferences members meet students from other schools and exchange ideas. Students may present a technical paper at the conference, thereby practicing his ability to present information and to compete for cash awards. Ash trays are made and sold by the club to obtain money to finance its project.

Plans for programs are made that will give members a better insight into the concepts of I.E.
Industrial engineers are often found working with oscilloscopes.

Dean Hardister shows another industrial engineer how to operate apparatus.

IE majors work on a problem in the lab.
ASME Chapter Holds Coveted Bendix Award

The American Society of Mechanical Engineers is an organization which acquaints students with the activities which are occurring in the mechanical engineering field. The club participates in ASME student contests—design contests, the Bendix Award, and technical paper presentations. Clemson is the current holder of the coveted Bendix Award which is presented for the best organization, programs, and student participation.
Members view a demonstration of a smoke tunnel.

Refreshments are enjoyed after meetings.
Barbecues Sponsored By Block and Bridle

The Clemson University Block and Bridle Club is the professional club of the Animal Science Department. The club's activities are financed by annual spring and fall barbecues. The club's junior and senior livestock judging teams and meat judging teams compete in Chicago, Memphis, Baltimore, and Atlanta. Every spring the club sponsors a livestock judging contest and a meat judging contest. Trophies and ribbons for these events and other club awards climax the year at the annual banquet.
Dr. Wheeler speaks at the fall initiation.

Members are happy about the plans for the livestock judging contest.
Forestry Club Holds
A Local Conclave

Since its formation in 1957, the Clemson Forestry Club has formed the nucleus for a closer relationship between students and faculty members.

The climax event of the year for the club is the forestry conclave, which consists of events pertaining to the arts and skills of forestry. The winners of the local conclave then compete in the regional conclave against members of forestry clubs from other colleges.
William and James study the progress of the life of a pine.

Forestry Club's display says, "Fell hell out of the Blue Devils."
State Award Given to The Education Club

The Clemson University Education Association is the pre-professional association for Clemson University students preparing to teach.

The group sponsored a High School Visitaton Day for the Future Teachers of America. The club was awarded the "State Chapter of the Year" Award last spring by the South Carolina Education Association at the annual South Carolina Student Education Association Convention. This was the first time the award has ever been given and the Clemson University group was the youngest participating club.

George tells about the plans for the High School Visitation Day for the Future Teachers of America.

Four student teachers tell about their experiences as teachers in junior and senior high schools.
Delta Sigma Nu Makes Trip to Charleston

Delta Sigma Nu, Clemson University’s pre-medical fraternity, promotes interests among students who plan to enter some field of medicine.

The club had Dr. Jervey from the Medical College of Charleston and Mr. Anderson from the Clemson University Psychology Department as speakers. The activities of the club include mixers, parties, an annual banquet, and an annual trip to the Medical College of South Carolina.
4-H Club Distributes Monthly Calendars

The Clemson University 4-H Club has taken a big step in providing a much needed service to the student body. With the help of the Alumni Association, the 4-H Club is printing and distributing monthly calendars to the students.

The club members have been informed of 4-H activities by talks from Mr. J. B. Williams, State Boys 4-H Agent, and Dr. W. C. Mickleberry of the Food Science and Biochemistry Department. A trip to Rock Eagle, Georgia State 4-H camp for the southeastern collegiate conference climaxed social activities of the club.
IE Fraternity Honors
Mr. L. R. Booker

The Gamma chapter of Iota Lambda Sigma was one of the first professional fraternities organized on Clemson’s campus. Membership is limited to the juniors and seniors in Industrial Education who have completed a portion of their major subjects with at least a B average. This year Mr. Dewey Block spoke to the group on “Clemson In The Past”. The group also honored Mr. Leonard R. Booker with a retirement dinner at the Clemson House.

Robert and Henry gain further knowledge of industrial education.

Members by working closely in the lab create a feeling of brotherhood.
IEEE Develops a New Library-Lounge Room

The Clemson University branch of the Institute of Electrical and Electronics Engineers unites student electrical engineers both professionally and socially as well as fostering professional development. A picnic and banquet are yearly IEEE functions. The engineers combine their talents to produce an electrical homecoming display each year and are currently developing a library-lounge in Riggs Hall. During the second semester, Clemson sends representatives to the Regional Convention which was held last year at Georgia Tech.
The electrical engineers are very proud of their electrical homecoming display.
Agronomy Club Makes Annual Field Trip

Kappa Alpha Sigma, the Clemson University Agronomy Club, is open to all undergraduates interested in agronomy. It sponsors a student-staff cookout at the beginning of each semester and a senior banquet at the end of spring semester. Members attend the National Convention of the Student Activities Subdivision of the American Society of Agronomy and participate in the National Soils Judging contest. Kappa Alpha Sigma makes at least one field trip and publishes Corn Shucks, the newsletter.

Members learn about the plans to sell Indian corn to finance other projects.
Council Participates
In Orientation Week

The Student Agriculture and Biological Science Council was organized in February 1958. The council's goal is to serve as a sponsoring group for activities of interest to the entire School of Agriculture. This year these goals are being met through participation by members during Orientation Week, High School Visitation Day, talks given by members to groups stressing the importance of agriculture and biology in our society, and social functions such as folk dances for Clemson students.
Pre-Vets Visit Sand Hill Experiment Post

The purpose of the Pre-Vet Club is to stimulate an appreciation of the veterinary professional and to further the interest of the student in veterinary medicine.

In the spring the sophomores are taken to the Sand Hill Experiment Station to observe the work done there. Later during Easter Holiday the club visits the University of Georgia to tour their Veterinary School. At the end of each school year the club holds a banquet to install new officers.

Pre-Vet members often find the visits to the animal barns amusing.

Through club meetings the student’s interest in veterinary medicine grows.
Young Democrats Hear S. C. Governor Speak

The Clemson University Young Democrats Club is an organization of Clemson students whose purpose is to provide a forum for free discussion of important social and economic questions in relation to the Democratic Party.

One area of activities has been the bringing of speakers onto the Clemson campus such as Robert McNair, Ernest Hollings, Donald Russell, John West, Bryan Dorn, and Earl Morris.

Senator Hollings and Gail Addis go through the dining hall lunch line.
Career Day Highlight Of the SAM Program

The Society for the Advancement of Management's program is highlighted by Career Day. This year the program included forty top business executives from over thirty different career fields who were on campus to answer questions and to give information concerning their respective fields. The members take field trips to the Henderson Advertising Agency and to the Deering Miliken Management Center. Leading businessmen from industry are invited to speak at monthly meetings.

SAM members are dedicated to the advancement of management.

Joe Rogers Addresses Young Republicans

The Clemson University Young Republicans Club was formed on the University campus in 1960. The club launched Operation Green Beret as the most ambitious project of the year. John Grisso, candidate for U. S. Congress, Alex Miller, a former member of the Special Forces, and Joe Rogers, candidate for Governor, have addressed the club. Club members campaigned for the Republican Party before the November 8 elections.
Prominent speakers make the club meetings very interesting.

David, Harris, and James make plans for Operation Green Beret.
Young Republicans hope that their campaigning pays off.

A speaker keeps the attention of the club.

Club members listen while John Grissio lectures.
Beaux Arts Ball Ends
AIA's Activities

The student chapter of the American Institute of Architects is a professional organization open to all students in the architecture curriculum. The activities include a film series offering cultural and educational showings. Two main social functions sponsored by the chapter are a picnic in the fall and Beaux Arts, a masquerade ball in the spring. This year, it published a portfolio of work to project the school image.

IFC Hosts Christmas For Underprivileged

The Inter-Fraternity Council of Clemson University was founded in 1959 with the primary purpose of coordinating and governing the activities of the nine social fraternities. First semester was busy with open rush functions such as the Open Quadrangle and two open houses. The semester ended with the annual Christmas party for the underprivileged children. With the beginning of second semester came Rush Week, the most important time of the year for all the Greeks. The Greek Week activities in the spring climaxed the social year for the fraternities and the IFC.

The mighty Greeks vie at Marathon for their laurels.

There is much deep concentration as Lesene brings up a question at IFC.
Alpha Gamma Takes Active Part in IFC

Although Alpha Gamma is the youngest fraternity on campus, it is not the least active. The brotherhood participated in building a Homecoming display, IFC and intramural sports, and other smaller projects during the semester.

During second semester, the fraternity participated in Greek Week, Fraternity Sing, intramural and IFC sports, the annual Spring Banquet, and a summer houseparty.

Brothers check bulletin board for messages.

Rowdy Deacs Keep Traditional Spirit

Since Delta Kappa Alpha was chartered in 1959, the brothers have sought to uphold the traditions of brotherhood and preserve their reputation as the "Rowdy Deacs". The Deacs took second place for their Homecoming display this year and held parties at big dance weekends. First semester the fraternity held its annual fall houseparty, in keeping with the spirit of the season. Through active participation in all phases of college life, the Deacs are well known as campus leaders.

Delta Phi Kappa has Highlands Houseparty

The Delta Phi's started first semester with a party during Rat Hop weekend featuring the famous "Unknown Five." During Homecoming the DPKs placed second at Tigerama and won third place in moving displays. The highlight of first semester was a houseparty in Highlands. During Rush Week the DPKs entertained their future pledges to the tunes of the "Melody Makers." Greek Week wound up a fine year for DPK when last year’s "Greek Champions" defended their title excellently.

KDX Holds First Formal Midwinters

First semester projects for the Chis included the winning Homecoming display "Soc 'Em Tigers," informal cook-outs, open rush drop-ins, presenting a pep rally skit, intramural sports, giving the Homecoming Alumni picnic, entertaining the boys from Miracle Hill School and the Christmas "gag party." Second semester began with Rush, highlighted by the Chi Rush party featuring the checkmates. Other activities included a formal Midwinters party and houseparty.

KDX welcomes rushees.
Snappers Come Out On Top Homecoming

KSN began its social year with a party at Little Creek Recreation Center. Then came Homecoming. While KSN's Ratman and Sparrow were dealing their first place blows at Tigerama, the rest of KSN was busy constructing their giant replica of Tillman Hall which won the still display competition. During Rush, brothers and rushees danced to the music of the Soul, Inc. KSN climaxed this year with the spirit of the Old South prevailing at their annual Country Gentleman's Ball.
KSN wins first place with their Homecoming display.

The Snappers entertain Rushees by looking at a few hands.
Numeral Society has Full Social Year

The Numeral Society enjoyed its finest social year in "66-67." Moses Dillard and the Dynamic Showman at Rush and Homecoming, Soul, Inc. at Midwinters, and the Nomads at Carolina weekend were just a few of the bands that appeared at Nu Sig parties. Houseparties at High Hampton Lodge during the fall and spring semesters were also events on the Society's full social calendar. The addition of 18 pledges highlighted the Society's best year.

The Numbers are in high spirits as they present their Tigerama skit.
W. W. THRAVES
President

Brothers take a break during an open smoker.
Phi Kapps are
IFC Football Champs

Phi Kappa Delta has had a well filled social calendar this year. A dance weekend never slipped by without a great party with outstanding sounds such as the "Caravelles" for Homecoming. This fall, the "Fabulous Phi Kapps" captured the IFC football championship after much practice at their houseparty in N. C. They began the spring semester with a great rush, again featuring the Caravelles, and then rounded out the year with a houseparty and Greek Week Activities.

The Kapps turn out in full fashion for Greek Week.
The friendly Phi Kapps enjoy meeting the boys during Rush.
Zetas have Formal Dance and Banquet

Sigma Alpha Zeta is a social fraternity that continually strives to develop the character of its members through a variety of social activities. Highlighting the Zeta's social year were combo parties featuring such groups as the "Monarchs" and "Julius Cobb." Always a high point in the fraternity's social year is its annual spring banquet, and this year's was no exception as an elaborate dinner was followed by a dance in the always fun-loving Zeta tradition.

The Zetas work on Homecoming display.
Zetas take time out to relax in their lounge.
First Dixie Day
Sponsored by SKEs

Sigma Kappa Epsilon began the year with a party and a breakfast at the Oconee Country Club with music by the “Sleepless Knights.” Rat Hop was followed by many hours spent on the Homecoming display entitled “The Death Valley Duo.” After the game the SKEs held a reunion for alumni brothers. Rush Week, Greek Week, and a spring houseparty filled second semester activities. Dixie Week’s scavenger hunt, Olympic games, beauty contest and dances ended the memorable SKE year.

The finished Homecoming display after days of "punching crepe paper."
SKE judges tally results of Dixie Day event as sororities await decision.

Ted and Sam help SBX with their clean sweep of trophies for Dixie Day.
ISC Hosts Greek Feast

The Inter-Sorority Council serves as a link between the sororities to coordinate their various projects and social functions. At the President’s Picnic, the ISC organized a program of singing by the three sororities and in November, a Greek Feast was given to acquaint potential rushees with the sisters of each sorority. This year, the ISC also worked in conjunction with the IFC in presenting a Christmas Party for underprivileged children. The council aided the SKEs with Dixie Day, in which the sororities compete for awards.

The sororities scored a big hit with their salute to the fraternities during Fraternity Sing.
Delta Theta Chi Sends Welcome Letter

The "Deltas" began the year by writing welcome notes to new girls, making banners for football games, and making a homecoming display. During Halloween the sisters had a "Spook Party." Rush, a drop-in, a "Play Boy Club Party," and a banquet at the Clemson House, was followed by the sisters participation in Dixie Day sponsored by the SKEs. The Deltas closed a wonderful year with a house party at the beach.

Many different themes are represented at the DTC Spook Party.

Highlight OZT’s Year

OZT’s year began by sending all freshmen girls welcome letters. Omicron made signs for home football games, and in October held a houseparty at Fripp Island. In December, OZT partied at their “Christmas Champagne Party.” During exams, they sponsored an all-night coffee break with coffee and doughnuts. After a tea and a “come-as-you-are” Breakfast during Rush, they accepted fourteen pledges to help them at Dixie Day and with their service project of adopting a needy family.

“We did do one thing right during Dixie Day.”

SBX Gives "A Tiger Tale" in Tigerama

This year Sigma Beta Chi found a varied range of projects, including a Tigerama skit, pep signs at football games, and a Sadie's Backwood's Children's Party. The sisters also ushered for the Clemson Little Theater and made over 4,000 shakers for the Homecoming game. Second semester activities included Rush with a Sigmas-A-Go-Go and Alice in Sigma-Beta-Chiland parties, Pledge Slave Sale, and Dixie Week.
Sadie’s Backwood’s Children’s Party was fun for all.
Fourth Regimental Headquarters of the National Society of Pershing Rifles is commanded by members of the society from Clemson who govern the five states, Alabama, Georgia, North Carolina, South Carolina, and Tennessee. The fourteen companies of the regiment placed second in the National Ratings last year.

The headquarters' principal events of the year were the Regimental Assemblies, the Regimental Drill Meet, and the Regiment sponsored Postal rifle matches.
Company C-4 Performs At Mardi Gras

Having served their freshman year as pledges, Clemson’s Pershing Rifles Company C-4 is composed of academic sophomores with junior officers. This year the PR’s took first place in the Monroe Invitational Drill Meet and attended the Cherry Blossom Festival and Mardi Gras. They appeared on television during the Charlotte Carousel Parade, the Clemson-Duke football game, and the Atlanta Falcons game. On campus the PR’s served as ushers, honor guards, and helped move the coeds into the dorms.

Angels Holds Drive To Benefit Orphans

Angel Flight serves Clemson in conjunction with the Arnold Air Society by selling corsages at home football games, providing guides for SAM's Career Day, and escorting school counselors at a convention held in Clemson.

On Veteran's Day, the Angels helped the local chapter with their annual poppy sale. The Angels held a very profitable drive for the benefit of Greenville's Miracle Hill Orphanage, and several Angels attended the area conclave in Florida.

Light Brigade Drills
With Army ROTC Units

The Light Brigade was founded in 1964 as a military auxiliary unit to sponsor the units organic to the Clemson ROTC Cadet Corps. Coeds are selected for membership on the basis of character, appearance, poise, personality and interest, and must maintain a grade-point ratio of 2.0.

Members serve the cadet brigade in a secretarial capacity and act as official hostesses for visiting military dignitaries. This year the Light Brigade enrolled freshman cadets into the ROTC program, the pledges held a profitable bake sale, and a drill unit was initiated.

Scabbard and Blade Aids President’s Box

Scabbard and Blade, a national honor society, is the most highly regarded college military organization in the United States. Company K, Seventh Regiment, strives to uphold these standards of excellence in the military in leadership and character.

This year Scabbard and Blade activities included selling rat hats, sponsoring the Military Banquet, co-sponsoring the Military Ball, ushering in the President's Box at home football games, and conducting night tactical problems during initiation of new members.

An unsuspecting freshman purchases a rat hat.
Initiate Wilkes is ordered to enjoy himself.

Arnold Air Society Honors AFROTC Cadets

The Arnold Air Society is an honorary professional society composed of outstanding AFROTC cadets who wish to gain a working knowledge of the United States Air Force. Members of the society are afforded opportunities to associate with other cadets who are also planning to become a part of the aerospace team.

The society gained recognition through such projects as the Soap for Viet Nam drive, a campus-wide blood drive, and corsage sales.

Angels and Cadets are engaged in friendly chat.

Arnold Air initiates go through traditional exercise.
SAME Visits Redstone Arsenal in Alabama

The Society of American Military Engineers is an association of both civilian and military engineers joined to increase the engineering potential of the United States. The Clemson University chapter is composed of army and air force cadets as well as other students of engineering.

Meetings range from military and civilian speakers to film presentations. Members visited Cape Kennedy and Redstone Arsenal to widen the scope of their knowledge.
Beta Sigma Chi Throws
Oyster Roast at Beach

In 1962 the Charleston County Club became a service fraternity, and, each year since, has given a $200 scholarship to a deserving freshman from Charleston County. To raise money for the scholarship fund, the club holds dances in the Charleston vicinity during the summer. The Dardnellos played at the annual Thanksgiving dance. During Christmas Vacation a dance was held, and the members enjoyed an oyster roast at the beach. The spring semester brought several more enjoyable social events for members.
Chester County Club Gives Scholarship

The Chester County Clemson Club was formed in 1959 and is composed of Chester County students attending Clemson University. The club holds bi-monthly meetings to plan activities and social functions. Proceeds of the dances are contributed to the Chester County United Fund, the Boy's Club of America, and to a memorial scholarship fund. The annual Christmas dance was one of the highlights of the club’s social year. The club’s participation in intramural athletics is varied and affords opportunities for fellowship and sportsmanship.

Members vote as to the date of their Christmas dance.
ISA Hosts Its Annual International Supper

The International Student Association is composed of students from as far away as Japan and as close as Panama.

In addition to parties and socializing, the members often visit surrounding schools to lecture on the customs of their countries. The highlight of ISA's activities was the international supper. This supper provided other students and members of the Clemson community with a taste of the foods of different countries of the world.
York County Club Has Active Year

The York County Clemson Club is a newly formed organization with the purpose of promoting fellowship, and improving scholarship among the York County Clemson students. The club has undertaken several projects this year including the establishment of a travel board at Winthrop for Clemson students and their dates and a scholarship for a club member. The club has also held several dances in Rock Hill, featuring the Caravelles and Moses Dillard. The club concluded the year with a trip to the beach.

York County club never has a dull moment at a meeting.
religious
BSU Members go to Charleston Convention

The Clemson University Baptist Student Union has had such speakers this year as Mr. Bob Towell of the University of South Carolina and Dr. Dewey Carpenter, professor of chemistry at Georgia Tech, who spoke on "Science and Religion."

Approximately twenty members traveled to North Charleston Baptist Church for the annual Fall Convention first semester where they heard Dr. Foy Valentine and Dr. Gordon Blackwell, President of Furman University. Weekly visits to the old age home at Six Mile, S. C., comprise a new mission project.

Randy joins in the singing at BSU on Sunday night.

Baptist Student Union provides opportunity for members to join in fellowship and singing.
Clemson Canterburyans Entertain Deputations

The Canterbury Club, organized in 1924 in association with Holy Trinity Episcopal Church, provides fellowship for the Episcopal students on campus and strives to bring students closer together.

The club's service projects include the sponsorship of a six-year-old child from Taiwan. One of the club's most enjoyable social functions is sending and entertaining deputations from Converse and Winthrop.

Clemson Canterburyans attend state, regional, and national conferences in order to learn more about life and their church.

President Martin leads discussion concerning the regional conference.

Clemson Canterburyans discuss what to send Tsin-Hua Nee for Christmas.

JAMES I. MARTIN
President

Christian Scientists Maintain Library

The Christian Science Organization on campus is a group of faculty members and student Christian Scientists not affiliated with any church. Activities of the group are varied. The organization maintains a lending library of Christian Scientist material next to the lounge of "A" dormitories. In addition it sponsors a chapel program each Sunday at 11:00 a.m., and the holding of a testimonial meeting each Wednesday at 7:00 in the Student Chapel. Often there are films shown with a discussion following.

On January 20th, Neil H. Bowles of the Christian Science Board of Lectureship spoke at the annual lecture sponsored by the group.
Hillel-Brandeis has Bagels and Lox Brunch

The Hillel-Brandeis of Clemson University is dedicated to the service, spiritual and social, of the Jewish students. This year the club held a bagels and lox brunch as a drop-in for both old and new members and those interested in joining the club.

Since there is no resident rabbi in Clemson, Hillel-Brandeis works closely with rabbis at the University of Georgia. This fall Rabbi Cohen of Greenville spoke before a joint meeting of Hillel-Brandeis and the Presbyterian Student Association.

During the High Holy Days, the club provides transportation for its members to attend one of two synagogues in Greenville.

Members discuss transportation problems for Yom Kippur.

Officers prepare refreshments for a post-meeting social.

President Goldstein emphasizes a point.

LEFT TO RIGHT: Bennet Levine, Sanford Loef, Jeff Abrahams, Barry Koretz, Mike Kasha, Mark Goldman, Steve Goldstein, Earl Cohen, Murray Coleman, Perry Glassman.
Communion Breakfasts
Held by Newman Club

The Clemson University Newman Student Association is a religious, intellectual, and social organization. The club sends representatives to the annual Province and National Conventions of the National Newman Student Federation.

The Newman Club offers lectures on the Vatican Council by Father Fisher, Mass in the Student Chapel, Bible vigils, and student-faculty communion breakfasts.

This year the Newman Club held a Fall Finale, a pizza party, and reception at Newman Hall. The club sponsors the annual Newman Awards Banquet and collects for the United Fund in the campus area.
“Y” Staff Coordinates
YMCA Program

The many services and activities of the Clemson YMCA are used by every student on campus.

The backbone of the YMCA program, the YMCA staff is headed by the Secretary General, Mr. J. R. Cooper, and the Assistant Secretary, Mr. O. D. Nelson. Bobbie Palmer serves as Office Secretary and Nash Gray as Assistant Secretary. Through the leadership of these conscientious and competent people, the YMCA program continues to be an integral part of the Clemson campus.
"Y" Cabinet Takes Ice Skating Trip

The YMCA Cabinet selected by the "Y" President coordinates programs for "Y" members throughout the year. Forums were held to enable students to question administrative officials and civic leaders.

The public relations committee published a newsletter for all members, a student directory, and a YMCA Bulletin. Deputations were exchanged with Winthrop, Columbia, and Furman. The Cabinet held cook-outs, a Christmas party, a talent show, and an ice skating trip to Highlands.

Henry explains some of the YMCA exchange programs.
Senior YMCA Council Presents Green Beret

The Senior YMCA Council sponsored the annual YMCA concert again this year, continuing their service to the students of Clemson University. First semester the senior council presented two programs led by Alex Miller, a former Green Beret stationed in South Viet Nam. The practical and human interest sides of the war were discussed. George Rush, the student chaplain, led the discussion at another program. From unselfish service and interesting discussions council members are given rewarding insight into human problems.
Junior "Y" Sponsors
Annual Frosh Retreat

The Junior YMCA Council promotes fellowship among its members and also among other members of the Junior Class through its activities. The council aids in the spiritual and social development of its members through community and campus service projects.

The Junior Council sponsors the annual YMCA retreat for entering freshmen before school, drop-ins during intermissions on dance weekends; and provides ushers for the convocations during Religious Emphasis Week. These activities supplement weekly meetings to lend variety and interest to the year's program.

Campers enjoy meal at Frosh Retreat.

LEFT TO RIGHT: Kolb, F., President; Feige, H. Vice-President; Nuckols, C., Secretary-Treasurer.

LEFT TO RIGHT: Kavan, B., Bishop, T., Stepp, J., Grey, N., Wingard, R.
Sophomore "Y" Sells Candy for Project

The YMCA Sophomore Council was involved in a wide variety of activities during the year. Discussions were held on the history and goals of the YMCA. Movies were shown of past retreats, Homecomings of Clemson, and Freshman camps.

The Sophomore Council held a marshmallow roast, a bowling trip to Seneca, worked on the Homecoming display, and participated in the "Y" basketball and ping-pong tournaments.

The council sold six hundred boxes of chocolate covered mints to raise money for their World Service Project to build and maintain YMCA's around the world.
Campers leave with many memories of many rewarding experiences.

**Freshman “Y” Sponsors Varied Discussions**

The Freshman Council of the YMCA is composed of freshmen interested in the aims and ideals of the “Y”. This year the Freshman Council sponsored a mixer to allow members to become better acquainted. Discussions included a Negro panel talk on civil rights; a talk by one of Clemson's foreign students about the problems he had encountered in the United States; and a discussion on the new morality.

The Council provides excellent programs for Clemson students in their effort to promote fellowship and participation.
epilogue
EPILOGUE

THE TIME OF CLEMSON UNIVERSITY 1967 IS PASSED. FOR SOME THERE WILL BE NO MORE WALKING BY THE CALHOUN MAN- 
SION TO CLASSES, NO MORE GOING TO PEP RALLIES, AND NO 
MORE SEEING THE GLOW IN THE EYES OF CHILDREN AS THE 
TIGER ROAMS THE FIELD. THE 1967 GRADUATE WEARS HIS 
RING WITH PRIDE AND AS A SYMBOL OF THE TIME HE SPENT 
AT CLEMSON. SOME HAVE REGRETS, PERHAPS REGRETS THAT 
THEY DID NOT APPLY THEMSELVES ENOUGH TO EARN THE 
PRIVILEGE OF WALKING ACROSS THE STAGE. FOR OTHERS THE 
YEAR MARKED ONLY THE BEGINNING OF A LONG ROAD. THIS 
YEAR IS GONE, AND MEMORIES REMAIN. YET, ONLY THE FUTURE 
CAN REVEAL WHAT YOU GAINED FROM CLEMSON UNIVERSITY 
1967 BECAUSE IT IS A FOUNDATION UPON WHICH TO BUILD.

Congratulations

to the

Class of 1967!

Lunar bases, propellants, boosters, payloads—all are familiar words these days. Words our grandparents never knew.

But the strongest, most unchanging words in America always have been about people—what they believe, how they live.

We hope, when you look into this annual years from now, the best words still will be those our ancestors knew so well—COURAGE, FAITH, AMBITION, UNITY, LOVE, HONOR and PATRIOTISM!

Best wishes from . . .

The Man Behind the Machine Works for Springs...

So do 18,000 other people.
In 19 plants and 25 sales offices.
And then there's the Computer Center.
And the administrative offices. The Fabric Design Department. The Engineering Department. The Foundry. And the Machine Shop.
To say nothing of the Corporate Development Division. The research labs. The Executive Offices. The production and sales divisions. And things like that.

The man behind the machine (the one in the picture) is working on the control panel of a new cloth bleaching range.
Textiles. Where the action is.
Ask the man from S.P.R.I.N.G.S.

NOTHING SO DURABLE AS DURAWELD

STEHEDCO Duraweld Harness Frames are Premium Grade and guarantee longer life. Each Duraweld frame stick is a lamination of strips of carefully selected, high quality wood permanently bonded together for greater strength and stability. This assures less distortion, warping, and splintering, with greater holding power for hardware, and elimination of weak spots.

SOUTHERN Duraweld Shuttles are made of finest quality tempered dogwood end blocks, for greater resiliency and tip retention, permanently bonded by an exclusive Southern method to long wearing wall sections of laminated wood or plastic. They assure at least 100% longer life expectancy with only a very moderate weight increase.

STEHEDCO Duraweld Picker Sticks provide the unexcelled combination of greater strength and whip, plus resistance to warping. They are made of multiple laminated veneers of high grade hickory reinforced with veneers of vulcanized fiber, permanently bonded with phenolic adhesive into a uniform panel.

Duraweld Harness Frames, Shuttles and Picker Sticks are manufactured with great care under rigid Quality Control methods, and will pay for themselves over and over again with superior performance and longer life. Ask one of our qualified Sales Engineers to show how YOU can start counting your savings when you invest in DURAWELD.

PRINTED AND BOUND BY THE R. L. BRYAN COMPANY, COLUMBIA, SOUTH CAROLINA
The 1967 TAPS staff expresses its deepest appreciation to Dean Walter T. Cox, Mrs. Sybil R. Albert, Dean Geo. E. Coakley, Joe Sherman, E.T. O’Cain, Gaspar-Ware, H. Neil Gillespie, and to the many others who have given of their time and interest to TAPS.
