Readers, please allow a couple of new members to NASIG to introduce themselves in this quarter's column:

**Katy DiVittorio** started April 2 as the Serials Acquisitions Specialist at the University of Colorado, Denver.

This is a new position at UCD. I previously worked in ILL at Lewis & Clark Law School in Portland, OR. While working at L&C I took every opportunity to help out in the serials department. It is an area I greatly enjoy and am thrilled to now be working full time. I am receiving my MLIS from San Jose State University in May 2012. I am happy to be joining NASIG and look forward to the networking opportunities the organization offers.

And then there is **Karen Harmon**.

I am a Master of Library and Information Studies student at the University of Oklahoma and a serials technician at the Schusterman Library on the OU-Tulsa campus. As one of the 2012 John Riddick Student Grant recipients I greatly appreciate the opportunity to attend my first NASIG Conference. As I reviewed the conference sessions I had fun choosing a tentative schedule from the wide variety of excellent choices available. I am reassured this conference is going to be a great experience by the friendliness of those who have been in contact with me.

This will be my first national conference experience and I look forward to discussions of the issues facing serials librarians today and being able to apply what I learn to my remaining classes and my work now and in the future. I believe this will be an enriching experience for someone who is looking forward to becoming a professional librarian.
