Introduction

TIGERS ADVANCE: Transforming the Institution through Gender Equity, Retention and Support, is a National Science Foundation (NSF) funded innovative and systematic institutional transformation approach to reduce gender inequality and improve opportunities for all early and mid-career faculty at Clemson, both men and women.

Course Overview

Inclusive of all science, technology, engineering and mathematics (STEM) disciplines, TIGERS ADVANCE is the result of a comprehensive institutional assessment of the barriers that hinder the recruitment, advancement and retention of Clemson’s women and minority faculty; a thorough assessment of Clemson’s history, culture and climate; an extensive review of lessons learned from ADVANCE institutions; and the tight integration of social science research with project activities to inform and support institutional transformation.

Target Audience

The target audience for Trailblazers is early and mid-career faculty members at Clemson University.

Course Goal and Outcomes

This ADVANCE Trailblazers session provides Trailblazers the opportunity to meet with and start to decide which executive mentors they want to work with.

Course Goal

Identify the overall purpose of the course and key points covered.

Course Outcomes

At the end of session participants will be able to:

- Practice peer mentoring
- Recognize different leadership styles and how style influences behavior and outcomes
- Recognize how to manage change in higher education
- Plan and enact projects to increase gender equity in the university

Host Responsibilities

The requirements below should be carried out by the agency that requests the course session and are as follows:

Audiovisual Equipment Requirements

Visual aids for this course consist of PowerPoint slides, video clips, and crash diagrams. The following audiovisual equipment is necessary for delivery of this course:

- Computer to display PowerPoint slides, videos, etc.
- Projector compatible with computer
- Electronic device to advance PowerPoint remotely
- Microphone
- Timer

All equipment should be placed in the room for the instructors to check at least one hour prior to the start of the course. The host building should provide technical assistance during this time and contact information for technical assistance during the presentation of the course.
Room Requirements

The room should be large enough to accommodate workspace and chairs for up to 30 participants and 2 instructors plus the aforementioned equipment—a large conference room or classroom.

Instructors should be able to arrange the classroom as they deem most appropriate given the exact number of participants. (The ideal arrangement allows participants to interact with the instructors and in small groups, i.e. many round tables with 5-8 participants per table.) All participants should be able to see the screen and instructors; however, participants and instructors should be able to move about the room without obstruction.

A preparation table and presentation table or podium should be provided for the instructors. The room should be in a quiet area and have a lighting system that permits convenient dimming of the lights, especially where the screen is located.

Training Coordinator’s Responsibilities

The local coordinator is responsible for preparing the site prior to the instructor’s arrival. Below is a checklist of the items the local coordinator should prepare prior to the instructor’s arrival. It is recommended that the instructors contact the local coordinator to ensure these steps have been taken.

Training Site

Before the instructors’ arrival, the local coordinator should verify the following accommodations are in place for the training site:

- Selection of a training room is critical to the success of the course. Great care should be taken to select a room that will not be overcrowded, too hot or too cold, or subject to outside distractions. The instructor should contact you with any specific requirements for the training facility.
- Reserve a training room for the duration of the course.
- Visit the classroom to make certain it meets all of the instructor’s requirements.
Other considerations for the training room:
- Heat or air conditioning-find out if the instructor can control these
- Adequate shape and size. No poles or obstructions
- Seating arrangements
- Away from kitchen, construction area or other noise distractions
- Electrical outlets
- Lighting controls – Almost every training course uses visual aides that require a projection screen. It is important to have a room where lighting can be controlled to prevent glare on the screen while not placing the room in total darkness.

Since a PowerPoint presentation will be used during instruction, make sure to consider the following room accommodations:
- Will shades completely darken all windows?
- Can the lights be selectively dimmed when showing the presentation?
- Will overhead lights shine directly on the screen?
- Can a bulb be removed above the screen or will the whiteboard be too dark?

Participants and Instructors

- Participants and instructors should be:
  - Informed of course starting and ending times
  - Advised on room location and whether it’s the same for every session
  - Told whether food will be served or not and told of the spread
- Participants should also be informed that notebooks will be provided as well as folders and a binder to help organize received material
- Participants should bring their own writing utensil

Final Arrangements

One (1) week before the course:
- Prepare directional signs to classroom.
- Determine if snacks are available.
- Make sure post lesson surveys are created
- Check over PowerPoints to make sure they are updated
- Make sure all links to videos are working properly.

Day of the course:
- Set-up the classroom.
- Organize the participant materials.
- Set up directional signs
- Test all equipment.
- Confirm with any food vendors

During the course:
- Let the instructor know whom to contact if he/she needs assistance.
- Check with the instructor at least once an hour to resolve any problems.
- Follow the agenda provided to the participants
After the course:
- Make sure all participants complete post lesson survey
- Make sure to collect surveys and attendance sheet
- Break down and remove any and all equipment

Mentoring Check In

Have you?

- Met with your Executive Mentor?
- Used the Executive Summary in your meetings?
- Used the GROW model (goal, reality, options, will do?)
- Met expectations? 60%, 70%, 80%, 90%, 100%
- Overall feedback?

  - Developing Managerial Effectiveness—The challenge of developing the relevant skills—such as time management, prioritization, strategic thinking, decision-making, and getting up to speed with the job—to be more effective at work.
  - Inspiring Others—The challenge of inspiring or motivating others to ensure they are satisfied with their jobs; how to motivate a workforce to work smarter.
  - Developing Employees—The challenge of developing others, including topics around mentoring and coaching.
  - Leading a Team—The challenge of team-building, team development, and team management; how to instill pride in a team or support the team, how to lead a big team, and what to do when taking over a new team.
  - Guiding Change—The challenge of managing, mobilizing, understanding, and leading change. How to mitigate change consequences, overcome resistance to change, and deal with employees’ reaction to change.
  - Managing Internal Stakeholders and Politics—The challenge of managing relationships, politics, and image. Gaining managerial support and managing up; getting buy-in from other departments, groups, or individuals.
Panel Debrief

Based on what you heard:

- How did you see them apply transformational Leadership?
- What cases have you seen in your experience? What would you now do differently?
- How might learning about transformational leadership impact the leadership decisions you make?

Understanding Transformational Leadership
Using the Multifactor Leadership Questionnaire (MLQ)

Why Leadership and not just Management?

- **Management...**
  - Is planning, directing and controlling.
  - Provides predictability and order to meet the current requirements for products and services.
  - Organizes and structures its facilities to properly carry out its plans.

- **Leadership...**
  - Promotes change to meet the rapid changes in markets and technology.
  - Envisions new directions and motivates others to move in these new directions.
  - Inspires commitment, loyalty and involvement to accomplish a mission articulated by the leader.

• **Non-transacting**
  – “I don’t care if you do or don’t”

• **General Characteristics**
  – Delays
  – Absent
  – Indifferent

• **Actions**
  – Avoids taking a stand on issues
  – Doesn’t emphasize results
  – Refrains from intervening

Behavioral Indicators of Laissez-faire

- Avoids making decisions
- Abdicates responsibilities
- Diverts attention from hard choices
- Refuses to take sides in a dispute
- Lets others do as they please
- Shows lack of interest
- Is disorganized in dealing with priorities
- Talks about getting down to work, but ...
Passive-Avoidant Style

Management-by-Exception (Passive)

• Corrective Transaction

• “If I happen to see that you didn’t…”

• General Characteristic
  – Wide acceptance range
  – Ineffective monitoring
  – Actions
  – Sets standards but waits for deviations
  – Waits for problems to arise
  – Reacts to mistakes
  – Intervenes reluctantly
Behavioral Indicators of Management-by-Exception (Passive)

- Takes no action unless a problem arises
- Avoids unnecessary changes
- Enforces corrective action when mistakes are made
- Places energy on maintaining the status quo
- Fixes problems then resumes normal functioning
Transactional Leadership

Management

- Can be Corrective or Constructive

- Clarifies what needs to be done

- Facilitates efficient interaction between human, physical, and fiscal resources

- Specifies benefits to SELF-INTEREST of followers if they assist in achievement of objectives
Transactional Leadership - Corrective
Management-by-Exception (Active)

- **Corrective Transaction**
  - “I am watching to see that you don’t”

- **General Characteristics**
  - Selective attention to deviations
  - Corrects problems when detected

- **Actions**
  - Monitors for deviations to occur, then corrects
  - Searches for errors, then corrects
  - Enforces rules
Behavioral Indicators of Management-by-Exception (Active)

- Arranges to know if something has gone wrong
- Attends mostly to mistakes and deviations
- Remains alert for infractions of the rules
- Teaches followers how to correct mistakes
Transactional Leadership - Constructive
Contingent Reward

• Constructive Transaction
  – “If you do as we agreed…”

• General Characteristics
  – Clarifies desired outcomes
  – Exchanges rewards and recognition for accomplishments

• Actions
  – Actively monitors to provide supportive feedback
  – Provides recognition for accomplishment
Behavioral Indicators of Contingent Reward

- Provides goals and objectives
- Recognizes and rewards achievement
- Followers achieve expected results
Transformational Leadership occurs when...

- ... leaders generate awareness and acceptance of the mission of the team and organization

- ... leaders broaden and elevate interests of followers

- ... leaders stimulate followers to look beyond self-interest to the good of the team and organization

- ... leaders get followers to put forth extraordinary effort to accomplish the mission or vision

Organizational Results of Transformational Leadership Behaviors

- Intellectual Stimulation: New ideas and empowerment
- Inspirational Motivation: Overcome resistance to change
- Individualized Consideration: Motivate and encourage
- Idealized Influence (A&B): Confidence in vision
Transformational Leadership

Individualized Consideration

- “I identify follower needs and work to elevate them”

- **General characteristics**
  - Empathetic
  - Valuing of individual needs
  - Encouraging continuous improvement

- **Actions**
  - Is alert to individual follower’s needs
  - Provides learning opportunities
Behavioral Indicators of Individualized Consideration

- Recognizes differences
- Enlarges individual discretion
- Creates strategy for continuous improvement
- Promotes self-development
- Encourages others to take initiative
- Coaches and counsels
- Targets areas to develop and to elevate individual needs
Transformational Leadership

Intellectual Stimulation

- “If you change your assumptions, then…”

- **General characteristics**
  - Valuing of the intellect
  - Encouragement of imagination
  - Challenging of old ways

- **Actions**
  - Questions status quo
  - Uses reasoning as well as emotion

- Is willing to share the limelight
Follower Reactions to Transformational Leadership Behaviors

Change-oriented Leadership

- Intellectual Stimulation
- Inspirational Motivation
- Individualized Consideration
- Idealized Influence (A&B)

Willingness to think
Willingness to excel
Willingness to develop
Willingness to trust and emulate leader
Women
Transformational Behaviors

- What is the relationship of gender to leadership style and effectiveness?
- Eagly, Johannesen-Schmidt & van Engen (2003) metanalysis
  - Women more transformational than men
  - Women engage in more contingent reward than men
  - Devaluation of female leaders by male subordinates

About 360 Degree Feedback

- Powerful, valid information in terms of outcomes
- Based on others’ perceptions
- Consider your strengths as well as weaknesses as others see them
- Perceptions are reality. Consider how perceptions developed
- Decide what information is most relevant to you
- Determine what, if anything, you want to do to change perceptions
