# Display Description

Don't just sit around inside all summer...

Bike to waterfalls, backpack trails, go bird watching and camp along the beach, learn to identify the plants growing in your backyard, go for a run, or go canoeing, kayaking, or sailing.

A display of books on these and similar subjects is currently located atop the TAPS shelving on the west side of Cooper Library's 4<sup>th</sup> floor. The display will be up throughout the month of June, and every item on the display is available for checkout at the Circulation Desk.

So go outdoors, and explore South Carolina!
