MINUTES
COMMISSION ON CLASSIFIED STAFF AFFAIRS
February 10, 1987

PRESENT: Pat Padgett (Presiding)
          Martin Fowler
          Paul Gable
          Hank Goodman
          Ron Herrin
          Gail Jameson
          Tom Kasperek
          Mickey Lewis
          Gary McCombs
          Judith McNinch
          Pat Seitz
          Deborah Slice

ABSENT: Mary Ann Eddy

Questions regarding transportation system; parking situation.
Discussion ensued regarding cost, etc. One man's opinion is that
students not be allowed on campus at all other than perimeter lots and
they would be provided a transportation system to go back and forth.

Pat: Do we want to take a poll and answer Mr. Larson at this time as to
our position on this issue? Statement needed by February 23.

As it stands, we oppose the system. Discussion ensued regarding pick up
times by the transportation system. Could a policy be formulated as to
enforcement of the security system? Motion made that something be
written up concerning parking policy. Seconded. Motion carried.

Pat was charged in a memo to come up with some ideas regarding parking
and traffic. Discussion. Everyone on committee should see a copy of
the article that Deborah wrote for Newsletter. Send Paul questions or
concerns by Friday, February 20? The sub group meets again Friday,
February 13 at 10:00 a.m.

Discussion regarding expansion of parking lots. Of the $543,000, only
$200,000 of it actually added spaces. Look into why we are spending
this much money and not adding parking spaces. Money used on adding
trees, medians, etc. Extra parking spaces put into Calhoun Courts, Fire
Station and Clemson House.

Commission meets again as a whole on Tuesday, February 17 at 10:00 a.m.

State employee association awards: Scholarship; award for service.
If interested in more information, see Pat Padgett.

Reports:

Telecommunications Committee: Need new representative to this committee.

Communications Committee: Gail Jameson reported about opening of Edgars.

Executive Committee: Committee should have results of the meeting to develop parking recommendations.

Policy Committee: Paul Gable reported. Executive Committee needs to review the policy changes and will report to group in March.

Welfare Committee: Mary Ann Eddy absent. No report.

University Committees: Child Care Committee--Recommendations presented through Mr. Thompson to the President. First option is to offer a contract to private providers to serve Clemson University faculty, staff and students child care needs by building a facility on campus property and leasing the property to the private provider.

Second option is to have private providers reserve slots for Clemson people. Bottom line is that they would probably have to build a new facility to come up to the standard that is expected.

Joint City/University Advisory Committee: Pat reported.

Announcements: Training session on Feb. 19, four times a day with a film, "One Minute Manager." Memo coming out.
