

# LSN Huge Data Workshop

Welcome!

- If you have not uploaded your presentation, please do so ASAP at <https://protocols.netlab.uky.edu/~hugedata2020/upload.html> and notify the organizers about your upload by emailing [kwang@clemson.edu](mailto:kwang@clemson.edu) and [fei@netlab.uky.edu](mailto:fei@netlab.uky.edu)
  - Please check your email for the link to the "Materials for Participants" Google drive, files in there will be handy throughout the workshop.

*This is a Large Scale Networking IWG workshop  
sponsored by National Science Foundation grant CNS-1747856*

# LSN Huge Data Workshop

## Organizing Team

- Organizers
  - Kuang-Ching (KC) Wang, Clemson University
  - Ron Hutchins, University of Virginia
  - Jim Griffioen, University of Kentucky
  - Zongming Fei, University of Kentucky
- Sponsored by NSF CNS #1747856
  - PD: Deep Medhi
- Everything that works today are thanks to
  - Bryttany Todd, RENCi

# LSN Huge Data Workshop

## Logistics

- Tight agenda == Breaks anytime 😊
- Parallel from the main session, three “Hallway rooms” are always open (zoom link in Welcome Info document”)
- – welcome to drop in any time to see who’s there
- Google docs for 4 breakout groups have already been created – we encourage everyone to help take notes & add your thoughts in there
- Feel free to use the Zoom’s raise hand button to request to talk as well as the Slack channel we created for all attendees to ask questions and share thoughts.

# LSN Huge Data Workshop

## Presentation Posting

- By default,
  - all presentation files will be posted online for public access
  - All whitepaper materials will be included in the report and posted online for public access
- If you need to opt-out for special circumstances, please inform the organizers.

# LSN Huge Data Workshop
