Eclipse Display

August 2017

Display Description

A total eclipse will occur on Monday August 21st and you can view along with a few thousand of your friends at the Eclipse Over Clemson viewing party, which will be located outside on the Library Commons.

In anticipation, Cooper has curated an Eclipse Book Display. On display you will find nonfiction books on eclipses and NASA, as well as fiction centered on space and interplanetary travel. The display will be up throughout the month of August, so come by and check it out.

For more information about viewing the eclipse at Clemson, read [this media release](#).
