Cooper Library Public Information Coordinator

Transgender | An umbrella term for people whose gender identity and/or expression is different from cultural expectations based on the sex they were assigned at birth. Being transgender does not imply any specific sexual orientation. Therefore, transgender people may identify as straight, gay, lesbian, bisexual, etc.

-Human Rights Campaign

Non-Binary | Not everyone fits neatly into male/female categories. Some people have a gender that blends elements of being a man or a woman, or have a gender different than either male or female. Some people don't identify with any gender. Some people's gender changes over time. Non-Binary is one of the most common terms used by people whose gender is not male or female.

-National Center for Transgender Equality

Display Description

Between November 14 and November 20, individuals and organizations around the country will participate in Transgender Awareness Week to help raise the visibility of transgender and gender non-conforming people and address the issues the community faces.

Cooper Library has put together a book display featuring works centered on the transgender and the non-binary experience, including titles such as [Alex as Well](#), [Every Day](#), and [Transgender 101](#).

The books are located on the 4th floor of Cooper Library and all are available for check-out.
