Continuing Activities

The committee continues to recruit new ambassadors through announcements in the *NASIG Newsletter* and through personal contact at the NASIG annual meeting. The committee will focus on more face-to-face contact with NASIG members to let them know about the Ambassadors Program. An informal discussion group has been proposed for the June conference to provide information to attendees interested in outreach to library schools and to provide a common time and place for ambassadors and committee members to meet.

We will also be looking at the relationship between schools with ambassadors and the number of applicants applying for awards from those schools.

Basic guidelines for the relationship between LSOC members and their assigned ambassadors have been established and posted to the website. Committee members are to contact ambassadors a minimum of twice a year to remind them that they will be asked to make sure that their schools know about the awards program. Contact should be made in September and April. The April contact will be to verify continuation in the program and check to see if the ambassador will be attending the NASIG conference. Ambassadors should also be in contact with members of the Awards & Recognition Committee to help increase visibility.
