Clemson University
Seventieth Commencement
May 14, 1966
Clemson, South Carolina
Order of Exercises

5 P.M. Outdoor Theater

Selections by the University Band

Academic Procession
(Audience will please stand and remain standing for the invocation)

Invocation
The Reverend John W. Arrington III
Rector, Holy Trinity Episcopal Church
Clemson, South Carolina

Address to Graduating Class
Dr. Edward Teller
Chairman, Department of Engineering: Applied Science
University of California, Davis

Authorization by the Board of Trustees
The Honorable Edgar A. Brown
President, The Board of Trustees

Conferring of Degrees and Delivery of Diplomas
President Robert C. Edwards

Alma Mater

Benediction
(Audience will please be seated as graduates march out)

Music by the University Concert Band
Mr. John H. Butler, Director
Historical Statement

Clemson University is named for Thomas Green Clemson (1807-1888), who left the bulk of his estate to the State of South Carolina for the founding of the institution.

Thomas Clemson was born in Philadelphia in 1807 and educated at the Royal School of Mines in Paris (1828-1832). His early profession was that of a mining engineer; but circumstances diverted his interests into politics and the life of a Southern Planter, and he soon became an enthusiastic advocate of scientific agriculture. He had a career as a diplomat (charge d'affaires to Belgium, 1844-1852), and served as the first superintendent of agricultural affairs in Washington (1860). As a scientist he published numerous articles in the fields of mining, chemistry, and agriculture. His varied activities included his assistance in the founding of the Maryland Agricultural College, his support of the Morrill Act, his leadership in South Carolina after the Civil War, and his part in the founding of Clemson University.

Thomas Clemson was the son-in-law of South Carolina's John C. Calhoun, a political figure of national importance during the first half of the nineteenth century. Mr. Calhoun's home, Fort Hill, is preserved on the Clemson campus as a national shrine.

The academic program at Clemson College began in 1893 with an enrollment of 446. The first "college prospectus" announced only two four-year curricula, supplemented by two two-year preparatory courses. Today Clemson University's enrollment is 5400 and the current catalog lists thirty-eight undergraduate and thirty-nine graduate curricula.

The University has seven major academic units. These are the College of Agriculture and Biological Sciences; the School of Architecture; the College of Arts and Sciences; the School of Education; the College of Engineering; the School of Industrial Management and Textile Science; and the School of Graduate Study.

The institution became an accredited member of the Southern Association of Colleges and Schools in 1927. The civil, electrical, and mechanical engineering curricula were accredited by the Engineers' Council for Professional Development in 1937. Curricula in agricultural, ceramic, and chemical engineering were accredited by ECPD in 1953, 1955, and 1959, respectively.

The chemistry curriculum was first accredited by the American Chemical Society in 1953 and the architectural curriculum by the National Architectural Accrediting Board in 1956. The forestry curriculum was accredited by the Society of American Foresters in 1962.

Clemson is the Land-Grant University of South Carolina. As such the institution is engaged not only in its primary academic program, but does extensive research at the main campus and at six agricultural experiment stations located in the state. The University is also heavily committed to a varied program of public service, including the work of agricultural extension which has professional personnel located in each of the state's counties.
CANDIDATES FOR BACHELORS' DEGREES

MAY 14, 1966

COLLEGE OF AGRICULTURE AND BIOLOGICAL SCIENCES

BACHELOR OF SCIENCE DEGREE

Agricultural Economics
William Perry Cate Columbia

Agronomy
**George Easterling Bryan, Jr. Allendale *Jimmy Dorsey Vaigneur Ridgeland

B.S., Virginia Polytechnic Institute; M.S., Virginia Polytechnic Institute
Dissertation: Bonding Mechanism in Magnesium Oxide-Nickelous Nitrate Cements
Recipients of Honorary Degrees

JOHN KELLEY CAUTHEN
JOHN KELLEY CAUTHEN has served his native South Carolina in many advisory capacities for civic and governmental improvement. After fifteen years of newspaper experiences he served as Executive Secretary to South Carolina Governors Harley and Jefferies. As Executive Vice-President of the South Carolina Textile Manufacturers Association for more than twenty years he has contributed much to the economic growth and development of the state. He has served on numerous state advisory and planning commissions, playing a prominent part in the establishment of the Educational Television programs and the Technical Education Centers. He is presently contributing his talents as Chairman, State Advisory Commission on Higher Education.

HENRY HUGH DUKES
DR. HENRY HUGH DUKES was born in South Carolina and graduated from Clemson University in 1915. He has had a distinguished career as an educator and author. Receiving his doctorate from Iowa State University, he has served as Head of the Department of Physiology and Professor Emeritus, Cornell University. He is the recipient of numerous awards for distinguished service in veterinary science and is a member of many scientific and honor societies. A widely-used textbook, "The Physiology of Domestic Animals" (1933), of which Dr. Dukes is the author, is now being rewritten in the eighth edition.

FRANK McGEE
FRANK McGEE is a native of Louisiana, who has devoted his professional career to the communications media. A distinguished news reporter and analyst, he has served as anchorman in coverage of American space flights for the National Broadcasting Company. His outstanding and diversified record includes serving as moderator of the second "Great Debate" between Richard C. Nixon and John F. Kennedy. In 1962 he came to Clemson during the "Campaign and Candidates" series of political commentaries. He is the recipient of two Headliner Awards for outstanding broadcasting: the Robert E. Sherwood Award in 1959 and the Radio-TV Daily's 1963 All-American Award as Radio Commentator of the Year.
EDWARD TELLER

EDWARD TELLER, world-renowned nuclear physicist, was born in Hungary and became a citizen of the United States in 1941. He has served as Professor of Physics at George Washington University, University of Chicago and University of California where he is presently "Chairman of the Department of Engineering: Applied Science, University of California, Davis." Known as the "father of the hydrogen bomb" he now devotes his talents to the development of nuclear energy for peaceful pursuits. He holds the earned doctorate from the University of Leipzig and honorary doctorates from numerous American universities.

THEODORE WILBUR THORNHILL

A native South Carolinian, dedicated to the welfare and progress of Clemson University from which he graduated in 1915, THEODORE WILBUR THORNHILL has devoted himself to civic and educational advancement of his community and state. President of the Charleston Oil Company, he has been active in civic organizations, serving as President of the Rotary Club, Charleston Chamber of Commerce and District Governor of Rotary International. His service to his University includes Presidency of the Clemson Alumni Association and membership on the Clemson University Board of Trustees from 1947 to 1960.
Emeritus Professors

A faculty member who has a minimum of fifteen years academic service, ten of which has been at Clemson, and who is on active status at Clemson when he reaches retirement age, is awarded the title "Emeritus." During the 1965-1966 year this title has been earned by two professors:

WILLARD BENJAMIN ALBERT, Associate Professor of Botany and Bacteriology, joined the Clemson faculty in 1926 and has remained with the University since that date except for a brief period as research biochemist for McLeod Infirmary, Florence, South Carolina. A native of Horicon, Wisconsin, Dr. Albert earned B.S., M.S., and Ph.D. degrees from the University of Wisconsin. He is a member of Alpha Zeta, Phi Sigma, and Sigma Xi and has been author of twenty-one research papers and studies. He belongs to several professional associations and in 1956-57 was president of the Southern Weed Conference.

ARTHUR ERNEST McKENNA, Professor of Weaving and Designing, and Head of the Department of Weaving and Designing, joined the University faculty in 1925 following three years' employment by the textile industry in Rhode Island. A native of Barrington, Rhode Island, Mr. McKenna is a graduate of the Rhode Island School of Design, has the B.S. degree from Clemson and the M.S. degree from the University of Tennessee. He is a member of Phi Psi, Iota Lambda Sigma, and a number of civic and professional groups. He has been author of several articles on textile machinery and textile manufacturing processes.
Awards

NORRIS MEDAL

First awarded at Clemson University in 1908, the Norris Medal was established under the terms of the will of the Honorable D. K. Norris, a life trustee of this institution. The Medal is given each year to the graduating student who, on the basis of exceptional scholastic achievement and leadership ability, is judged by the University Committee on Honors and Awards to be the best all-around student.

All winners of the Norris Medal have their names fixed to a bronze plaque hanging in the front entrance of Tillman Hall.

WINNER OF THE NORRIS MEDAL FOR 1966
John Carroll Shelley, Jr.
Hattiesburg, Mississippi

FACULTY SCHOLARSHIP AWARD

Established at Clemson University in 1959, this award is made annually by the Faculty of Clemson University to the member of the Graduating Class with the highest Scholastic Achievement.

All winners of the Faculty Scholarship Award have their names fixed to a bronze plaque hanging in the front entrance of Tillman Hall.

WINNER OF THE FACULTY SCHOLARSHIP AWARD FOR 1966
Eugene Glenn Huff
Whitmire
CLEMSON ALMA MATER

Where the Blue Ridge yawns its greatness
Where the Tigers play;
Here the sons of dear old Clemson
Reign supreme always.

Chorus

Dear old Clemson, we will triumph
And with all our might
That the Tiger's roar may echo
O'er the mountain height.

A. C. Corcoran, '19
