**Committee Reports:**
- **Policy/Welfare**--no report
- **Communications**--Jo Abernathy reported on the new display the Commission has purchased. The portable unit cost $2,000 and peripherals can be added to the base unit. Different options to maximize the use of the display are being discussed. One of the possibilities is renting the backdrop out to campus groups. Please contact Jo if you have any ideas for expanding use of the display.
- **Scholarship**--Tony McGuirt updated members on progress for the Golf Tournament. Sixteen teams have entered and 2 individuals are needed to complete another foursome. Nineteen hole sponsors are committed and 10 are paid. The trophies are in and enough prizes were donated to award one to every participant. A challenge was issued for the Commission to sponsor their own hole. Teri Alexander will collect your donation at the end of this meeting. Tony is still soliciting volunteers to work the day of the tournament. If you can help in any way, please see Tony. Please remember to thank vendors and donors to the tournament and patronize their businesses when possible.
- **Budget**--Lynn Reeves reminded everyone to have invoices and merchandise in by June 30, 1995. We will probably have about $1,000 left over this year that we may or may not get back next year.
- **Membership**--Kaye Hickman reported on the ongoing election process. Dot Waddell, Cecil McCaskill, Kathy Clark and Melanie Baker should have received a set of labels and a list of all the people in their areas for election purposes. These should have gone out and are due back to the representative by June 14, 1995. Kaye explained how restructuring effected the elections, breakdown and shifting of representatives. Each representative will receive an updated list of their constituents after the restructuring.
University Committees:
Traffic and Parking--no report
Accident Review Board--Lillian Lappie reported on the June 1, 1995, meeting. Five motor pool accidents were reviewed. Three were determined to be no-fault and two were referred to defensive driving and assessed $200.00 for damages. Five non-motor pool accidents were reviewed. Two of these were no-fault and three were referred for defensive driving and assessed $200.00. Lillian was elected Vice Chair for 1995-96.

Telecommunications--Kaye Hickman highlighted information from the May 30, 1995 meeting. Voice mail systems are being installed at a cost of $8.00 per month. Video Cable has been installed in all dorms and the Clemson House will be completed during the summer. Emergency phones needs are being assessed. A recommendation to dial 9911 or 911# for immediate relay. Just dialing 911 results in a 12 second delay of relaying the call. Dial-in access is being discussed with MCI and Metricom Inc. After feasibility studies, plans are to proceed with both systems. The Telecommunications Communications has been restructured and Wayne Bennett will chair the new committee to coordinate information technology on campus. A small executive committee will replace the current Telecommunications Committee. The committee expressed concern for the lack of investment in infrastructure and the campus network. The chairman will relay this concern to the central administration.
