Milton Winford Holcombe is a man known for his stellar contributions to the field of engineering. Described by many as perceptive, personable and of the highest moral fiber, he is also a faithful alumnus of Clemson University.

A native of Central, Mr. Holcombe graduated from Clemson in 1953 with a B.S. in Electrical Engineering. For the first few years after graduation, he worked for the Tennessee Valley Authority and served with the U.S. Army Signal Corps.

From 1956 to 1970, he held electrical engineering positions with Lockheed Aircraft Corporation, Electronic Communications, Inc., and Collins Radio Company. In these positions, he contributed to the design of antenna systems, and he was responsible for electronic systems design, integration and installation for airborne platforms and ground stations.

In 1970 Mr. Holcombe was one of four founders of Electrospace Systems, Inc., which quickly grew from a start-up to a major corporation with annual sales approaching $200 million. Among his many contributions as vice president, Mr. Holcombe was responsible for the creation of the U.S. Airborne Command Post, the aircraft built for the use of the President of the United States and Joint Chiefs of Staff during an international crisis. In 1987 Electrospace Systems was bought by Chrysler Corporation, and Mr. Holcombe remained for three years as president of Chrysler Technologies Airborne Systems.

During his career, he has earned a number of honors including selection for Who’s Who in Texas, Who’s Who in Technology Today and Who’s Who in Aerospace and Aviation. Mr. Holcombe was named Engineer of the Year in 1982 by the Texas Society of Professional Engineers. His alma mater honored him with the Distinguished Service Award in 1988 and in 1990, with the Clemson Medallion.

Mr. Holcombe has been involved in a number of professional and civic organizations including the Institute of Electrical and Electronics Engineers (IEEE), American Electronics Association, and American Institute of Aeronautics and Astronautics. He has served on the board of the Northern Trust Bank of Dallas, the board for Stanford Telecommunications and is active at the Richardson Heights Baptist Church. In addition, Mr. Holcombe is a private pilot and a member of the International Commanche Association.

Mr. Holcombe is a former member of the Clemson University Foundation Board, Clemson’s Electrical and Computer Engineering Industrial Advisory Board, and the College of Engineering and Science Industrial Advisory Board. His generous gift to Clemson in 1987 created the Milton W. and Betty M. Holcombe Endowed Chair of Electrical and Computer Engineering.

He and his wife, Betty, have been married for almost 42 years and are parents of twin daughters, Karen H. Leftwich and Kathryn H. Wheeler. The Holcombes have a ranch south of Waco, Texas, where purebred Simmental cattle are raised.

We hold Milton Winford Holcombe and his achievements in the highest esteem. In recognition of his significant contributions to electrical engineering, our country and Clemson University, it is a distinct privilege to honor him with the presentation of the honorary degree, Doctor of Laws.
HONORARY DEGREE
WALTER GAMEWELL WATSON
DOCTOR OF HUMANITIES

A true figure of kindness and a loyal friend of Clemson, Walter Gamewell Watson is a man whose exceptional contributions to the practice of medicine and the lives of those in his care have earned notable recognition.

A native of Trenton, South Carolina, Dr. Watson graduated from The Citadel in 1931 with a B.S. in Chemistry. A football fan from the start, he coached high school football in Edgefield, South Carolina, and Bainbridge, Georgia, while saving money for medical school. In 1943, he graduated from the Medical College of Georgia. After medical school, Dr. Watson served in Korea in the U.S. Army 6th Infantry Division as Captain from 1945 to 1947.

When he returned in 1947, Dr. Watson began his career in the obstetrics and gynecology program at the University Hospital in Augusta, Georgia, and served as chair of the department for most of his outstanding 50-year career. During his service at University Hospital, Dr. Watson delivered more than 15,000 babies and taught countless medical students. In honor of his dedication to medicine and the many he has touched, the new University Hospital Women’s Center was named for Dr. Watson in November 1997.

Dr. Watson has been recognized with many honors during his long career. In 1988 he received the S.C. American Legion Award. In 1990, the U.S. House of Representatives recognized him for meritorious service to mankind. The same year, he was awarded the Congressional Record recognition of service. Dr. Watson was honored still further in 1998 when he received the Order of the Palmetto, South Carolina’s highest praise.

An example of humanitarian service, Dr. Watson devoted 50 years of care to the North Augusta High School athletic program, providing physicals for athletes and tending the injured. He has also been active in Grace Methodist Church in a number of leadership capacities.

Dr. Watson and his wife, Audrey, live in North Augusta, South Carolina. They have raised five children, Donah, Ben, Kathy, Betsy and Mary, all of whom live nearby in South Carolina and Georgia. Though he no longer practices obstetrics, Dr. Watson remains chairman of the Ob-Gyn Department at University Hospital, and his gynecological practice continues.

Although he is not an alumnus, his connection to Clemson has remained strong during his life. His father attended Clemson, as did two of Dr. Watson’s children, Ben and Mary. Three of his grandchildren, Patrick, Jamie and Matthew Watson, are current students.

We are all extremely proud of the significant contributions this great man and humanitarian has made to medicine, this nation and the people in his care. In recognition of his devotion to mankind and his life of service, it is a distinct privilege to honor Walter Gamewell Watson with the presentation of the honorary degree, Doctor of Humanities.
Emily Ann Jones

Emily Ann Jones is a graduating senior majoring in Speech and Communication Studies from Columbia, South Carolina. Emily is a sister of the Zeta Tau Alpha Fraternity. Her leadership resulted in her induction into the Order of Omega. Emily was second runner-up in the competition for the 96th Trustees’ Medal for Oratorical Excellence.

David Boland Wham

David Boland Wham is a junior majoring in Health Science from Clinton, South Carolina. David is interested in geriatrics. He serves as a tour guide at Fort Hill House, the last home of John C. Calhoun, Anna Calhoun Clemson, and Thomas Green Clemson, the University’s Founder. David was awarded first place in the competition for the Trustees’ Medal for Oratorical Excellence.

The Academic Procession

The Academic Procession is composed of the faculty, staff, officers, trustees, and honored guests of the University. Faculty enter by college and each college is preceded by its marshal, a senior faculty member, with the college baton, described under University Regalia.

The college banners are placed on the stage. Each banner is a combination of colors that declare the disciplines taught in that college. These colors, which were established by the American Council on Education, are as follows:

<table>

Collegiate faculty follow their marshal in order of academic rank wearing academic costumes of medieval origin. Those who have received their degrees from institutions outside the United States wear costumes specified by the awarding institutions.

The academic costumes of faculty whose degrees are from United States' institutions are specified by a uniform code maintained by the American Council on Education. Caps are black and are usually mortar boards with tassels. Doctors of Philosophy wear gold tassels usually of metallic thread; other degrees wear black or discipline colors.

The bachelor's gown is simple and black with long, pointed sleeves. Masters' gowns, also black, are longer than bachelors. Older gowns have sleeves that terminate at the elbow while those since 1960 have sleeves extended to the wrist. Doctors' gowns are full, with bell-like sleeves. The front is marked by velvet panels and the sleeves are marked by three velvet bars. While most gowns are black with black velvet, one variation is to replace black velvet with velvet in the discipline color. A second variation is a colored gown usually of the university's colors.

All hoods specify the level of degree, the type of discipline studied and the awarding institution. First, degree level is signified by the size of the hood with bachelors' smallest, masters' larger, and doctors' quite large and of a different shape. Clemson does not award hoods to bachelors. The width of the velvet trim also conveys the degree. Secondly, the degree is indicated by the color of the trim edging the hood to form the throat over the gown. The most frequently seen is dark blue, which designates the doctor of philosophy (Ph.D.) degree. Finally, the color of the hood's lining specifies the awarding institution. The colors are displayed in combinations that are drawn from heraldry. Notice that the Clemson University hood is lined with purple through which is an orange chevron (a "V"). Although many combinations are duplicated by dozens of institutions, Clemson is presently the only institution with that registered combination.

The officers, trustees, and honored guests wear academic, ecclesiastical, or military regalia as set forth by their professions. They are preceded by the University Marshal. Clad in a gown of office in gold and purple, the marshal wears no hood and bears the University mace. At the ceremony's close, the faculty do not exit as a part of the recessional but are dismissed, along with students and guests, when the marshal leaves the coliseum.
The University Regalia

The University mace is the symbolic representation of the whole of Clemson University and must be present at any convocation where the University, through its delegated members, is acting officially. At any official convocation such as commencement, the University Marshal, carrying the mace, precedes the President into the assembly. The mace rests before the President's chair or speaker's stand throughout the ceremony, and its removal from the assembly at the close of a convocation is symbolic of the official withdrawal of the University and, thus, the close of the proceedings.

The decorative design of Clemson's mace is derived from the ceremonial maces carried by heads of state and church in the Middle Ages. Its basic clublike shape, however, is much more ancient, probably going back to man's prehistory. It is made of walnut wood and silver, with the seal of the University in gold and the University colors represented by insets of cornelian (orange) and amethyst (purple). Amethyst is also the state stone of South Carolina.

The Presidential chain and seal is symbolic of the authority vested in the office of president by the governing body of the University. Only the University President may wear it, and while wearing it he speaks for the whole body of the institution. Clemson's chain and seal are made of silver and gold, and cornelian and amethyst.

The batons of the college marshals also descend from medieval "staffs of office" which were carried by the senior members of departments of state or church. They display the seal of the University and the symbolic color of the discipline to which the college belongs. Clemson's batons are made of walnut wood and silver with the various disciplines inset with enamel.

The University regalia were designed and executed by Mr. Robert Ebendorf. Mr. Ebendorf is twice winner of the Tiffany Award and one of the most acclaimed goldsmiths of our era. The enamel plaques for the batons were executed by the late Professor Marshall C. Bell, and the lapidary work was executed by the late Mr. C. C. Wilson of Clemson University.

*Cum laude: A grade point ratio of 3.40 to 3.69
**Magna cum laude: A grade point ratio of 3.70 to 3.89
***Summa cum laude: A grade point ratio of 3.90 to 4.00

*Departmental Honors: The graduates so designated have completed an enriched program of study designed by their departments with the approval of the Calhoun College Honors Program. To earn Departmental Honors students must complete an honors thesis and/or other upper division honors courses, while maintaining an overall grade-point ratio of 3.40 or higher. Departmental Honors graduates appear in the line of march wearing the Calhoun College Honors Medallion on an orange and purple ribbon. This medallion is made possible by an endowment established by Mrs. Katherine Inabinet Vickery of Columbia, South Carolina, to honor the memory of her husband and Clemson graduate, the late B. C. Inabinet.

Students wearing the white stoles over their gowns are members of honorary societies that require a minimum 3.00 grade point ratio for membership. The stoles have the University seal embroidered on one side, and on the other side are the emblem(s) of honorary societies in which the student is a member.
Awards

NORRIS MEDAL

First awarded at Clemson University in 1908, the Norris Medal was established under the terms of the will of the Honorable D. K. Norris, a life trustee of this institution. The medal is given each year to the graduating student who, on the basis of exceptional scholastic achievement and leadership ability, is judged by the University Scholarships and Awards Committee to be the best all-around student.

All recipients of the Norris Medal have their names affixed to a bronze plaque mounted at the front entrance of Sikes Hall.

ALUMNI MASTER TEACHER AWARD

This award is presented by the Clemson Alumni Association for distinguished achievements in classroom teaching. The faculty recipient is selected by the Student Alumni Council from nominations submitted by students. A bronze plaque is presented permanently to the recipient and the award carries with it a stipend of fifteen hundred dollars.

RECIPIENT OF THE ALUMNI MASTER TEACHER AWARD FOR 1998

DR. ROBERT EXLEY MCCORMICK
Historical Statement

Clemson University is named for Thomas Green Clemson (1807–1888), who left the bulk of his estate to the State of South Carolina for the founding of the institution.

Thomas Clemson was born in Philadelphia in 1807 and educated at the Royal School of Mines in Paris (1828–1832). His early profession was that of a mining engineer; however, circumstances diverted his interests into politics and the life of a southern planter, and he soon became an enthusiastic advocate of scientific agriculture. He had a career as a diplomat (charge d'affaires to Belgium, 1844–1852) and served as the first Superintendent of Agricultural Affairs in Washington (1860). As a scientist he published numerous articles in the fields of mining, chemistry and agriculture. His varied activities included his assistance in the founding of the Maryland Agricultural College, his support of the Morrill Act, his leadership in South Carolina after the Civil War, and his part in founding Clemson University.

Thomas Clemson was the son-in-law of South Carolina's John C. Calhoun, a political figure of national importance during the first half of the nineteenth century. Mr. Calhoun's home, Fort Hill, is preserved on the Clemson Campus as a national shrine.

The academic program at Clemson College began in 1893 with an enrollment of 446. The first "college prospectus" announced only two four-year curricula, supplemented by two two-year preparatory courses. Today the University has six major academic units. These are the College of Agriculture, Forestry and Life Sciences, the College of Architecture, Arts and Humanities, the College of Business and Public Affairs, the College of Engineering and Science, the College of Health, Education and Human Development, and the Graduate School.

The institution is an accredited member of the Southern Association of Colleges and Schools; various curricula are accredited by the Accreditation Board for Engineering and Technology, American Assembly of Collegiate Schools of Business, Computing Sciences Accreditation Board, Council on Accreditations of the National Recreation and Park Association, National Architectural Accrediting Board, National Association of State Directors of Teacher Education and Certification, National Council for Accreditation of Teacher Education, National League for Nursing, and Society of American Foresters.

Clemson is a land-grant institution. As such, it is engaged not only in its primary academic program, but does extensive research at the main campus and at five agricultural experiment stations located in the State. The University is also heavily committed to a varied program of public service, including the work of agricultural extension which has professional personnel located in each of the State's counties.
CLEMSON ALMA MATER

A. C. Corcoran, '19

Where the Blue Ridge yawns its greatness,
Where the Tigers play;

Here the sons of dear old Clemson
Reign supreme alway.

Chorus
Dear old Clemson, we will triumph
And with all our might,

That the Tiger's roar may echo
O'er the mountain height.

We will dream of great conquests,
For our past is grand,

And her sons have fought and conquered
Every foreign land.

Where the mountains smile in grandeur
O'er the hill and dale.

Here the Tiger lair is nestling
Swept by storm and gale.

We are brothers strong in manhood,
For we work and strive;

And our alma mater reigneth
Ever in our lives.
Note: Candidates appearing in this program are not certified graduates. Likewise, academic honors designations are based upon performance prior to final grades. Both certification of graduation and honors designations must come from the Registrar of the University.
