HONORARY DEGREE
ARTHUR MARTIN SPIRO
DOCTOR OF LAWS

For over 50 years, Arthur Martin Spiro has tirelessly devoted his time and dedication to Clemson University. As a student in the early 1940s, he was a member of the Executive Sergeants Club and the Calhoun Forensic Society and served as sports editor of The Tiger. Since then, he has been a contributor to University campaigns and causes, a member of Clemson academic and athletic clubs and programs, and is the founder of the Spiro Center for Entrepreneurial Leadership. Mr. Spiro possesses an energy and devotion to Clemson that is unparalleled.

Mr. Spiro received his bachelor of science degree from Clemson University in the mail in 1945 while serving as a naval officer in the Asiatic Pacific Theatre in WWII. He left Clemson after completing the equivalent of more than two years' credits in 16 consecutive months and enlisted in the U.S. Navy, which sent him to the V-12 program at Cornell University. Clemson tracked his education at Cornell and awarded him a degree in chemical engineering. In 1947, he received a master's degree from the Massachusetts Institute of Technology.

Having been referred to as "the embodiment of imagination, energy and business savvy," Mr. Spiro spent 50 years in corporate and entrepreneurial positions in the textile industry where most recently he was owner and chief executive of Carleton Woolen Mills Inc., a company he sold in 1994. He currently serves as president of AMS-TEX Enterprises Inc., a management consulting and investing firm; president of TexTech Holdings Inc.; and chairman of TexTech Industries Ireland Ltd., a manufacturer of industrial fabrics and tennis ball covering felts.

During his illustrious career, Mr. Spiro developed two successful patents for textile processing and became a member of Sigma Xi Honorary Engineering Society at M.I.T., Beta Gamma Sigma honoree at Clemson and recipient of the Textile Veteran's Achievement Award. He is a past president of the American Association for Textile Technology Inc.; past president of the Textile Distributors Association; honorary trustee of Temple Beth El of Great Neck, N.Y.; trustee and chairman of the Research Institute of the North Shore/Long Island Jewish Hospital and Health System, the third largest not-for-profit health system in the United States; and director of the Cold Spring Harbor Research Laboratory.

In his service to Clemson, Mr. Spiro has been chairman of the College of Business and Public Affairs Subcommittee of the Commission for the Future of Clemson. He is presently an adjunct professor in the College of Business and Public Affairs, director of the Clemson University Foundation since 1992, contributor to the Clemson University Foundation for 53 consecutive years, member of the Presidential Advisory Council since 1991, life member of the Walker Course, IPTAY member for 54 consecutive years and founding member/director of the Clemson Corps (R.O.T.C.).

Mr. Spiro's greatest contribution to Clemson, however, may be the Arthur M. Spiro Center for Entrepreneurial Leadership, located in the College of Business and Public Affairs on the Clemson campus. Mr. Spiro and his wife, Joan, donated $2 million to establish a center that combines teaching, research and participation of leading entrepreneurs from across the country to give students the opportunity to learn how to be successful entrepreneurs and to assume leadership roles in establishing and operating businesses.

Because of his relentless zeal and enthusiasm for Clemson, his service and support, and his participation in developing young minds, it is with great honor and pleasure that we recognize Arthur Martin Spiro by presenting him the honorary Doctor of Laws degree.
JEROD DEQUAINE FRAZIER

A graduating senior from Charleston, South Carolina, Jerod Dequaine Frazier is a Political Science major. During his years at Clemson, he has been a member of the Gospel Choir, the Black Student Association, and the South Carolina Student Legislature. He distinguished himself by earning the Best Attorney Award in a mock supreme court case in the South Carolina Student Legislature.

ASHLEY LYNN TORRENCE

Ashley Lynn Torrence comes to Clemson from Charleston, South Carolina. She is a sophomore majoring in Speech and Communication Studies and Political Science. In addition to being a member of several clubs on campus, Ashley has been honored as a recipient of the 1999–2000 Tiger Cup and the John C. Calhoun Forensic Scholarship as well as the winner of the 97th Annual Trustees' Medal for Oratorical Excellence.
The Academic Procession

The Academic procession is composed of the faculty, staff, officers, trustees, and honored guests of the University. Faculty enter by college and each college is preceded by its marshal, a senior faculty member, with the college baton, described under University Regalia.

The college banners are placed on the stage. Each banner is a combination of colors that declare the disciplines taught in that college. These colors, which were established by the American Council on Education, are as follows:

Collegiate faculty follow their marshal in order of academic rank wearing academic costumes of medieval origin. Those who have received their degrees from institutions outside the United States wear costumes specified by the awarding institutions.

The academic costumes of faculty whose degrees are from United States' institutions are specified by a uniform code maintained by the American Council on Education. Caps are black and are usually mortar boards with tassels. Doctors of Philosophy wear gold tassels usually of metallic thread; other degrees wear black or discipline colors.

The bachelor's gown is simple and black with long, pointed sleeves. Masters' gowns, also black, are longer than bachelors. Older gowns have sleeves that terminate at the elbow while those since 1960 have sleeves extended to the wrist. Doctors' gowns are full, with bell-like sleeves. The front is marked by velvet panels and the sleeves are marked by three velvet bars. While most gowns are black with black velvet, one variation is to replace black velvet with velvet in the discipline color. A second variation is a colored gown usually of the university's colors.

All hoods specify the level of degree, the type of discipline studied and the awarding institution. First, degree level is signified by the size of the hood with bachelors' smallest, masters' larger, and doctors' quite large and of a different shape. Clemson does not award hoods to bachelors. The width of the velvet trim also conveys the degree. Secondly, the degree is indicated by the color of the trim edging the hood to form the throat over the gown. The most frequently seen is dark blue, which designates the doctor of philosophy (Ph.D.) degree. Finally, the color of the hood's lining specifies the awarding institution. The colors are displayed in combinations that are drawn from heraldry. Notice that the Clemson University hood is lined with purple through which is an orange chevron (a "V"). Although many combinations are duplicated by dozens of institutions, Clemson is presently the only institution with that registered combination.

The officers, trustees, and honored guests wear academic, ecclesiastical, or military regalia as set forth by their professions. They are preceded by the University Marshal. Clad in a gown of office in gold and purple, the marshal wears no hood and bears the University mace. At the ceremony's close, the faculty do not exit as a part of the recessional but are dismissed, along with students and guests, when the marshal leaves the coliseum.
The University Regalia

The University mace is the symbolic representation of the whole of Clemson University and must be present at any convocation where the University, through its delegated members, is acting officially. At any official convocation such as commencement, the University Marshal, carrying the mace, precedes the President into the assembly. The mace rests before the President's chair or speaker's stand throughout the ceremony, and its removal from the assembly at the close of a convocation is symbolic of the official withdrawal of the University and, thus, the close of the proceedings.

The decorative design of Clemson's mace is derived from the ceremonial maces carried by heads of state and church in the Middle Ages. Its basic clublike shape, however, is much more ancient, probably going back to man's prehistory. It is made of walnut wood and silver, with the seal of the University in gold and the University colors represented by insets of carnelian (orange) and amethyst (purple). Amethyst is also the state stone of South Carolina.

The Presidential chain and seal is symbolic of the authority vested in the office of president by the governing body of the University. Only the University President may wear it, and while wearing it he speaks for the whole body of the institution. Clemson's chain and seal are made of silver and gold, and carnelian and amethyst.

The batons of the college marshals also descend from medieval "staffs of office" which were carried by the senior members of departments of state or church. They display the seal of the University and the symbolic color of the discipline to which the college belongs. Clemson's batons are made of walnut wood and silver with the various disciplines inset with enamel.

The University regalia were designed and executed by Mr. Robert Ebendorf. Mr. Ebendorf is twice winner of the Tiffany Award and one of the most acclaimed goldsmiths of our era. The enamel plaques for the batons were executed by the late Professor Marshall C. Bell, and the lapidary work was executed by the late Mr. C. C. Wilson of Clemson University.

*Departmental Honors: The graduates so designated have completed an enriched program of study designed by their departments with the approval of the Calhoun College Honors Program. To earn Departmental Honors students must complete an honors thesis and/or other upper division honors courses, while maintaining an overall grade-point ratio of 3.40 or higher. Departmental Honors graduates appear in the line of march wearing the Calhoun College Honors Medallion on an orange and purple ribbon. This medallion is made possible by an endowment established by Mrs. Katherine Inabinet Vickery of Columbia, South Carolina, to honor the memory of her husband and Clemson graduate, the late B. C. Inabinet.

Students wearing the white stoles over their gowns are members of honorary societies that require a minimum 3.00 grade point ratio for membership. The stoles have the University seal embroidered on one side, and on the other side are the emblem(s) of honorary societies in which the student is a member.
Awards

NORRIS MEDAL

First awarded at Clemson University in 1908, the Norris Medal was established under the terms of the will of the Honorable D. K. Norris, a life trustee of this institution. The medal is given each year to the graduating student who, on the basis of exceptional scholastic achievement and leadership ability, is judged by the University Scholarships and Awards Committee to be the best all-around student.

All recipients of the Norris Medal have their names affixed to a bronze plaque mounted at the front entrance of Sikes Hall.

Historical Statement

Clemson University is named for Thomas Green Clemson (1807–1888), who left the bulk of his estate to the State of South Carolina for the founding of the institution.

Thomas Clemson was born in Philadelphia in 1807 and educated at the Royal School of Mines in Paris (1828–1832). His early profession was that of a mining engineer; however, circumstances diverted his interests into politics and the life of a southern planter, and he soon became an enthusiastic advocate of scientific agriculture. He had a career as a diplomat (charge d'affaires to Belgium, 1844–1852) and served as the first Superintendent of Agricultural Affairs in Washington (1860). As a scientist he published numerous articles in the fields of mining, chemistry and agriculture. His varied activities included his assistance in the founding of the Maryland Agricultural College, his support of the Morrill Act, his leadership in South Carolina after the Civil War, and his part in founding Clemson University.

Thomas Clemson was the son-in-law of South Carolina's John C. Calhoun, a political figure of national importance during the first half of the nineteenth century. Mr. Calhoun's home, Fort Hill, is preserved on the Clemson Campus as a national shrine.

The academic program at Clemson College began in 1893 with an enrollment of 446. The first “college prospectus” announced only two four-year curricula, supplemented by two two-year preparatory courses. Today the University has six major academic units. These are the College of Agriculture, Forestry and Life Sciences, the College of Architecture, Arts and Humanities, the College of Business and Public Affairs, the College of Engineering and Science, the College of Health, Education and Human Development, and the Graduate School.

Clemson is a land-grant institution. As such, it is engaged not only in its primary academic program, but does extensive research at the main campus and at five agricultural experiment stations located in the State. The University is also heavily committed to a varied program of public service, including the work of agricultural extension which has professional personnel located in each of the State's counties.
Where the Blue Ridge yawns its greatness,
Where the Tigers play;

Here the sons of dear old Clemson
Reign supreme alway.

Chorus
Dear old Clemson, we will triumph
And with all our might,

That the Tiger's roar may echo
O'er the mountain height.

We will dream of great conquests,
For our past is grand,

And her sons have fought and conquered
Every foreign land.

Where the mountains smile in grandeur
O'er the hill and dale.

Here the Tiger lair is nestling
Swept by storm and gale.

We are brothers strong in manhood,
For we work and strive;

And our alma mater reigneth
Ever in our lives.
Note: Candidates appearing in this program are not certified graduates. Likewise, academic honors designations are based upon performance prior to final grades. Both certification of graduation and honors designations must come from the Registrar of the University.
