The NASIG Program Planning Committee (PPC) invites poster session proposals for the 26th NASIG conference in St. Louis, Missouri, June 2-5, 2011. The theme of the conference is "Gateway to Collaboration."

Posters will be on display 9am-5pm on Saturday, June 4th. Presenters must be available to discuss their topics during the afternoon break on this day.

Poster sessions provide an opportunity to share innovative ideas, new workflows, and new applications of technology. Sessions may present a report of a research study, an analysis of a practical problem-solving effort, or a description of an innovative program that may be of interest to the serials community. Proposals should name any particular products or services that are integral to the content of the poster session. However, as a matter of NASIG policy, programs should not be used as a venue to promote or attack any product, service, or institution.

To propose a poster session, please use the [online form](#).

Proposals must be received by 5pm PDT on **Friday, April 1, 2011**. Members of the Program Planning Committee will evaluate abstracts, and presenters will be notified in April 2011.
