10. Parking Advisory: Elmer Gray reports highlights of their 11/5/98 were:
    a) Joe Granger of parking services is exploring ways of increasing revenue to fund the parking services portion of a municipal services building. Parking services is currently crammed into the area below the Student Senate Chambers. This location was supposed to be temporary after the University Square building collapsed two years ago. Anyone who has visited parking services realizes that this isn't the best of situations. Mr. Granger proposed gradual increases for all parking constituents, with permits for employees in the $0-30,000 range increasing from $24 to $32 with a $5 discount for early purchases. For employees in the $30-50,000 range, rates would increase from $54 to $70 with the $5 discount for early purchases. Although the increases were modest, all present found the matter of employees paying to build a university building unacceptable. Parking Services will look for other avenues.
    b) Input is still needed in relation to increasing ticket rates from $20 to $30 for most offenses. The 15-day, 50% discount will still be in effect. The cost of tickets has not been raised since the early 80's and today's rates are not sufficient to encourage compliance with regulations.
    c) They will look at repainting Redfern lot.
    d) Progress is being made on proposal to pay parking fees from pretax dollars; this will place parking as a benefit.
    e) Athletics has donated approximately ½ million dollars to renovate the parking lot beside Jervey and the baseball field.
1) Beware of a Stereo Scam, apparently someone is trying to sell stereo equipment in some of the parking lots, only to turn out that the boxes are empty. Take the license plate number and call the police if approached.

11. President's Commission on the Status of Women: Myra Cato reports they met on Friday, 10/23/98. The Subcommittee reports were given. President Curris charged the Commission to research and then propose solutions/programs for three projects. One of the new projects is a request for proposal for a type of internship for faculty and eventually for staff. The specific criteria for this program have not been investigated or determined. As the sub-committee gathers information for a proposal, reporting will continue. Myra Cato, Classified Staff Commission, is a member of this committee. 1. Open Commentary: Rose Marie McDonald, Campus Air and Water Quality Control Committee Chair spoke on the proposal to change the University Smoking Policy. She is presenting her proposal to the Classified Staff Commission, Faculty Senate and Student Government. The 1996 Clean Indoor Air Act says “smoking may be allowed in public school buildings.” There are four nonsmoking buildings on the campus – Barre Lehortsly, Edwards and Mell. Housing will have a separate policy. The proposed smoking policy states that “smoking is not to be allowed in campus buildings.” Smoking is currently allowed in enclosed private offices and designated smoking areas. The proposal promotes a healthier environment and smokers would be asked to go outside to smoke. She plans to take comments and concerns to Dr. Curris. David Stalnaker has seen the proposal at this time. She will meet with him and the committee again in two weeks. Complaints about smoking should be addressed to your supervisor. The proposal is to be enforced through progressive discipline. Dr. McDonald will send the CSC a copy of the proposal. Cathy will distribute this to the representatives to share with their constituents. Please send all comments and concerns to Cathy.

2. Approval of Minutes: Minutes were approved as amended.

At the 11/9 meeting Dean Cheatham gave a report on HEHD.

Joe Granger has submitted a proposal to speed up the process of financing the Parking Services wing of the building and how they spend their revenue.

11. President’s Commission on the Status of Women: Myra Cato reported they met on Friday, 10/23/98. The Subcommittee reports were given. President Curris charged the Commission to research and then propose solutions/programs for three projects. 13. Recreation Advisory: Steve Perry reported there has been no meeting.

15. Travel Services User Group: Olivia reported for Cory that you could find cheap airfares on the Internet. You can call Small World with the flight numbers and they will book the flights for you, but they will not look them up on the Internet for you. You should use Park & Fly if you are flying out of Atlanta. Senior citizens discounts are available from many airlines. Chartering the University plane may be cheaper if you are flying a number of persons to the same destination.

16. Union Advisory: Elmer Gray reports there has been no meeting.

6. Unfinished Business:
   A. Volunteers for Ad Hoc Committees: We need volunteers to serve on Ad Hoc Committees for Salary, Tuition Waiver and Parking. April stated the Ad Hoc Committee for Salary was discussed in P&W Committee meeting and they would like to take this over. Cathy reminded them there was a vote to establish Ad Hoc Committees to study these issues. Cathy suggested April bring this back up with Executive Committee. SCSEA will start lobbying for salaries in January.

   B. Volunteers for Parking Review Board: Cathy received notification from Judge Culler that the parking review board has enough staff volunteers. It was also noted they have enough faculty, staff and students to be operational.

7. New Business:
   A. Specially Appointed Committee to look at Final Report on Future of Clemson University: This committee with report to David Stalnaker to gather input and see which recommendations would be supported by stall. All input is to be collected by 11/20. Chuck Toney has agreed to serve on this committee. Cathy is looking for 3-4 more volunteers. Report may be found on CU homepage.

   B. Proposed Smoking Policy: Cathy will get a copy of proposal from Dr. McDonald and distribute it to the representatives to share with their constituents. All comments are to be sent to Cathy. The Administrative Council will have to approve the proposal before it will take effect. Chuck made a motion “to have a resolution regarding the smoking policy placed on the December CSC Agenda.”
