Open Commentary: Rosemary Rhinehart spoke regarding the roping off of the parking lot where the Biotech building is to be built near the location of the old greenhouses. 150 parking spaces are to be lost. Joe Granger did not indicate any alternative parking arrangements for employees would be forthcoming. It was suggested we could park in the P-1 lot and ride the bus. A petition was circulated in Poole, Barre, Newman, Lehotsky and McAdams halls. Others have asked to be included. They decided to bring their concerns to the CSC. There will be a bad bottleneck at the 4-way stop at McMillen and Cherry roads, since the entrance to the E-1 lot has been blocked. They would like to see employees given access to the Commuter lot behind the Poole Ag Center. After completion of the Hendrix Center and Biotech Building there will be an increased need for parking spaces. They would like to see a parking garage as a long-term goal. They would also like to see formal announcement of changes in parking conditions.

A. Academic Council meeting on 1/3 was cancelled.

E. **President’s Cabinet** did not meet last week. President Barker has asked members how they want his cabinet to work. Reports from different areas are informative but should they be advising on policy?
