President Phil Landreth called the meeting to order at 10:00 AM.

1. Approval of Minutes: The minutes of the June 10, 2003 meeting were approved as submitted.

2. Guest Speaker, Bob Wells, Chief Facilities Officer University Facilities Support Services, gave an overview of Facilities and discussed the impact of the budget on their services. They provide (1) recycling and custodial services (for administrative and academic buildings, not housing and athletic venues), (2) landscaping services (excluding housing and athletic venues), (3) maintenance and minor projects, (4) campus planning, (5) utility services, including power and waste treatment, and (6) capital projects. Their minor projects group will perform estimating, drafting, and project management for small capital projects. If a department wants to handle a renovation on their own without using Facilities Services, they will still need to get a permit approved from FS. Information regarding permits is posted on the facilities web site at http://facilities.clemson.edu/. There is a University Facilities Advisory Committee that meets quarterly to get updates on all capital projects, review trial runs of presentations, and get feedback from the university community. Regarding the budget, Facilities expenditures as a percentage of the university’s current fund expenditures are on a downward trend. Utility costs are going down for the university due in part to a state investment in the power plant that allows “peak shaving.” New construction may experience fewer breakdowns but experience more cooling costs. The addition of new buildings will also increase costs. Solutions to deal with budget cuts include a more proactive preventative maintenance schedule. Every $1 spent on preventative maintenance will save $4 in capital expense costs. Another solution is the transmittal of work orders via Nextel phones. It’s estimated that eliminating trips back and forth to distribute and turn in work orders can save the equivalent of 4 FTEs’ worth of time. Call the university police department to place service calls outside of normal business hours. (656-2222)

3. Announcements from the President
   B. Administrative Council, Phil Landreth: No report.
   C. Board of Trustees, Phil Landreth: Has not met. Next meeting scheduled for August 29.
D. **Governmental Affairs**, Ron Addis: On June 4, 2003, Rep. Becky Martin introduced House Bill 4378. The House referred the bill to Committee on Ways and Means. The bill reads as follows:

E. 4378 -- A BILL TO AMEND SECTION 8-11-940, CODE OF LAWS OF SOUTH CAROLINA, 1976, RELATING TO PERFORMANCE PAY INCREASES FOR STATE EMPLOYEES, SO AS TO PROVIDE FOR A MINIMUM INCREASE OF THREE PERCENT, BEGINNING IN FISCAL YEAR 2004-2005, FOR AN EMPLOYEE WHO MEETS OR EXCEEDS PERFORMANCE REQUIREMENTS, TO PROVIDE THAT A STATE AGENCY MAY FUND AN INCREASE IN EXCESS OF THREE PERCENT FOR AN EMPLOYEE WHO EXCEEDS OR SUBSTANTIALLY EXCEEDS PERFORMANCE REQUIREMENTS, AND TO PROVIDE FOR ADJUSTMENT OF THE THREE PERCENT INCREASE TO REFLECT FUNDING BY THE GENERAL ASSEMBLY.

F. **President's Cabinet**, Phil Landreth: At the July 28th meeting, Dr. Dave Gangemi presented the Institute for Nutraceutical Research which is trying to help tobacco farmers replace their crops with these types of crops. Chief Human Resource Officer Lawrence Nichols talked about the University shutting down from the water main burst. He said that the Governor was the only one that could grant leave without making up the time or using comp. or annual leave. Marvin Carmichael, Financial Aid, talked about the bridge over the lake not being completed in time for the first ball game. He indicated that it might be open for pedestrian traffic. Dr. Barker had asked Brett Dalton to study the impact of Clemson tuition in the mid fifties to today’s tuition on per capita income of S.C. residents. The impact is 10% less today even with the latest tuition hike. From the August 11 meeting: Volunteers are needed to help new students move in August 16 – 17. The downtown sidewalk project is expected to take about 3 months to complete. The U. S. News & World Report college rankings are due out next week. Marvin Carmichael will be sending out a survey regarding employees with children attending Clemson.
