Clemson College, S.C.,
May 26, 1896

The Board of Trustees met at the College, this day.

Mr. Crowell, J. D., Topham, as appeared before the board, and explained the automatic sprinkler, and estimated that they could be put in at no more expense in wood than that used before, and thought that $2000 would put them in, not including tanks and outside work.

On motion of Mr. Norris a committee of three was appointed to consider the matter of insurance and report to the board. Messrs. Norris, Wamakaner, and Donaldson were appointed.

Mr. J. C. Thompson was appointed appraiser to represent the College in the adjustment of loss by recent fire.

Board took recess till 8:30 and 26th inst.

May 26th, Board met at Simpson joining.

Committee on insurance reported as follows:

1. We would recommend that each principal building be covered by a hydrant connected properly with water main, and sufficient hose provided and properly placed.

2. That a fire brigade be at once organized and practiced from time to time.

3. That a 3 or 5 years policy be taken instead of an annual in each case, and to have policies all to begin at same day. Dr. Sloan must attend to the insurance at once.

to draw the plans.
The petition of Cadets for doing away
with Saturday morning recitations was read
and upon a vote it was decided to postpone
any further consideration of the petition
until the Board meets June 27th.

On motion it was resolved that each member
of the Board visit the College before the August
meeting and spend at least 3 days in examining
into the general conduct of and working of the
institutions.

Resd: That Davis take immediate steps to obtain
from underwriters the cheapest and best rates
obtainable on our risk, and what they will require
of us in order to obtain said rates, and that in
the event no concessions are made, that all
dwellings and isolation buildings belonging to the
College will be protected by hydrants and fire
and assured, while the principal building will be
insured to the fullest limit available.

If a reasonable rate is obtained, then all the
buildings are to be insured for the amounts
fixed by the Committee.

Read and approved June 27th 1894.
