The Board of Trustees met at the College this P.M.

Present:

Col. Dinkson reported that he was unable to have the name of Cherry's Station changed and that the Blue Ridge Railroad had agreed to make joint repairs to the station house.

Res. That three hundred dollars ($300.00) be appropriated for the purpose of arranging the facilities of a survey and other necessary expenditures for the construction with the first in damages alleged to be caused by the lake on Desea River—the same to be paid out on the approval of the President of the Board.

$200.00 Two hundred dollars was appropriated to build a room for Mr. Schillite.

$200.00 Two hundred dollars was appropriated for room of Mr. E. D. Davis' hotel.

Res. That the members of the Trustees' Board be requested to represent the Board of Trustees to attend the General Assembly at the approaching session and to agree to have closed the Fertilizer Act prepared prior to the last session of that body.

The Board of Trustees of Clemson Agri-
Cultural College respectfully call the attention of the President & Management to the Blue Ridge Rail Road & to the lack of further facilities at Churry's Crossing.

The very large proportion of the 250 students who attend the College would use the station as most accessible if the convenience then provided would justify their doing so. But as it is very many of such students adopt other routes rob the convenience to others because of the lack of such facilities.

The main difficulty is the lack of accommodation furnished at this point by the Rail Road. There is but one small building utterly insufficient to furnish shelter to the large number of students who at different times are obliged to take or leave the train at this crossing. There is no accommodation at all for the baggage of such students.

If the weather be inclement a large number of students and all the baggage are exposed to serious risk of damp and damage. In addition to these facts the station is used largely and frequented by the ladies of the College and the neighborhood. The same inconvenience applies to them and in greater degree than with the young men. The Board, therefore, respectfully request respectfully requests the President and Management of the Blue Ridge Rail Road to supply suitable accommodation at Churry's Crossing.

Res: That Mr. Goodman be allowed to accompany daughter and furnish help to the President.
and other residents of the College Community
at the market price. Said meat or other
fresh meat to be kept entirely separate and
Abstract from that Furnished to the Farmers.
Rescinded. Feb. 27/1906.

Res. That the Prof. of Animal Husbandry be
authorized to use the sum of $250.00 next-
year appropriated for station fixtures and
to the selection of necessary buildings for
sheltering sheep and goats for the purposes
of a beef bull under the direction of the
Committee on Experiment Farm.

$500.00 was added to the Appropriation for
purchase for Mr. Eggleston to be disposed of
under the direction of the Experiment Committee.

Res. That the whole matter of water supply
be referred to the Exp. Committee with power
to act and that the sum of $45.00 be spent
as much be necessary to enable them to make
such contracts as they may deem proper.

Catherine B. Truscott was unanimously elected
Librarian.

Res. That Prof. Calloway be made a member
of the Experiment Station Staff.

Res. That President and Treasurer draw their checks
for all expenditures ordered at this meeting.

Board adjourned.

Approved Feb. 27, 1906.
