We have two submissions for this quarter's column, both of which look to me to be interesting reads. Decide for yourselves though, by checking out:

Bhatt, A.H. "E-resource round up: UKSG 2013 annual conference and exhibition, Bournemouth, England, April 8-10th, 2013". *Journal of Electronic Resources Librarianship*. 25 (2013): 304-325.

This article was written by the 2013 John Merriman award winner and University Librarian for Electronic Resources at Florida Gulf Coast University, **Anjana H. Bhatt**, detailing her trip to UKSG.

From **Smita Joshipura**, electronic resources management coordinator at the Arizona State University Libraries, we have a book chapter:

Joshipura, S., & Mehrens, C. "Patron-driven acquisitions: A progressive model for the selection of electronic resources." In *Progressive trends in electronic resource management in libraries*, edited by Nihar K.

Patra, Bharat Kumar, and Ashis K. Pani, 69-85: IGI Global, 2014.

Congratulations to our authors, and happy reading to all!
