The Chairman called for reports from Special and Standing Committees.

Mr. Cooper, Chairman, reported that the special committee on truck growing was not ready to make a report on this project at this time.

The President made the following report for the Financial Committee which was furnished the Secretary by Mr. W. W. Bradley, Chairman of the Insurance Committee:

Whereas at the fall meeting of the Board in 1926 an agreement was entered into between the Aetna Life Insurance Company of New York and the Clemson Agricultural College whereby the said Aetna Life Insurance Company agreed to write a policy of group insurance for employees, officers and Trustees of Clemson Agricultural College. The terms of said agreement having been fully agreed to between a special committee of the Board and the Aetna Life Insurance Company and said agreement having been adopted as a whole by the Board immediately thereafter in session, and

Whereas the minutes of the Board did not show the terms upon which the Trustees were to be insured, namely: that they should pay on the same average as the employees, but should pay the entire premium on a basis of said average leaving the College free of expense for the payment of any premium on any policies taken by the Trustees.

Therefore, be it resolved: That it is the sense of the Board of Trustees now in session that the terms above set forth were definitely agreed upon with the Aetna Life Insurance Company and the purpose of this resolution is to re-affirm the terms of said agreement and make the same a record of the Board in so far as the insurance for the Board of Trustees is concerned.

Moved by Mr. Bradley: That the report of the Finance Committee on this matter be approved.

Motion Adopted

Mr. Cooper, Chairman of the Agricultural Committee recommended that Director Barre and President Sikes, with the approval of the Agricultural Committee, be authorized to make such changes in the organization of the work at the Pee Dee Station as will best meet the needs for developing the tobacco investigations, the boll weevil control work and the other experimental work at the Pee Dee Station.

Moved by Mr. Bradley: That the recommendation of the Chairman of the Agricultural Committee be approved.

Motion Adopted

Mr. Barnett, Chairman of the Executive Committee, stated that the recommendations of the Executive Committee were included in the President's report.
Mr. Barnett reported that the Executive Committee had authorized the location and building of the corn barn for the Farm which had been provided for by the Board at a previous meeting; also the location of a site for the residence to be erected by Prof. J. E. Hunter on a lot just beyond the Cadet Hospital.

Moved by Mr. Bradley: That the actions of the Executive Committee be approved.

Motion Adopted

The President requested the Board to approve the proposed Basket Ball Schedule as recommended by the Athletic Committee of the Board and to grant him authority to make any necessary minor changes.

Moved by Mr. Speer: That the proposed schedule be approved and that authority be given the President to make such minor changes as might be necessary.

Motion Adopted

The President requested consideration of the matter of liability insurance for College owned trucks, automobiles, tractors, etc.

After discussion it was

Moved by Mr. Bradley: That we do not raise the question of the liability of the College, but that the Business Manager be authorized to obtain the necessary liability insurance on all College owned trucks, etc.

Motion Adopted - See roll call vote at conclusion of these minutes.

Moved by Mr. Cooper: That the Board of Trustees of Clemson College in meeting October 27, 1930, heartily commend the very splendid Agricultural Exhibits installed by Clemson College through her several divisions at the recent State Fair and that President Sikes be requested to thank, by letter, all who assisted in this work.

Motion Adopted

Mr. Speer requested that the Exhibits made by the College at the State Fair be exhibited at the Anderson County Fair.

Moved by Mr. Cooper: That the request be granted.

Motion Adopted

The following resolution was offered by Mr. Lever, namely:

WHEREAS: It has come to the attention of the membership of the Board of Trustees of the Clemson Agricultural College that the Federal Farm Board, Washington, D. C., is sponsoring a campaign for a substantial reduction in acreage planted to cotton for 1931, and for a better balanced agriculture for the South; and

WHEREAS, We believe firmly that both projects are in the interest of the public good; therefore

BE IT RESOLVED: That the Board of Trustees of the Clemson Agricultural College gives not only its approval to these projects, but pledges its membership to the fullest cooperation in the attainment of these worthy objectives.

This resolution was adopted on a unanimous rising vote.

The President requested the Board to express its opinion in regard to changing the date of the Carolina-Clemson Foot Ball Game to be played in Columbia next fall.

The Board discussed this matter but took no action.

Mr. Wannamaker stated to the Board that he had had a conference
with Dr. Milford, College Surgeon, regarding the condition of the hospital. Mr. Wannemaker further stated that the present hospital building was entirely inadequate and a dangerous fire risk, and that he wished to urge upon the Board the importance of giving this matter preference over the proposed request for an Agricultural Building now carried in the Budget—since the cost of a new hospital would be much less than the cost of an Agricultural Building, a matter which must be taken into consideration during the depressed financial condition of the State.

Mr. Benet stated that Mr. Manning requested him to inform the Board of a conversation that he had with the Governor regarding appropriations. It was Mr. Manning's opinion that the Board should be conservative in its requests to the General Assembly at this time.

After further discussion it was

Moved by Mr. Bradley: That the President of the College be authorized to amend the budget by asking for an appropriation of $20,000.00 to erect the first unit of a fireproof hospital building, but that he also lay stress, in his report to the General Assembly, of the urgent need of an Agricultural Building.

Motion Adopted

Directors Long and Barre and Prof. Mitchell were called before the Board for the purpose of making a statement in reply to complaint made by Governor Richards to the effect that the College had not shown a sympathetic attitude toward the work of the South Carolina Natural Resource Commission in the investigation of the iodine content of fruits and vegetables.

Mr. Benet outlined his conference with Dr. Weston and others as to Bulletin #252 of the South Carolina Agricultural Experiment Station and the alleged attitude of the College. After hearing Dr. Long, Director Barre and Prof. Mitchell, it was the sense of the Board that the criticism of the College was not warranted.

It was suggested to Mr. Barre and Mr. Mitchell that they arrange to call on Dr. Remington, of the Commission, and discuss with him the differences in analyses of Prof. Mitchell and of Dr. Remington.

At the request of Chairman, the Secretary presented the following resolution dealing with all items requiring a roll call vote -

RESOLVED: That all measures and recommendations made at this meeting, which, according to the By-laws, require a roll call vote of nine or more members, be hereby adopted and confirmed, and that the Treasurer be authorized to issue his checks for all expenditures authorized at this meeting.

Resolution adopted on unanimous roll call vote—eleven members present.

Director W. W. Long appeared before the Board and requested that he be allowed to negotiate a loan of $50,000.00 for the purpose of erecting an apartment house to care for an increase in employees in the Extension Department. The rentals from the apartments to be used in the repayment of the loan.

Moved by Mr. Bradley: That this matter be referred to the Executive Committee with full authority to act.

Motion Adopted on unanimous roll call vote—eleven members present.

Moved by Mr. Sirrine: That the Board do now adjourn.

Motion Adopted and the Board adjourned at about 6:00 P. M.

Approved: Correct:

Secretary
The Board convened at 3 P. M.

The following responded to the roll call:

Mr. J. E. Wannamaker, Chairman; Messrs. Bradley, Lever, Barnett, Cope, Speer, Abell and Sherard.

Mr. Cooper could not remain for the meeting and requested Mr. Bradley to cast his ballot on all matters coming before the Board with the understanding that he would confirm this vote, by letter, after he had received a copy of the minutes.

Since there were only eight members present, Mr. Bradley suggested that the Board proceed with the business before it and that the Secretary be instructed to submit a copy of the minutes to the absent members and obtain their letter vote on matters acted upon at the meeting.

Mr. Bradley's suggestion was agreed to by the Board.

The Chairman stated that the minutes of the previous meeting had been sent to each member of the Board for alterations and corrections and asked for any such.

There being no alterations or corrections, the minutes were approved.

Mr. Wannamaker called the Board's attention to the serious illness of Governor Manning, and requested that the following telegram be sent Mr. Manning:

"The Trustees now in session at the College send you their affectionate greetings. They miss the inspiration of your presence and your wise counsels. They are thankful to learn that you are improving and fervently pray that you may be restored to health and strength; that your life rich in good works may continue to be a blessing to others. God be with you."
