Time marches on, and so do our careers, all for the better, of course. Evidence of this profound statement is found in:

**Katy DiVittorio's** promotion to acquisitions librarian at the Auraria Library in Denver, Colorado.

And in **Connie Marsh's** assumption of the scholarly communications and collection development librarian position at Old Dominion University Libraries.

And in **Derek Wilmott's** becoming the collections management librarian at Clemson University Libraries.

Best wishes to everyone in their new endeavors.
