Recommendations/Questions to Board

We have been discussing moving job post requests from an emailing process to a NASIG form to be found on the NASIG.org website. While this might reduce the number of job post requests we receive to the blog, there has been varying levels of incomplete information that make this time consuming on our end. We would like your recommendation regarding this idea. Thank you!

Continuing Activities

CEC continues to work on identifying high quality content for future webinars. We have received the 2018 conference evaluations and have selected programs with high ratings and timely content and are contacting presenters about adapting the content to a webinar format. We hope to have our slate of fall 2018 webinars set soon. We are also in touch with NISO about our annual co-sponsored webinar for 2019.

Completed Activities

We set goals for the upcoming year and have formed subcommittees to address regular reviews of the core competencies and the NASIG Wikipedia entry. Having added older webinar recordings to the NASIG YouTube Channel, we created a subcommittee to investigate correcting the automatically-generated closed-captioning which has mistakes in it.

- Revise the MSC Manual as needed.
- Run new member, non-renewing, and deactivate reports monthly. Respond to member login problems and renewal questions. Update member organizational affiliations when requested.
- Send new member reports monthly to Communications Committee and *Newsletter*. Send edited reports (names and emails only) of new members to NISO contacts.
- Send welcome letters to all new members.

- Send non-renewing members a reminder to renew their membership.
- Deactivate members who have not renewed two months past last expiration, and send those reports to Communications for removal from NASIG-L and to the NISO rep.

Completed Activities

- Updated all NASIG committee affiliations for 2018-19.
- Created memberships for Vision Speakers; sent welcome letters to them.
- Created memberships for Award Winners (if they weren't members already); sent letters of congratulations to winners, noting their one-year free membership as part of the award.
- Set up a Join NASIG form for organizational members, the new category/pricing approved by the Board in 2018.
- Organizational membership records clean-up: After conference calls with AMO and the implementation of the new membership category, Simser learned a slightly more efficient method for managing organizational members.
 - Individual and organizational records were updated
 - The MSC Manual is in the process of being updated
 - The organizational renewal notification was updated and now includes a link to a spreadsheet that organizational members must return annually with information about the 3 (or more) individuals who are covered under their membership. MSC will have to use that information to remove outdated information and to add any new individual being covered. Renewals will very much be a manual process, and good communication must be maintained with the treasurer.

No expenses expected.

Statistical Information

Member numbers as of October 1, 2018

Total – 579

Regular – 408

Organizational - 8*

Lifetime – 8**

Library school students – 147

Complimentary – 9

* Represents individuals whose organizations have joined as “organizational members” based on new organizational membership category implemented late summer 2018.

** We discovered that the All-Timers had been coded as “regular” though they had been given complimentary lifetime membership status in 2015. We identified 5 individuals: Davis, Teaster, Winchester, Tenney, and Degener. See our question for the Board below.

Questions for the Board

Should the all-timers be listed as “Complimentary” or as “Lifetime” members? Should Lifetime be for paid memberships only? Were others besides the 5 listed above designated as complimentary lifetime members in 2015?

Madeline Kelly, vice-chair (Western Washington University)

Bethany Greene (Duke University)

Rowena Griem (Yale University)

Smita Joshipura (Arizona State University)

Virginia Martin (Duke University)

Sue Wiegand (Saint Mary's College)

Completed Activities

- Confirmed committee discussion list is updated for the current year
- Identified a committee vice-chair for the 2018/19 year
- Made revisions and updates to the N&E committee manual, particularly in areas related to increasing the number of nominees and diversifying the slate (thanks to detailed notes from 2017/18 Chair, Erika Ripley)
- Drafted and received Board approval on timetable for the 2018/19 nomination cycle, requested that the Communications Committee post to the website
- Confirmed with the Board that the positions to be included in the 2019 election are: Vice

President/President-Elect, Treasurer, and 3 Members At Large

- Held initial conference call with N&E Committee, developed the following goals for 2018/19:
 - Continue to examine ways to develop a diverse slate. Coordinate with the Membership Services and Diversity Committees for input.
 - Revise N&E manual so that the headings and dates more closely align with the election timeline as it has been carried out over the past several years. Continue to make other revisions as the need arises.
 - Examine the possibility of revising the Nominee Profile forms so that the submissions received from the nominees can be more easily converted into the format preferred by the Communications Committee for release to the voting membership on the NASIG website.

Upcoming Activities

- Update the Nomination form for the 2018/19 cycle
- Send out Call for Nominations to the NASIG membership
- Accept nominations for NASIG office, likely through early November
- Consult with Communications Committee on their preferred format for posting Nominee Profiles to NASIG website at election time
- Review and revise (if necessary) the Nominee Profile forms

Questions for the Board

- Academic libraries are typically well-represented on the Board and last year's nominees were primarily representative of academic libraries as well. One of the outgoing Board members in 2019 represents the vendor population meaning there is a potential for losing some diversity in membership representation for 2019/20 (depending on the nominee pool and outcome of the 2019 election). While compiling a diverse slate is one of the committee's goals, does the Board have any suggestions on how we might increase nominations

outreach to other membership populations (e.g. vendors, publishers, public and special libraries)?

- What is the timeline for establishing the new Diversity Committee and does the Board have any specific directives on how the N&E Committee could partner with this new committee to meet our goals for ensuring that NASIG represents the full membership in its Board?

Jennifer Combs, Chair (Kansas City Public Library)
Fiona McNabb, Vice-Chair (Computercraft)

Christina Geuther, member (Kansas State University)

Emily Ray, member and NISO Representative (University of North Florida)

Maria Hatfield, Board liaison (WT Cox Information Services)

Mark Hemhauser, member (University of California, Berkeley)

Matthew Ragucci, member (Wiley)

Melissa Belvadi, member and COUNTER liaison (University of Prince Edward Island)

Pat Kenney, member (Wheaton College)

Peter McCracken, member (Cornell University)

Tessa Minchew, member (North Carolina State University)

Continuing Activities

The Standards Committee continues to cast the official NASIG vote on the monthly NISO ballots we receive as a benefit of our membership in NISO

(<http://www.niso.org/standards/ballots>). NASIG is currently a member of the following NISO voting pools.

- ANSI/NISO Z39.78 (Library Binding)
- ANSI/NISO Z39.88 (OpenURL Framework)
- ANSI/NISO Z39.43 (Standard Address Number (SAN) for the Publishing Industry)
- ANSI/NISO Z39.84 (Syntax for the Digital Object Identifier)

The NISO voting workflow is being managed by Emily Ray, who also played an important part of the workflow the previous committee year. Emily has shared ballot documents with the committee and maintained the NISO Master Spreadsheet in the committee's Google drive for ballots through Sept 27. (The next ballot is not due for a few weeks.) However, the Committee has expressed general agreement to allow a workflow that no longer requires every ballot and comment to be maintained on the Spreadsheet, and which allows more discretion on the part of the NISO Representative.

The committee continues to edit and fill in various sections within our Committee Manual.

The committee will continue to submit "pop-up" columns to *NASIG Newsletter*, on an irregular basis, as a

way of updating the membership about note-worthy happenings and issues in the greater standards community. (*Language borrowed from report of previous chair.*)

The committee continues to seek avenues to bring standards to a wider audience within NASIG membership and draw out more participation in standards from the membership. Questions and comments are always welcome and can be directed to the committee at standards@nasig.org.

Completed Activities

- From 6/21 – 9/27, we have participated in 19 NISO ballots or calls for comments, and we have marked "Abstain" on 4 others. One ballot directly involving serials caused a lively discussion for the committee and resulted in a full page of comments that were submitted as a vote to Approve with Comments.
- New members (Matthew Ragucci, Melissa Belvadi, and Peter McCracken) have been welcomed and the monthly meeting date (second Monday of the month) set for this year.
- Melissa Belvadi has volunteered and accepted the role of COUNTER liaison.
- Emily Ray has accepted a continuing role as NISO Representative.
- Committee has submitted a statement of Committee Goals to the Board in response to the first ever Board request.

Budget

No money was spent in this quarter.

Statistical Information

Our pop-up column, "Standards Corner: COUNTER 5 Update," has had 9 abstract views and 6 downloads since its September publication.

Questions for Board

We are still awaiting Board approval and/or comments on changes to our Committee Charge and on our Committee Goals. We have edited some of the language in our Committee Goals to make the language more affirmative, and we can submit that version if needed.

Megan Kilb, member (University of North Carolina, Chapel Hill)
Sarah Meidinger, member (North Dakota State University)
Marsha Seamans, board liaison (University of Kentucky)

Continuing Activities

We will begin to reach out to library students in the coming months and will begin to advertise Great Ideas and the student spotlight session for the 2019 conference. Our goal for the coming year is to increase student membership and the number of students participating in the annual conference.

Completed Activities

We have completed pairings of mentors and mentees. Monthly questions have been sent out and will be continued to be sent out to facilitate discussions between mentors and mentees.

Questions for the Board

Questions remain about who sends out proposals to library schools for student spotlight and Great Ideas. There was some confusion about who vetted the proposals and the due dates for the proposals. It was unclear to me who was in charge of the calls and the due dates for the proposal calls. I recommend the PPC send out the calls and that the SOC takes over after proposals that have been approved by PPC.

Will we have a \$50 gift card for Amazon.com for students to respond to the mid-year survey in November?

Digital Preservation Task Force

Submitted by Shannon Keller

Members

Shannon Keller, chair (New York Public Library)
James Phillpotts, (Oxford University Press)
Wendy Robertson, (University of Iowa)
Heather Staines, (hypothes.is)
Zach Van Stanley, (University of Denver)
Ted Westervelt, Board Liaison (Library of Congress)

Continuing Activities

The committee submitted a presentation proposal to both the 2019 UKSG Conference and the 2018 Charleston Conference. The proposal for Charleston was accepted, and Shannon and Heather will be joined by Bob Boissey from Springer/Nature to share the publisher perspective. Shannon hopes to share some preliminary results of the survey at the Charleston Conference.

Through presentations at conferences the committee hopes to highlight its work, market the guides, and discuss the task force's charge to better inform the committee's work about how NASIG can serve as a leader in efforts to support digital preservation

initiatives. These actions are in alignment with both strategic directions #4 and #5.

The committee distributed its Digital Preservation Initiatives Survey on Monday, September 24. The survey will be open until October 26, 2017.

One of the goals of the survey is to help the task force focus on this section of its charge: "identify ways in which NASIG can be involved in proactive digital preservation, including tools for marketing digital preservation to a broad range of library administrations and publishers." These actions are in alignment with both strategic directions #4 and #5. We endeavor that the survey will provide insight into how NASIG can serve its members, building new and strengthening existing relationships with its commercial members, in proactive digital preservation and provide leadership to the scholarly community with regard to digital preservation initiatives.

Completed Activities

Wendy and Shannon presented with Kim Steinle from Duke University Press at the NASIG Conference on Saturday June 9 at 10:45am. Shannon highlighted some of the committee's work, including the guides, and how to utilize the Keepers Registry. Wendy talked about questions to ask publishers and Kim highlighted challenges facing publishers regarding digital preservation initiatives.
