

Upcoming Conference News

PPC Update

Megan Kilb, PPC Chair

PPC is in the process of reviewing vision speaker suggestions and finalizing a short list of speakers to submit to the board for their feedback. If you have any last-minute suggestions, please send them our way! We are still reviewing feedback from the 2020 conference evaluations, with an eye towards what we can do to make the 2021 conference a valuable experience in a face-to-face and/or remote environment. If you have recommendations around the conference program, please contact us at prog-plan@nasig.org. We're looking forward to pulling together a strong lineup of vision speakers and creative sessions for the 2021 conference.

In the coming weeks, we will send out the call for proposals. More information about this year's process will be available soon.
