

Statement of Strom Thurmond to his Friends in Appreciation for
their Support. November 3, 1954

So many people assisted in various ways during this Senatorial campaign that I shall never be able to thank each of them individually. I wish to express my deepest gratitude publicly to my friends and to those unknown friends who made themselves a part of this campaign.

I particularly wish to commend the newspapers, the radio and television stations for the full and fair presentation of the news coming out of the campaign.

To the best of my ability I shall conduct myself so as to demonstrate my gratitude to all of you.
