Washington, May 12--The Post Office Department advised today that improved mail facilities will be provided at Camden, South Carolina, by the extension of rural Route No. 2, Camden, to become effective May 16, 1955.

This announcement was made in answer to a plea from residents of the area requesting improved mail facilities for about twenty-five families by an extension of either rural Route No. 1 or rural Route No. 2, Camden.
