STATEMENT BY SEN. STROM THURMOND (D-SC) ON THE 20th
ANNIVERSARY OF THE RECORDING STUDIO, JULY 20, 1955

sub

I wish to join a number of my Senate colleagues today in extending congratulations to Mr. and Mrs. Robert Coar on the 20th anniversary of the Senate-House Joint Recording Facilities. Over the past 20 years, Mr. and Mrs. Coar have rendered a great service to the public by providing the members of Congress with facilities for making radio reports ^{and} --/lately TV reports -- to their constituents on the affairs of government. I am one who strongly believes that the people should be informed on the activities of their representatives in Washington, and I think that the recording facilities operated by Mr. and Mrs. Coar offer one of the best means possible for keeping the public informed on all phases of legislation which affect our nation, our states, and our individual communities.

I wish them many years of continued success in their endeavors.
