I am pleased that the Navy is alert to the danger and the disturbance sometimes caused by the flight of planes over populated areas. It is extremely important in this Air Age that every safety precaution be taken both by civilian and by service aircraft.

That is why I have introduced my bill, S. 4, to prohibit the service and consumption of alcoholic drinks on airplanes.

I hope the CAA will exert its full authority to improve the safety factors in this era of expanding air travel.

If additional legislation is needed to enforce greater air safety practices, I shall be glad to seek its approval by the Senate Interstate and Foreign Commerce Committee of which I am a Member.
