Sandra H. McKinney
Clerk of the House of Representatives

Robert J. Sheheen
Speaker of the House of Representatives
March 10, 1971

Dear Claude,

Your motion approved by the South Carolina House of Representatives is appreciated more than I can adequately express. Thank you very much.

It is an honor for me, as the South Carolina Board of Education, to add my name to the list of generosity for the South Cooper Elementary School which will provide meaningful experiences to all future campers at that excellent facility.

Please be assured I will continue my efforts to provide opportunities through this facility which enhance the lives of each participant.

Needless to say the far-sighted leadership of South Cooper in providing resources to upgrade education in South Carolina is sufficient of its commitment to the people of our State.

I will always remember your
thoughtfulness in having this action recorded by the House of Representatives.

My experiences as a member of the Santee Cooper Board have been satisfying.

Your initiative in introducing the motion is a highlight in my career as I strive to serve the people of South Carolina.

Thank you my friend.

Sincerely,

Plaque on right side of bell Tower (as one faces the front of the structure):

The Old Tilman Hall bell

This bell was originally hung in the Tilman Hall clock tower in 1905, where it faithfully tolled the hours until replaced by the carillon in 1985. During those 80 eventful years, it joyfully rang out for the graduation of 57,610 students, including the 293 graduates in the Class of '39 from the 517 men who had entered as freshmen four years earlier. After the old Guardroom bell was removed in 1952, this bell was also rung to announce the beginning and end of classes, and to celebrate significant events in the life of the University.

The structure which enshrines the bell includes materials and design elements patterned after distinctive architectural details found in Tilman Hall.
