Minutes of General Faculty Meeting

January 27, 1950

The faculty of Clemson College met in the auditorium of the Chemistry Building on January 27, 1950, at 4 p.m., with President Poole presiding.

As the first order of business, the President called attention to the new lists of committee appointments, copies of which are appended to these minutes.

Next, the names of two students (Mr. James Richard Evans and Mr. William Lawrence Campbell) were removed from the list to be deleted from the roll of candidates for degrees; copies of both lists are appended.

Dean Cooper, Professor Rhodes, acting in the absence of Dean Earle, Deans Kinard, Hunter, Brown, and Washington, and Dr. H. J. Webb, Chairman of the Graduate Committee, recommended that the candidates from their schools, as shown on the appended lists, be awarded their degrees. There being no opposition, the lists were approved.

The President then asked if there were any announcements or if anyone desired to speak on any subject.

Dean Washington announced the meeting of the South Carolina Education Association to be held in Columbia March 30 - April 1.

In connection with recommending attendance at this meeting, the President said that the College should prepare and distribute to parents of high school boys a brochure stressing the importance of high school students’ selecting a curriculum in high school of sufficient difficulty and value to prepare them to do satisfactory college work later.

Mr. Metz announced plans for commencement exercises to be held in the college chapel on Sunday, January 29, at 11:30 a.m.

Dr. Poole called attention to the change in the lunch hour from 1 to 12, to become effective at the beginning of the second semester.

He then thanked the faculty for their efforts, expressed his best wishes for the next semester, and declared the meeting adjourned at 4:30 p.m.

Respectfully submitted,

J. C. Green

Revised List

of

Standing Committees of the Faculty

1949 - 1950

This revised list of Standing Committees of the Faculty replaces the list as published in the 1948-1949 catalog. The chairmen of the various committees and the deans of the schools were invited to make suggestions or recommend changes, and the revised list is a result of the consideration given to these suggestions and recommendations.

Additional changes will in all likelihood be made before the beginning of the 1950-1951 session, but the committees as here listed are officially designated to proceed with their work for the remainder of this session and prepare their usual annual committee reports which will be due in May.

Minutes of General Faculty Meeting

June 2, 1950

The faculty of Clemson College met in the Lecture Room of the Chemistry Building at 4 p.m. on Friday, June 2, 1950, with President Poole presiding.

Following the secretary's reading of the minutes of the preceding meeting, the President announced plans for graduation exercises to be held on Sunday, June 5, at 6 p.m.

On motion of Dr. H. L. Hunter, it was voted to dispense with the reading of committee reports and have mimeographed copies of these reports distributed at the next meeting.

President Poole thanked the faculty for their efforts during the year, complimented the statistical report of the Registrar, Mr. G. E. Metz, and said that the reports of the Deans were encouraging. He referred to the difficulties in regard to the budget; said that there were many problems to be faced and solved; that members of the college staff should try to keep themselves free from politics but that they should encourage the members of the legislature in their efforts to serve the best interest of the state.

He commended the committee on counseling and asked faculty support for the counseling plan to be inaugurated in September. He praised the work of the department of mathematics in getting a large percentage of the students taking remedial work to the point that they were prepared for regular courses. He said that the English department had made some progress in that direction.

He called attention to the observation of the Board of Visitors that the manners of the students might be improved and that they might develop a little more friendly manner toward visitors; he added that members of the board were complimentary of the faculty members with whom they came in contact; and he asked cooperation on the part of the faculty in bringing about the improvements which the members of the Board of Visitors were suggesting by implication.

Finally he referred to the recent successful Senior Day program and asked that in the future the faculty cooperate by not giving tests on the day following the one observed as Senior Day.

Deans Cooper, Kinard, Washington, Earle, Brown, and Hunter recommended that the candidates from their schools, as shown on the appended lists and with the exceptions of those listed on the appended lists of deletions, be awarded their degrees. It was so voted without opposition.
Dr. D. C. Sheldon, Chairman of the Scholarship and Honors Committee, announced that Robert W. Berry, of Atlanta, Georgia, had been selected as the winner of the Norris medal. The selection was approved.

Mr. David Watson announced that the classes of 1915 and 1916 were having a party in the amphitheatre on that evening and that the faculty were invited to attend.

Dr. H. J. Webb, Chairman of the Graduate Committee, moved that the candidates for graduate degrees, as shown on the appended list, be awarded their degrees. It was so voted.

Dean S. B. Earle moved that Mr. Joseph Albert Warren, Jr., of Pittsburgh, Pa., be awarded the professional degree of Mechanical Engineer. His recommendation was approved.

The meeting was then adjourned at 4:35 p.m.

Respectfully submitted,

Joseph C. Green, Secretary

ALMA MATER

Where the Blue Ridge yawns its greatness
Where the Tigers play;
Here the sons of dear old Clemson
Reign supreme alway.

CHORUS

Dear Old Clemson, we will triumph,
And with all our might,
That the Tiger’s roar may echo
O’er the mountain height.

We are brothers strong in manhood,
For we work and strive;
And our Alma Mater reigneth
Ever in our lives.

Minutes of General Faculty Meeting

August 11, 1950

The faculty of Clemson College met in the Lecture Room of the Chemistry Building at 7 p.m. on Friday, August 11, 1950, with President Poole presiding.

Dr. Poole announced the dates and hours for (1) the first general faculty meeting in September, (2) matriculation and registration for the fall term, and (3) the faculty reception in honor of the new teachers and officers, and said that a letter giving the same information would be sent to each member of the faculty.

Mr. R. A. McGinty, Dr. F. M. Kinard, Dr. H. L. Hunter, Mr. J. B. Monroe, Mr. S. R. Rhodes, and Dr. H. M. Brown recommended that the candidates from their Schools as shown on the attached list and with the exception of those listed on the attached list of deletions be awarded their degrees. It was so voted without opposition.

Dr. H. J. Webb, Chairman of the Graduate Committee, moved that the candidates for graduate degrees as shown on the attached list with the exception of the name on the attached list of deletions be awarded their degrees. It was so voted.

Dr. Poole announced that it might be necessary to make an overall adjustment in the rentals paid by members of the faculty and staff in the older College residents and in the prefabs. He said that the College planned to have several real estate agents along with College personnel arrive at a fair rental for each of these units, and that after a complete study of rentals had been made, the matter will be presented to the Executive Committee of the Board of Trustees for approval. Dr. Poole said further that if a new schedule of rent was adopted, it would be announced prior to October 15, with the idea that January 1, 1951, would be the effective date of putting the new schedule into effect.

Dr. Poole called attention to the fact that many rumors were going around the campus, especially with regard to the housing project and various phases of housing, and requested members of the staff who heard such rumors to call the President's Office on the phone and that members of the office staff would indicate whether or not the information was correct. He said also that in the event that members of the President's Office staff did not have the information to clarify the rumor, that faculty members should get in touch with him concerning such rumors.

G. E. Metz, Acting Secretary

The general faculty of Clemson College met in the college auditorium on Tuesday, September 5, 1950, at 10:30 a.m., with President Poole presiding.

As the first order of business, following the reading by the secretary of the minutes of the June and August meetings, the President called for the introduction of new faculty members.

In the School of Arts and Sciences, in the absence of Dean Kinard, Professor H. M. Cox introduced the new members of the English Department; Dr. L. D. Huff, the new members of the Physics and Mathematics department; and Professor C. E. Epting, the new members of the Social Science department, all these names being listed on the appended list of recent additions.

Dr. H. T. Polk, in the absence of Dean Hunter, introduced the recent additions in the School of Chemistry; Dr. Sams in the School of Engineering, and Professor Gaston Gage, acting for Dean Brown, in the School of Textiles, all these names being included in the appended list.

Col. Cookson introduced introduced the ten new members of his staff. In response to a request by the President, Col. Cookson said that regulations at the present permitted the deferment of advanced R.O.T.C. students, and that it was hoped that basic R.O.T.C. students might be deferred, and that it was hoped that the college's authorized quota might be increased so that all students might be included.

Mr. R. A. McGinty, in the absence of Dean Cooper, introduced the new members of the staff of the School of Agriculture and Experiment Station, all names being appended. He called attention to the fact that this year the School would have a woman teacher, Miss Eugenia McDaniel, B. A., Kansas University, who would serve as Associate Professor of Entomology.

Mr. G. E. Metz, the Registrar, made necessary announcements in regard to registration and called attention to a leaflet which had been distributed giving information on the status of members of the National Guard and Reserve Units.

President Poole welcomed new and old members of the faculty and invited all of them, their families, and everyone in the community to the faculty reception to be held at his home from 8 to 10 on the evening of September 14, 1950.

He called attention to the availability of tickets to the concert series; and again commended and asked support for the new counselling system.

He explained the benefits derived from changing the new housing project from an F. H. A. project to one financed by private capital, saying that the interest rate was thereby reduced from 4.75 to less than 3%.
Of the $250,000, which the alumni had been asked to contribute to furnish the new hotel, he stated that $30,000 had been collected to date.

He concluded by stressing the importance of the matter of public relations in the present troubled and unsettled times and suggested that the different schools and departments develop a spirit of competition which would lead each other to endeavor to surpass the other in meeting the needs and serving the interests of the public.

The meeting was then adjourned at 11:30 a.m.

Respectfully submitted,

[Signature]

J. C. Green, Secretary.

U. S. ARMED SERVICES INFORMATION FOR MEMBERS OF THE COLLEGE STAFF

The following two items are given for the information of members of the College Staff:

I. National Guard and Reserves. The release given below is reproduced here by permission of the O. R. C. Instructor's Office, Clemson, S. C.:

PUBLIC INFORMATION OFFICE
HQ, S. C. MILITARY DISTRICT
1401 Hampton St., Columbia, S. C.

IMMEDIATE RELEASE

ARMY OUTLINES DELAY PROCEDURES
FOR NATIONAL GUARD AND RESERVES

Instructions on the procedure to be followed by individual National Guardsmen and members of the Organized Reserve Corps who are eligible for delays in their orders to active duty have been issued by the Department of the Army, according to Colonel Harry C. Mewshaw, Chief, South Carolina Military District.

The Army said all delays will be determined on an individual basis, and will be granted for periods up to six months. Only in exceptional cases will more than one six-month delay be granted, he stated.

A. Those employed or engaged in critical civilian occupations and essential activities.

B. Those occupying critical key managerial jobs in industry or key positions in governmental agencies.

C. Those enrolled in educational institutions or engaged in research and scientific activities.

D. Those requesting delay for compassionate reasons.

Individuals in the above categories who are ordered to active duty normally will have approximately 21 days in which to settle private affairs. Therefore, the Army said, those who feel they should be granted delays should submit their applications immediately on receipt of orders if the delays are to be acted on before the 21-day period expires.

The individual seeking a delay may himself apply or both he and his employer may request the delay in the call to active duty from the Adjutant General of the state concerned if he is a member of the National Guard, or from the Military District commander concerned if he is in the Organized Reserve Corps. Detailed information on those eligible for delay is available at the offices of the Adjutant General and the Military District commander for those who are uncertain of their status.
Application for delay, at present, may be made in the form of a letter by the individual stating his reason for requesting delay and giving his present job description. The letter should be indorsed by the individual's employer or by the head of his educational institution if he is a student. Forms for this purpose will be available at Military Districts and in the offices of Adjutants General by September 1, 1950.

After applications have been made, determination of whether or not delays are justified will be made by the Adjutant General of this state for National Guardsmen and by the Military District Chief for members of the Organized Reserve Corps. In the event an individual wishes to appeal a decision, he may submit his appeal through the same offices for forwarding to higher headquarters of the components concerned, said Colonel Mewshaw.

Unless an individual request for delay has been approved, the applicant will report to his duty station as ordered.

If a delay is authorized after an individual has entered on military duty, as in the case of an appeal, he may take steps to be relieved and returned to civilian life for the period specified in the approval for delay. In such cases, relief from active duty will be for the convenience of the Government and at the expense of the Government.

Individuals who are authorized delays become available for assignment to active duty at the end of the periods authorized in their delays. Depending on the needs of the military service at the end of the periods of delay, individuals will be required to carry out the original orders to active duty for a period of 21 months, or as prescribed in their orders. They will be subject to quotas from the Military Districts in which they were granted delays.

In order to speed up the entire delay procedure, the Army has authorized individual members of the Organized Reserve Corps to communicate directly with the Military District Chief instead of going through normal administrative channels. Replies to individuals also will be made directly.

A member of a National Guard unit will submit his application to his unit commander, who will immediately forward it with all pertinent records directly to the State Adjutant General of South Carolina.

II. Selective Service. The following information is taken from Emergency Supplement No. 65, American Council on Education, August 9, 1950:

DEFERMENT OF KEY FACULTY MEMBERS

Local Boards retain the authority given them in the original Selective Service Act to defer from induction persons whose activities are "essential to the national health, safety and interest." To date, no new memoranda have been transmitted from National Headquarters interpreting these activities nor may such be necessary since both the authority and the determination rest with the Local Board. It is suggested that institutions prepare data supporting appeals for deferment for those of its employees who may be called for induction if their continued employment in the institution is essential.
