INTERCOLLEGIATE BIBLE STUDY INSTITUTE HELD AT CLEMSON.

Great Progress in That Branch of Christian Study Demonstrated.

The keynote of the second Intercollegiate Bible Study Institute of South Carolina, held at Clemson October 18-20, is given by an adjective. It was from beginning to end on the lips of conference leaders and student delegates. Everything was “good.” The attendance was good—eight institutions sending up 86 students and conference leaders. They were distributed among the various institutions as follows: Furman, 26; Wofford, 23; Erskine, 16; Newberry, 6; Clinton, 4; University of South Carolina, 4; Orangeburg Collegiate Institute, 1. The weather was good—each day being one of those ideal, Indian summer days in which nature and man and the whole universe work in harmony together.

The speaking was good. The conference was opened on Friday evening with an address by Dr. W. H. Forsythe, of Korea, on the subject of medical missions. His address was one of the best ever heard at Clemson. He pointed out the great need and great opportunities of medical missionaries in foreign lands to-day, and made a strong appeal for men to invest their lives in the foreign service.

In the services of Mr. Frank Shaughnessy, Clemson feels as if she has a man who is endowed with the vim and ability to fill the all important position of Coach. Not only is Mr. Shaughnessy a splendid coach; but he knows the game, and was once a star on the gridiron. A native of Amboy, Illinois, he entered Notre Dame University, South Bend, Indiana, in 1901; and, when; the call for football men was made, he responded; and, though practically new at the game, he was substitute on the Varsity squad. His second year at college saw him playing on the Varsity eleven at left end, which position he played well during the entire season. In his Junior year, he was elected Captain of the Notre Dame team, and, on account of his splendid ability to run a team, was shifted to quarter back. Here he proved to be a star of the first magnitude, and his head work, when in tight places, placed him among the quarterbacks of the country. At this position he finished the season, his fourth and last year in college, he was again unanimously elected to fill the position of Captain; and it need not be said that he did it well; for, by his magnificent playing, he helped to put the team of his Alma Mater among the leading football teams of the middle west.

CLEMSON DEFEATED BY TENNESSEE

In Last Two Minutes of Play.

In the first championship game of the season, Clemson was defeated on her own ground by the University of Tennessee, the score being 4 to 0. Clemson was at a slight disadvantage, as some of her best men had been on the sick list for several days, but she pulled herself together and fought valiantly, preventing her heavier opponents from crossing her goal line.

FIRST HALF.

Leach, for Tennessee, began hostilities by kicking off 40 yards, Coles returning 20 yards before being downed. Turner, Coughman, and McLaurin were called on and made first down for Clemson. Allen punted 20 yards, and Tennessee, being unable to gain, kicked 35 yards. After another exchange of punts, Leach tried at goal from field but narrowly missed it. Allen took the ball on the 25 yard line and punted 45 yards. Another exchange of punts was followed by a gain of 15 yards by Lee. Allen kicked 50 yards and Coles recovered the ball. Gaston next attempted a forward pass to Turner, but was penalized 15 yards on account of the ball not crossing the line of scrimmage 5 yards from center. The remainder of the half was taken up by punts and ended with the ball in Tennessee’s possession on her 45 yard line.

SECOND HALF.

McFadden kicked off 45 yards, and West advanced 10. Tennes-
Classes

Freshman Class

Several new men have been added to our number in the past two weeks, and more are expected to come. Not more than 5 per cent of our men have had to go home so far, which speaks well for us.

A great many of us went to hear Dr. McArthur lecture on the Panama Canal. It was one of the best lectures heard here in many a day and, when it was over, we came out feeling that we knew a little more about the great work that our Government is now trying to complete.

The next morning, after the services in Chapel, Dr. McArthur gave us a talk on “Genius,” which was listened to very attentively by all.

Several of our men played in the game of football between “The Tigers” and the University of Tennessee, which was played on the Campus Monday afternoon; and they played as well as in the game with Marysville, on the 16th inst.

The following men from our class have joined the Glee Club: Messrs. Miller, Nicholson, Boyd, Latimer, Stokes, Prosser and Counts. The Club consists of twenty-six members; and, of this number, seven are from our class.

Mr. J. C. Fitz Simmons has gone for a few days to his home in Charleston.

Mr. K. N. Felder has gone home on account of sickness, but it is hoped that he will soon be well enough to return and take up his studies.

Mr. J. W. Gantt spent Friday and Saturday at his home in Pendleton.

Sophomore Class

Last Friday evening the sophomore dancing school began practice. They will meet every Friday, evening at 7.30, and all sophomores are urged to attend. The music will be furnished regularly by the Clemson string orchestra.

Albert McDavid, of band corps, who has been employed in the mail service between Greensboro and Jacksonville, returned to College Oct. 6.

J. E. Brown spent a very enjoyable day last Sunday at his home in Pendleton.

B. K. Boylston left College on the 23rd to attend the wedding of a cousin in Orangeburg. He will also attend the Fair while away, and return to College on the 27th.

Robbs was the only representative of our Class in the line up against Tennessee, and he played a hard and steady game.

Junior Class

Owing to the fact that the end of the first scholastic month is drawing near, the boys are very busy preparing for the written quizzes which invariably come at the end of this period. Consequently there is very little going on in the class that would interest those who are not personally concerned.

The Agricultural Juniors are highly pleased with the additions made to their course; special Chemistry, Mineralogy, and German having been added since last session. The men taking this course are proud of being the first to pursue these studies at Clemson.

The Junior Dancing Club held its usual meeting last Saturday evening. The management of the Club has been fortunate enough to secure a good orchestra regularly, which no doubt will be a great help to those who are learning, and will make the meetings more enjoyable for those who have acquired the art. Therefore, if all members will attend the meetings, there is no reason why we should not make them very valuable recreation periods.

Messrs. S. Coles and R. F. Gaston who received some injuries on the football field some days ago, are back on the field and in good form for the game. Mr. W. F. Odom is out of the game for awhile, on account of some bruises received in practice. To the already large list of men from this class, on the football team, there has been added Mr. Fleming, of Greenville, who is expected to develop into a star player.

Cadets A. W. Kreamer, H. C. Twiggs, and R. E. Adams have just returned from a visit to their respective homes. Cadet F. B. Green, of Columbia, has gone home for the purpose of having his eyes treated.

Clemson Fertilizer Exhibit

A meeting of the fertilizer committee of the board of trustees of Clemson College will be held in Columbia on Wednesday of next week. Very little business of importance will come up and the committee will only pass upon some routine matters accumulated since the last meeting.

The State
SOCIETIES

**The Calhoun**

At every meeting of the society, new members are elected. At the last two meetings, nine names were added to the roll. All the newly elected members are not recruits—several old boys have been elected. They seem to have realized their mistake in not joining, and have taken up the work before it is too late.

Mr. Garrett, as declaimer, gave a declamation that was almost faultless. With his ease and grace, he was enabled to add a great deal to the beauty of the well constructed sentences. His gestures were very good, and the prolonged applause seemed to indicate, that the society appreciated his efforts.

The debate, as usual, was well discussed. At every meeting there seems to be an increase in enthusiasm.

Mr. Clarkson, as extemporaneous speaker, gave us an odd treat. He gave in the negro dialect an old darky's impression of an Englishman's first visit to America. He brought out the peculiar English characteristics, and the way the Englishman (don't you know) brags on his country.

Messrs. Heyward, Garrett and Sherard were elected to contest for the honor of representing the society in the inter-society contest to select a man to represent the college at Greenwood.

**The Columbian**

On Friday evening of the eleventh the society held its regular weekly meeting. And in spite of the fact that some of the men detailed for regular duty were absent, which caused most of the speeches to be extemporaneous, the exercises were very good.

The orator of the evening, Mr. C. E. McLean, mastered his subject thoroughly and delivered a very impressive oration.

The debate, Resolved: That the Federal government has usurped State rights, was made very interesting by the splendid style in which each side of the question was handled. The affirmative was represented by Messrs. S. J. Ezell and C. F. Middleton, and the negative by Messrs. B. B. Ezell and D. W. Watkins. So close was the argument on both sides that the judges found some difficulty in rendering a decision. They, however, decided in favor of the affirmative.

The growing interest in society work was clearly manifested in the large number of new students that were initiated at this meeting. There are now about thirty new members enrolled. This is, indeed, gratifying to those of us who appreciate what society training means to a college student.

We were very fortunate in having present on this occasion one who is not only loved by every member of our society, but by the whole student body, Mr. D. B. Puerifoy, a graduate of the class of '07. It will be remembered that it was he who so ably represented our college in the State inter-collegiate oratorical contest last year; and who in many other ways has won honor for himself and for our society in his wonderful mastery of oratory. In his usual impressive manner, Mr. Puerifoy entertained the society for a short while in speaking of the great benefits to be derived from thorough and earnest work in everything connected with our literary societies.

**The Palmetto**

The meeting of the Palmetto Literary Society, held on last Friday night, was a marked success. The exercises improve with each meeting. The debate for the night was, “Resolved, That the restriction of Chinese immi-

**Sweaters Given To Team**

**By Corps and Faculty.**

Realizing that the men on Clemson's varsity football squad are devoting a whole lot of their time, and more of their energy in practicing for tough propositions in the shape of football teams against which they are scheduled to play, a movement was set on foot by a few of the most college-spirited students which had for its object the purchase of a gift for each varsity man. The boys who sacrifice all this time, who receive all the knocks and bruises of the game, who abstain from all the luxuries in which we, the side line stars,
Below is the roster of the class of 1905:

Ballenger, C. P., (C), Civil Engineer, Southern Ry., Charlotte, N. C.

Barre, H. W., (A), Associate Professor of Botany and Bacteriology, Clemson Agricultural College, Clemson College, S. C.

Boykin, L. E., (A), Secretary to Senator A. C. Latimer and student in law at Georgetown University, Washington, D. C.

Brodie, J., (T), Textile Chemist, Huntsville, Ala.

Caldwell, J. C. L., (M), Southern Express Co., Columbia, S. C.

Cope, F. E., (T), Supt. Leota Cotton Mill, Graham, N. C.

Crouch, H. W., Jr., (C), Assistant Engineer, S. A. L. Ry., Waldo, Florida.

Elliot, T. K., (M), New York Telephone Co., Brooklyn, N. Y.

Gandy, A. A., (T), Darlington Cotton Mills, Darlington, S. C.

Goggans, J. C., (M), Instructor in Engineering, Newberry College, Newberry, S. C.

Jenkins, J. M., (A), Coast Branch Experiment Station, Charleston, S. C.

Josey, C. P., (M), Inspector Consolidated Railway, Charleston, S. C.

Lachicotte, F. W., (M), Southern Power Co. Charlotte, N. C.

Lee, B. F., (M), North Georgia Elect. Co., 65 W. Peachtree Place, Atlanta, Ga.

Lennon, C. J., (A), Medical Student, Medical College of S. C., Charleston, S. C.

Link, R. L., (M), General Electric Co., Schenectady, N. Y.

McIver, E. R., (A), Athletic Director, Welsh Neck High School, Baltmore, S. C.

Newman, C. H., (M), Machinist, Pelzer, S. C.

Parks, J. G., (C), Assistant Engineer, Southern Ry., Birmingham, Ala.

Porter, E. E., (Met), Mining Engineer, Binghams's Canyon, Utah.

Richardson, J. C., Jr., (M), General Electric Co., Schenectady, N. Y.

Ruff, J. W., (M), Inspector Charleston Consolidated Company, Charleston, S. C.

Sams, M. B., (T), Assistant Cashier, Bank of Jonesville, Jonesville, S. C.

Schriner, C. C., Jr., (M), Testing Dept., General Electric Co., Schenectady, N. Y.

Siam, J. R. S., (M), Georgetown, S. C.

Slattery, L. P., (C), with W. G. Sirinne, Greenville, S. C.

Swigert, D. B., (M), Southern Bell Telephone Co., Columbia, S. C.

Wise, W. H., (C), Assistant Engineer, S. & W. Ry., Woodlawn, N. C.

Col. M. B. Hardin visited Anderson, on business a few days ago.

Mrs. W. M. Riggs spent a few days in Baltimore recently.

Professor J. H. Hook spent a few days in Columbia recently on business.

Mr. H. L. Ramsay, of the class '01, attended the game here on the 21st.

The German Club gave a formal dance in the gymnasium hall on the evening of October, 25th.

Capt. J. C. Minus visited his old home at St. Georges, S. C., a few days ago on business.

Mr. P. Adams, of the class '06, is visiting relatives on the campus for a few days.

"Gus" Keasler, an Ex-Clemson football star, was on the campus recently.

Mr. W. P. Sloan, of the class of '07, visited in barracks a few days ago.

Mr. E. R. Finger, of the class '03, and his brother, who is also an old Clemson student, paid Clemson a flying visit a few days ago.

Mr. B. F. Robertson, who is connected with the Chemistry Department here, has just returned from a delightful trip to the Jamestown Exposition.

Mr. R. L. Allston and Dr. Cox of Pendleton witnessed the football game between Clemson and the University of Tennessee here on the 21st of October.

Misses Ella Sloan, Louise Sloan, Bessie Hunter, and Ella Sitton, of Pendleton, and Miss Gassaway, of Central, are visiting on the campus.

Mr. W. E. G. Black, of the class '03, who is now consulting Engineer City Works of Spartanburg, S. C., witnessed the game on the 21st of October.

Mr. J. E. Johnson, of the Class '06, was present at the Intercollegiate Bible Study Conference of South Carolina on October, 18, 19, 20.

Professor Barnett, who has recently been secured to fill the position of assistant Veterinarian, has arrived and has taken charge of his work.

Mr. R. V. Taylor, of the class of '07, in the University of Virginia, is on the campus in the capacity of the Inter State Secretary of the Y. M. C. A.

One of the delegates to the Bible Study Conference held here recently, was Mr. J. C. Latimer, who, it will be remembered, was at one time a member of the class of '08.

Professors J. M. Burgess and F. S. Shiver went to Greenville S. C. to stand a Civil Service Examination for appointments to positions in the Department of Agriculture.

Mr. C. E. Chambliss was here several days ago on business connected with the position of associate professor of Entomology which he formerly held, but recently resigned, to become State Entomologist.

Among the alumni and old Clemson students who witnessed the game of football between Clemson and the University of Tennessee, were Messrs. Sloan, W. P. Latimer W. J. Webb, W. W. Blake, Beatty W. S. and McLendon, W. E.

Prof. A. F. Conradi, who has for some time held the chair as Professor of Physiology, and Entomology at the University of Texas, but who has recently been secured in that capacity here, has arrived and is now settled down to work.

Rev. K. G. Finlay, who has for a long time had charge of the Episcopal chapel at this place, has received a call from Trinity Church, Columbia. We should be very sorry to see Mr. Finlay leave here; but are glad to know of his call to so important a work.

Mr. D. B. Peurifoy, of class of '07, who is now studying law at the University of South Carolina, was on the campus recently. While here, Mr. Peurifoy attended and very appropriately addressed a meeting of the Columbian Literary Society of which he was at one time President.

We were saddened to hear of the death of the infant child of Rev. and Mrs. K. G. Finlay. After a sickness of only a short time, the little one died Saturday, October 19th, and was conveyed to Greenville, S. C., where the corpse was interred in the family burial ground. We extend our heartfelt sympathy to the bereaved parents in their grief.

Coach Heisman, the athletic wizard of the South, and for a long time Clemson's tried and trusted Pilot in everything athletic was a witness to the game between Clemson and the University, of Tennessee. He, the coach of Georgia Tech and also a warm friend of Clemson, made some remarks in a talk to our student body that will not only be long remembered by us, but will foster a feeling of good will between the two colleges that will eclipse even the friendly feelings that now exist between us.

We were very glad to have Mr. Heisman with us again after so long an absence.

SWEATERS GIVEN TO TEAM

(Continued from page 3)

indulge, deserve some mark of appreciation from the student body for their valiant service. The entire corps contributed freely and a liberal subscription was received from the members of the faculty. The money, which ultimately amounted to quite a neat little sum, was spent in purchasing a nice sweater for each man on the team.

Editorial

We shall be glad to publish communications and consider suggestions from students and members of the faculty.

Subscriptions to the Tiger are now due, and the manager hopes to see the “coin roll in.” It takes money to run a paper like this, and nothing would be appreciated more than promptness in this matter.

Students are invited to call at the editor’s room, 166, and look over the exchanges from the Colleges. This invitation is extended for the purpose of giving the students an opportunity of seeing how their paper compares with other College publications.

Wake up men! There is not enough noise made on the side line. The enthusiasm is not nearly so great here at athletic events as it should be. Put yourselves under the leadership of one or the other of the chief rooters, and root in an organized way. An occasional desultory yell from the side lines has little effect in cheering the team on to victory. It is unanimity in rooting, as well as in everything else, that accomplishes something. The Corps should dispose itself half on each side of the field, under the leadership of one of the chief rooters, and should root in unison at the proper time. Every man should learn the College songs and yells, and at the games impress upon the visiting team the fact that he does know them.

We were very glad to have the Y. M. C. A. delegates with us. There were about one hundred young men here, representing the Bible study work in seven Colleges of the State. These men were here not for the pleasure of the trip, but for work. They were representatives of one of the strongest College organizations and undoubtedly the strongest in Christian work in the world. The Bible Study Conference was a great success, and represented the great work being done in South Carolina by the College Y. M. C. A. We are glad to note that Clemson leads in Christian work in the colleges of the State, and in fact has more names enrolled in Bible Study Classes than any other College in the South and ranks in the United States. Sixty-five per cent of the total enrollment of the College represents Clemson’s glorious entrance into the Bible study work of another year. This is probably a greater percentage than that of any other State Institution in the country. We feel justly proud of this record, and hope, before the end of the season, to see the name of every man in college enrolled for Bible study work. We think that the delegates enjoyed their stay with us, and are satisfied with the work performed by the conference. As we said in the beginning, we were very glad to have them with us, and we feel certain that Clemson will always extend to then the open palm of welcome.

We are not betting heavy odds yet, but we believe, before the season is over, the Clemson eleven will deliver the goods—at least a few lemons included. A number of the best men on the ’06 team are not back, but there is some good material among the new men and last season’s scrubs. There are also several men back who did good work on last season’s team. From a side line point of view, the team, as a whole, shows up well. Of course, Gordon and Maryville were defeated; but the prospects of the season cannot be judged by those games. These teams were simply outclassed by the Clemson eleven, and they could expect nothing else but defeat. No accurate estimate of the strength of the team, as compared with other teams in the S. C. A. can be made, at the present time. The score against Maryville, however, seems to indicate that Clemson has at least as strong a team as some other Colleges in the Association.

Coach Shaughnessy is utilizing all of the time accorded to football practice. He is thoroughly conversant with the requirements of a coach, and he is giving the men the full benefit of his knowledge. The men are entering enthusiastically into the spirit of the practice, and bid fair to make a team that will duplicate last season’s work.

Under Professor Gantt’s able coaching, the scrubs are being rounded up into a very creditable team. This season’s scrub team is perhaps the strongest that has been turned out here in several years. In several scrimmages with Varsity, the scrubs showed that they were not lacking in football “ginger.”

We were particularly fortunate in having Mr. W. D. Murray, a prominent lawyer of New York City, for our principal Institute leader. Mr. Murray has taken time from his busy life to write a number of the most popular Bible courses in the American College today. He is one of the foremost Y. M. C. A. men in the world, and the convention derived untold benefit from the thoughtful and instructive addresses which he gave. The following are some of the topics he discussed: "The Qualification of a Leader," "How to Stimulate and Maintain Interest in Bible Study," "Why Study the Bible," "The Temptation of the Students Association." The last topic was the subject of, perhaps, his best address, delivered in Chapel on Sunday evening. He clearly pointed out that the three temptations that came to Jesus Christ at the beginning of his ministry are the ones that come to the student associations today, and that the only way to overcome them is to answer them as Jesus answered Satan on the mountain of temptation.

Another leader, whose services were most invaluable, was Mr. R. V. Taylor of Mobile, Ala. Mr. Taylor is assistant international student secretary of the South, and no man worked harder or contributed more to the success of the Institute than he did. The other leaders and speakers who contributed much to the success of the conference were: Mr. Ray H. Legate, Clemson; Prof. H. T. Cox, Furman University; Rev. J. E. James, Anderson; Dr. R. N. Brackett, Clemson; Rev. W. H. Mills, Clemson; Dr. W. M. Twitchell, University of South Carolina; Mr. G. C. Huntington, Charlotte, N. C., and Dr. J. I. McCain, Erskine College.

The Clemson Association experienced two disappointments in the management of the Institute. The first was occasioned by the non-arrival of the Bible study literature—phamphlets, booklets, reference books, Testaments and Bibles. This was intended to be one of the best features of the Institute. The other disappointment was the inability to give to the visiting delegates the banquet that was planned for Saturday night, owing to the fact that the oysters that had been ordered for the occasion did not arrive until after the delegates had returned to their Colleges.

The prime purpose of the Institute was to help further the campaign of the College and University men of North America to have 50,000 men in Bible study this year; and, in this, it was eminently successful. When one thinks of the choice young men who were gathered at Clemson during those three days, of the deepened purpose in Bible study and Bible study leadership that was there inspired, of the half-dozen or more definite life decisions that were made under the most wholesome conditions, of the effective plans that were projected for the perpetuation of the power of the conference throughout the college year, one is ready to pronounce the Bible study Institute a great spiritual force in the College life of South Carolina.
The most important event for the Young Men's Christian Associations of the United States and Canada during the present year, is undoubtedly the thirty-sixth international convention of Young Men's Christian Association to be held in the city of Washington, November 22 to 27. This convention will meet to review the progress of the Y. M. C. A. in all its departments, city, railroad, student, industrial, foreign; to make comprehensive plans for the future conduct of the work; and to decide questions relating to the principles and policy of the united work of the Young Men's Christian Association of the North American Continent.

The student Associations are entitled to the same representation in this convention as other classes of Associations. Each Association is entitled to two regular delegates and one additional delegate for each complete 100 active members above the first 100. Clemson will therefore be entitled to three delegates. Professor D. W. Daniel, General Secretary Legate and one student yet to be chosen will represent Clemson at this convention, and we feel sure that our association will be greatly benefited by these influential delegates, obtaining the experience of those who deal most successfully with the most important problems facing the Association work today.

Among the speakers who have already promised to be present, are the Hon. James Bryce, Ambassador; Hon. John A. MacDonald of Toronto; Dr. Charles Cuthbert Hall; Hon. Seldon P. Spencer; Dr. Edward I. Basworth; Bishop Wm. F. McDowell, and Dr. F. W. Tompkins. This is an unusually able array of speakers and it will be a privilege, for any one to attend this great convention. There will be many delegates and secretaries from foreign countries, and the convention will mean much for the advancement of the Y. M. C. A., the greatest and most unique Christian organization in the world today.

A SKETCH OF COACH SHAUGHNESSY

(Continued from page 1)

Besides being a star in football circles, he demonstrated his athletic ability by making the baseball team in his Sophomore year, where he played in the out field.

After finishing his academic course, he pursued the study of law; and during his years in the law school, he was debarred from participating in college athletics.

It was while playing with his Alma Mater that he attracted the attention of the Washington American League team, and was offered a nice position, which he accepted during his vacation. He remained with them for two months, when on account of his inexpenience he was sent to Montgomery, with which team he finished the season.

The following fall, he again took up his study of law, which he completed the following spring. It was the following fall that he received inducements to coach the Welsh Neck High School, at which place his record was a brilliant success. By his brilliant showing and his thorough knowledge of the game, he attracted the attention of the athletic authorities at Clemson, and was secured to coach its baseball and football teams.

So in February, 1907, he took charge of the candidates for the baseball team, and from them he picked the team which represented Clemson on the baseball diamond last season. He turned out a splendid team, considering the material with which he had to deal. With this team, he finished second in the State Association and up near the front in the S. I. A. A.

Mr. Shaughnessy has just entered into the hard task of coaching the Varsity eleven for the coming season; and, so far, he has made a big success. The student body have great confidence in Coach, and are sure that he will work wonders with the material he now has at hand.
When a Freshman doesn’t hear plainly the professor’s question he says in a subdued tone, “Pardon me, professor, but I didn’t understand you.” The Sophomore says, “Will you please repeat your question?” The Junior says, “What, sir?” and the Senior says, “Huh?”

THE FIRST YEAR MAN.
When I see a youth with his pants turned up and his beautiful socks in view, And over one eye perched a little round hat, with a ribbon of mauve or blue, And the fourteen rings and the seven pins that he got at his dear prep. school, Why, it strikes a chord, and I say, “Oh, Lord, was I ever that big a fool?”

When I see a youth with his gloves turned down and a cigarette stuck in his face And a loud cheek coat and a horse-cloth vest and a half-an-inch wide shoe lace And a bunch of hair that hides his ears in a line of senseless drool, Then I paw the sward as I say, “Oh, Lord, was I ever that big a fool?”
—Daily Princetonian.

CLEMSON DEFEATED BY TENNESSEE
(Continued from page 1)

Clemson to have excellent exhibit at State Fair

Clemson will have a very creditable exhibit at the State Fair this year. The work of the college along different industrial lines will be shown by exhibits from the departments representing these industries. All branches of the Agricultural, Mechanical and Textile Departments will be represented. The Agricultural exhibit will be under the direction of Prof. J. N. Har-
Report: Disorder in section.
Explanation: I can respectfully state that it was not with an intention to be so, because I was being crowded from behind.

Petrfej AY. C. Class—Prep.

We congratulate Laborde and Lykes upon their release from prison. Confinement must have been something fierce; for Lykes was actually beginning to look pale.

Rat Bell, looking at sign in Sloan's store, “I wish I could find the first touchdown so I could get 25 tickets.”
FIRST NUMBER ON LYCEUM COURSE

Interesting Lecture by Dr. R. S. MacArthur.

The first lecture on the Lyceum course was given on the night of October 16, by Dr. R. S. MacArthur, pastor for more than thirty years of Calvary Baptist church in New York. His subject, “The Panama Canal—a Drama in Four Acts,” was handled in a most impressive way.

The speaker showed how the digging of the canal had been the dream of kings and emperors and the ambition of nations for nearly 500 years. The four acts were named the Spanish, the French, the English, and the American. The recital of the plans and the efforts of these nations to dig the canal showed wide research and was full of interesting facts illumined with flashes of humor; while the portrayal of the failure of Spain, France, and England was full of tragic interest.

The effect that the cutting of the canal will have on the industry, commerce and economic life of the United States in general and of the Southern States in particular was clearly shown. The effect of the canal on the Pacific coast and on China and Japan was especially stressed.

The picture of the future greatness of America as greatly enhanced by the completion of the canal was so glowing as to stir the patriotic feelings of everyone present.

Dr. MacArthur is a man of wide travel, of scholarly attainments, and great power as a platform speaker.

Dr. MacArthur made a very interesting talk before the boys in chapel the morning following the lecture. His address was along the lines of high ideals and determination. He gave some sound advice to young men starting out in life, and appealed to them to do with their might every duty that may come to their lot.

Senior Martin in chemical lab.
Soph. McCall, after repeatedly
trying to light a bunsen burner
in the chemical lab., without
turning on the gas, informed
Dr. Brackett that the oil was out
of that lamp.
An ancient poem resurrected,
supposed to have been written
on or about June 5, 1907:
I'm going back, back, back to
the Bowery,
No Senior officer will I be,
No second lieutenant or captain
Can interest me, but I under-
stand
That we will have to live in a

cellar,
All our senior privileges galore,
Consist of rooming on a bottom
floor.
The next man mentions privi-
lege,
On him I'll try my razor's edge,
When I get back to the Bowery.
F.
