CLEMSON COLLEGE, S. C., APRIL 2, 1909.

NO. II

## Meeting of Executive Committee of the College Press Association.

The Executive Committee of the College Press Association of South Carolina held its annual meeting at the College of Charleston. Mr. L. K. Legge of the College of Charleston presided; and Miss Edna Legare Ellerbe, of Converse College, acted as secretary.

After Mr. Legge's address of welcome, business of more or less importance was transacted. It was decided to fix the date of meeting for the convention at Columbia on April 15th and 16th. Mr. Oliphant, of Columbia, president of the association, read the programme for the Columbia meeting.

The number of judges was changed from five to three. On this committee were appointed: S. H. McGillineary, Ph. D., of Charleston; Mr. John Bennett, of Charleston; Rev. R. S. Truesdale, of Spartanburg. The following alternates were selected: Maj. J. C. Hemphill, of Charleston; Supt. E. S. Dreher, of Columbia; Rev. Sam Smith of Columbia; Miss Agnes Strohecker, of Charleston; and Supt. Frank Evans, of Spartanburg.

The three medals awarded annually were provided for.

Those present were: Miss Edna Ellerbe, of Converse; Miss Janie Ford, of Winthrop; Miss Elizabeth Waddel, of the Columbia College; Messrs. A. D. Oliphant, R. C. Hamer, of Carolina; Mr. C. A. Easterling of Wofford; Mr. J. B. Frazier, of P. C.; Mr. W. B. Hood, of Erskine; Mr. F. W. Cappelman, Jr., represented Newberry; Messrs. L. K. Legge and J. R. Paul, of the College of Charleston, and Cadet Major O. M. Clark, of Clemson.

After the meeting adjourned, refreshments were served to the delight of all present.

Lives of some men all remind us  
We can lead a life of shame,  
And departing leave behind us,  
Many a zero to our name.

Heriot, "Prof., don't they have three months night and three months day at the equator?"

## Clemson 5; Riverside 4.

The above score tells the tale of the first inter-collegiate baseball game of the season. The game was played on the Campus on the afternoon of the 29th. On Saturday before this, the Tigers had a try at the Anderson League team. The defeat by the Leaguers had made them sore, and they were determined to capture the scalps of the boys from Gainesville if possible. Each team seemed to take a balloon ascension in separate innings; but barring this, the game was remarkably free from errors for the first game of the season.

### Game by Innings.

Riverside goes to the bat, Jackson being the first man up. He is out on an easy fly to Goodman. Ginn follows suit to Cochran. Brooks gets hit by pitcher, and walks to first. Cox strikes out and retires to the side. Hits 0, runs 0.

Jeffords flies out to second. Coles following suit to center. This looked good for a hit, but was spoiled by Berryman's good catch. Cochran drives a hot grounder between first and second for a clean single. He steals second, but is caught napping. Hits 1, runs 0.

*Second.* Wiggins is hit by pitcher, and takes first. Berryman strikes out, with Watson imitating. Wiggins steals second, and Tabor flies out to Kirby, Wiggins being left on bases. Hits 0, runs 0.

Kirby, the first man up, strikes out. Goodman and Henderson follow in his wake with the same result. Hits 0, runs 0.

*Third.* Orr goes by the board with three strikes. Jackson drives a hot one to right, but is robbed by Cochran, who makes a star catch. Ginn strikes out closing the inning for Riverside. Hits 0, runs 0.

Sherard hits safe to left for a clean single, and promptly swipes second. He goes to third on Connelly's bunt to pitcher, who throws wild to first. Sherard scores on a bad throw to the plate, and Connelly goes to second. Lachicotte sacrifices, and Connelly moves to third. Jeffords hits to first, but is killed by a beautiful one hand stab by the latter. Tabor throws wild to third, and Connelly scores. Coles retires the side by flying out to left fielder. Hits 1,

runs 2.

*Fourth.* Brooks grounds to Goodman. Cox gets clean single with grounder over second. Wiggins fouls out to Connelly. Cox steals second. Berryman walks, and Tabor flies out to Sherard, retiring the side. Hits 1, runs 0.

Cochran connects with one to left field for two bagger, and goes to third on short's error of Kirby's grounder. At this juncture, the excitement grows intense. Goodman hits to short, and Cochran scores, Kirby advancing to second. Henderson also hits to short, who again errors, throwing wild to first, allowing Kirby to score and placing Henderson on third. Sherard sacrifices to first, bringing in Henderson. Connelly throws out a parachute by flying to short. Hits 1, runs 3.

*Fifth.* Tabor walks. Orr hits to Coles, who fields to second, putting out Tabor. Jackson gets base on balls, forcing Orr to second. Ginn drives for clean single over second, filling the bases. Brooks lays on to a long one over center field, scoring Orr, Jackson, and Ginn. Brooks scores on wild pitch to catcher by Lachicotte. Cox flies to right, and Wiggins retires the side by grounding to pitcher. Hits 2, runs 4.

Lachicotte hits to first, Jeffords fouls to first, and Coles ends the inning by striking out. Hits 0, runs 0.

*Sixth.* Berryman drives a hot one to Lachicotte, who makes a one hand stab, and throws him out at first. Watson taps up a little one to third, and Tabor does same to Goodman. Hits 0, runs 0.

Cochran strikes out. Kirby hits to short, but is thrown out at first. Goodman draws a base on balls. Henderson grounds to Wiggins, leaving Goodman on second. Hits 0, runs 0.

*Seventh.* Rivers goes in to pitch for Clemson. Orr gets his base on balls. Jackson sacrifices to Kirby, advancing Orr to second. Ginn gets hit by pitcher, and Brooks strikes out. Cox grounds to short, who puts Ginn out at second. Orr is left on bases. Hits 0, runs 0.

Sherard drives to Jackson who makes a long run and pretty catch. Connelly gets to first on Tabor's error. Rivers hits over short, advancing Connelly to second. Jeffords hits to pitcher, forcing Connelly out at third. Rivers goes to second. Coles flies out to Ginn, leaving Rivers on second, and Jeffords on first. Hits 1, runs 0.

*Eighth.* Wiggins beats out a hit to third, steals second on throw by catcher, on account of Goodman's fumbling. Berryman goes by the big three route. Watson hits to second, but is thrown out at first. Tabor follows suit to third, Wiggins being left on third. Hits 0, runs 0.

Cochran drives a hot one between first and second for a clean single. Kirby advances him with a hit over third. Cochran is again caught off second.

Goodman bunts to Watson who throws Kirby out at second. Henderson singles over first, advancing Goodman to second. Sherard advances both by a base on balls, thus filling the bases. Connelly flies out to Ginn and the inning closes with the bases full. Hits 3, runs 0.

*Ninth.* Orr reaches first on Kirby's error, steals second. Jackson draws a strike-out ticket, and Ginn bunts. Connelly fields the bunt and throws to third to cut off Orr, but Ginn gets safe to first. Brooks strikes out, Cox bunts, but is thrown out at first by Connelly, leaving Ginn on bases, and ending the game.

## Some of the Work of the Y. M. C. A.

The officers of the Y. M. C. A. for last year have just given over their positions to the ones recently elected. It might be well to try to trace a little of the work done by our Y. M. C. A. during the past year. I hardly think any association has made much greater progress than ours. This progress is due to many different factors; but I would say the greatest of these is the receptive attitude of the boys themselves. Of course, this winning of the boys could not have been done without the excellent corps of officers the association has had under our general secretary.

The association has done some great work during the last few months. In January our membership was 180. Now we have 307. The Bible class enrollment has been increased from 375 to 430. There are four courses studied in our Bible class work: "The Life of Christ," by Murray, "The Life of Christ," by Bosworth, "The Life of St. Paul," by Leacock, and "The Old Testament Characters," by

In the Murray course, there are enrolled 136, with 14 leaders; in Bosworth are 124, with 13 leaders; in St. Paul, are 107, with 9 leaders; and in the Old Testament Characters are 32, with 4 leaders. The Bible classes are doing very good work.

Our association has been treated to very good addresses by some of the members of our faculty. The association is indeed grateful to the men of our faculty who are taking such an interest in our work. So many of them are always willing to help us financially, personally and oratorically, and without their aid we feel that the work of our association could not be nearly so efficient. Among the men of our faculty, who have addressed us lately are, Prof. D. W. Daniels, Prof. T. W. Keitt, Prof. A. B. Bryan, Dr. P. H. Mell, and Prof. F. H. H. Calhoun. These addresses were all very good, and everyone present enjoyed them very much.

The Missionary classes are also doing excellent work. There are now enrolled about 150, with 12 leaders. Capt. J. C. Minus, our ex-commandant, gave two very interesting lectures lately on the Phillippines. Our Mission classes are studying the problems of the Phillippines, and, of course, this fact made Capt. Minus's addresses of even more interest than they would otherwise have been. We all considered these addresses a great treat, and wish that we could hear more of them.

Our general Secretary's room has been nicely furnished in the last few months. His room looks so well, and is so tidily kept, that some strangers inquire whether he is married, or whether he was once house-keeper at home.

The athletic side of our Y. M. C. A. is also greatly increasing. Recently, there have been put in two

new tennis courts, and a few months ago, there was organized a basketball team. The Y. M. C. A. hasn't an organized track team, or baseball team yet, but as soon as the ball and track season is over, the boys who are going to the Asheville Conference, will form a track and ball team. It will be remembered that Clemson ran away with the track meet last year, and won the pennant. This pennant belongs to us if we can win it two years in succession. Therefore, we must again send some strong track men to the Conference.

We hope that the new officers will do good, progressive work, and we hope that they will feel that the greater part of the corps is with them in their work, and wishes them the greatest success. It is hoped that every new officer will attend the Asheville Conference, and as many of the other members of the association as possibly can.

As a whole, we feel that the work done by our association in the past has been very good, and may the work in the future be even better.

## Societies

---

---

### The Calhoun.

On Friday evening, March 26, the Calhoun Literary Society held its annual celebration in Memorial Hall. The rostrum of the auditorium was very tastefully decorated for the occasion. In the background, between the State and United States flags, a large, life-size oil painting of John C. Calhoun, for whom the society was named, was hung. In the rear of the speakers, and on the front of the rostrum, tall pot plants, ferns, etc., were tastefully arranged, all of which added to the scenery for the occasion.

The program, which consisted of two declamations, two orations and a debate, was very good and interesting. Mr. J. S. H. Clarkson, the presiding officer, after an appropriate and impressive address of welcome, introduced the first declaimer, Mr. J. H. Wilson, of Chester, whose subject was, "The Wellington of the West Indies."

The second speaker, Mr. J. T. Crawford, of Laurens, whose subject was Woman "Triumphant", was then introduced.

Mr. T. B. Reeves, of Laurens, first orator, whose subject was "Justice to Every Man", was then introduced.

The second orator of the evening was Mr. G. W. Keitt, of Clemson, whose subject was, "The Mantle of Elijah".

After the conclusion of this oration, the query, Resolved, that it is not advisable for South Carolina to have a compulsory education law, was discussed. The affirmative was supported by Mr. J. C. Pridmore, of Gaffney, while the negative was supported by Mr. W. C. Pitts, of Laurens.

The judges then rendered their decision.

The Clemson Band furnished music for the occasion, and it goes without saying, that it was much appreciated by all present.

---

### The Columbian

The excellent work which is being carried on by this society was well demonstrated at the last meeting. Nearly all the members were present, and President Harris had to appoint only one member to fill the place of an absent member on duty.

The debate brought out several excellent speeches. That of Mr. O. A. Hydrick deserves special mention, as it lacked neither preparation nor force. Mr. J. E. Jenkins gave an excellent extemporaneous speech, dealing with the effects which the completion of the

Panama canal will have on the South.

Messrs. J. B. Keith and B. B. Harris, who returned to College at the beginning of the third term, were welcomed back into the Society. One new name, that of Mr. R. U. Altman, was added to the Society roll.

It will be of interest to friends of the Columbian to know that our first-quarter president, Mr. O. M. Clark, of Chapin, S. C., will be one of the class speakers at commencement.

---

### Palmetto Society.

We all are glad that the dreaded mid-winter examinations are over, and that we can again resume our society work without having to think of them for a while. Since emerging from the reign of mental strain and terror, and having enjoyed one pleasant holiday, we should feel that it is our duty to do some good work in the society. No doubt some of us were up-set on exams., and a good place to restore our equilibrium would be in the society. In no other season of the year is society work more attractive than now. When the trees begin to put on their mantle of green and when the air is filled with the perfume of flowers, then, if ever, we should be inspired to do some literary work. It was during this season that some great authors were aroused to the beauties of nature and wrote masterpieces. While we can not all hope to be great authors, yet we can, by a proper application of our time and talent to our duties, become good composers; and, better still, be able to appreciate the works of great men.

At the last meeting, Mr. Hiers was initiated as a member of the society. We extend to him a hearty welcome.

---

### Sophomore Class.

Examinations are over, and now we start upon the third and last term of our Sophomore year. We can call ourselves two thirds Juniors; so now, we must work hard this term to enable us to stand with ease the final examinations that are to make us three thirds, or full-fledged, Juniors.

Several of the members of the noble and far-famed "Pendleton Guards" have returned to start in with the third term, and to take up their work where they left off rather suddenly last year. We are glad to have them coming back, and wish all of them could and would come back. They seem to make this old place seem brighter and livelier.

Both the track and baseball teams are progressing. Our class seems to be pretty well represented in both; but, if more of us would think it our duty and go out to try, probably, we would be still better represented.

## Classes

### Junior Class.

The president called a meeting of the class last week in order to discuss the Commencement Hop. Mr. W. Allen was elected manager, and Mr. L. L. LaRoche, assistant manager. The various committees will be appointed later.

Mr. H. S. Johnson is attending the Y. M. C. A. convention in Charlotte, N. C., this week. "Mary" is a great believer in the Y. M. C. A., and is one of the most enthusiastic workers in the association.

Bob Nickles says the way to improve the texture of a soil is to add "humor" to it. That being the case, Bob will some day own a fertile plantation.

A. A. McKeown tells that he got an invitation to the university (anniversary) celebration of the Adelpian Society, at Linwood College. Hope he will have a big time.

The following men became members of the class at the beginning of the third term: L. A. Coleman and A. Greer.

The class was sorry to give up Mr. E. M. Boykin, who went home sometime ago. We hope he will return next year.

Mr. F. R. Baker, who went home on account of the death of his father, has returned and resumed his studies.

Calhoun's birthday was a welcome rest after such a strenuous week of examinations.

### Freshman Class.

The second term exams., which we dreaded so much, are over, and we have but three short months until the summer vacation begins.

The Freshman class has increased materially since the beginning of the third term: among those who have returned are Messrs. Grey, Harris, Stokes, Gage, Sompayrac, Blackwell, and Mays. These men constitute part of the "Pendleton Guards" who were dismissed last April, and they have come back to complete their course in the Freshman class.

We are well represented on the baseball squad, more than half of the men on the team being Freshmen. Those who are playing the best being: Goodman, Jeffords, Harris, Fairy, Bates, and Cochran; these men may be depended on to make someone hustle for positions on the team.

Mr. C. V. May has obtained a leave of absence until next September, as he completed the present term's work last year.

Mr. L. B. Paris has procured an honorable dis-

charge after having remained but a few days, and has gone home.

Messrs. J. B. Davis and L. M. Kay went to Central Friday to visit friends and relatives.

## EDITORIAL

Track and baseball are progressing nicely. Prospects are good.

The new Y. M. C. A. officers have taken up their duties. We believe that they are a worthy set of officers.

Fellows, the success of the track and baseball teams depends largely upon your support. Are you going to give it?

We should be glad at any time to hear from any of the Clemson Alumni; and every man in school would be pleased to read a letter from any of them. At any time you feel like it, write a letter for our columns, telling us all about yourself, work, situation, and anything else that you might think that would be of interest to us. We would be more than delighted to publish it.

The detestable little word "Honey-funk" has done more harm at Clemson College than any other one word ever used at Clemson. So many use it who do not fully realize the force and meaning that goes with it. It has done more to keep the student and professor apart socially than any other one factor. It has caused many a man, especially cadet officers, to neglect his duty. And any number of other evils

could be put to the credit of this abominable expression. While we do detest a real "honey-funk", we do not think that it should be applied so promiscuously. You may notice that those boys who are always accusing some one of "honey-funking" are, in the majority of cases, the very ones who are doing the most of it. They are just afraid that some one else will get ahead of them. Let us by all means be careful how we apply this expression; or, better still, let us never use it at all, let us beat it out of our vocabulary all together.

There is not a boy at Clemson College who would not scan with his ugliest frown, and who could scarcely find words of contempt strong enough to express his feelings towards the boy or man who could allow himself to stray so far from the path of common courtesy and gentlemanliness as to openly disrespect a lady; but, still, shame to say, we allow some boys to do and say in the hearing of ladies, light, unbecoming things that we would not care to have said in the hearing of our mothers or sisters. Thanks to the Divine Being, there are but few such thoughtless, narrow-minded fellows in our student body, but yet they are noticeable. They are so far lacking in gentlemanly instincts that they try to make themselves conspicuous, by making light, frivolous remarks, especially in the presence or hearing of strangers. If you have ever been guilty of such ungentlemanly actions, stop and think, "meditate and ruminate over" (as Bill Arp used to say) and you will see how outrageous, mean, cowardly, and sneaking it is. Look at it from the stand-point of the other party. Would you like to have disrespectful things said in the hearing of your sister or sweetheart? If you would, God pity you. Would you feel right to have your lady friends come in barracks, or even drive along in front of barracks? No, you wouldn't, and you know it; a condition to make us hang our heads in shame. Still, we poor weaklings hold our heads up, upon the name of our dead ancestors; and boast that we are from the noble, chivalrous, old South, where the love and respect for womanhood stands out in bold relief above every other noble quality. Do you think we are upholding that noble, chivalrous, Southern spirit that has been for ages our boasted pride, inspiring men to reverence of brave men and noble women? Do you think our children can boast of their fathers' chivalrous spirit? Do you? We, fellows in barracks, who understand the conditions, can make allowances for those few unfortunate individuals who participate in this detestable practice; but the criticising public will not make any such allowance, rather exaggerate the affairs. It is an abominable and shameful state of affairs anywhere

when men forget to reverence womanhood, particularly so is this the case at Clemson; for since nearly every newspaper in the State thinks it its divine duty to point out to the public the defects, real or fancied, at Clemson. When these defects are given to the public, they, by constant repetition and addition, soon assume such fearful, gigantic size and form as to be unrecognizable. If those poor, pitiable beings, that call themselves men, will not, through respect for their college, through respect for their own fathers and mothers, treat every lady as a Southern gentleman should treat a lady, we should see that they do act the part of a gentleman while at Clemson, or act the part of a disrespectful fool some where else—not at Clemson.

## A GREAT REVOLUTION IN DENTIFRICES

# CALOX

TRADE MARK REGISTERED.

### The Oxygen Tooth Powder

(U. S. Patent granted May 17, 1904, Oct. 17, 1905.)  
(English and Canadian Patents granted.)

Calox is a revolution in Tooth Powders. It has properties which no other powder possesses and it does work which no other dentifrice can do.

CALOX depends for its effects upon the presence of Nature's purifier—oxygen. It is a product which the dental profession has long sought—a powder which is not only a mechanical cleanser, but a reliable and efficient antiseptic and germicide, a powder which will not only cleanse the teeth, but will also sterilize the mouth, thus preventing dental decay arising from the acid-producing bacteria, and protecting the system from danger of attack by germs of infectious diseases, which so frequently gain access through the mouth.

CALOX cleanses the teeth, keeps them white, or whitens them if discolored, prevents decay, relieves sensitiveness, heals and hardens the gums, neutralizes acid, destroys infectious germs, removes all odors and keeps the whole mouth clean.

CALOX is the only dentifrice that will actually remove discolorations and whitens the teeth without injury to their structure. It is the only dentifrice that will prevent decay because it destroys the germs that cause decay. It is the only dentifrice that will deodorize the mouth, because the oxygen it contains oxidizes all food particles, removes deposits from the teeth, tongue and mucous surfaces and destroys organisms that give rise to fermentation and decay.

### The Baseball Team for 1909.

Coach Reynolds has cut the baseball squad down to about two teams, and is now hard at work trying to get his team in readiness for the opening game with the Riverside team on the 29th of this month. As yet, there are only one or two men who are sure of places on the team. In fact, all will have to work hard and steadily, as Coach Reynolds says his team will be picked on merit alone, and not on what a man has been or might be. Thus we see that our team will not be run along lines of favoritism this year, as has unfortunately been the case once or twice before, and the best men will represent the College on the team.

For the present, Capt. Coles is being played at third, while Henderson is filling the Captain's old place at first. Kirby is back at his old stand, the second sack; and Goodman is doing some good work at short.

Waldrop, Wood, Lachicotte, Rivers, Schroeder, and Fairy, are all in the race for the pitchers' places. No one can tell which of these will win out. Wood has great speed, and is showing up fine. Rivers is unusually steady, and has a cool head in a pinch. Big Waldrop is there with the goods all the time. Lachicotte is also doing fine work, and with the new men will make the old men hustle for their places.

Connelly and Sullivan are showing up best as catchers, though Bates is coming some, and, with a little more experience will be a star.

Cochran, the big football center, is holding down right field; while Sherard and Jeffords are in the other places in the outer garden.

Harris, Pinckney, Tupper, and Jennings in the infield, and Wolfe, Sandifer, Boyd, Lokey, and P. Bissel in the outfield are all playing good ball. Any of these is likely to win a place on the team, as only one or two of the places are permanently filled yet.

Should any of the men now on the 'varsity grow careless or over confident, they will very probably find themselves trading places with some of the very promising men now on the Scrub team for the present time.

### Tiger Locals.

Mr. T. B. Reeves and Mr. J. H. Wilson will be at home to their friends for a while.

Our general secretary, Mr. Will Prevost, together with Messrs. Abell and Johnson, have just returned from the Y. M. C. A. convention held at Charlotte, N. C.

The editor-in-chief announces that the "Annual Dummy" has gone to press. From the appearance of the dummy, this year's Annual bids fair to be the "best yet".

The Senior-Junior Club gave a very pleasant little dance in the gymnasium last Saturday evening.

Mr. Seligman, of the Boston Shoe Co., Anderson, S. C., was in Barracks last week with a line of Spring shoes.

Mr. L. G. Richardson, of the '08 class, was on the Campus recently.

The annual celebration of the Calhoun Literary Society was held in chapel last Friday night.

Mr. B. E. Wolf paid his friends in Seneca a short visit Saturday.

Miss Rebecca White, of New York, is visiting her aunt, Mrs. P. H. Mell.

Rev. J. H. Graves has returned from a trip through the lower part of the State.

Mrs. J. P. Lewis gave a card party last Friday in honor of Mrs. Douglas Calhoun.

Mr. W. P. White spent several days at home recently.

Corporal Bruggnau, solo clarionetist, of the first artillery band, has taken charge of the college band.

Prof. Ainslee gave a very instructive lecture to the Biological Club last Thursday evening.

### Testing of Herd for Tuberculosis.

On the 18th of March the college dairy herd was given the tuberculin test by the Senior section of animal husbandry, under the supervision of Drs. Powers and Feeley. The herd is tested every spring to find if there is any tuberculosis-spreading cattle in the herd, and as a result of the investigation this spring, three of the herd gave a typical reaction, two, a clinical, and eleven cases are held with suspicion. The latter will be tested again in a few days. As soon as permission is obtained, the animals afflicted with the disease will be destroyed, and a post-mortem examination will be held.

To speak the German tongue isn't hard,  
Most any student can command it;  
The trouble is, that I find,  
Is in making "swine" understand it.

### The Glee Club.

As has been the case every spring for a number of years, the Glee Club is beginning practice for its spring entertainments. The Glee Club was first organized at Clemson College in 1896, thirteen years ago. It gave its first entertainment in December of that same year—which was then at commencement time, as the vacation came in winter then and school ran through the summer. Like the widely known football, the Glee Club was founded at Clemson by Prof. Riggs, who has been president of the Club for the past thirteen years, and who has done much hard work for the promotion of its welfare. This year, Prof. Riggs declining re-election, Mr. Prevost, our popular Y. M. C. A. secretary, was elected president. As this is his first year amongst us, this is his first trial among our boys along such character of work; but, being a hustling man and able to adapt himself to any good and useful work, bids fair of making a success out of it. He has already got the Club in creditable shape, even for an experienced man. With his own knowledge and experience, combined with the thirteen years' experience of Prof. Riggs—who is still a member of the Club, and who will give what time he can spare to it, especially to training the quartette, he will be able to place our Glee Club in such a state of perfection that it will stand without a peer among college Glee Clubs.

### Whereabouts of '08 Alumni.

Perhaps it will be of interest to some to know something of the men who went out from our institution last year. The address and business of all could not be determined.

J. E. Alverson: Electrician, Anderson cotton mills, Anderson, S. C.

S. E. Bailes: Farming, Fort Mill, S. C.

A. J. Baker: Teaching, Conway, S. C.

F. P. Caughman: Student, McKillips Veterinary School, Chicago, Ill.

B. H. Covington: Student, Vanderbilt University, Nashville, Tenn.

F. J. Crider: Assistant Horticulturalist, Clemson College, S. C.

F. W. Crisp: Real Estate and Insurance, Columbia, S. C.

S. J. Ezell: Professor of Agriculture, Mt. Vernon, Ga.

M. J. Funchess: Student, University of Wisconsin, Madison, Wis.

W. P. Gee: Professor of Biology, University of South Carolina, Columbia, S. C.

T. Hamilton: Assistant Plant Pathologist, Gainesville, Fla.

E. L. Hutchins: with Picarde Law Co., Chemists, Atlanta, Ga.

A. G. Kennedy: Mining Engineer, Zacualpsan, Mex.

M. R. Kimbrell: with Erie R. R., Meadville, Pa.

W. W. Kirk: with Erie R. R., Galion, Ohio.

A. C. Lee: Student Cornell University, Ithaca, N. Y.

J. W. Lewis: Student, Vanderbilt University, Nashville, Tenn.

J. C. Littlejohn: Prof. Riggs's Assistant, Clemson College, S. C.

R. B. Lowery: Commandant and Professor of Chemistry, Littleton, N. C.

W. M. Lunn: Student, University of Wisconsin, Madison, Wis.

W. A. Mace: with Bureau of Education, Manila, Phillipine Islands.

F. L. Martin: Teaching, Conway, S. C.

L. E. May: Graduate work in Chemistry, Clemson College, S. C.

W. H. Maynard: Professor of Chemistry, University of Tennessee, Knoxville, Tenn.

C. L. McCaslan: Southern Cotton Oil Co., Greenwood, S. C.

C. A. McLendon: Botanist, Georgia Experiment Station, Experiment, Ga.

J. M. Napier: Student, University of Wisconsin, Madison, Wis.

T. L. Ogier: Assistant Chemist, A. & M. College of Texas, College Station, Texas.

R. O. Poag: Erie R. R. Co., Cleveland, Ohio.

W. O. Pratt: with Cothran & Cothran, Civil Engineers, Greenwood, S. C.

C. W. Rice: Assistant Chemist, Perdue University, LaFayette, Ind.

H. B. Riser, Electrician, Clinton, S. C.

W. J. Roach: Student, Theological Seminary, Columbia, S. C.

W. M. Rosborough: Erie R. R. Galion, Ohio.

R. G. Sessions: Teaching, Conway, S. C.

S. H. Sherard: Bureau of Education, Manila, Phillipine Islands.

G. W. Speer: Cashier, Southern Railway Co., Greenville, S. C.

C. L. Stevens: Farming, Pinopolis, S. C.

A. C. Summers: Assistant Chemist, Perdue University, LaFayette, Ind.

W. A. Thomas: State Entomological Work, Clemson College, S. C.

D. L. Tindal: Farming, Pinewood, S. C.

G. M. Truluck: Student, Medical College of Charleston, Charleston, S. C.

L. O. Watson: Assistant Chemist, Clemson College, S. C.

G. G. Weathersbee: Bureau of Education, Manila, Phillipine Islands.

H. C. Wilburn: Teaching, Sedalia, S. C.

J. S. Wessinger: Student, Charleston Seminary, Mt. Pleasant, S. C.

Prof. L. O. Watson, of Clemson College, expressed his desire of knowing where every man in the class is. We are sure any help along this line will be appreciated by him.

The Board of Trustees made provision for the erection of a sanitary slaughter pen in place of the one now in use. The work has already begun. It will be placed near the site of the present slaughter pen.

## WALTER H. KEESE

### THE LEADING JEWELER

Of Anderson. South Carolina,

Carries the largest stock of Jewellery. Cut Glass, Silverware and China. Prices are right. Special attention to Mail Orders.

We don't want our subscribers to The Tiger to forget that the \$1 subscription was due Nov. 1, 1908.

**Mr. and Mrs. Clinkscales Entertain.**

On Friday evening, March 19th, Mr. and Mrs. F. H. Clinkscales entertained quite a number of their young friends at dancing. The parlor and dining room were thrown into one, which gave sufficient space for the enjoyment of the youngsters. The splendid music was furnished by the college orchestra, and the evening was a very enjoyable one.

After dancing for a short time, delightful refreshments were served, and then the dacing continued for an hour longer. Everyone who was present left feeling that this has been one of the most enjoyable evenings that they had ever spent.

Those present were: Misses Janie and Neila Sloan, Miss Nina Rast, Misses Tallulah and Mae Crowther, Miss L. D. Ramsay of Tocoa, Ga., Miss Leila Doyle of Chicora College, and Miss Cecil Ramsay of Converse; Messrs. O. M. Clarke, A. L. Harris, S. C. Pegues, L. L. LaRoache, R. E. Blake, W. H. Hanckel, W. M. Haynesworth, L. C. Boone, W. F. Hodge, J. C. Reid, E. L. Sumner, J. F. Stevenson, D. P. Folk, J. L. Hill, R. E. Nickles, and H. H. Greene.

Prof. (In commercial Geography): "Mr. Sadler, through what States would you pass in going from Boston, Mass., to Buffalo, N. Y.?"

"Rat" Sadler: "Minnesota, Sir."

**Yes Siree! Young Men**

We firmly believe that our new Spring lines of \$3.50, \$4.00 and \$5.00 Oxfords far surpass in Quality, Styles, Fit, Finish and Workmanship than any you have ever seen at such prices.

TANS, PATENTS, GUN METALS.

Call on Clemson Agt., Mr. L. W. Summers, Room 328 and look over samples. Quick delivery. Express charges prepaid.

### The Engineering Department.

Among other things of importance that Board of Trustees did at its last meeting, was the putting of the Electrical, Mechanical, and Civil Engineering departments under one head, which will be known as the Engineering Department. Prof. Riggs, who was already Director of the Mechanical and Electrical Engineering Department, was put at the head of the Engineering Department.

This was quite an important change, as the Civil Engineering Department stood somewhat to itself as it were, when really it ought to have been incorporated in the group of the other Engineering Departments, but they have all been merged into one with Prof. Riggs as Director.

Prof.: (in German) "Mr. W——, how would you translate, 'Die Drachen Zwergleiss gaben, etc, etc.'"

"S. Hooks": "The dragon held the dwarfs, etc."

Prof.: "What are you going to do with the verb 'gave'?"

"S. Hooks": "The dragons gave the dwarfs held, ('——') etc, etc."

Prof.: "Yes, that is what they did, but that is not what it says."

Class: "Honk! Honk!"

"Leander Armstrong" Green "gooched" "Foots" Britt; after a brisk run across the campus, "Foots" caught "Leander Armstrong." After rolling on the ground awhile, "Leander Armstrong" got up, puffing and blowing and said, "'Foots', you ought to have gone out on track; you could have made the 'Velocity' team."

The English professor told his class to hand in a paper, "The Result of Laziness." The next day he received several blank papers. If it had been some of the professors instead of students, the English professor wouldn't have got any paper at all.

"Should we not consider ourselves fortunate and try to make good the opportunities given us when we realize that for every one young South Carolinian receiving a college education there are forty-nine that do not."

### A Clemson Man Says:

Autun, S. C., June 24, '08.  
The Armour Fertilizer Works,

Atlanta Georgia:

Gentlemen---The write, inspected fertilizers for Clemson College in this State four years and then became convinced that ARMOUR sold the best fertilizers both in ingredients used and certainly in the mechanical condition, that was being offered in this State, and consequently, when he took charge of this business, he pushed ARMOUR'S goods with results gratifying to himself and his customers.

Thanking you for your interest,  
we are,

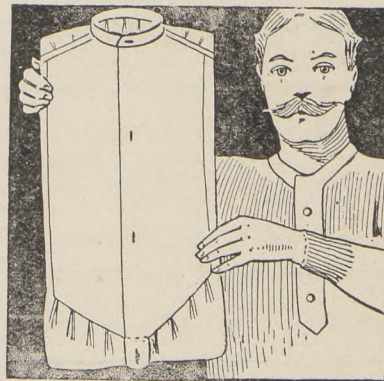

Yours truly,

PENDLETON MFG. CO.,

Per D. L. Reid, Mgr.
