Resolutions of Holmes committee

"Whereas, this faculty has been asked to consider the welfare of the student literary societies; and whereas, it is a matter of common report that the frequent entertainments have been a hindrance to successful society work, whether the entertainments have been scheduled for an early hour or late,—be it resolved—

"First, that it is the sentiment of this faculty that the frequent entertainments have been a source of serious interference with society work.

"Second, that it is the opinion of this faculty that these interferences should be prevented in the future by the proper authorities.

"Third, that this might best be done by having the societies hold their meetings on Saturday nights and by permitting on such nights no entertainments in excess of two per term.

"Fourth, that these suggestions be respectfully submitted to the President."

Daniel resolution as to speed limit

"Resolved that the President be requested to take under consideration the matter of regulating the speed of automobiles on the campus, by publishing speed limits by means of signs and otherwise."
