Wells, W. M.

Wilk, J. B. / Course in Chem. & Ecology,

A. G. Kennedy

The faculty appointed four committees consisting of the members of faculty who teach the junior, sophomore, freshman and preparatory classes to pass upon the students readiness and determine whether they be given an opportunity to make up and go on with next higher class, take class once, or return and take third term over.

Upon motion of Mr. Harper, the faculty unanimously recommended to the...
(Draft of a letter from the Professor to the Dean. The degree of M. D. was given to the student. However, the application of Mr. P. for permission to pass the final exam without permission was refused.)

A.G. Shanklin
Dean of Faculty
