[Address]
To The Faculty:

The Examination Committee begs to report that it has examined carefully the records of the following students in the Senior Class who have failed badly on the work of the session: Coles, Jones, Daniel, Brinson, Cherry, Sewin, Jacob, and Pollitzer, and would make the following recommendations:

I. That all G. C. I. students except Mr. Pollitzer, together with all other seniors who have failures, be granted reexaminations on the subjects in which they are deficient.

II. That Mr. Pollitzer be not granted reexaminations on account of this large number of senior failures and his failure to make up sophomore work in which he was deficient. (Physiology & Chemistry)

III. That Messrs. Coles and Cherry be warned by the President of the necessity of more earnest application to assure their graduation.

IV. That Mr. Jones be required to drop all work other than his class work and that he be urged to apply himself as earnestly as possible to his studies.

V. That reexaminations for Seniors be held during the week preceding the Senior devoted to the regular Senior examinations, and that Seniors who fail on reexaminations be not allowed to take the regular 3rd term examinations.
