Clemson University

Graduation Exercises
August 10, 1991
Clemson, South Carolina
Graduation
Saturday, August 10, 1991
11:00 a.m.  Littlejohn Coliseum

ORDER OF CEREMONIES
(Audience will please stand as faculty and candidates march in and remain standing for the invocation)

Invocation
The Reverend David G. Sinclair
Reformed University Fellowship

Conferring of Honorary Degrees
President Max Lennon

Recognition of President’s Award Recipients

Address to Graduating Class
John L. Clendenin
Chairman and CEO, BellSouth Corporation

Conferring of Degrees and Delivery of Diplomas
President Max Lennon

Welcome to New Alumni
Debra Dubose
Associate Vice President for Alumni Relations

Benediction

Frank W. Breazeale, Organist
Kevin Davidson, Soloist
Holley H. Ulbrich, University Marshal

Visitors are not allowed on the floor of the coliseum for photographic or other purposes until after the commencement address. Access to the floor of the coliseum will be allowed beginning with the conferring of degrees of the doctoral candidates. Please return to your seat promptly after making photographs in order to keep distraction on the floor to a minimum.

You are requested to refrain from loud expressions of pleasure for individual graduates. Such expressions frequently detract from the recognition due the next graduate in line.

Your cooperation is respectfully but urgently requested.
HONORARY DEGREE

JOHN L. CLENDENIN

DOCTOR OF LAWS

John L. Clendenin is Chairman of the Board and Chief Executive Officer of BellSouth Corporation, the largest of the Regional Bell telecommunications companies and one of the twenty-five largest U.S. public companies.

BellSouth owns Southern Bell, South Central Bell, BellSouth Services and BellSouth Enterprises.

Mr. Clendenin, a native of El Paso, Texas, is a 1955 graduate of Northwestern University in Evanston, Illinois. He served as a pilot in the U.S. Air Force Strategic Air Command.

Mr. Clendenin began his telephone career with the Illinois Bell Telephone Company. He subsequently moved to the Pacific Northwest Bell Telephone Company in Seattle and to the American Telephone and Telegraph Company in New York.

He was elected President of Southern Bell in April 1981 and became Chief Executive Officer of BellSouth on January 1, 1984.

Mr. Clendenin is a member of several corporate boards including Capital Holding Corporation, The Kroger Company, Coca-Cola Enterprises, Inc., Wachovia Corporation, and the New York Stock Exchange.

He is past chairman of both the U.S. Chamber of Commerce and the National Alliance of Business. He serves on the National Executive Board of the Boy Scouts of America, the National Executive Board of Junior Achievement and the National Board of Governors of the United Way of America.

He is a Trustee of the Conference Board, the Committee for Economic Development, two universities, and a member of the Policy Committee of the Business Roundtable. He has served as a board member and officer of a number of other civic, educational and cultural organizations.

Clemson University holds John Clendenin and his achievements in the highest regard, and it is a special privilege to present the honorary degree, Doctor of Laws, to him.
HONORARY DEGREE

LARRY A. JACKSON

DOCTOR OF HUMANITIES

Dr. Larry Jackson, the architect of Lander College's remarkable rebirth and revitalization since 1973, is one of South Carolina's outstanding leaders in higher education.

Dr. Jackson has served as President of Lander College for the past eighteen years, and as such, ranks as one of the longest-serving presidents of any four-year state college or university in South Carolina. He has guided Lander's transformation from a small private institution to a vital state-supported college.

He was Vice President for Administration at the University of Evansville, Indiana, when he accepted the Lander presidency in 1973.

Arriving in Greenwood, he found an academic institution that had been on the decline for sometime. Buildings were old and the student body numbered only about 900. But under his leadership, a steady and deliberate metamorphosis began to take place, and a new Lander College emerged.

Today Lander is moving toward the twenty-first century with an almost brand-new campus and more than 2,600 students, thanks to Dr. Jackson's guidance.

"To literally have built a campus in eighteen years is extraordinary," said a colleague.

Dr. Jackson is a native South Carolinian who was born in Florence. He was educated at Wofford College, Union Theological Seminary in New York, where he earned a Master of Divinity degree, and at the University of the Pacific, where he received an M.A. degree. Also, he has honorary doctoral degrees from several colleges and universities.

His academic career also includes positions at Callison College of the University of the Pacific, where he served as Provost, and Director of Santiago College in Santiago, Chile, for several years. Dr. Jackson also served for six years as a minister, including two years as minister of the American Church in Santiago, Chile.

During his outstanding tenure at Lander, private support of the College through the Lander Foundation has grown from $250,000 to $4 million. The number of faculty members has increased from 40 to 135 and a number of academic majors have been added, including a master's in elementary education.

He has announced his plans to retire next June to pursue other interests such as writing, studying, and perhaps politics.

Dr. Larry Jackson is a gentleman and a scholar, and his contributions to higher education are many. It is a privilege for Clemson University to honor him at the culmination of a distinguished career at Lander College and to thank him for all that he has done for higher education in the State of South Carolina.
Laughter, love, respect and friendship. These are the gifts that William Edward Grishaw, Jr. has given to thousands of special South Carolinians. For more than two decades he has been chairman, fund-raiser, registrar, and chief advocate for Camp Sertoma at the Clemson University Outdoor Laboratory.

Camp Sertoma, which principally serves children with speech and hearing impairments, was one of the earliest of the Outdoor Laboratory’s now numerous programs for special campers. Bill Grishaw was there at the beginning, and he remains a steadfast and effective volunteer leader for Camp Sertoma and for the continuing enhancement and development of the Outdoor Laboratory. Largely because of his leadership, the Outdoor Laboratory has received more than $300,000 in new facilities and improvements and $700,000 in sponsorships for campers. Not a single child has ever been charged to attend Camp Sertoma.

Mr. Grishaw serves Clemson in other ways as well. Both a Clemson graduate (1961) and a resident of the Clemson community, he helped establish in 1985 the Joint City/University Committee, which promotes cooperation and coordination between the City and the University on matters of mutual interest. He is also involved in numerous other civic and community activities.

Because of his contributions to youth, his alma mater and his community, Clemson University proudly presents The President’s Award to William Edward Grishaw, Jr.

Agriculture, history and education are principal interests of Huldah Cail Mingledorff. This is reflected by her stewardship of Millhaven Plantation, the largest family-owned working farm east of the Mississippi River. Millhaven was founded in 1788 in southeastern Georgia on lands once occupied by the Euchee Indians. Today, the plantation’s 24,000 acres are devoted to crops, timber, livestock and wildlife.

Mrs. Mingledorff’s commitment to maintaining Millhaven’s rich heritage and agricultural productivity is joined by her desire to discover opportunities for this valuable natural resource to benefit higher education. Accordingly, she has established the Lorimer Millhaven Foundation to conduct and support agricultural, environmental and other educational programs in conjunction with public universities. Clemson University is honored to be represented on the Board of Directors of the Lorimer Millhaven Foundation.

Clemson appreciates the many advantages that this association will provide for future generations of our faculty and students. We thank Mrs. Mingledorff for making this possible, and we look forward to her continuing friendship. In recognition thereof, Clemson is pleased to bestow upon Huldah Cail Mingledorff The President’s Award.

The Academic Procession

The Academic procession is composed of the faculty, staff, officers, Trustees, and honored guests of the University. Faculty enter by college and each college is preceded by its marshal, a senior faculty member, with the college baton, described under University Regalia.

Following the marshal is the college banner bearer. Each banner is a combination of colors that declare the disciplines taught in that college. These colors, which were established by the American Council on Education, are as follows:

<table>
<thead>
<tr>
<th>College</th>

Collegiate faculty follow their banner in order of academic rank wearing academic costumes of medieval origin. Those who have received their degrees from institutions outside the United States wear costumes specified by the awarding institutions.

The academic costumes of faculty whose degrees are from United States' institutions are specified by a uniform code maintained by the American Council on Education. Caps are black and are usually mortar boards with tassels. Doctors of Philosophy wear gold tassels usually of metallic thread; other degrees wear black or discipline colors.

The bachelors' gown is simple and black with long, pointed sleeves. Masters' gowns, also black, are longer than bachelors. Older gowns have sleeves that terminate at the elbow while those since 1960 have sleeves extended to the wrist. Doctors' gowns are full, with bell-like sleeves. The front is marked by velvet panels and the sleeves are marked by three velvet bars. While most gowns are black with black velvet, one variation is to replace black velvet with black in the discipline color. A second variation is a colored gown usually of the university's colors.

All hoods specify the level of degree, the discipline studied and the awarding institution. First, degree level is signified by the size of the hood with bachelors' smallest, masters' larger, and doctors' quite large and of a different shape. Clemson does not award hoods to bachelors. The width of the velvet trim also conveys the degree. Secondly, the discipline is indicated by the color of the trim edging the hood to form the throat over the gown. Finally, the color of the hood's lining specifies the awarding institution. The colors are displayed in combinations that are drawn from heraldry. Notice that the Clemson University hood is lined with purple through which is an orange chevron (a “V”). Although many combinations are duplicated by dozens of institutions, Clemson is presently the only institution with that registered combination.

The officers, trustees, and honored guests wear academic, ecclesiastical, or military regalia as set forth by their professions. They are preceded by the University marshal. Clad in a gown of office in gold and purple, the marshal wears no hood and bears the University mace. At the ceremony's close, the faculty do not exit as a part of the recessional but are dismissed, along with students and guests, when the marshal leaves the coliseum.
The University Regalia

The University mace is the symbolic representation of the whole of Clemson University and must be present at any convocation where the University, through its delegated members, is acting officially. At any official convocation such as commencement, the University Marshal, carrying the mace, precedes the President into the assembly. The mace rests before the President's chair or speaker's stand throughout the ceremony, and its removal from the assembly at the close of a convocation is symbolic of the official withdrawal of the University and, thus, the close of the proceedings.

The decorative design of Clemson's mace is derived from the ceremonial maces carried by heads of state and church in the Middle Ages. Its basic club-like shape, however, is much more ancient, probably going back to man's prehistory. It is made of walnut wood and silver, with the seal of the University in gold and the University colors represented by insets of cornelian (orange) and amethyst (purple). Amethyst is also the state stone of South Carolina.

The Presidential chain and seal is symbolic of the authority vested in the office of president by the governing body of the University. Only the University President may wear it, and while wearing it he speaks for the whole body of the institution. Clemson's chain and seal are made of silver and gold, and cornelian and amethyst.

The batons of the college marshals also descend from medieval "staffs of office" which were carried by the senior members of departments of state or church. They display the seal of the University and the symbolic color of the discipline to which the college belongs. Clemson's batons are made of walnut wood and silver with the various disciplines inset with enamel.

The University regalia were designed and executed by Mr. Robert Ebendorf. Mr. Ebendorf is twice winner of the Tiffany Award and one of the most acclaimed goldsmiths of our era. The enamel plaques for the batons were executed by the late Professor Marshall C. Bell, and the lapidary work was executed by the late Mr. C. C. Wilson of Clemson University.
CANDIDATES FOR DOCTORS' DEGREES

FARRELL BLENN BROWN, Acting Dean, Graduate School

COLLEGE OF AGRICULTURAL SCIENCES

DOCTOR OF PHILOSOPHY

Entomology

William Rockford English ........................................ Clemson
B.S., Oregon State University; M.S., University of Missouri-Columbia
Dissertation: Ecosystem Dynamics of a South Carolina Sandhills Stream

Food Technology

Huoy-Jiun Jean Wang ........................................ Taipei, Taiwan
B.A., Tunghal University; M.S., Clemson University
Dissertation: Characterization of Glucoamylase Immobilized on Formed-In-Place Membranes

Nutrition

Susan Louise Valentino ........................................ Ithaca, N. Y.
B.S., Cornell University
Dissertation: The effects of aflatoxin B1 and cytochalasin B on the in vitro immune response of bovine and turkey lymphocytes

Catherine Joan Walsh ........................................ Midland, Mich.
B.S., Hope College; M.S., Clemson University
Dissertation: The immunosuppressive effects of aflatoxin B1 in bovine macrophages and lymphocytes in vitro

Plant Physiology

Michael Jerome Beck ......................................... Dayton, Ohio
B.A., Thomas More College; M.S., University of Tennessee-Knoxville
Dissertation: Shoot Induction from Petunia Leaf Discs As A Function of Explant Size, Configuration and Benzyladenine Exposure Time and The Proteins Associated with Its Determination Event

COLLEGE OF COMMERCE AND INDUSTRY

DOCTOR OF PHILOSOPHY

Industrial Management

Susan West Engelkemeyer ..................................... Marshfield, Mass.
B.A.B.A., Stephens College; M.B.A., East Carolina University

COLLEGE OF ENGINEERING

DOCTOR OF PHILOSOPHY

Engineering

Ann Denise Christy ............................................ Columbus, Ohio
B.S., M.S., The Ohio State University
Dissertation: Ground Water Vulnerability Assessment and Agricultural Chemical Management Policies in the South Carolina Piedmont (Field of Specialization: Environmental Systems Engineering)

Robert Edwards Harrison .................................... Seneca
B.S., M.S., Clemson University
Dissertation: Controlling Silver Weight Uniformity on the Cotton Card (Field of Specialization: Agricultural Engineering)

Satyanarayana Naga Kalidindi ................................ Madras, India
B.T., Indian Institute of Tech-Madras; M.S., Clemson University
Dissertation: Statistical Process Control in Industrial Construction Engineering Organizations (Field of Specialization: Civil Engineering)

Wyn-Pyin Lyui .................................................. Taichung, Taiwan
B.S., National Taiwan University; M.S., Clemson University
Salameh Abdulhameed Nsour
B.E., American University of Beirut; M.S., University of Mississippi
Dissertation: An Investigation of the Impact of Ramp Metering on Traffic Flow with and without Diversion
(Field of Specialization: Civil Engineering)

Ungyu Paik
B.E., Hanyang University; M.S., Virginia Polytechnic Institute and State University
Dissertation: Dispersion of Alumina and Silica Particles in Organic Media via Electrosteric Stabilization
(Field of Specialization: Ceramic Engineering)

David Ellis Richardson
B.S., University of Utah; M.S., Texas A&M University
Dissertation: A New Biaxial Stress Fracture Criterion (Field of Specialization: Engineering Mechanics)

Ross Wagenseil
B.A., Harvard University; B.S., Clemson University
Dissertation: Determination of Fractal Dimensions of Digital Elevation Models for the Watershed of Lake Jocassee, South Carolina (Field of Specialization: Environmental Systems Engineering)

COLLEGE OF FOREST AND RECREATION RESOURCES

DOCTOR OF PHILOSOPHY

Forest Resources

Sara Bethany Baldwin
B.S., Bridgewater College; M.S., University of Idaho
Dissertation: Communication Between Forest Scientists, Professional Foresters, and Nonindustrial Private Forest Owners Leading to Forest Management Technology Transfer

Charles William Burgess II
B.A., Berry College; M.Agric., Clemson University
Dissertation: The Effect of Cooperative and Competitive Environments on the Interpersonal Attraction of Participants in Group Initiatives

Parks, Recreation, and Tourism Management

Mathematical Sciences

Anlekan Asukwo Ebiefling
B.S., University Calabar; M.S., Howard University
Dissertation: The Generalized Linear Complementarity Problem and Its Applications

Microbiology

Stanley Martin Belkowski
B.A., Indiana University of Pennsylvania
Dissertation: The Humoral Response to Collagen and the Effects of Dimethylglycine and Perna canalicul-
atus on Collagen Induced Arthritis in Rats

Susan Nilex O'Brien
B.S., M.S., Clemson University
Dissertation: Effect of Plasma Cortisol on DNA Repair: Comparisons of Hormonal and Psychometric Measurements of Stress

Lisa Ann Stanley
B.S., Clemson University
Dissertation: Characteristics of Pathogenic Mechanisms of Edwardsiella ictaluri in the Channel Catfish, Ictalurus punctatus

*Cum laude: A grade point ratio of 3.40 to 3.69
**Magna cum laude: A grade point ratio of 3.70 to 3.89
***Summa cum laude: A grade point ratio of 3.90 to 4.00
†Senior Departmental Honors: The students so designated have earned a B or better in the six to twelve credits of honors work at the upper division level in a program designed by their department. They have maintained a minimum GPR overall of 3.40. They appear in the line of march with an honors medallion on an orange and purple ribbon.
Coat of Arms

Designed by Clemson University graphic artist, Connie Floyd, the coat of arms represents the historic three-fold mission of this institution: teaching, research and service.

Pictured on the cover, the coat of arms is divided into three parts. The bottom contains a series of open books representing the concept of teaching as the basis of the land-grant university. The white of the books and the purple of the background designate the teaching mission of the University as it is achieved through undergraduate and graduate instruction.

The upper portion of the shield contains two sets of calipers and wheat sheaves illustrating the measurement system for research, as well as Clemson’s tradition in agriculture and Extension. The three symbols — the books, calipers and wheat sheaves — also represent the humanities, technology and science.

The entire shield is joined by a small orange center shield bearing a white tiger mask symbolizing the abiding spirit of Clemson.

The crest is a gold palmetto tree, which emphasizes Thomas Green Clemson’s desire that Clemson become “the people’s university” for South Carolinians. It rises from a band of purple, orange, white and gold. The outer pair of colors, purple and gold, are the official colors of the University; the inner pair, orange and white, are Clemson’s student colors.
Historical Statement

Clemson University is named for Thomas Green Clemson (1807-1888), who left the bulk of his estate to the State of South Carolina for the founding of the institution.

Thomas Clemson was born in Philadelphia in 1807 and educated at the Royal School of Mines in Paris (1828-1832). His early profession was that of a mining engineer; but circumstances diverted his interests into politics and the life of a southern planter, and he soon became an enthusiastic advocate of scientific agriculture. He had a career as a diplomat (charge d'affairs to Belgium, 1844-1852) and served as the first Superintendent of Agricultural Affairs in Washington (1860). As a scientist he published numerous articles in the fields of mining, chemistry, and agriculture. His varied activities included his assistance in the founding of the Maryland Agricultural College, his support of the Morrill Act, his leadership in South Carolina after the Civil War, and his part in founding Clemson University.

Thomas Clemson was the son-in-law of South Carolina's John C. Calhoun, a political figure of national importance during the first half of the nineteenth century. Mr. Calhoun's home, Fort Hill, is preserved on the Clemson Campus as a national shrine.

The academic program at Clemson College began in 1893 with an enrollment of 446. The first "college prospectus" announced only two four-year curricula, supplemented by two two-year preparatory courses. Today the University has ten major academic units. These are the College of Agricultural Sciences, the College of Architecture, the College of Commerce and Industry, the College of Education, the College of Engineering, the College of Forest and Recreation Resources, the College of Liberal Arts, the College of Nursing, the College of Sciences, and the Graduate School.

The institution is an accredited member of the Southern Association of Colleges and Schools; various curricula are accredited by the National Architectural Accrediting Board, National League for Nursing, Society of American Foresters, American Assembly of Collegiate Schools of Business, Accreditation Board for Engineering and Technology, and National Council for Accreditation of Teacher Education.

Clemson is a land-grant institution. As such, it is engaged not only in its primary academic program, but does extensive research at the main campus and at five agricultural experiment stations located in the State. The University is also heavily committed to a varied program of public service, including the work of agricultural extension which has professional personnel located in each of the State's counties.
CLEMSON ALMA MATER
A. C. Corcoran, '19
Where the Blue Ridge yawns its greatness,
Where the Tigers play;
Here the sons of dear old Clemson
Reign supreme alway.

Chorus
Dear old Clemson, we will triumph
And with all our might,
That the Tiger's roar may echo
O'er the mountain height.

We will dream of great conquests,
For our past is grand,
And her sons have fought and conquered
Every foreign land.

Where the mountains smile in grandeur
O'er the hill and dale.
Here the Tiger lair is nestling
Swept by storm and gale.

We are brothers strong in manhood,
For we work and strive;
And our alma mater reigneth
Ever in our lives.
