Report of Committee on Irregular Courses.

Cadet James H. Roger, Jr., a regular Textile Junior applies for an irregular course in order to become a regular Electrical Junior, next year. The committee recommend that the request be refused, because (1) the schedule of twenty six hours which has been submitted, only provides for four new studies, namely foundry (6), woodwork (6), surveying (3), and physiology (2); on all of the other studies scheduled, satisfactory grades have been made.

Cadet C. Hanvey applies for permission to enter the sophomore class without being required to take chemistry, foundry and woodwork but instead of the last three subjects, be allowed to take machine shop and mechanical drawing. The committee recommend that he be required to take the subjects prescribed for the regular mechanical sophomore class, on account of his class standing as an irregular student during the first term of 1903 - 1904.

The committee recommend that Cadet W. H. L. Honesley be required to make up his physical geography on Feb. 19, 1904.

The committee recommend that irregular students be required to take not less than 26 hours of work per week, of which not less than 12 hours shall be "theoretical" work.

Respectfully submitted,
