Called Meeting, Sept. 7, 1808.

Called to order at 3 P.M. by the President.
Absent on roll-call, Messrs. Brackett (on account of accident), Broadly, Ryan (excused), Chambers (on official duty), Don- gan (excused, accident), Hunt (excused), Maw- ton (excused), Metcalf (on official duty), Ne- mar, J.D. (on duty), Wright.

The President stated that the meet- ing had been called chiefly for the pur- pose of receiving the report of the Schedule Committee, who had pre- pared a schedule of recitations for the first term.

The President requested that all instructors call the class roll in their class rooms, instead of receiving the reports of the section marshals, as heretofore. The marshals will call the rolls at section formation at barracks.

The Schedule Committee was also requested to prepare the official roll of the classes and divide them into sections, and to keep oversight of them.

On motion of Mr. Lewis it was resolved that a committee be ap- pointed, including the Commandant, to devise some practical means of making daily reports of absences.

The President appointed Lewis, Lewis, Keith, and Steiner.

Mr. Brodie, Chief Exam. Com., presented
the application of Cadet C. Harvey, who has a clear record for first term, First Class, but failed in examinations in English, Descriptive Geometry, and Physiology, 2d term, and was refused reexamination by the Commandant. He now asks for
an irregular cousin in Civil Engineering, and the Committee recommends thar...
it be granted, provided he take over
the subject on which he failed.
The President put the question,
1st. Receiving the case of Cadet
Radcliff, and 2nd. Of adopting the
report of the Committee, both
of which were carried by vote of
the Faculty.
Mr. Moody further reports for
the Committee on Gymnasium, the petition
of Cadet W. Wakefield, who fails
badly in both terms of drill and
asks for an irregular Textile Course.
The Director of the Textile Department
does not recommend the course,
but the Committee recommed
that their former action, requiring
Cadet Wakefield to take the class does
be adhered to. There being no
motion to reopen the case, the
President rules that the former
action stands.
Cadet Copeman K.C. applied for re-
examination in English, endorsed
by the Professor concerned, and re-
commended by the Committee.
Adopted by vote of the Faculty.
Mr. Riggs presented the application
of Cadet W. Lewis to be allowed to con-
tinue in irregular course along
the same lines as allowed last year.
On motion of Mr. Riggs this was granted
by vote of the Faculty.
The Faculty adjourned to Mr. James
class-room to examine the schedule
of recitations proposed by the Com-
mmittee. On motion of Mr. Lewis the
schedule was adopted, subject to such
changes as the Committee deemed
necessary or desirable, such changes
to be reported to the Faculty.
An motion of Mr. Daniel T. 
Faculty adjourned at 5:35 P.M.

J. Holman Lewis, 
Vice-Pres. Faculty.

Regular Meeting, Sept. 10, 1903.

Called to order by the President at 5 P.M.

Abstained from roll call, Messrs. Benton, 
Brackett (sick), Chapple (off duty), 
Dowgan (sick), South, Livernois, But 
call (off duty), Kenne, Newman, J.S. 
(official duty), Parks, Bushby, Thomas (off 
duty), Wright.

Minutes of adjourned meeting June 
11th at 5 p.m. called meeting last Friday was 
read and approved.

The Committee appointed at last 
meeting to consider the matter of 
daily reports from instructors, make 
the following report (Rearved by Mr. Lewis).

Resolved as it is highly desirable 
that absence from class be promptly 
reported and acted upon, the Com 
mittee recommend the adoption of 
a daily report form to be printed 
on a cord of convenient size, pro 
viding space for names of students, 
and columns in which to indicate class 
and section, and the time or times missed. 
Space also to be provided for comments and 
for reports of delinquencies of any kind.

The Committee further recommend the 
printing of the following "Instructions" 
on the card:

1. All absences from class, from whatever 
cause, should be reported as such.
2. Any cadet reporting to class after roll call should be reported late.

3. Any cadet who absents himself from class for more than ten minutes, should be reported under the head of "diligentias".

4. Instructions are made to report, under the same head, all other irregularities that come under their observation.

5. Reports should be made out in ink and placed in the box at the Commandant's office before 6 P.M. daily.

6. A report forms, duly dated and signed, should be submitted by each instructor daily, whether there is anything to be reported or not.

7. Directors of departments will see that reports for all divisions are sent in promptly.

On motion of Mr. Morrison, the report was adopted by vote of the faculty.

In answer to inquiries as to whether weekly reports were to be continued also the President stated that daily reports will include everything of former reports or weekly reports, except as to information in regard to members of the faculty themselves, which the Board of Trustees requires to be kept on file, and since a month would be often enough to report that.

Mr. Morrison, Capt. P. L. Alston, reported that all sections had been formed this morning and all classes had been reporting regularly for duty after first hour except Seniors and Juniors, who had been delayed by a misunderstanding as to giving out the schedule.

The following applications from cadet were presented:

P. L. Alston to be allowed an irregular agricultural course. Carried on the table until the return of the Director of the
Agricultural department.

J.F. Dunne to be allowed to take the full junior class work, and diploma in addition, Mr. McNees stated that this impossible, so far as the schedule is concerned. Mr. Riggs called attention to the crowded condition of the electrical junior class and the fact that this is considered the hardest year of the course, without additional work. Also that this will be a precedent for many similar petitions. Nothern testified as to his class standing, showing that his work was very poor in English, very good in descriptive geometry and first in electricity.

On motion of Mr. Brodie, seconded by Mr. Riggs, the petition was granted on one months trial.

Bruno Jr.

J.C. Brown to change from agricultural to mechanical course in the sophomore class. Granted on motion of Mr. McNees, on condition that all work missed be made up within the year.

Cotton Jr.

J.K. Cotton to enter regular junior class in civil engineering, and be allowed a reasonable length of time in which to make up deficiencies. Left before final examinations last year and has been employed in railroad work ever since. Granted on motion of Mr. McNees, with two months extension of time for removal of deficiencies.

Stephens Jr.

J.T. Simpson to take an irregular Textile course. On motion of Mr. Brodie referred to Director of Textile Department with power to act.

Howard Jr.

H.R. Howard to be transferred from special Textile to regular Junior
Electrical course. As Cady从而's exit status was not clear, the President withdrew this application for investigation.

V. W. Kenedick, to take a special Textile course. Granted by vote of the Faculty, upon motion of Mr. Beatty.

J. M. Van Hoolen, to be allowed 30 days extension of time in which to make up machine shop work. Granted, upon motion of Mr. Riggs.

J. Brodie, for an extension of time to make up drawing. Could not come in the 5-day period, on account of sickness. Mr. Lee states that only a little work remained, and one week would be sufficient. Granted by vote of the Faculty.

J. T. McCrady, to leave off all practical work, and take a (particularly) course in English, Physiology, & Botany. Was in preparatory last year and left before the end of the session; hence the irregular course is prohibited by rule of the Faculty.

A. J. Cleveland, to be relieved of the Examination of in Botany, as the subject is now omitted from the Freshman class. On motion of Mr. Daniel, action was deferred until the Professor of Botany returns.

A. J. Matthews, to be a full math., in which deficient; and all junior work possible, with view to becoming regular in Summer. On motion of Mr. Riggs, granted on one month's trial.

J. H. Williams, to take full Tele. Junier and also Tele. Chemistry. Granted on motion of Mr. Riggs; provided schedule can be arranged, on one month's trial.
Mr. Riggs presented a schedule of work devised by W. G. Summers, graduate of Wabash College, who desires to enter The Junior class at Cornell next year, and recommended that the course be allowed. Granted on motion of Mr. Morrison.

The President called attention to the unsatisfactory condition of last year's breakage accounts, due to greatest number of the Faculty who have claims against the college, to present accounts once a month or once a quarter.

The President also stated that a number of students who were in the Preparatory class last year, but who for lack of money and other reason had left before the close of the session had requested permission to apply for entrance to the Freshman class on the same basis as new students. The Faculty were asked to consider this question, as it would be called up for discussion at next meeting of the Faculty.

The President also announced that Mr. Blake, a graduate of Davidson College, who was highly recommended, had been allowed a special fifth course, on the same footing as a postgraduate student.

Mr. Riggs brought up the petition of Cadet J. K. Elliott, who has been ill during the 5-day fever, but has not made practical progress, as he claimed he needed all his spare time to prepare for examinations.

Mr. Riggs moved that this and all similar applications for extension of time be referred to the Committee on Examinations. Carried by vote of faculty.
On motion of Mr. Daniel, the Faculty adjourned at 6:27 P.M.

J. Holley Lewis, Pres. F. Faculty.

Reg. Meeting Sept. 17, 1903.

Called to order by the President at 5:15 P.M.

Absent on roll call, Messrs. Brackett (sick), Sargent (sick), Henry, Levinson (sick).

Minutes of last regular meeting were read, amended, and approved.

The following applications from cadets were considered:

J. H. Williams, application granted at last meeting to take full instruction, junior and also to take chemistry, provided schedule could be arranged. Now finds that the schedule is infeasible, and asks permission to study chemistry in his room and attend examination with Alpha class, taking the regular 12th junior course at the same time.

Mr. Hardie states that Cadet Williams failed on 1st term examination in chemistry, and also on reexamination, but claims to be sick and states that he had made a bad failure. Cadet Williams passed 2nd term examination, showing that he was not really deficient on 1st term work, also has a little 3rd term work to make up.

On motion of Mr. Brodie, Cadet Williams is allowed a 2nd examination because of sickness on 1st examination.

J. Lucas, to be allowed to take regular Alpha class work except English, and to take freshman English. Granted, on motion.
of Mr. Daniel.

E. F. Kendrick, to take staff chem.

istry instead of the first year’s chem. in
the special faculty course, with a view
to becoming regular when deficiencies are
made up. Carried on motion of Mrs.
Biggs.

J. F. Cotterman, to carry over staff algebra
and descriptive geometry until the fac-
ulty class stands in those subjects. Re-
ferred on motion of Mrs. Lewis.

A. E. Sudder, graduate student, for
special course, as follows: 5 hrs. Phy.
hours Junior Civil Eng., 3 hrs. J. P. Field
work, 10 hrs. Mech. Drawing, 10 hrs. Junior
then
Engineering. Carried on motion of Mrs.
Biggs.

W. H. Shingler, to take freshman class
except algebra, and take that in prof.
class. Referred on motion of Mr. Sudder.

After some informal discussion of
students who have been allowed to take the
full work of a class, and in addition, a
subject in a lower class in which they are
deficient, Mr. Lewis moved that all who
have been given such privileges be placed
on the same footing as Cadet E. F. Williams
at last meeting, to wit, that the course
be granted only on condition that it is
possible to take it according to schedule.
Carried.

On motion of Mr. J. S. Neuman, the sched-
ule Committee was requested to see what
the courses already allowed will fit into
the present schedule.

The President called up the subject pre-
sented at last meeting, as to policy in
regard to last year’s laboratory students
who left before the end of the session
and came back and applied as new
Students for admission to the Freshman class. Some had left on account of sickness or lack of money and others have studied during the summer.

Mr. A. F. Herron moved that the privilege be granted those who from any unavoidable cause were prevented from completing the year's work, a rising vote resulted in 12 for and 10 against the motion.

Mr. Brodie, chairman of the Exam Committee presents the applications of the following cadets with recommendation:

J. W. McCaskey, for exempt. in English, endorsed by instructor, recommended by the Committee.

J. L. Goodwin, for extension of time to make up work, had all examinations to attend in the city prior, as he left on account of illness before final exams last year. Affirmed by instructor, and recommended by the Committee. Report was adopted by vote of the Faculty.

The President presented the following subject:

1. The Faculty are requested to consider the propriety of requiring graduation theses to be submitted by some fixed date, and to discuss the subject at next meeting.

Commencement:

2. Also the selection of public speakers for commencement, particularly those from the graduating class. Now selected by the class, but it seems that the Prof. of English should have some authority, and perhaps the speakers elected by the faculty upon recommendation of the Prof. of English.

3. Difficulty has been encountered in
finding time for football practice. The Commander will either have drill in the mornings or excuse the team from drill after Oct. 1st. Until then all instructors are requested to dismiss classes in practical work at 4:30 P.M. in order that drill may begin promptly at 5 o'clock.

A request from a committee of the St. Louis Exposition for photographs of the buildings, grounds, etc., is referred to the two chairman of the College committees onExp., Messrs. Newman, J.S., and Riggs.

On motion of Mr. Fadelle, the Faculty adjourned at 6:35 P.M.

John Lewis, Sec. of Faculty.

Afford.

Oct. 1

Regular Meeting, Sept. 24, 1906.

Called to order at 3:15 P.M. by Lt. President.

A report on roll call, Messrs. Beats, Daynes (sick), Grant, Simley (off duty), Shaver, Sayner (off duty).

Minutes of last meeting were read and approved.

The following applications from cadets were considered:

Lt. Kendrick requests schedule for course granted at last meeting impracticable and asks to be allowed to take Jr. Eng. and Jr. Phys. instead of Sph. Chem. as granted. Granted on motion of Mr. James.

J. H. McTigue, to change from Mechanicale to Textile, Sr. class. Granted on motion of Mr. Riggs.

O. C. Erwin to take full Sr. class except Eng. and to take French, English and German. Granted on
Motion of Mr. Lewis provides schedule can be arranged.

Mr. Morrison reported in behalf of the schedule Committee, that but two of the irregular courses granted has been brought before the Comm. to determine whether practicable or not.

It appeared from informal discussion that other cases of students behind in only one subject would probably come up with petitions similar to those considered at this meeting and last. It was resolved on motion of Mr. Lewis, that such cases be referred to the Schedule Committee, with power to grant the courses in cases where the schedules can be properly arranged.

On motion of Mrs. Riggs, June 1st was the date set for graduation theses to be submitted.

On motion of Mr. Meson, it was resolved that theses thereafter be finally left in charge of the instructor under whose the work is chiefly done, to be kept on file for the college.

Com. for

Committee

Mr. Suman moved that the matter of senior speaking at commencement be referred to a committee consisting of the President, and Messrs. McSuer and Daniel. With the addition of Mr. Suman to the committee, this motion was adopted by vote of the faculty.

Mr. Daniel stated that representatives of the literary societies had requested him to lay before the faculty the question deriving means of aiding and encouraging this work, and moved that the matter be also referred to the committee just appointed.

Off. of S.P.C.

Mr. Morrison read a letter from the Secretary of the Home Board School Improvement Association, inquiring whether a joint meeting
of the teachers of Clemson and Pickens counties at Clemson College on Oct, 10th would be agreeable. On motion of Mr. McElwans the matter was referred to a committee of three.

The President appointed the following committee to the committee:

Messrs. Morrison, Martin, and McIntire.

Mr. Riggs presented the following schedule of football games arranged by the manager and endorsed by the Committee:

Oct. 10, Univ. Va. at Atlanta. Notice must be collected.

  17, Ga. Tech. at Atlanta.

  24, Mercer at Macon, half day.

  28, Columbia, 3 days.

Nov. 7, at Mr. McElwans Clemson, notice.

  14, Univ. W. Va. at Nashville, 1 day.

  26, Univ. Nashville. Nashville, 2 days.

Total time involved, 67 days.

On motion of Mr. Brodie the report of the Committee was adopted.

Mr. Riggs stated that it is the policy of the Committee to authorize breakfast at one collection a year, some member of the Faculty for all athletic interests.

Mr. Brodie asked permission to examine 24 members of the elementary class for promotion to second class on Friday afternoon, Sept. 25th. Granted by vote of the Faculty.

Mr. Mattelli, referring to the petition of Mr. Cleveland, to be excused from paying for books, made a note which had been postpaid with his return, states that 2 others who failed on the same subject had been required to perform the condition by examinations. The President ruled that, in that case, credit Cleveland would be placed on the same footing.

The President called attention to his request at last meeting that classes be dismissed promptly at 4:50 p.m. until Oct. 1st, and urged that all instructors comply with it.
An motion of Mr. Knott, the Faculty members of the Com. of Athletics were re-elected for another year.

Mr. McLean, on behalf of the Library Com., consequent instructors to submit list of books recommended for the library, giving authors, titles, publishers, prices.

Mr. Daniel announced that tickets were ready for the lecture course.

On motion of Mr. Lewis, the Faculty adjourned at 6 P.M.

J. Holman Lewis,
V. C. of Faculty.

Approval Oct. 8, 1903

Regular Meeting Oct. 1, 1903.

Called to order at 5:15 P.M. by the President.

Absent: on roll call, Means, Allman (ill), Earle, Henry, Smith, Finney (illness).
Minutes of last meeting were read and approved.

The following applications for credit were considered:

Jr. C.B.
C.E. Jones, to take Sph. History in addition to regular work of their class. Granted on motion of Mr. Morrison.

Agree C.B.
A. Hoppenworth, to change from regular freshman to irregular first year course. Granted on motion of Mr. Daniel.

Dr. B.D.
Mr. Morrison, clin. special committee to whom the communication from the Ocone Rural School Improvement Association was referred, reports that the Committee found Oct. 16 that the date of the proposed meeting at Clemson, undesirable because of a meeting at Old Stone Church on that date; but wrote inviting to Association was the interest of Clemson to meet here in April, stating that
