Very respectfully,
P. H. Brodie,
Examinor, Com.
Report of Examination committee on different freshmen.
Regular Meeting
Oct. 29, 1903

Meeting was called to order by President at 3:30. Absent
excused: Masters, Chambless, Sarrett, Houston, Knox, Newman
J.S., Rakey, Rogers, Shedd, Sinorger. Absent: Lewis
Present (total): Houston.

Minutes of last meeting were read and approved.

Sullivan, W.R. Sullivan applied for another month's trial in Freshman class. Action of faculty at last meeting was reconsidered in order that Mr. Martin might make a statement. Mr. Martin stated he had been in accordance with the Rules and that he was anxious for the Cadet to have another month in Freshman class. He had also seen the Cadet's former teacher, who thought him properly prepared for Freshman class. He (Mr. Martin) was not sure if the Cadet was unable to do the work in Mathematics. On motion of Mr. Brooks
the application was granted.

Brown, C.C. Brown applied for an irregular course including Preparatory Math and all work of Freshman class except Math. The action in his case at last meeting was reconsidered. It was stated by two of his former instructors that the Cadet was of an adaptable disposition and could not do himself justice in recitation. On motion of Mr. Daniel he was given another month's trial in Freshman class.

Holmes, C.H. Cadet Holmes, 190, who was transferred to Prep. Dept. at last meeting, applied for an irregular course including Prep. Math and Eng. There was no motion to reconsider the action of last meeting. Report from A letter from Pres. Chas. E. Bach of Alabama Poly. Tech. Institute inviting some member of the faculty "to discuss some live question in the line of industrial or applied science" at the meeting of the Southern Educational Association to be held in Atlanta Dec. 31-Jan. 1. Mr. Beaty was unanimously elected to represent the faculty on that occasion.

The President called the attention of the faculty.
The fact that marks for work that had been made up were not turned in promptly to the office. The records of students in the office were incomplete because of failure of instructors to hand in all of the marks. The question mark on the reports should be accompanied by some explanatory note to show what it means.

The President stated he thought we ought to classify the students as regular, regular with conditions, and irregular; the first two classes to include all cases are in line for a degree. He asked that the question of conditioned students and the rules for their promotion be discussed at a later meeting and called upon the examination committee to give it careful consideration in the mean time.

On motion of Mr. Daniel the faculty adjourned at 6:17.

S. W. Reeves,
Acting Secretary.

Regular Meeting, Nov. 5, 1913.

Called to order by the President at 3:15 P.M.

Rawl, Throck, Linder (excused).

Present with Mr. Brodie

Minutes of last meeting were read and approved.

Nicholas E. Application of Eddie R. Nichols was pre-

sented, asking for another trial in the Irish-

man class. Mr. Houston states that he didn't

think he would be able to keep up with the

work of the class. There was no motion to

recorder the case.

The President requested the Society to take

up the discussion of conditioned and
