The former resident of the Central Valley, Mr. John Smith, a well-known farmer and community leader, recently donated a valuable piece of land to the local town. The property is situated on the outskirts of town, offering a serene environment for both residents and visitors. The land is expected to enhance the area's natural beauty and provide additional recreational opportunities for the community.

Please note the following details:

- **Location**: Central Valley, Town of Smith
- **Donor**: Mr. John Smith
- **Property Size**: 50 acres
- **Purpose**: Recreation and community development

A formal agreement is being prepared to ensure the proper utilization of the land.

Regular Meeting Aug. 12th

The Faculty was called to order at 8:55 P.M. by the President, Mr. White on roll call: Messrs. Dewe, Morrice & Wright.

Mr. Impey of the Schedule Committee made a report on Schedule which was on motion of Mitchell (read by Mr. Brodie) referred to the Schedule Committee. The President appointed a meeting of the Faculty for 5 P.M. Aug 13th to consider the Schedule in Mr. Fulk's lecture room.

The President read a letter from Mr. Spies requesting a modification of the punishment in the case of Mr. Spies' wife and family as a laborer. The President stated that he had seen Mr. Spies since the letter was written. (thought that Mr. Spies understate) more fully the nature of gravity of the offense of his son than when the letter was written.

The President also read a letter from Mr. Johnson requesting that his son, T.J. Johnson, formerly a laborer, he reinstated so that his case be reviewed and the punishment modified.

The cases of Spies & Johnson were not reconsidered by the Faculty.

Mr. Fulk presented a petition to the Faculty through the President asking for more time for military instruction, both practical & theoretical. The President stated that the Board of Trustees wanted the Military Instruction cut to the minimum required by the law in order not to interfere in any way with the Citadel.

Mr. Fulk stated that the minimum was what he wanted.

The President suggested that Mr. Fulk present to the Faculty a schedule of the number of hours he thought necessary to meet the requirements of the Military Dept. in Practical & Theoretical Instruction.

The President called attention to the regulations of the Board of Trustees regarding segregation.

On motion of Mr. Morrison (seconded by Mr. Clinch-Drake)
the faculty adjourned at 7:45 P.M.
R. Dupee, Secy. Faculty.
Regular Meeting, Aug. 26, 1916

The Faculty was called to order at 8:30 A.M. by the President. Attendance roll called: Messrs. Bonner, Brodie, Redfern, Riggs, Franklin, and Wright. Present: Messrs. Brodie and McIver.

On motion of Mr. Morrison (seconded by Mr. McIver), the Faculty agreed to reconsider the motion of Mr. Cluett referred (Reg. Meeting Aug. 19, 1916) in regard to allowing certain Mechanical Seniors to take English classes in place of certain shop work under the approval of the President.

Mr. Morrison read a statement signed by Prof. Cluett, in regard to the changes desired by the Mechanical Seniors and also a petition signed by the Senior Class for mechanical sections. (See Appendix 2.)

After considerable discussion, Prof. Cluett made the following statement of the case in that the practical work required in the mechanical shop for the Seniors is Mechanical Electrical Lab. work and certain shop work. That the Mechanical Dept. is not now equipped to give instruction in Mechanical Electrical Lab. work. That in his opinion all Mechanical Seniors should be required to take the shop work. That about half the class is now taking calculus in place of the Mech. Electrical subjects. That he would recommend that the remaining of the Mechanical Seniors be allowed to take English or History in place of the Mech. Electrical Lab. work.

Mr. Cluett added, having considered the motion of the President (therefore) seconded by the Faculty on motion of Mr. McIver (seconded by Mr. Brodie), that mechanical seniors be allowed to take English or other work on approval of Prof. Cluett as substitute for Mechanical Electrical Lab. work. The such laboratories are ready to give them the prescribed courses, but that no substitute be allowed for shop work.
The Board read a petition from the Junior Class asking for lights after 10:30 p.m. On motion of Mr. Fuller (seconded by Mr. Rimmer), the matter was left in the hands of the President.

Mr. Fuller asked that the time be fixed for the seniors to attend his classes. The President suggested that Mr. Fuller arrange the matter with the Scholarship Committee at once.

The President designated Mr. Bannister to take charge of the Friday night exercises. Aug. 28th. On motion of Mr. Clifton's Censorship, Mr. Lewis, the Faculty assembled at 9:00 p.m.

Regular Meeting Oct. 2, 1876

The Faculty was called to order by the President at 8:30 p.m. After a roll call: Moros, Brodie, McJee, McLean, J. Shean, Riggs, and Fremin.

Mr. Fuller reported that Cadet Dowling had apparently been out of quarters during study hours without permission. A last Friday afternoon, he made false statements in his explanation of the incident. Cadet Dowling was brought before the Faculty and asked to make an statement in regard to the case.

Cadet Dowling stated that he had entered the Model Hall, in the engine room, and that he had obtained Mr. Wright's permission to go to the stores or business; he was not sure the gentleman he saw in the machine shop was Mr. Wright.

From a statement of Prof. Emmons, it appeared that certain optional work was allowed on May afternoons. Mr. Wright had not been at the machine shop on Friday afternoon. Cadet Dowling had apparently made a false statement in his explanation to the Commandant. After hearing all the evidence, the Faculty, on motion of Mr. Rimmer (seconded by Mr. Clifton), referred the matter back to the President & Commandant.
