SAVANNAH FIVE DEFEATS TIGERS

On Jan. 23rd the Clemson Basketball five, lead by Coach Erwin, landed in Savannah for the purpose of waging war on the noted Y. M. C. A. basketball five. Quite a difficulty was before them. The local team had been practicing together for five years without the loss of a single man. This in itself was sufficient proof of their strength, but besides that they hold a record of no little importance. During the last three years they have been defeated but once, and that by the smallest margin of one point. It seems that this was quite a proposition to go up against, but the Tigers went into the game to do the best that they possibly could, and loyally did they fulfill their determinations.

At the end of the first half the score stood 11 to 9 with the Tigers favorite; but during the last five minutes of play it was a repetition of the Clemson-Georgia football game, or in other words the Savannah team made a beautiful ninth inning rally and won out. Miller was the shining star for the Savannah Y. M. C. A., while for Clemson Sook Erwin played his usual spectacular game. The entire team fought hard and it was only the lack of numerous years of experience which lost the game for us.

PROPOSED GYM; ATHLETIC FIELD

For several months, the Senior civils have been getting contours and making a contour map for the proposed athletic field and gymnasium. The site of the gymnasium will be about 150 feet north of the Textile building. The front of the building will face the road going to Robertson's store, or rather east. The first floor of the gym will be on the same elevation as the north basement of the Textile building. In order to have this elevation, there will have to be a fill of about 15 feet. The earth fill at the front of the building will be the same for half the depth then will drop 20 feet. The basement will be on a level with this drop. The ground will have this elevation for a distance of about 100 feet, then there will be another drop of five feet. This elevation will be continued for 600 feet. This will be the varsity field. At the end of this 600 feet the level will take another drop of about ten feet, and will be continued at this elevation for 1000 feet. This area will contain the practice fields. This should give room for all those who wish to indulge in any of the sports. If it is found that this area is too small, the practice field can be extended towards the river without much grading.

In front of the gym, the earth fill will extend about 20 feet then drop for ten or fifteen feet. This sink between the track and the gym will be made into a sunken garden. The present field will be filled to the elevation of the track.

SONGSTERS TAKE A GREAT TRIP

The Glee Club left last Saturday for Yorkville, at which place it expected to give an entertainment Saturday night. On our arrival at Gaffney, S. C., it was learned that there was a wreck only a short distance up the road. The result was that we had to wait for five hours, and then had to spend the night in Blacksburg. The rainy weather and the failure to meet our first engagement brought sad disappointment to all the boys.

On Sunday morning, we set out bright and early for Winthrop. While on our way, we were given permission by Dr. Riggs to remain away from college a day longer and fill our engagement at Yorkville. The club was very fortunate in meeting Dr. Riggs at this time, for otherwise the date at Yorkville would have been cancelled for good.

Monday morning the boys all marched up to Winthrop in order to have a short rehearsal, and to get acquainted with the stage. This lasted only a short while, and then the boys were allowed to call on some of their very closely related friends.

It would be well just here perhaps to say that the club was entertained at private homes out in town; and too
much cannot be said in praise of those who entertained us so well. The hospitality of these people will long be remembered, and the members of the club will always long for the day when they can make another such visit to Rock Hill.

The entertainment began promptly at 8:30 Monday evening in the college auditorium. There were no signs of stage fright, and every one did his best, notwithstanding the fact that they were singing before almost a thousand people of whom a very large percent were girls. Immediately after the entertainment, a short, but very enjoyable reception was given. Before the reception was over, one of the professors gave us an invitation to come over for the chapel exercises Tuesday morning, and this call was met with a hearty reception. At 8:30 Tuesday morning, all the boys were in line in front of chapel to see the fair sex march in.

Immediately after the exercises in chapel, Dr. Johnson came around and made a few remarks that were of special interest to us. In this short conversation, he told us that the girls would escort us through all the buildings, that we would be allowed to talk to any of the girls that did not have classes, and that we had an invitation to take dinner at the college. What more could we ask for? It is beyond our means of expression to tell just how much we appreciated this opportunity. It is one that seldom comes to a Clemson man, and that caused us to appreciate it so much the more. Well, as might be expected, all the boys made good use of the time. It seemed as if only a few minutes had passed when we had to go for the train, which left Rock Hill at 4:25 P.M. This was the most trying time of all, for we had to go. If tears could have relieved aching hearts, bountiful would have been the flow! In a few minutes, we were on our way to Yorkville, and had only fond recollections of the past.

Our visit to Yorkville was also a very pleasant one. Here again the boys did all that could be expected of them, and our entertainment, though rather short, seemed to be enjoyed very much by the large audience. After the entertainment, a reception was given us, which was enjoyed to the fullest. We left Yorkville early Wednesday morning, hoping that some day we could take another trip to York county.

TIGERS DEFEATED BY SPARTANBURG Y. M. C. A.

Score: Spartanburg Y. M. C. A. 40,
Clemson 23.

The name of “Big Sook” on a basket ball team generally spells victory and so it was in Spartanburg. After leaving Clemson last year J. O. Erwin, the famous basket ball and tennis player, journeyed to his home in Spartanburg, where he joined the local Y. M. C. A. basket ball team. Through his excellent work in this line, he rounded up a team that has so far never been defeated on their home floor.

“Little Sook” comes in for his share of playing the same game. He took his little band of Tigers to his home city to match their skill against the experienced team of his brother. Of course it could hardly be expected that a team with so little experience and playing together to defeat a team of which every man has had from three to five years experience and it was not surprising to find that the Tigers came out on the short end.

It is surprising that, with so many odds against them, they held their opponents to a comparatively close score and it was only through the everlasting scrap on the part of the entire team that this was accomplished. We are also proud to know that we gave them the closest score on their own floor this year.

Spartanburg  Clemson

Hallman  Lt. Guard Hoffmire
Points: Erwin, J. O. 18, Cook 18,
Vogel 4, Erwin, J. W. 17, Caughman 4, Thornton 2.

“Who was it that dared remark that the second term was a period of athletic rest? Wow!—what a mistake he made! There are about a hundred men trying for the various class foot ball teams; a score or so busy at tennis; as many working at the gym, to say nothing of our varsity and scrub basket ball teams.

“But there is to be more, yet—?”

“What?”

“Yes, the Y. M. C. A. has entered into athletics in earnest and is now busy getting out a basket ball team.”

“Do tell! and who are they going to play? can they get any games? and pray, who is eligible to play anyhow?”

“I'll try to answer by beginning with your last question. Any member of the Y. M. C. A. is eligible to play provided he is not on a college team—this is not any Federal league organization, please understand. “Can they get games?” with their being as many basketball-ball fives as there are in this up country? Well, rather. These are a few to whom they have written: Wofford, Furman, Clinton, Newberry, Erskine, B. M. I., Greenville Y. M. C. A., Greer Y. M. C. A. and Spartanburg Y. M. C. A. That ought to bring some dates. They should worry.

The Y. M. C. A. hopes to get out a base ball team also. We haven't the building yet, but we do want to have everything that the big Associations have that are worth while. Join and help us out.

Manager—Your play seems to lack the human touch.

Playwright—You are mistaken, sir. My hero borrows money from his friends in almost every act.—Boston Transcript.
LADIES OF THE BAPTIST AND METHODIST CHURCHES SERVE TURKEY

On Saturday, Jan. 24, the Ladies of the local Baptist and Methodist Churches gave a delightful Turkey dinner in the Agricultural Hall for the benefit of their churches. The dinner hour was 1 o'clock, and all cadets were allowed to report off if they wished to do so. A goodly number of the cadets took advantage of the chance to get another good meal, and they were well satisfied. The people of the hill were also there in large numbers. In all, dinner was served to over 200 people, the ladies realized about $110.00 for the churches. The price of the dinner was 50 cents.

CALHOUN

The Calhoun Literary Society held its regular meeting last Friday evening at seven-thirty.

The meeting was called to order by vice-president C. C. Thornton. After prayer by the chaplain, the roll was called, and the minutes of the preceding meeting read and adopted.

Messrs. R. N. Benjamin, F. D. Stribling, D. R. Hopkins, H. E. Craig, and P. H. Senn, were excused to visit the Palmetto Society.

The first on the program, Mr. L. O. Campbell recited a well prepared declamation. The regular debate was then taken up. The affirmative was upheld by Messrs. F. Osborne, C. L. Vaughan, and D. L. Folger, while the negative was upheld by Messrs. W. H. Arthur, A. B. Carwile, and E. D. Sloan. Several good points were brought out on each side. Both the judges and the house decided in favor of the negative. The first extemporaneous speaker, Mr. B. M. James, gave us a snappy discussion of “Class Football.” The second extemporaneous speaker, Mr. T. W. Thornhill, made a good talk on “Athletics.”

It was decided at this meeting to appoint a committee to look over and revise the by-laws of the society. The following committee was appointed: W. B. Wilkerson, J. C. Barksdale, and J. B. Douthit.

SEEDS THERE, ALL RIGHT

One morning Jenkins looked over his garden wall and said to his neighbor.

“Hey, what are you burying in that hole?”

“Oh,” he said, “I’m just replanting some of my seeds; that’s all.”

“Seeds! shouted Jenkins angrily. “It looks more like one of my hens.”

“That’s all right. The seeds are inside.”

EFFECT OF RUBBER TIRES

“How did you feel after the sixth automobile had gone over you?”

“I was almost completely erased.”

“I once had a comfortable home ma’am.”

“Poor man, how did you lose it?”

“My wife lost her job, ma’am!”—Providence News.

In one sense women make a big show, considering the amount of money they put in clothes.
many congratulations they have received, both from friends here and in the columns of their exchanges.

Quite a few men are practicing daily at the gymnasium under the supervision of Mr. Bowers, who was captain of the gym team last year. A call has been sent out asking all the men who have ever taken gymnastics and those who wish to learn, to report to him at the gym. Although the squad is large, it is not what it should be for so great a college as Clemson. You are missing a fine opportunity, if you are not now on that squad. The practice hours are from 4 to 5:30 each afternoon, time that could not be better spent at any other work. It is in this branch of sport that one learns somewhat of the art of defense, how to fall, both gracefully and safely, and how to command the muscles to advantage.

Mr. Bowers is showing fine spirit in coaching this team and every man who can should try to help him by going down to the gym and offering his services. It is not known yet whether or not the team will take any trips, but it is likely that they will, since there is a general demand for such exhibitions in all the towns of the State. Coach Bowers hopes to have the team in shape to give an exhibition here at college in a short while.
HEGARTY, HEAD COACH AT A.
& M. OF N. C.

Dr. J. E. Hegarty, who was assistant foot ball coach at the North Carolina A. and M. during the last season, has been chosen as head coach of foot ball basket ball, and track at that institution to succeed Eddie Green. Coach Hegarty played on the Georgetown University team, and was twice selected for a position on the All-South Atlantic team.

Stetson University, Deland, Fla., has announced that it will engage in no base ball games during the coming season, unless the students raise $100 before a certain date. This decision is the outcome of a lack of spirit and interest manifested by the student body, in the various forms of athletics.

NEW SPORT FOR AUBURN BOYS

The boxing spirit has entered the circle of sports at Auburn, and Coach Donahue is teaching all those who are interested, tactics in sparring and regular boxing.

STUDENT GOVERNMENT AT UNIV. OF GEORGIA

With the adoption of a constitution governing themselves by the Senior class, the student body of the University of Georgia, is practically certain of success in their second attempt at student government. Three departments have been organized, executive, legislative, and judicial. The judicial department deals with all cases of irregularity, such as unfairness in examinations.

The Texas A. and M. has almost completed a new Y. M. C. A. building, which is to be one of the largest and finest in the Southwest.

A form of student government has recently been adopted by the University of Nevada.

The Senior Class at Princeton has voted a dry ticket. They have decided to rule out beer from class dinners, and the faculty is making every effort to discourage student drinking.

Georgia defeated Auburn in their first basket ball game of the season.

LITERARY SOCIETY NEWS

If we could divide the college year according to the prominent place given the various college activities; without a doubt February and March would be given to literary societies as the dominating activity.

Beginning with February the sixth, as the date of the “Tech preliminary” the next two months will be ripe with hard work in literary societies, reaching a climax in the annual celebrations always given by the societies.

Those attending the Tech preliminary in chapel will hear some of the best writers and speakers that the college can boast of, in Messrs. Swinhart, Haddon, Wilkerson, Benjamin, Garris, and Boyd. These men have been working every bit as hard as our athletes do in their respective sports, to be allowed the honor of representing Clemson. Every student in the corps should make the necessary sacrifice it may entail to be there, and, by his presence, show the two men who are chosen that we are behind them and expect them to bring back our “alpaca” which the foot ball team was so unfortunate as to lose in Atlanta.

The Columbian Literary Society celebration follows on the night of February the seventh, and the society extends to all a hearty invitation to attend these exercises.

“Where is that barber who used to have the end chair.
“We had to let him go,” replied the boss. “He had too much talent.”
“Whaddya mean, talent?” asked the customer.
“He got so he illustrated his stories with cuts when he was shaving people,” explained the boss.

WORSE YET

She had just finished reading “The Man Without a Country,” and as she laid it down she sighed and said:
“I can’t imagine anything worse than a man without a country.”
“I can,” replied her friend.
“Why, what’s that?”
“A country without a man.”

GAVE HERSelf AWAY

“I don’t believe that you never kissed another girl.”
“Why?”
“Because you don’t act like an amateur.”
“How do you know?”

ONE OF HIS STUDIES

Jones—How is your boy getting on at college?
Smith—All right.
What’s he studying?
Geography, I guess. He wrote for money today. He said he wanted to learn the town.”
