Tigers Defeat P. C. In Opening Football Game

The following changes in the faculty and Officers of the College have been made since the close of last season:

Prof. A. Brunnett, who entered the first officers' training camp, and has since commissioned as a Captain, was given a leave of absence for the duration of the war. Mr. Ernest L. Marsh, a graduate of the University of North Carolina, Class of 1917, will fill Prof. Brunnett's place.

Mr. G. M. Cram, Instructor in English, resigned to go into the automobile busi- ness in New York. Prof. P. H. S. Blakely, Superintendent of one of the Orangeburg graded schools, has been elected to fill Mr. Cram's place.

The Territorial which reduced the amount of farm stock and wood shop work, led to the resignation of Mr. B. L. Meek. Mr. J. L. Marshall, a graduate of Clemson, Class of '99, has been elected as Instructor in Shop Work. The other officers elected were: W. H. Herring, of Spartanburg; W. P. Howell, of York, County, Secretary; W. G. McFie, of Spartanburg; H. J. Rutland, of Marion; and W. P. S. Zimmerman, of Spartanburg.

Because of vacancies on the annual staff it was necessary to fill several places with the following results:

First Assistant Athletic Editor: T. M. Jones. Assistant Athletic Editor: J. B. Jones.

FINLEY ELECTED PRESIDENT OF SENIOR CLASS

At a recent meeting of the Senior class at which Prof. Finley, of Vassar, was present, he was asked to look over the wheel of the Class of '18 thru its last and most important year of college life. It is not necessary to introduce the Senior to the members of the corps. His work among us is too well known. He is one of our best known on the football field, having won his block "C" last year by his good playing at quarter. He is confident he will do the same this year.

Senior Privileges—Oh Joy!

"By one of our Departial Officers"

"After three years of 'hard labor' we have arrived at the door of Seniordom, and, what's more, we have been granted one or two privileges, something that has been looked forward to since we were small."

At first, there was much speculation as to how we would get privileges, and what they would be, if we got them at all. However, we weren't kept in suspense long before the president of the class had taken the matter up with the Commandant and had given us a personal privilege, as well as the privilege of remaining in the class between the 30th of June and the 15th of July, 1918.

At a recent meeting of the Senior class the following changes were voted: The officers elected were:—J. W. Finley, V. P. Roper, Secretary. It is expected that the Senior class, at the Annual in May, will be finished.

GEORGE S. EATON ELECTED TO SENIOR GLASS BOARD

At a recent meeting of the Senior class the following changes were voted: The officers elected were:—J. W. Finley, V. P. Roper, Secretary. It is expected that the Senior class, at the Annual in May, will be finished.
FRESHMAN CLASS ARRIVES.

"Ye, old recruits" are here, between two and three hundred strong, and the nightly Stoops are in their glory.

These seen who, by the way, look to be the smallest, but not the youngest, of any class of recent years, arrived in camp last Tuesday. With the assistance of the Senior Class, were soon materialized and made to feel at home in barracks—although some of them were heard to remark that it was SOKE hour, and that to leave it wouldn't make them homesick—well hardly. Actually these new comers settled down and began to drift into the old routine grudging for success. Everybody seemed to be finding four except one "rookie" who told some Seniors that he had Prof. Drill scheduled from twelve to one, three days in the week, but, to save his life, he couldn't find the class room.

Taking the class as a whole, the men of '21 seem to be fit to the part, and we are expecting them to live up to the traditions of the college and we are going to be surprised if they don't.

C. A. INGLES.

A CADET LOSES LIFE AS RESULT OF ACCIDENT.

On the night of Sept. 15, Miles O. Carter, a Freshman, was killed by a very hazardous accident. He and some friends were riding in a car a few miles from campus over rough roads. When a shot fired from another automobile struck him. It is said that he uttered only a few words before losing consciousness, and he expired the early next morning.

The Junior class, in memory of their former comrade, adopted the following resolution:

"Whereas an unfortunate accident has caused the death of our comrade, Caleb Miles Owens Carter in the bright springtime of his life, and whereas he was known and loved among us as a fine gentleman of courtesy, honor, and Christian character.

Therefore, Be It Resolved...

1. That we feel the deepest and sincerest sympathy for his family in bereavement and heartily offer the sympathy of the entire Freshman class to them.

2. That every school resolution be sent to the sorrowing family, recorded in our class records, and be published in the "Colleton county papers."

CAPT. McFEELY NOW IN CHARGE OF MILITARY INSTRUCTION:

Capt. Henry F. McFeely—U. S. A. Ret.—has entered upon his duties as commanding officer. On account of so many officers being needed for the war, it was necessary for young men to secure an army rank as cadets. The appointment of Capt. McFeely was made by Dr. Trobridge, who has charge at Clemson of the Senior division of the R. O. T. C. with all the benefits which go with it.

Capt. McFeely is a native of Indiana, having received his early education in the public schools of Marion, that state. When the Spanish-American war came on he enlisted as Captain of Indiana Volunteers. He served in this until 1900, when he was with the U. S. Volunteers in the Philippines. In 1901 he entered the regular army as Lieutenant. He remained in the Philippines until 1901 when he was transferred, serving the next three years at various stations on the Pacific coast. From 1901 until 1908 Capt. McFeely served at Fort Benjamin Harrison, Ind., and again in the Philippines and on the Pacific coast. He was retired from active service in 1914 on account of bad prostration caused by illness while in the Philippines. In 1914 he was commandant at Miami Academy in Ohio, while in the following summer he attended another course of military instruction at the U. S. Engineer’s Office at Cincinnati. Since 1915 he has been commandant of cadets at West Point Military Academy, N. Y. He was detailed to Clemson on Aug. 9, 1917, succeeding Capt. R. A. Jones, who was detailed as an instructor at Ft. Oglethorpe.

Capt. McFeely is 43 years old. Like Lieutenant, Columbia, a former commandant, he is not a West Point man, but has risen steadily since first entering the service. He is keenly interested in the college, and his years of experience in a similar capacity makes him admirably suited for the position of Commandant at Clemson College.

Clemson Agricultural College

A young man can make no better investment than in a technical education. Such a plan is offered at Clemson College by the Agricultural Department of the college. The student is required to take courses in Botany, Chemistry, Agriculture, and Horticulture, besides spending some time in the laboratory and the field. He is required to earn the money necessary to pay for an education with an earning capacity and a fuller life. There is no time to lose. The world is looking for men of large ability and application whose parents are unable to pay for his education. A man of capacity must not hesitate to enter this course, it will enable him to make that greater earning capacity and a fuller life. There is no time to lose. The world is looking for men of large ability and application who are willing to enter this course, it will enable him to make that greater earning capacity and a fuller life.
