TIGERS PULL ALL OF HORNET'S STINGS

BANKS MAKES FIVE TOUCH-
DOWNS.

(By H. B. West)

While the Furman Hornets were making rumors as to what they were going to do to the Tigers in the game of the thirteenth, the Tigers were working with a determination to blot out their reverie of blissful ignorance, and they were not long after the game started in doing this. It took Banks only three minutes to cross Furman's line for a touchdown, and this touchdown was followed with four more by the same noble "Stumpy." The Tigers made six touchdowns altogether, five by Banks, and one by Allison.

The outstanding feature of the game was the brilliant playing of Banks at half back. He ran around the ends like an express, and went thru the line as if there was nothing whatever to stop him. Banks also carried the ball for eight first downs as well as for five touchdowns.

Allison's playing at full back was exceptionally good. He went thru the line in the same way that "Stumpy" did, and at one time, he carried the ball fifteen yards for a touchdown with two men hanging to him.

Gee, Lightsey, Gilmer, Hart and Potts held their position as firmly as if they were sunk in the ground, and all of these deserve the highest praise for their excellent playing.

The Hornets soon learned not to try to go around our right end, because Kay was entirely too alert for them. We are expecting great things from this Tiger in the future.

Thackston played his usual good game.

Frew was in tip-top condition, and he worked the team well, while Armstrong and Bartles hit the line for many good gains.

Wallace was in the game for only a few minutes, but when he was given a chance, he skirted Furman's right end for twenty yards.

Speer was the only man in Furman's line-up that carried the ball for any gains. He played a good game.

The Tigers played straight football thru out the game, and in this they completely out-classed the Hornets in every respect as the details of the game will show.

350 TIGERS INVADE CITY OF GREENVILLE

G. W. C. ATTENDED FOOTBALL
GAME.

Saturday at noon about three hundred and fifty lusty-lunged "Tiger" supporters, bubbling over with "pep" and the old time spirit, left Clemson to go to Greenville and "beat Furman, good and proper, or bust." The train was slightly late in getting to Calhoun, but when it did arrive, the four extra coaches were promptly filled up, and we were on our way "to take the sting out of the 'Hornet,'" and, believe us, we did—to the extent of 38 to 0.

G. W. C. was out "en Masse" to help cheer Furman to victory, but, tho their support and cheers are a great inspiration to any team, Furman didn't possess the other required prerequisites to win, the ladies' efforts were fruitless,—until they turned over to Clemson, which many of them did, and began to cheer for a "regular" football team. "At a boy! up and at 'em Tigers!" As G. W. C. marched back to their campus, many Clemson colors were in evidence, and, even tho most of their cheers were for Furman, we can't help but believe that many of them were inwardly for us. However, we can't blame them 'cause they're got to tolerate Furman the year round.

Somebody said that Furman had two parades last week. Well now we claim that to be wonderful foresight, and they paraded galore while the parading was good. Clemson took the victory as a matter of course, and didn't create a demonstration beyond some few cheers on Main street and then a few on G. W. C. Campus. The fellows who went up to G. W. C. also went to a literary society meeting, but were invited to leave by a "fierce looking creature" before the programme had been completed.

Furman seemed to be jubilant over the fact that they held us to such a low score (?) and insisted on painting the town red with the score (?) including the monument on Main street and their Main building.

After taking in the town, including all the vaudeville shows—"bald head row"—the crowd assembled at the depot and about eleven o'clock began the return trip to the "sticks."

FORD SMASH-UP.

Coming back from Greenville early Sunday morning, a "Ford" party, including the Senior Textiles and "Jule" Haynsworth, collided with another Ford in front of Prof. Poats and demolished the front ends of both cars. Fortunately nobody was hurt.

"Doctor" Faust to Senior Allen on way to postoffice: "Come on Allen and lets lay in a supply of stamps before the rates go up. You know they are going to charge 3 cents to mail a letter after November 1."

Freshmen! Don't fret, you are proving the theory of evolution. Very soon you will no longer be "rats."

AUBURN GAME ON CAMPUS FRIDAY

PLAINSMEN WELCOME TO TIGER'S
DEN.

Tigers! do you know what we are going to do next Friday afternoon? Is Friday the nineteenth? Yes, and we are going to beat Auburn that day in a game of football.

We realize that it won't be the easiest thing that we have ever attempted, because Auburn has a heavy and a well trained team, but we have a heavy and a well trained team too. You remember that we determined last session to win every game on the schedule this season, and Tiger determination overcomes all obstacles. We just can't lose for winning.

We will have another mass meeting next Thursday night in chapel, so let's all of us be there again to imbibe some more of that good old "pep."

The Auburn football team hasn't been here in several years; so let us tender our Tiger hospitality to them after we have won the game to show them that they are again welcomed back to our soil.

Assistant Com- mandant Selected

VETERAN OF FLANDERS COMING
TO CLEMSON.

Seargt.-Major A. R. Turnbull of the 71st Battery, Canadian Field Artillery has been secured by the college to be assistant to the commandant in discipline and military instruction. Capt. Turnbull, as he will doubtless be known here, will arrive sometime in the near future to assume his duties, and he will be very welcome to those desiring all the latest methods in military tactics.

Capt. Turnbull is a man 27 years of age, a native Canadian, unmarried, and of long military experience in the Canadian army, having served nine years, three of which was in foreign fields. Previous to his present position as instructor in the 71st Battery, Capt. Turnbull held various positions on Regimental and Brigade staffs in No. 2 Military District of Canada, and served in the pay, ordnance, quartermaster's and commissary departments. He attended and qualified as instructor in the following schools: signaling, musketry, gunnery and artillery. During the present campaign he served as Sergt.-Major, and in the spring of 1916 was gassed and wounded necessitating his return to Canada as an instructor in the 71st battery. This battery won the Leslie cup, a trophy given to the most efficient organization and competed for by all Canadian batteries. The same battery was also highly praised by the Inspector General of the Dominion, Maj. Gen. Tressard, for its remarkable state of efficiency.

Capt. Turnbull will wear his own Canadian uniform while on duty here, which will no doubt be quite a novelty in this section.

THIRD OFFICERS' TRAINING CAMP

OFFICIAL NOTICE JUST RECEIVED.

In connection with the Third Officers' Training Camp to begin January 5th, the War Department has issued instructions from which the following section is quoted:

Sec. 5. Applications of College Men— Graduates and undergraduates who are eligible as indicated above and who desire to be admitted to the training camp must apply on the blanks provided for the purpose and forward the completed application to "the instructor in military tactics" of the institution from which the applicant graduated. Instructions on the application should be followed carefully. *Letters of recommendation are not wanted*, but only the names of three responsible citizens who know the applicant best. Each applicant must be examined physically at his own expense by a reputable physician, who will fill out the physical report forming part of the official application blank. Applications will be received between October 15 and December 1. No application received after December 1 will be considered, but will be promptly returned to the applicant. Examining officers will be instructed to designate the full quota of principals and the same number of alternates, provided the number of qualified applicants admits of this."

Clemson College is one of the eligible colleges named in the War Department's order. It will be noted that letters of recommendation are not wanted by the Department, but the names of three vouchers from the faculty and officers of the College. The other two should be from citizens of the young man's home town who know him well and can testify especially in regard to his character, habits and sobriety.

STATE TENNIS TOURNAMENT AT COLUMBIA—TIGERS WELL REPRESENTED.

Haskell, Robertson and Fitzgerald went to Columbia on Monday of this week to represent Clemson in the State Tennis Tournament. These three Tigers have been working hard since college opened this season so that they could be our representatives, and they well deserve the honor.

Haskell and Robertson as our representatives last year won the doubles, and they have the best wishes of the corps for even better success this year. Fitzgerald went along as a substitute, but he is a "corking" good player at that. The tournament will continue thru out the week.

The colleges that are represented are: Wofford, Furman, Carolina, Newberry, Erskine, Presbyterian College, Citadel, College of Charleston and Clemson.

From those of us who stand waiting for a letter and fail to get it proves that lots of us expect something we don't get.

EDITORIAL.

Our attention has been called lately to a seemingly small matter, but really a very important one. This is the lack of respect shown by some of our professors on the campus, as the colors are lowered at retreat to the tune of the national anthem. It is no uncommon occurrence to see some of our faculty walking along as the anthem is being played. We do not know whether it is through ignorance or carelessness that this is being done, but it does seem reasonable that every professor should know that at the first note of the anthem, all civilians should halt, face the colors and uncover, holding the head dress in front of the left shoulder until last note. At a time when our country is in the greatest war of her history, all of her citizens should be very jealous of the honor of our flag, and anyone who does not show proper respect should be looked upon with suspicion.

Letter From Camp Jackson

Editor of The Tiger:

Camp Jackson, Columbia, S. C., Sept. 19—Today as the boys at Clemson begin another year's work, my thoughts turn towards them. Being here near Columbia, and seeing the fellows pass through on their way back, made me home-sick, and I hardly feel right not to be going back again.

We have numbers of old Clemson men here, both officers and privates. I see new ones every day. Am enclosing a list of all the Clemson men that I know, who received commissions at Oglethorpe; thought that you might like to see it. Wish that I could send you a list of all the men in the service, but that would be an impossibility, as you know.

Let me give each and every one of you a word of advice, or rather offer a suggestion. Give more attention to the military work. Heretofore this department has been in the background, we all felt that Clemson was not primarily a military institution, and for that reason, drill and military science were sometimes neglected. Now conditions are completely changed, there is no comparison of the United States a year ago and now. Let me urge you, therefore, to get all you can along military lines. Now, when our country is needing the services of her men, and before we finish the Kaiser we may have to call on many of you for help, you owe it to South Carolina and the United States to do all you can to fit yourself, so that when your turn comes you will be prepared.

We are expecting great things of our Football team this year, and you must do all you can—and every one can help—to put a winning team on the gridiron. Fair week we are going to be solidly be-

hind you, and we want you to give the Gamecocks such a "licking" that they will never be able to crow again. All of you that can, be sure and come to the fair, and we will give you the very best time to be had.

Would be glad to hear from any of you boys at any time, and will try to answer all letters.

With best wishes to each and every one of you for a successful and pleasant year's work, I am,

PALMETTO SOCIETY.

The meeting was not up to the standard due to the absence of several men on duty. The query for debate was "Resolved, that Whites and Negroes should not be trained at the same camps for service in the drafted army of the U. S." Mr. Truette was the only debater present on the affirmative, so the president appointed Mr. Tallevast to debate. Mr. Mitchell and Mr. Gable upheld the negative. The judges, Messrs. Cannon, Felder, and Quattlebaum decided in favor of the affirmative.

Mr. Rogers, the first declaimer, was absent; while the society excused Mr. Truette with the agreement that he would be put on for the next meeting.

Mr. Harmon gave an oration on "College Spirit," which showed plenty of "pep." Mr. Free also brought out some good thoughts in his oration, "The Rise and Fall of a Young Man."

The essayist, Mr. Edwins, had a good

essay, and he read it unusually well.

Messrs. Smarr, and Mawhiney were initiated into the society while the following were turned in as applicants for membership: Scruggs, O'Dell, Fieds, Hendrix, Dillard, and Fewell.

The Palmetto Literary society in memory of their former member Miles C. Carter, adopted the following resolution:

Be it, Resolved:

1. That we, the society, feel the deepest sorrow and regret over the sad loss of our brilliant member and comrade, and that the society as a whole is a sad loser by his death.
2. That we extend our sympathy and regret to his family in their grief over his unfortunate death.
3. That these resolutions be sent to his bereaved family, recorded in our society records, and sent to the Colleton county papers.

SENIOR PRIVATES ORGANIZE.

ABLE OFFICERS CHOSEN.

The Senior privates were called away from their several military and other duties in order to organize themselves into an august body of "democracy savers" for "where there is union there is strength."

Now to what good and righteous end this strength will be directed, time only can tell. Under the efficient leadership of the following men—who will now have a chance to show their "horseing" ability—we feel satisfied that this crew will do much to put Clemson on the military map:

Chief—James "Washington" Way, Jr.
Asst. Chief—Marcus "Butler" Bailey.

Financier—William "Kennett" Snelgrove.

The members of the Senior class who were most highly honored in the military line during their college course assembled after the Senior Privates organized themselves, and formed a club of elite gentlemen known as the Clean Sleeve Club. The officers were chosen with an eye for their military achievements:

Colonel—J. W. Herring.

Lieut. Col.—J. C. Link.

Capt. and Quartermaster—A. W. Wieters.

Below is an extract from the State that will be of interest to the students and to many alumni:

"Lieut. Arthur R. Sellers, U. S. R., and his bride were given a surprise at the Albert last night (Sept. 21) by brother officers, which signified the strong bond of friendship for the young officer which exists in the service. Early in the evening a party of nine lieutenants who are engaged with Lieutenant Sellers as machine gun instructors at the Savage Arms plant unexpectedly dropped in on the newly wedded couple, presented them a completely equipped portable electric cooker, and after extending best wishes departed gaily, leaving a much surprised and deeply appreciative young man and woman.

"The rest is brief. The wedding occurred in Salisbury, N. C., Saturday, at the home of the brother of the bride, who was Miss Sarah Anderson Prince of Anderson, S. C., and the couple arrived here (Utica, N. Y.) early Monday. Lieutenant Sellers, whose home is in Charleston, S. C., was here some months ago studying the Lewis gun, and he returns as an instructor. Before earning his bar as first lieutenant in the ordnance department of the army at the Fort Oglethorpe officers' training camp, Sellers was regimental sergeant with the Second South Carolina."

It is evident that gravitation sometimes exerts a power even over our marks.

Its an unusual man who looks different-ly from what he feels.

Clemson Agricultural College

A young man can make no better investment than in a technical education. Viewed merely as a matter of business, even if he has to borrow the money at interest, he will find that his increased earning capacity perhaps even the first year after graduation will be sufficient to repay the loan. It is a poor business policy to wait to earn the money necessary to pay for an education with an earning capacity only one-half or one-third that of an educated man. Every year of untrained, uneducated labor represents a direct financial loss. Every boy of ability and ambition whose parents are unable to pay for his education, should get some friend to indorse his note at the bank and begin preparation that will make for greater earning capacity and a fuller life. There is no time to lose. The world is looking for men of large ability and is willing to pay for them. Already there is a surplus of the one-horsepower variety.

SOUTH CAROLINA'S SCHOOL OF ENGINEERING AND AGRICULTURE

One of the largest and best equipped Agricultural and Mechanical Colleges in the South. 1,544 acres of land. Value of plant over \$1,300,000. Over 120 teachers, officers and assistants. Enrollment of over 800. Every county in South Carolina represented. 13 Degree Courses. 4 Short Courses. 24 Departments of Instruction. New and Modern buildings, equipment and sanitation. Over \$100,000 expended in public service.

VALUE OF A TECHNICAL COLLEGE EDUCATION

A college education is no longer a luxury of the rich, but more a necessity of the poor boy whose parents can give him little or nothing to start on. In earning capacity, it represents at the outset a capital of from \$15,000 to \$30,000, depending upon the energy, character and personality of the possessor, and the capital increases with every year of its efficient use.

There never was a time in the history of the world when expert knowledge was so much in demand, so indispensable to individual success, and so highly compensated. For the untrained await the positions of low wages, long hours and poverty.

Clemson College brings within the reach of every boy in South Carolina the benefits and possibilities of a technical education. The way is provided whereby, if he have the ambition and capacity for knowledge, he need not continue in ignorance. Here, at a cost lower than at any similar institution, can a young man obtain an education that will prepare him for self-sustaining, self-respecting citizenship.
