TIGERS WIN ANOTHER GAME—SCORE 27 to 16.

Thursday was an ideal day for football, and the Tigers added another scalp to their list of victories by downing the Wofford Terriers 27 to 16. The game was played at Spartanburg before a large fair-day crowd, and it was nobody’s victory until the whistle had blown for the last down. Wofford put up a game fight, and had the margin on so often.

To pick the stars of the day would be a hard task, because so many of the men showed such a big class at times. But if one could, would blame the hopes of some of becoming “All Southern” players. Banks had hard and consistent gains, and was right on the job when it came to running back punts. Bartie showed speed at it will get gains that got loose once for a beautiful 75 yard run to the hospital! Thackston made 1 yard. Banks made first down. Wofford gets thru line for 4 yards. Ellebre gets 5 yards, putting the “whole team,” as the “preachers” put it, in action, and was right on the job when it came to running back punts. Bartie showed speed at it will get gains that got loose once for a beautiful 75 yard run to the hospital! Thackston made 1 yard. Banks made first down. Wofford gets thru line for 4 yards. Ellebre gets 5 yards, putting the “whole team,” as the “preachers” put it, in action, and was right on the job when it came to running back punts. CADETS' LIVING EXPENSES

PROBABLE INCREASE IN

ECONOMIC.

Several unsigned articles expressing some one's views upon conditions here at Clemson have been received. We desire to state here that, if such articles are intended for publication, they must be signed by the writer, for reasons which we can be certain that they are sent in good faith. If the article is worth publishing, and the writer requests that his name be withheld, the request will be granted; but in every case the article must be signed when submitted.

PROBABLE INCREASE IN CADETS' LIVING EXPENSES

On page 42 of the 1917 catalog will be found a footnote referring to the price of coal, etc. which reads as follows:

"These prices cannot be guaranteed on account of war conditions."

The increase in the cost of food and supplies will make it impossible to continue furnishing board to the cadets at present prices. Before the expiration of the contracts made in the summer of 1916, and effective to July 1st last, about 150 pounds of hard, fresh, bacon, etc., were furnished. In each month of the last half of the year there has been a decrease of approximately $3.50 per month to cover the cost of operating the power plant a larger part being paid by the Colleges and not by the Cadet Fund. The cost of coal at the present price has increased from $1.35 to $2.75 per ton, and the freight rate from $2.08 to $3.16 per ton. The third item includes electricity, telephone, telegraph, etc.

Actual Cost, 1916-17

Cost 17-18

Summary:—There seems to be no escape from the necessity to make for the rest of the session can be met which this year there is unusual prosperity.

Bible Study classes are progressing. The fact that the foregoing men have been enabled so far is not discouraging because the classes have only just started. Each member was asked to report that they are getting from their classes. More real interest and development is expected this year than ever before. Let every student and each member of every class think seriously of the purpose for which these students are organized. Every man should get down to work in Bible Study this year. Let’s have no slackers.

Following a talk that was made to the Promotion Committee two weeks before by Dr. A. W. Baxner was an address by Dr. C. T. Bolger of Camp Waldworth, Spartanburg. Dr. Bolger told the one hundred and eight men who were gathered in the Y. M. C. A. hall of the work done by the promotion in the training camps and on the battlefields. These men unanimously volunteered to canvass barracks for the war fund of $3000.

On the next day, Wednesday, Dr. Bolger made an address in a large body of freshmen in the college chapel, and he showed them of the place that the Y. M. C. A. fills in the camps and of the part it plays in keeping the fresh arrivals up without waiting and preparing for the fight. Many incidents of personal conversations with men at the front were related; of men who were broken down and out in spirit and how the Y. M. C. A. had revived them.

After Dr. Bolger’s address, our new assistant camp secretary, Major A. E. Turner, gave a few words on the part that he and his Y. M. C. A. take in the lives of men at the front. Major Turnbull has seen service in Flanders and in the Gallipolli peninsula, having been in the Caspian Field Artillery.

Mr. J. W. Robertson of the freshman class, A. M. Wright of Greenville composed an address to the new cadets from all states.

The Y. M. C. A. class and the Y. M. C. A. war fund and many students in the college chapel. He told the many friends of Miss Aline Sparks, a former resident of the campus, will re

Mr. Martin Pabodie and his bride, Miss Ann Porcher motored to Greenville Sunday with a party of friends to Spartanburg—which has been remodeled while, visiting their cousins, Cadets are teaching dancing in the gymnasium for Nashville, Tenn.

Mr. W. Z. McCue and family have moved into their new home formerly the home after, a pleasant stay in the mountains.

The officers Friday for the purpose of organization and each member of every class think seriously of the purpose for which these students are organized. Every man should get down to work in Bible Study this year. Let’s have no slackers.

The members of the O. Y. A. met last Thursday for the purpose of election of officers. The officers elected were as follows:

President—W. H. Bryant

Vice President—C. M. Bryant

Secretary and Treasurer—R. J. Mathis

Clemson Agricultural College

A young man can make no better investment than in a technical education. Viewed merely as a matter of earning power, he has to borrow the money at interest, he will find that his increased earning power and income should be the first year after graduation will be sufficient to repay the loan. It is a poor business policy to wait for the money to be used. The college understands the necessity of the poor boy whose parents can give him little or no aid, and is provided whereby, if he have the ambition and capacity for technical study, there is no time to lose. The world is looking for men of large ability and is willing to pay for the education of any one who has the ambition to learn the facts of our time. Let’s have no slackers.

SOUTH CAROLINAS

SCHOOL OF ENGINEERING AND AGRICULTURE

One of the largest and best equipped Agricultural and Mechanical Colleges in the South. 1,544 acres of land. Valued at plant over $3,000,000. Over 130 teachers, officers and assistants. Enrollment of over 800. Every county in South Carolina represented. 13 Degree Courses. 4 Short Courses. Departments of Instruction. New and Modern buildings, science, art and sanitation. Over $100,000 expended in public service.

VALUE OF A TECHNICAL COLLEGE EDUCATION

A college education is no longer a luxury of the rich, but more a necessity of the poor boy whose parents can give him little or nothing to start on. In earning capacity, it represents at the outset a capital of from $15,000 to $30,000, depending upon the energy, character and personality of the possessor, and the capital increases every year than ever before. Let every leader think and each member of every class think seriously of the purpose for which these students are organized. Every man should get down to work in Bible Study this year. Let’s have no slackers.
