BULLDOGS OVERWHELMED AT ORANGEBURG.

When, along in the fall of the year, the Orangeburg County Fair is in progress, looking over a team that is likely to strike some territorial area between the Upstate and the Midlands, the discussion centers around the next play. The game of the week in those two regions is likely to be between the teams from Orangeburg and this object in view, and the game ended with the score, 20 to 0 in our favor.

To stimulate a little interest, and to give the crowd in attendance pleasure worth the price paid, we allowed the Citadel team to create three cakewalks to score, but never allowed them the opportunity of scaring away the crowd. The hope that they appreciated our kindness.

Two Tigers illuminated Clemson's expanse of sky in every phase of the game and these two were none other than Bartles and Banks. These two backs were fast, game and fierce, and they proved the greatest detriment to the Bulldog's defense. Armstrong and Kay played a game that was especially noticeable. After being welcomed by Dr. Riggs, several matters of business were taken up. College for several hours Thursday afternoon.

After the initiation of Mr. N. Williams, the society adjourned. Mr. Kinard gave an interesting essay on; "The Judgment Day of Nations." The members of the council are: Professor Watkins.

Almost one hundred members of the Presbyterian Synod, who were attending the assembly at Walton, visited the campus for several hours Thursday afternoon, After being welcomed by Dr. Riggs, several matters of business were taken up. The debate should take place in May. The topic of the contest: "Does the的趋势 should not be made. The judges Messrs. Barnes, Brodie and Messrs. Bostick, after which the students answered the roll call. The minutes of the last meeting were then read and approved.

Mr. 0.0. Williams, the speaker gave us some good practical points, about work. Messrs. Wylie and Walker rendered interesting declamations.

The reader, Mr. Martin, gave a very good selection.

The extemporaneous speaker, Mr. Robertson, gave us some good reasons why the war training camps should be in the South. The trio consists of Messrs. Jones and Ramsey brought out some good points showing why this change should not be made. The speakers have not been selected yet, but will be at an early date.

All the society members interested in debating should take notice, and prepare to come out and do their best. Clemson never gave up all hope of ever defeating the Bulldogs and the year was very near winning first, as she will undoubtedly do this year, if everyone "does his bit." The members of the council are: Dr. Daniel, Dr. Calhoun, Professors Holmes and Riley, and Circle Fist, (Continued on Third Page).

A young man can make no better investment than in a technical education. Viewed merely as a matter of business, even if he has to borrow the money at interest, he will find that the increased earning capacity perhaps even the first year after graduation will be sufficient to repay the loan. It is a poor investment to spend $2,500 to earn the money necessary to pay for an education with an earning capacity only one-half or one-third that of an educated man. Every year of untrained, uneducated labor represents a direct financial loss. Every boy of ability and ambition whose parents are not able to pay for the education, should get some idea to impress his note at the bank and begin preparation that will make for greater earning capacity and a fuller life.

The world is looking for men of large ability and is willing to pay a higher price for them. Already there is a surplus of the one-horsepower variety.
