Clemson Wins State Championship

ELLISON WINS FIRST PLACE.

On Thanksgiving day, the annual cross country run was held at "P. C.", and Newberry College participated in the race. The successor to the Cross Country Team was Clemson, "P. C.", followed by Newberry College, and the running course became very much faster. However, the run stopped, and at the first of the second half, about four more men put on their track suits and prepared for the race. Only four men from each school were allowed to enter the race, the remaining men making a total of twelve men in the meet, each man running the full four miles course. Shortly after, another black, Coach Jackson, of "P. C.", arrived on the scene and the rest of the race was on.

Most of the men were unable to get in the race on account of sprains and sprains. The team of "P. C." was unable to get in the race on account of a sprained ankle which he got a couple of days before the race, and only one man was able to finish the race.

The Clemson team kept togeth-er the whole way in the meet. The race ended with a clean sweep for "P. C.", and the team of "P. C." was unable to get in the race on account of sprains and sprains. The team of "P. C." was unable to get in the race on account of a sprained ankle which he got a couple of days before the race, and only one man was able to finish the race.

Tigers played a most thrilling game in The Champion Cross-Country Team

Dr. Thos. E. Green delivered a very interesting illustrated lecture on "Our Allies" last Sunday evening. This lecture was one of our lyceum numbers. It covered the different life and life of those nations that are fighting Germany. Dr. Thos. E. Green began with our oriental allies and showed how to win the war in the Eastern and the Western War. Then he turned to America. Several pictures of the fighting forces of our allies were shown. This lecture was followed by a return to America and her fighting forces. This lecture is probably the best illustrated lecture delivered in the last two years.

PRESS ASSOCIATION
ENJOYABLE MEET

The delegates representing Clemson at the S. C. G. P. A., which was held at Winthrop College beginning Monday, November 19th and lasting until Friday, November 23rd, returned to the campus Sunday afternoon.

The efficiency of the publications here will no doubt be greatly increased by the valuable information gained at the meet. After the first meeting was held and the general plans outlined.

Thursday: Various discussions representing the Editorial, Business, Exchange, and Fun departments were given by Mr. Henry William of Charleston College, Miss Lorna Humphries, of Columbia College, Miss Helen Morgan of Greenville Woman's College, and Miss Margaret Hook, of Winthrop College. An ad-

dress was given by Mr. Robert Lutman, Editor of The Carolinian and the members of the Association were given a formal reception by the College Faculty.

At 8.30 P.M. a play was given by the students, entitled: "The Man who Married a Dummy Wife." Friday: The morning the following men gave addresses: Prof. J. Thompson Brown, the head of the English Department of Winthrop College, "College Publications" Mr. E. P. Hodges, University of S. C. "A Combination Weekly and Monthly Pub-

lication", and Mr. H. H. Whidden of Clemson, "Should a college publication take any Political Standing?" in the afternoon the Prime Story, Poetry, Essay, Sketch, and Drama were read. It was also decided at this meeting that the next place of meeting would be Columbia College in March.

All meeting were held at the Carolina Hotel. Several very interesting addresses which landed in the main features of the meeting were given by Mr. Robert Lutman, Editor of The Carolinian and the members of the Association were given a formal reception by the College Faculty.

Hill people will be shown our boys, if they play Carolina "hitch their wagons to a star" and help the Tigers of 1918 win the "Big Leageuer"—all the other Southern teams in this conference, as well as Clemson, if we maintain that he is a financial way.

But there is another factor that is in competition, and without which Tech could never have reached the position she has. We refer to publicity. The Atlanta newspapers, especially the "American," have consistently and constantly "written up" Tech. They have made Tech football the leading feature of sports in the State for every Sunday edition. The advertising which they have thus given Tech has certainly been a decided advantage to the school. Young, young fellows, who have a liking for football, all want to know where the Tech team is playing. Such help is incomparable benefit to any college and no team will prove of championship caliber unless they have some such aid.

Clemson is apparently handicapped somewhat by being in the country and not in a city which has a big newspaper. But we maintain that every daily newspaper in South Carolina should give us its best and unreserved support. If 25 percent of the students at Clemson College are from South Carolina, and they are not from the more prominent section of South Carolina either. More than 5 per cent are from Charleston County, more than 7 per cent from the neighboring counties as the Counties of Greenville and Richmond have 65 and 4 per cent each. We venture to assert that there is as much Charleston boys at Clemson as at Carolina and the Citadel put together.

Of course it is to be expected that all the Charleston and Columbia papers should boost their local teams, and this is just. But they can still do this, and in addition boost the Tigers as THIS SOUTH CAROLINA TEAM which is considered an Interstater. Clem-

son is the only team in South Carolina which ranks as a "Big Leaguer"—all the other colleges are "amateur." We feel certain that all the papers in the State will be glad to give us space, provided we get the "dope" and send it in. We think that it would be splendid plan to find one of the students who can write sports news, and in fact make it his special business to act as Athletic press-agent. In this way he would be earning his college 'board in a great and necessary way.

Clemson has a great coach in E. A. Doudall, and he is a good, composed chief of men who will be back again next year. Prospects have never been better for a championship team, and with a little help from the newspapers of the state we will have one which will rank with the best in the country.

Why can't Clemson have a service flag? All the other colleges in the land have them, and Clemson ought to have one too. Such a flag would have way up in the hon-

ors of stars on it. for there are perhaps hundreds of stars on it. for there are perhaps more men proportionally from this institution in the service than from any other college in the South. Let's get behind this proposition, for a service flag in chapel with several hundred stars on it would certainly be a source of great pride to us all.

The first half season of seventeen is listed with the past, and praise the glorious Tigers that were called to duty.

The Tigers are young, but sturdy and strong, they belong to the Clemson College. They played the strongest teams of the South, and hit the line like the Tigers of old.

Mr. King of Davidson—oh! These are awful bad times for kings. If you don't believe it ask Mr. Nick Romanoff, Mr. Constantine, Mr. Peter of Serbia, or Mr. Manuel of Portugal.

SERVICE FLAG.

Above is quoted the Anderson Daily Mail on this event.

"Major A. R. Turnbull of Clemson College will lecture in the Methodist church at Sandy Springs on Wednesday, November 5th. This lecture is given for the benefit of the Sandy Springs Red Cross."

Major Turnbull is an officer in the Confederate army, with his regiment he was in France for three years and spent 18 months of that time in the trenches. He was wounded, captured, and confined to be shot by the Germans, but made his escape. This will doubtless be a lee-

case of much interest. The public is cordially invited. A small admission fee will be charged.

Mr. Turnbull is a man of many addresses which Major Turnbull will doubt less be asked to give by the nearby authori-

ties. Any one with such an interesting record and experience, so many exciting "turns of war," is bound to prove a great attraction in the patriotic public, and will be heartily welcomed by the various

surrounding civic centers.

And Mr. Flowers—? Yes, he's a dar-

ily but he is not a perennial—and has al-

ready blosomed this year.

George was on us and we might have been proud of his playing.
This was "Mutt's" last game, and he left enough impression for the "Tar Heels" to say "See" about for along time to come.
"Stumpy's" sensational playing raised another "Bank" for Clemson's fame to come.
Unfortunately, we have a burning desire to go across the country, but you have made it possible for Clemson to put on its record a successful football season for 1917.
Flowers, King and Spann played a good game for Davidson.

Witsell leaves us this year, and his "Stumpy's" sensational playing raised the glamour that you have, and we will beat them to bring home the pigskin.
Mr. W. B. Dabbs for sometime President of the State Farmers' Union was on the campus Sunday and Monday of this week. He delivered an address in the Christian Endeavor on "The Country Church" on Sunday evening. At the chapel exercise Monday morning, he spoke a few words to the corps. He urged the students to outfit their families in the various activities connected with the war.
Mr. Dabbs addresses Corps.
Every unmarried person who had a net income in 1917 of more than $1,000 and who failed to make a return to the Collector of Internal Revenue for his district. He must pay the amount of taxes he must pay and the time, place, and method provided for its payment.
The new Income Tax Law will reach more than 7,000,000 persons who have never before paid Federal Income Tax. Every unmarried person who had a net income in 1917 of more than $1,000 and every married person whose net income was more than $2,000 is required by law to make a return to the Collector of Internal Revenue for his district. He must not wait for the Collector to call on him, or send him a notice. He must voluntarily apply to the Collector for the Income Tax Form. If college men will familiarize themselves with the War Revenue Act and point out to their parents and others with whom they come in contact the importance of freedom from taxes, they will be rendering a patriotic service.
The purpose of the War Tax is identical with that of the Liberty Loan. The patriotic appeal is even stronger for instead of an investment it calls for a contribution.
The lead boy hates—the tax payer gives,—to the cause of Liberty. The splendid success of the Liberty Loan was achieved through the cooperative effort of patriotic leaders everywhere in the dissemination of information and the fostering of patriotic sentiment.
As we press forward in this great war struggle, sustained by the hope of a victorious peace we must bear in mind that the success of our cause is strongly dependent on the individual and collective efforts of the entire country.
