Mr. Bradley presented the following report of the Committee on the Bryan-Keitt seniority:

"The Committee appointed by the Board to decide the question of Seniority between Professors Bryan and Keitt made the following report to the Board of Trustees on Tuesday night, June 10, 1913.

"We, a special Committee appointed to pass upon the seniority of Professors Bryan and Keitt of the English Department of the College, respectfully submit the following:

"A brief statement of the contention of each of these gentlemen was submitted to us, and on the facts therein revealed, we found in favor of Mr. Bryan, basing our finding mainly on the fact that Mr. Bryan's services in the English Department have been permanent and continuous, while the record seemed to indicate that Mr. Keitt's connection with the English Division began as substitute for Prof. Daniel, and his permanent connection with the College was nearly a year later than that of Prof. Bryan. The records submitted indicated further that even after Professor Keitt's permanent association with the College, he was made teacher in "Fresh. and Sub-Fresh." and was not by election of the Board a member of the English Division.

"We found further that no new position has been created and no vacancy had occurred next to that held by Prof. Daniel, and since Prof. Bryan had apparently served continuously next to Prof. Daniel, should of necessity rank next to him. On these and other facts referred to in our former report, which report is hereto attached, we found in favor of Prof. Bryan's contention."
"Prof. Keitt asked for a re-hearing on after-discovered evidence, and the whole matter was again referred to your Committee.

"The new evidence is of real importance, and would seem to settle the question at issue by reference to the acts of the Board itself.

"On March 10, 1903, Pages 335-6 of Board Minutes, it is found the following-

"The question of re-adjustment of faculty and salaries was discussed, and it was resolved - "The scheme of Dr. Mell as to titles to be adopted after amending by inserting another grade - namely Instructor next to Assistant Professor, Tutors being last."

"In Professor Keitt's presentation of his case is found a certificate from Dr. P.H.E. Sloan, Secretary of the Board, as follows - "I certify that the scheme with reference to faculty and salary adjustments in Doctor Mell's report for March 1903, is the scheme referred to in the resolution of the Board in the minutes on pages 335-6, when scheme was adopted as to titles."

"This resolution was quoted above."

"In this scheme of Dr. Mell's, which though not in the record, was followed by Dr. Mell, we find T.W. Keitt put down in the English Division, salary $1200, under the head of "Assistant Professors". We find A.B. Bryan also, in the English Division, salary $900, under the head of "Assistants or Instructors". In this classification, Mr. Keitt is clearly the ranking man, and for what reason Dr. Mell so classified him, or the Board confirmed the classification, it is not the duty or the right of the Committee to inquire, when it is confronted with the Board's action.

"Tending to verify this action of the Board, we find that in the last catalogue issued under Dr. Hartzog's administration, viz: 1901, Prof. Keitt's name precedes the name of Prof. Bryan. Dr. Mell states that he could not find tangible evidence on which to base a settlement of the controversy, and he accepted the classification of positions as set forth in the previous catalogue. Since Dr. Hartzog was President of the College at the time both men became associated with it, his act in placing Prof. Keitt's name first on the list is of some importance.

"While on the facts formerly submitted we would adhere to the decision, the schedule referred to which we did not formerly examine in detail, and which seems to have been adopted by resolution of the Board, itself settles the question in our opinion, and we therefore are of the opinion that Mr. Keitt is the ranking officer, in accordance with the action of the Board."

Moved by Dr. Timmerman: that the report be adopted.

Motion Adopted.

The President read the following portion of a letter from Mr. S.M. Martin, Treasurer of the Board of Trustees of the Stone Church School District, and invited the consideration of the Board to the same -

"I will say that the trustees have had a meeting to consider the question, and in view of the donations which the College trustees have made to the school, and in anticipation of being furnished a building and grounds and financial help to run our school, we have decided to deed this property to the College trustees, and will take steps to do so at once."

Moved by Mr. Mauldin: That the proposition be accepted.

Motion Adopted.

The President recommended at his request that Prof. G.F. Lipscomb, Assistant Professor of Chemistry, be granted a year's leave of absence, beginning September 1, 1913, without pay. (Mr. Lipscomb wishes to perfect his education by a year's study in Germany.)

Only petitions or protests from the cadet concerned or his parents, or legal guardian, shall be given consideration by the President, the Discipline Committee, or the Board of Trustees."

Moved by Mr. Mauldin: That the President's recommendations be adopted.

Motion Adopted.

The President recommended that the Board amend Section 5 of Article IX of the By-Laws by changing the last line to read:

"The Discipline Committee by the student concerned, or his parents or guardian. In no case will petitions or protests from class or other student organization be considered. All appeals shall read the Board through the President of the College."

Moved by Mr. Mauldin: That the President's recommendation be adopted.
