MINUTES OF THE REGULAR FALL MEETING OF THE BOARD OF TRUSTEES
HELD AT CLEMSON ON OCTOBER 30, 31, 1941

The Agricultural Committee and the Fertiliser Board of Control both met on the evening of October 30, 1941, in the office of the President.

At 10:00 o'clock A.M., Friday, October 31, 1941, the members were called to order as the Executive Committee, but since nine members were present the Board went into the regular session with Mr. Paul Sanders as chairman. Upon roll call the following were in attendance:

The reading of the minutes of the previous meeting was dispensed with since copies had been mailed to each member.

President R. F. Poole presented his written report, a copy of which had been sent each member. The Chairman stated that it would not be necessary to read the report to the Board.

President Poole informed the Board that representatives of the Student Central Dance Association had asked that the time between the closing hour of student dances and the time when the cadets were required to be in barracks be extended beyond one hour as prescribed in the Cadet Regulations. He explained that this rule of long standing had not been enforced in the past and he wished to have the advice of the Board as to any possible change. Dr. Poole suggested that Cadet J. S. Colvin, Jr., representing the Dance Association, be permitted to come before the Board.

Cadet Colvin was called in and asked to present his request and the reasons therefor. After he had made his statement, questions were asked by members of the Board.

It was Moved by Mr. Sirrine: That the request for an extension of the time between the closing of the dances and when the cadets were required to be in barracks be left with President Poole to handle.

Motion Adopted

President Poole next presented his recommendations to the Board. (The first five recommendations were included in one motion)

At the request of Director Watkins, the President recommended that the "Further Development Fund" recently appropriated for the Extension Service, be allocated three-fourths to Clemson College and one-fourth to Winthrop College. This money will be absorbed in paying the salaries of county and home agents but not for raising salaries. It was estimated that the Extension Service would obtain from the Bankhead-Jones funds the amount of $349,855.06. The amount actually obtained was $349,682.61 or $172.45 less than was originally estimated. The amount to be budgeted is $1,970.91. No salary increases are involved in this addition and it takes care of a deficit which existed in our original figures.

The President recommended that authority be granted the Extension Service for expenditure of $2,000.00 appropriated by the Legislature for Camp Long.

The President recommended that authority be granted to the South Carolina Electric and Gas Company for a right-of-way across the property of the Sandhill Experiment Station for the extension of an electric line from the vicinity of the present assembly building to adjoining property owned by private individuals.

It was Moved by Mr. Douthit: That recommendations 25, 26, 27 and 28 be approved.

Motion Adopted

It was Moved by Mr. Benet: That the Board go into Executive Session.

Motion Adopted

Messrs. Poole, Littlejohn and Brown were excused.

At 1:00 o'clock P.M. the Board went back into regular session and called Director D. W. Watkins of the Agricultural Extension Service before them to discuss the marketing organization brought about by funds appropriated for that purpose. The discussion continued until 1:30 o'clock P. M. at which time the Board adjourned for dinner.

The meeting was called to order again at 2:40 o'clock P.M. by Chairman Sanders and the discussion by Director Watkins was resumed. Mr. Watkins outlined the growth and the scope of work being done in South Carolina by the Marketing Division. Members of the Board also joined in a lively discussion.

President Poole presented the following recommendations which had been agreed to by Director Watkins.

29. The President recommended the appointment of the following as Assistant Marketing Specialists in the Extension Service: L. M. Asbill, J. B. Owens, J. E. Youngblood, and W. A. Tuten. The salary of W. A. Tuten to be $2,400.00 and necessary usual expenses.

30. The President recommended that T. A. Cole, Acting Chief of the Marketing Division of the Extension Service, be made Chief of the Marketing Division at a salary of $3,750.00 per annum, $1,000.00 of this amount to be paid from Federal funds.

It was Moved by Mr. Brown and Seconded by Mr. Cope that these two recommendations be approved.

Motion adopted by all nine members present voting "Aye".

The Board then proceeded to take up other recommendations of President Poole which had been considered and approved by the Agricultural Committee. Recommendations 31 to 37, inclusive, were presented and approved at one voting of the members.

31. Upon the request of Director Watkins, that the $300.00 donated by the South Carolina Poultry Improvement Association be paid out in equal monthly installments to Mr. P. H. Gooding and Mr. J. W. Matthews as a promotion in salary beginning July 1, 1941. Our understanding is that the Association will remit $300.00 semi-annually so that the next remittance will be January 1, 1942. The President recommended that this fund be used to pay Mr. J. W. Matthews $25.00 per month in addition to his present salary, and that $25.00 per month be paid to Mr. P. H. Gooding in addition to his present salary, and that this arrangement continue. This increase in pay is based on this fund becoming available in this...
particular way and will be discontinued if and when the fund is no longer available.

32. That Congress be asked to so arrange federal rulings on superphosphate, agricultural limes, and other materials sold as fertilizer, that the college may carry out the laws of this state governing the inspection and analysis of fertilizers and the payment of the charges therefor.

33. That the following salary increases proposed by Director D. W. Watkins be approved as of November 1, 1941:
