The meeting, postponed from April 16, 1951, was called to order at 11:10 A.M. by the Chairman of the Executive Committee, The Honorable R. M. Cooper. Other members present were: Messrs. Paul Sanders, James F. Byrnes, Edgar A. Brown, C. E. Daniel, F. E. Cope, T. W. Thornhill, J. B. Douthit, Jr., J. F. McLaurin, and Ben T. Leppard who arrived a few minutes later. Others present were: Messrs. R. F. Poole, President, J. C. Littlejohn, Business Manager, and A. J. Brown, Secretary-Treasurer. Messrs. Young and Barnette were unable to be present due to illness.

Mr. Cooper stated that with a quorum present the first business in order would be to elect a Chairman of the Board. There was some discussion regarding procedure and several members voiced the opinion that a permanent Chairman should be elected forthwith.

Moved by Mr. Cope and seconded by Mr. Sanders: That Mr. R. M. Cooper be elected permanent Chairman of the Board.

Moved by Mr. Douthit and seconded by Mr. McLaurin: That the nominations close.

Approved by unanimous voice vote of members present and that of Mr. Leppard when he arrived. The following telegram was received shortly afterwards.

Florence, S. C.
May 8, 1951

A. J. Brown
Secty Clemson Board of Trustees
Care Gov. J. F. Byrnes
Columbia, Sc. Car.

Regret physically unequal being present today. If there would like to nominate Bob Cooper as new Chairman of Board. Best wishes to all.

T. B. Young, Sr.

Mr. Cooper made appropriate remarks in appreciation for the honor conferred upon him by the other members of the Board.

The Chairman informed the Board that Mr. Cecil L. Reid had requested an opportunity to appear before the Board as Chairman of a committee of the Clemson Alumni Corporation to present a "Preliminary Report on the Damage to the Property of Clemson College by the Proposed Hartwell Dam Development". On consent of the Board Mr. Reid was admitted and given an opportunity to present the report. A copy of the report was given to each member. There was considerable discussion but it was agreed that time did not permit further consideration at this meeting. The Chairman thanked Mr. Reid for his interest and the information contained in the report.

Moved by Mr. Daniel and seconded by Mr. Leppard: That the report be accepted as information.

APPROVED
The Chairman called for correction or approval of the minutes of October 21, 1950 meeting.

Moved by Mr. Thornhill and seconded by Mr. Douthit: That the minutes as written be approved.

APPROVED

The Chairman then requested President Poole to present his recommendations and stated that as each recommendation was presented, if there was no question, it would be considered as approved.

Moved by Mr. Brown and seconded by Mr. Sanders: That items 1 through 12 be approved.

APPROVED

13. The State of South Carolina assumed the obligation of the Clemson College Barracks Bonds dated August 1, 1941 and December 1, 1941. These were the bonds which the college was authorized to refinance by an Act of the General Assembly dated May 20, 1941. The Treasurer of the State of South Carolina has advised us that he desires to execute the option of calling for redemption of the bonds outstanding on June 1, 1951 and on August 1, 1951. Under the terms and conditions of the bond indenture this call for redemption can be made only by the Clemson Agricultural College of South Carolina. In compliance with the request of the State Treasurer notice of such redemption has been published in the name of the college on the bonds issued December 1, 1941 and such notice will be published for those bonds dated August 1, 1941. The President requested the Board's approval of his action in making the call for the bonds dated December 1, 1941 and the Board's authority to make the calls for the bonds dated August 1, 1941.

Moved by Mr. Daniel and seconded by Mr. Brown: That the President's action be approved.

APPROVED

14. The President reported to the Board the appropriation of $50,000 in the 1950-1951 Deficiency Bill and asked its approval of the expenditure of these funds as required in the college By-laws.

This appropriation will enable the college to:

(1) Prepare the area around the new Chemistry Building so as to make it accessible and in keeping with other parts of the campus.
(2) Grade and prepare the grounds around the new Agricultural Engineering Building.
(3) Move equipment from old Chemistry Building to the new building.
(4) Install fire hydrants in the Northeast area of housing project.
(5) Prepare maps for use of engineers and others in making studies for campus plans.
(6) Provide addressograph plates and cabinets for Alumni office.
(7) Complete painting and lighting in the Textile Building.

Moved by Mr. Douthit and seconded by Mr. Cope: That the recommendation be approved.

APPROVED

15. The President recommended that the Board of Trustees approve The South Carolina College Entrance Examination Program as adopted by the South Carolina Association of Colleges on April 18, 1951, provided (1) that this program is similarly approved by two-thirds of the institutions represented in the Association and (2) that two of the three other state institutions
(The Citadel, Winthrop, and the University) are included among those approving the program.

This program provides for: (1) a requirement that all applicants for admission pass a battery of entrance tests in addition to the usual requirement of high school units, (2) that the passing score be set to exclude from admission approximately five per cent of all applicants -- such qualifying score to be established on a state-wide basis, and (3) that each applicant be required to pay a $5.00 fee to defray the costs of the testing program.

Mr. Byrnes made a statement regarding his understanding of advantages of the proposals in items 15 and 16 and recommended their approval.

16. The President recommended that the Board of Trustees authorize the college officials to charge all applicants a testing fee of $5.00 whether or not the State Entrance Examination Program is finally put into effect, such fee not to be charged any group of applicants prior to the group applying for entrance in June 1952.

Mr. Byrnes made a statement regarding his understanding of advantages of the proposals in items 15 and 16 and recommended their approval.

17. The President asked for authority to seek funds through the Carnegie Foundation for the Advancement of Teaching and/or other Foundations for the employment of a reputable firm to make a study of the college looking toward the perfection of its organizations and functions.

Moved by Mr. Daniel and seconded by Mr. Brown: That the requested authority be approved and that in addition the Ford Foundation be approached for funds to further the interests of the college.

APPROVED

18. The President asked for authority to employ an expert for the purpose of making a study of all phases of our agricultural organizations -- including Teaching, Research, Extension, Livestock Sanitary, Crop Pests and Diseases, and Fertilizer Inspection and Analysis.

APPROVED

19. The President asked for authority to establish a position of Dean of Men for the purpose of providing supervision of student affairs and of coordinating faculty-student-alumni relations.

APPROVED

20. Under the rules of the Federal Communications Commission entitled "Utilization of Frequencies in the Band 470-890 Mc. for Television Broadcasting" the President has filed an application that a UHF channel be reserved for Clemson College. In order for the application to be considered, it had to be on file with the Federal Communications Commission on or before May 7, 1951. We are vitally interested in utilizing television in the field of education, and the President believes we should give consideration toward the establishment of an educational television station if the Commission will approve our request. The President asked the Board's approval of his action in filing the application with the Federal Communications Commission.

Moved by Mr. Sanders and seconded by Mr. McLaurin: That the action of the President be approved.

APPROVED
21. The Anderson Fellowship Fund has had $10,000 invested in State of South Carolina 3½ per cent refunding bonds due June 1, 1951. The bonds were called for redemption as of June 2, 1950 with the result that now we have $10,000 of this fund that should be invested. The President recommended that these funds be invested in Massachusetts Investors Trust.

There was some discussion regarding policy to follow in making investments. Moved by Mr. Byrnes and seconded by Mr. Brown: That the executive committee be empowered to pursue this subject and advise the Board on a plan of procedure. APPROVED

22. Due to the critical illness of Vice-Director McGinty, deceased, he was retired and subsequently died while residing in a college house. His widow has been granted permission to continue occupancy of the residence until convenient for her to move during the summer of 1951. Under the circumstances, the President recommended the Board's approval of the permission granted and that no rent be charged from approximate onset of his illness to not later than September 1, 1951. This will be a concession of approximately $300. Moved by Mr. Thornhill and seconded by Mr. Sanders: That the recommendation be approved. APPROVED

23. Directors of Bray's Island, Incorporated, in official meeting and with agreement of the stockholders, reduced the par value of the stock from $100 per share to $1 per share. The documents of agreement have been approved by our attorney. The President requested the Board's authority to consent to the change of par value of the stock held by Clemson College. Moved by Mr. Douthit and seconded by Mr. Daniel: That the recommendation be approved. APPROVED

24. The South Carolina Crop Improvement Association wished to train men for seed certification purposes and to facilitate the rapid germination testing of seeds.

(a) The President recommended that the Board request the State Commissioner of Agriculture to locate one of his men at Clemson for the purpose of rendering this service, and if necessary supplement equipment now available.

(b) In the event the State Commissioner of Agriculture cannot grant the above request, the President recommended that the college be allowed to work with the South Carolina Crop Improvement Association in working out their desires. Moved by Mr. Brown and seconded by Mr. Thornhill: That the recommendation be approved. APPROVED

25. The President recommended that the Board authorize the Dairy Department to pay the Palmetto Dairyman's Federation of Greenville, South Carolina, the equivalent of the check off assessed against the membership of this Federation (now five cents per hundred pounds of milk) for milk sold on the Greenville Market. These payments shall be based on the records of the Dairy Department for milk sold at Grade "A" prices.
This authorization does not permit membership in or other obligations to the Palmetto Dairyman's Federation.

Thirty days notice will be given to the Palmetto Dairyman's Federation should conditions develop to necessitate the cancellation of this authorization.

Moved by Mr. Sanders and seconded by Mr. Daniel: That the recommendation be approved.

APPROVED

26. Looking toward the future development of the Clemson Campus, the President recommended the following for the Board's consideration:

(1) That campus maps and similar material prepared by Professor Gates, Professor Glenn, and others showing the location of existing buildings, roads, and drainage and containing other data be made available. The maps also show the probable effect of the Hartwell Dam lake.

(2) That, using the above mentioned information, we engage the services of Mr. J. F. Larson on a consulting basis to develop suggestions in rough form which can be added to the maps.

(3) That our engineers, after advice and consultation from Mr. Larson, develop finished drawings to form a record to be used as a guide in the location of future buildings and other improvements. (Mr. Larson is a graduate of Dartmouth College. He has worked up plans for campus development at Dartmouth College, Lehigh University, Bucknell University, Colby College, Culver Military Academy, Hanover College, and other places. At the present time he is engaged in handling the entire layout for the new Wake Forest College.)

For making the completed drawing we could approach the firm of Lockwood Greene Engineers, Incorporated through their Spartanburg office. Mr. S. B. Lincoln of this firm has indicated a willingness to work with Clemson and with Mr. Larson on a reasonable basis. The firm of Lockwood Greene is at present doing the engineering work for the new Utica Mohawk plant near Clemson and is doing work for the U. S. Engineers through the Charleston office.

Any final arrangement, including costs, would be subject to the approval of the Board of Trustees.

Moved by Mr. Daniel and seconded by Mr. Leppard: That the recommendation be approved.

APPROVED

27. The 1951 Legislative Appropriation of $1,530,000 and other income accruing to Collegiate Activities will provide the sum of approximately $120,000 which may be used in salary and wage adjustments. This money will enable us to make increases averaging 10 per cent. The President recommended that the increases be made on a merit basis rather than on a fixed percentage.

No increases can be made in the amounts allocated for supplies, materials, etc.

The increase in the 1951-1952 appropriation is $224,000 over that of the current year. However, Collegiate Activities for 1950-51 had to be supplemented by $25,000 from the 1950 Utilities
Appropriation and $50,000 now in the Deficiency Bill. In addition there will be some decrease in other income during 1951-1952.

Moved by Mr. Cope and seconded by Mr. Byrnes: That salary and wage adjustments as proposed be authorized.

APPROVED

President Poole recommended that suitable memorials to the recently deceased associates be inscribed in the minutes. The following were presented and were unanimously approved:

[Further text not legible]
WHEREAS, In the death of our friend and associate, Mr. Samuel Wilds Evans, the Board of Trustees feels that Clemson College has sustained a great loss, and;

WHEREAS, We would record our appreciation of his long and faithful service as Secretary and Treasurer of the college;

Therefore be it

RESOLVED, that in the death of Samuel Wilds Evans, the Board of Trustees of Clemson College feels that the college has lost a most useful and conscientious citizen.

Samuel Wilds Evans was born June 21, 1882 in Marlboro County where he received his early education. Mr. Evans came to Clemson in June 1908 as Assistant Bookkeeper in the Treasurer's Office. On January 1, 1914 he became Secretary and Treasurer, which position he held until his retirement on July 1, 1947. His death occurred December 30, 1950, after several months of declining health. He worked loyally and devotedly to the best interests of the college. His council in financial matters was a great asset to the college and his diligence and unswerving efforts kept the college at all times on a sound financial basis.

Therefore, be it resolved:

That a page in our record book be inscribed to his memory and that a copy of these resolutions be mailed to the members of his bereaved family.
IN MEMORIAM

RUPERT ALONZO MCGINTY

When Rupert Alonzo McGinty, vice-director of the South Carolina Experiment Station of Clemson Agricultural College, died at his home on the Clemson campus February 28, 1951, Clemson College, the State of South Carolina, and the South lost an able scientist and a faithful and efficient public servant, and all who knew him lost a sincere and loyal friend.

Mr. McGinty was a native of Georgia and received his scientific education at the Alabama Polytechnic Institute, Washington University, and Cornell University. After teaching horticulture at the Colorado Agricultural College for 14 years, he came to Clemson to head the Horticulture Department in 1928, continuing his service at this institution until his death except for two years spent at the Oklahoma Agricultural and Mechanical College. In 1934-36 he served as Acting Dean of the School of Agriculture and Acting Director of the Experiment Station and afterwards as Vice-Director of the Experiment Station.

Particularly interested in breeding of crops adapted to Southern conditions, he was a tireless and able leader in efforts to expand plant breeding in the South, and he was one of the prime movers in securing the establishment of the U. S. Regional Vegetable Breeding Laboratory near Charleston.

As an administrator in the work of the Experiment Station Mr. McGinty was always a courteous, cooperative, and capable leader in devising and conducting valuable research in the science of agriculture, and his influence in that field will long be felt. In the fields of regional and national agricultural research also be held influential position among fellow scientists and administrators.

Withal, he was never too absorbed with his official and professional duties to give much time and good service toward the advancement of student, community, and church affairs.

WHEREAS, the Board of Trustees of the Clemson Agricultural College desires to record its high appreciation of the valuable
IN MEM.-R. A. McGinty (Continued)

services which Mr. McGinty rendered to this institution, the community, and the public; and to express its sincere regard for his fine personal qualities and his Christian character:

Now therefore be it RESOLVED—

First, That we have a deep sense of personal loss as well as of public loss in his passing.

Second, That we extend to Mrs. McGinty and her family our heartfelt sympathy in their sorrow.

Third, That a copy of these resolutions be transmitted to the family, and that a copy be spread on the minutes of this Board.
IN MEMORIAM
CHRISTIE BENET

In profound consciousness of personal sorrow, individual and collectively we have noted the passing March 30, 1951 of our beloved colleague and long distinguished and public spirited fellow citizen, Christie Benet.

His career was one of eminence in every realm of human affairs in which he was called upon to participate; and the calls were more numerous and varied than falls to the lot of most men of good will and superior ability.

Outstanding athlete in his college days, Officer in the National Guard, Solicitor, United States Senator from South Carolina, Life Trustee for many years, Chairman of the Board at the time of his decease, and other positions of trust and honor, too numerous to mention, always a civic leader of sound and forthright judgment, honored and honorable lawyer, a genial and beneficent friend, he achieved ineradicable impressions on an extensive range of contemporary affairs. Therefore, in affection and admiration, with a keen awareness of bereavement, we, the Trustees of Clemson College, humbly prescribe: be it

Resolved, that we inscribe upon our records this tribute to him, that those who come after us may be informed of his worthiness, his constructive influence, his benevolent spirit, the example his life furnished for others to emulate, and the affection, respect and esteem he enjoyed among his associates; and further be it

Resolved, that a copy of these resolutions be transmitted to his family with the assurance of our sincere sympathy.
As Chairman of the Committee of the Board appointed for the purpose, Mr. J. B. Douthit asked Mr. Daniel to stand and with appropriate remarks presented him with a bronze plaque bearing the following inscription.

IN 
GRATEFUL AND 
AFFECTIONATE APPRECIATION OF 
HIS INVALUABLE SERVICE IN UNSTINTED DEVOTION, 
WISE COUNSEL, GENIAL AND EARNEST COOPERATION 
WE, HIS FELLOW TRUSTEES OF CLEMSON COLLEGE 
PROCLAIM THIS TRIBUTE TO ONE WHOM WE HOLD 
IN HIGHEST HONOUR AND IMMEASURABLE RESPECT 

CHARLES E. DANIEL 
TRUSTEE, BUILDER, FRIEND 

March 16th, 1951

32. The Chairman recommended that the Secretary be directed to write Messrs T. B. Young and W. A. Barnette, who were unable to be present due to illness, expressing the sympathy of the Board and wishing for them an early recovery.

APPROVED 

Resolved that all measures and recommendations made at this the May 8, 1951 meeting, which, according to the By-laws, require a roll call vote of nine or more members, be hereby adopted and confirmed and that the Treasurer be authorized to issue his checks for all expenditures authorized at this meeting.

The resolution was unanimously adopted on roll call vote, 10 members present voting "aye".

There being no further business, it was:

Moved by Mr. Daniel: That the Board now adjourn.

MOTION ADOPTED 

The Board adjourned at 1:10 P. M.

APPROVED: 

R. M. Cooper, Chairman 
A. J. Brown, Secretary
